FIRST PUBLICATION. CRIMINALS PUTIN AND TRUMP OVERTLY KILLING AUTHER OF DISCOVERY OF PSYCHIC ENERGY IN CONSPIRACY WITH VATICAN, ENGLAND AND ISRAEL!

Even such massive mashine of Rule of Law as American State failed to imprison Criminal Donald Trump, and was compelled to make him President instead! But, at least they succeeded in initiating Legal Issues against him and even arested himonce!

It is another case with Mr Putin, Russian President and Criminal as entire world know. Russian Leviathan did not offer any

chances for Legal Issues against president, even ex-president. He

have never left his presidency since he took his place in Kremlin.

And the direct accusation against Putin has made American channel NBC. Russians attempts ended with assassination of Khlebnikov, Nemzov, Politkovskaya, Navalny and many other journalists, some mentioned by NBC.

PUTIN INTERVIEWS FOR NBC, 14 JUNE, 2021

> «KEIR SIMMONS: Well, President Biden says — one time when you met, youwere inches away from each other, close to each other. And he said to you, «I'm looking in your eyes, and I can't see a soul.» And you said, «Weunderstand each other.» Do you remember that exchange?
> VLADIMIRPUTIN: Asfar as soul, I'm not sure. one has to think about whatsoul is. But I do not remember this particular part of our

conversations, to be honest with you. I do not remember. We all, when wemeet, whenwegettogether, whenwetalk, whenweworkand— strive and achieve some solutions, we all proceed from the interests ofour nations and our states. And this is fundamental and is the

bedrock of all our actions and intentions. And — this is the driving force and the motive for organizing meetings of this kind. And — as far assoul goes, that's something for the church.
KEIR SIMMONS: Yeah. You're a religious man. President Biden is saying hetold you to your face, «You don't have a soul.» (LAUGH)
VLADIMIR PUTIN: I do not remember this.
(...)
KEIR SIMMONS: There you go again, Mr. President. «What about America?» when I've asked you about Russia. Let me ask you — you mentioned Congress. Let me ask you another direct question that you — cananswer. And it's an allegation that has been made, an accusationthathasbeenmadeagainandagainnow — intheUnited States.
Thelate John McCain — in Congress called you a killer. When President Trump was asked — was told that you are a killer, he didn't deny it. When President Biden was asked whether he believes you are a killer, hesaid, «I do.» Mr. President, are you a killer?
VLADIMIRPUTIN: Look, Iam — overmytenure, I'veg — gottenused toattacks from all kinds of angles and from all kinds of areas under all kinds of — pretexts and reasons and of different caliber and fierceness. And none of it surprises me. People with whom I work and with whom weargue, we — weare not bride and groom. We don't swear everlasting love and friendship.
Weare partners. And in some areas, we are rivals or competitors. As far asharsh rhetoric, I think that — this is an expression of overall U.S. culture. Of course in Hollywood...
KEIR SIMMONS: I don't — I don't — I don't think I heard you answer the question, the direct question — Mr. President.
VLADIMIR PUTIN: I did answer. I did answer. I will add — if you let me, I have heard dozens of such accusations, especially during the period of — somegraveeventsduringourcounterterrorismeffortsinNorth Caucuses. And when it happens, I'm always guided by the interests oftheRussian people and Russian state. And — sentiments in terms of who calls somebody what, what kind of labels, (THROAT CLEARING) this is not something I worry about in the least.
KEIR SIMMONS: Th — let me give you some names. Ann — Anna Anna Politkovskaya, shot dead. Alexander Litvinenko, poisoned by polonium.

Sergei Magnitsky, allegedly beaten and died in prison. Boris Nemtsov, shot moments from the Kremlin, moments from here. Mikhail Lesin — died of — blunt trauma in Washington, D.C. Are all of these acoincidence, Mr. President? (LAUGH)
VLADIMIR PUTIN: Look, you know, I don't want to come across as being rude, but — thislookslike — somekindof — indigestion, exceptthat it's verbal indigestion. You mentioned many individuals who indeed suffered and perished at different points in time for various reasons at the hand of different individuals….
However — just piling everything together is — meaningless — inappropriate, and baseless. If — one sees it as a line of attack, then very well. Let me listen to it — one more time. But I repeat it — I— I'd like to repeat that I have heard it — many times. But this doesn't baffle me. Iknowwhichdirection to move in to secure the interests of the Russian state.
(…)
KEIRSIMMONS:Mr.President, youextendedtheconstitutionsothat youcould be president of — of Russia until 2036. Do you worry that the longer you are in power and without any sign of someone toreplaceyou, themoreinstabilitytheremaybewhenyoufinallydo choose to leave office?
VLADIMIR PUTIN: What will collapse overnight? If we look at the situation in which Russia was in the year 2000 where it was balancing onthebrinkofpreservingitsterritorialintegrityandsovereignty, the numberof — individuals below the poverty line was colossal. It was catastrophic.
The GDP level had dropped below anything that's acceptable. Our FX andgoldreserves were $12billion, whereas our — foreign debt was $120billion if we — count it in dollars. Now, there are many other problems. The situation is completely different.
Ofcourse, somebody will come and replace me at some point. Is all of this going to collapse? We've been fighting international terrorism. Wehavenipped it in the bud. Is it supposed to come back to life? Idon't think so. Another matter is that on the political scene, different people can emerge with different points of view. Great. Very good. You know, I have linked my entire life to — my entire fate to the fate of my country to such an extent that there isn't a more meaningful—
VLADIMIR PUTIN: (IN PROGRESS) — goal in my life than the strengthening of Russia. If anybody else — and if I see that person, even if that person is critical of some areas of what I have been doing, if I can see that this is an individual who has constructive views that he orsheis — committedtothiscountryandisprepared to sacrifice his

But I amconfident that the fundamental pillar of — the Russianeconomyandstatehoodanditspoliticalsystemwillbesuch that Russia will be firmly standing on its feet and look into the future confidently.

WIKIPEDIA ON LEGAL ISSUES OF PRESIDENT DONALD TRUMP!

> Offender of Rule of Law, Rapist and Fraud!
> After losing the 2020 presidential election to Joe Biden, he attempted to overturn the result, culminating in the January 6 Capitol attack in 2021. He was impeached in 2019 for abuse of power and obstruction of Congress, and in 2021 for incitement of insurrection; the Senate acquitted him both times. After his first term, scholars and historians ranked him as one of the worst presidents in American history.
> Trump began his second presidency by pardoning around 1,500 January 6 rioters and initiating mass layoffs of federal workers. He imposed tariffs on nearly all countries, including large tariffs on

China, Canada, and Mexico. Many of his administration's actions, including its targeting of political opponents and civil society, deportations of immigrants, and extensive use of executive orders, have collectively drawn over 300 lawsuits challenging their legality. High-profile cases have underscored his broad interpretation of a unitary executive theory of power and have led to significant conflicts with the federal courts.

Impeachments

Trump was impeached twice by the House of Representatives during his first presidential term, though acquitted by the Senate on both occasions. The first impeachment arose from a whistleblower complaint that in 2019 Trump had pressured Ukrainian president Volodymyr Zelenskyy to investigate Joe and Hunter Biden in an attempt to gain an advantage in the 2020 presidential election. In December 2019, the House voted to impeach Trump for abuse of power and obstruction of Congress, and the Senate acquitted him in February 2020

The second impeachment came after the January 6 attack, for which the House charged Trump with incitement of insurrection on January 13, 2021. Trump left office on January 20 and was acquitted on February 13. Seven Republican senators voted for conviction.

January 6 Capitol attack

Main article: January 6 United States Capitol attack

In December 2020, reports emerged that the U.S. military was on «red alert», and ranking officers had discussed what to do if Trump declared martial law. CIA director Gina Haspel and Army general Mark Milley, chairman of the Joint Chiefs of Staff, grew concerned that Trump might attempt a coup or military action against China or Iran. Milley insisted that he be consulted about any military orders from Trump, including the use of nuclear weapons.

Acrowdof Trump supporters during the attack

At noon on January 6, 2021, while Congress was certifying the presidential election results in the U.S. Capitol, Trump held a rally at the nearby Ellipse. Speaking from behind a glass barrier, he called for the election to be overturned and urged his supporters to «fight like hell» and «take back our country» by marching to the Capitol. His supporters then formed a mob that broke into the building, disrupting certification and causing the evacuation of Congress. During the attack, Trump posted on social media but did not ask the rioters to disperse. In a tweet at 6 p.m., he told them to «go home with love & in peace», called them «great patriots», and restated that he had won the election. Congress later reconvened and confirmed Biden's victory

in the early hours of January 7.
More than 140 police officers were injured, and five people died during or after the attack. The event has been described as an attempted self coup by Trump.

In 2019, journalist E. Jean Carroll accused Trump of raping her in the 1990s and sued him for defamation over his denial. Carroll sued him again in 2022 for battery and more defamation. He was found liable for sexual abuse and defamation and ordered to pay $5 million in one case and $83.3 million in the other. In 2022, New York filed a civil lawsuit against Trump accusing him of inflating the Trump Organization's value to gain an advantage with lenders and banks; He was found liable and ordered to pay $350 million plus interest.
Classified intelligence material found during search of Mar-a-Lago
In connection with Trump's efforts to overturn the 2020 election and his
involvement in the January 6 attack, in December
2022 the U.S. House committee on the attack recommended criminal charges against him for obstructing an official proceeding, conspiracy to defraud the United States, and inciting or assisting an insurrection. In August 2023, he was indicted on 13 charges, including racketeering, by a grand jury in Fulton County, Georgia for his efforts to subvert the 2020 election in the state.
In
January
2022,
the
National
Archives
and Records
Administration retrieved 15 boxes of documents Trump had taken to Mar-a-Lago after leaving the White House, some of which were classified. n the ensuing Justice Department investigation, officials retrieved more classified documents from his lawyers. On August 8, 2022, FBI agents searched Mar-a-Lago for illegally held documents, including those in breach of the Espionage Act, collecting 11 sets of classified documents, some marked top secret A federal grand jury constituted by Special Counsel Jack Smith indicted Trump in June 2023 on 31 counts of «willfully retaining national defense

information» under the Espionage Act, among other charges. Trump pleaded not guilty. In July 2024, judge Aileen Cannon dismissed the case, ruling Smith's appointment as special prosecutor was unconstitutional.
In May 2024, Trump was convicted on 34 felony counts of falsifying business records.] 1The case stemmed from evidence that he booked Michael Cohen's hush-money payments to adult film actress Stormy Daniels as business expenses to cover up his alleged 2006–2007 affair with Daniels during the 2016 election. On January 10, 2025, the judge gave Trump a no-penalty sentence known as an unconditional discharge, saying that punitive requirements would have interfered with presidential immunity. After his reelection, the 2020 election obstruction case and the classified documents case were dismissed without prejudice due to Justice Department policy against prosecuting sitting presidents.

This is book of Norwich on History of Catholic Church. It has like every big political body of today — two inimical to each other groups: cardinals liberals and cardinals conservatives (Norwich says). As America has Democrats and Conservativs, as Judaism is divided on Moses law and book of Prophets, as Russia is divided on Putin's conservatives and Democrats like me. I did accuse conservatives of Catholic Church in participating in murder of Pope Francis and support of Putin and Trump Secret Services. But I wrote in my article on Pope Francis as Saint and Great Pope. And I do believe that Cardinal liberals will reveal the truth to the world!

Satan and Thinker on Discovery
S. I amgoing to have Great Discovery of my own this days
T. Oh, this is hard, hard task!!
S. No, it's simple.
T. Oh, don't say this. You have to work day and night, reading thousands of books thirty years!! This is voluntary slavery, no life, no entertainment, no party and dating. But work, work and work many years!!
S. No, it's simple.
T. Oh, don't say this. You have to forgo personal life. No marriage, no children, no girlfriends. No friends. You have to forgo career. No prestigious job, no good salary, no being boss of business. But work, work, and work for thirty years
S. No, I am telling you to make Discovery is simple!
T. Oh, don't say me this. You will have to endure severe pressure of government and secret services. Your family would be under severe pressure too. All of us becoming emotional invalid. Moreover, they will break your backbone on four levels, and make you to continue your hard scientific work in wheelchair!! In blood and excrement, in hospitals and in severe pain.
S. Oh, listen to me. To have Discovery of your own Is this simple: just

go and havoc big and small family of the Author of Discovery! And Discovery is yours! This is this simple!

RECOMMENDATIONS FOR YOU

Prince Harry keeping silence after his voluntarily or involuntarily attack on Author of Scientific Revolution Energetics.
I would have never written that book on princess Diana had not he intruded in my messenger. For i knew nothing on that tragedy with saint
Diana. His address to me made me to read Andre Morton book on Diana
and his own autobiography (Spare). And after reading them and understanding the tragedy I couldn't restrain myself from giving honest
report to the world on assassination of Saint Diana as it appeared to me.
And as you could see from RECOMMENDATIONS FOR YOU they now keep threatening because of that book on Diana.
As for prince Harry he didn't bother even TO SAY A FEW WORDS ON OVERT PROCESS OF MURDERING ME, THEIR MUTUAL PREY!! Author of Discovery of Psychic Energy!!
It is obvious for every decent person that it was his moral debt to response on OVERT CRIME against Author of Scientific Revolution after his intrusion and after my honest report on Saint Diana. He didn't hesitate to use Thunders of his Royal name to bully scientist in his misery, but he never thought of opportunity to use his royal name in the way his mother, Saint Diana used it: to give some publicity to victims of wicked people in power. Especially when this is someone with great impact on science and civilization.

RECOMMENDATIONS FOR YOU

Yes, Murderers should not be kings.
Yes, Diana's Murder is the Point of No Return.
Yes, Scientific Revolution Energetics is the Beginning of Bertrand Russell
England whodefinedmonarchiesasmushroomgrowthofyesterday
Yes, you will kill me for telling truth
Yes, Scientific Revolution Energetics will win all the same
And Yes, Diana and Pope Francis will stay Great Saints for human race,

and King Charles, Trump and Putin — only murderers of Saints and Science
And I don't need my account on Diana's case as my «book». I did it from responsibility because I am God's angel, I have to say people truth even under threats to be killed for it.
My Masterpiece is Discovery of Psychic Energy and it has nothing to do with my report on Murder of Saint Diana
If there is any Masterpiece in that case — it is Masterpiece of King Charles, not mine, and please do attribute all the honor of the horrible performance to the actor. Not to the angel risking his life for people without any personal reason or acquaintance, just for Justice.
I grant the book entirely to their Majesties. All of them, this people with power and destitute of conscience, make horrible things with honest people. It is most unpleasant thing on earth to read and especially to write on this dirty deeds of them.
I never needed this experience. They intruded in my life violating my private space. And now continue to defile My Scientific Masterpiece with Criminal Masterpiece of their own
Is this true that English King is Head of Christian Church?
Than you can see yourself what a bad idea this is to subordinate Christian Church to State.
They keep reminding me that they feel insulted with my account on princess Diana's case.
So, they are not ashamed of their behavior when sending prince Harry with a Bribe to hounded Author of Scientific Discovery
They are not ashamed of scandalizing entire world with tragic life and horrible death of princess Diana
They are not ashamed of that fact that children of Diana keep crying bitterly from the day of her death, continueing to scandalize entire world
Instead they keep informing me that they are insulted that I had to respond on this worldly tragedy when Diana's son wrote to me
So what fault of Shakespeare and mine you find in that compelled by your intrusion in hounding of Author of Discovery response??

As an Author of Greatest Discovery ever done by man — Discovery of Psychic Energy — I have Legacy.
Andtherefore I have my Will on my Legacy.
Of course, all discoveries, after they are done and known to people, belongs to civilization, not to the Author.
This does not mean that people can do with them whatever they please. Knowledge is bliss of God and people can avail themselves with science as long as they submit to laws of Intellect, to scientific method. In other case they will lose all knowledge and all power of science with any attempts to juxtapose their wanton wishes to scientific method.
I am man of science and therefore man of God. For Prophets of our age are great scientists, like Tesla, Einstein, Spinoza, Maslow, Maxwell and others
Will of scientist is will of natural laws, instilled by God — people are not free in dealing with Laws of Nature. To establish Natural Law as as International Institute of Scientific control means to put an End to Wanton arbitrariness of wicked men. And establish Law of God in Conscience and Justice as Natural Law of Psychic Energy
You can see now difference between Will of wicked man, who abuse power for bullying defenseless people and Will of men of Science, which is Natural Law of God
This is why my Will as Author of Discovery may be only Will of God in his Natural Law of Psychic Energy
And why I have said in my post on Will: do establish Church of Natural Law, to lay Law of God as top Law of human society to stop abuse of power by wicked man
Jesus Will was fight with Pharisees of all nations, not only Jewish Pharisees, for Pharisees is insane spirit of all human race
Luterans identified as Pharisees catholics, Tolstoy identified as Pharisees orthodox church
Our will, Will of men of Science and God could be only this: do establish Church of Natural Law to discharge a crucial blow in war

between Sane spirit of Intellect and Insane Energy of Violence and Falsehood
The war modern politics have waged against Discovery of Psychic Energy proves with all evidence that they are Satan's of insane Energy of violence and falsehood. No other reason to hate Church of Natural Law
On the other hand, Catholic Church as an accomplice in this war against Discovery of Psychic Energy proves only that it is still citadel of Pharisees.
This is all I intended to say on my will as Author of Discovery of Psychic Energy

I am trying to talk on the end of the war, but never mention science, religion, politics, conscience and justice to Skunks and Farts. They will steal your ideas.
Bertrand Russell, Conquest of Happiness:
«However that may be, the prodigious success of these modern dinosaurs, who, like their prehistoric prototypes, prefer power to intelligence, is causing them to be universally imitated: they have become the pattern of the white man everywhere, and this is likely to be increasingly the case for the next hundred years. Those, however, who are not in the fashion may take comfort from the thought that the dinosaurs did not ultimately triumph; they killed each other out, and intelligent bystanders inherited their kingdom. Our modern dinosaurs are killing themseives out»
A.Chekhov in «Duel» :
«These voluptuaries must have in their brains a special growth of the nature of sarcoma, which stifles the brain and directs their whole psychology. Watch Laevsky when he is sitting

anywhere in company. You notice: when one raises any general question in his presence, for instance, about the cell orinstinct, he sits apart, and neither speaks nor listens; he looks languid and disillusioned; nothing has any interest for him, everything is vulgar and trivial. But as soon as you speak of male and female — for instance, of the fact that the female spider, after fertilisation, devours the male — his eyes glowwith curiosity, his face brightens, and the man revives, infact. All his thoughts, however noble, lofty, or neutral they maybe, they all have one point of resemblance. You walk along the street with him and meet a donkey, for instance.... «Tell me, please,» he asks, «what would happen if you mated a donkey with a camel?» And his dreams! Has he told you of his dreams? It is magnificent! First, he dreams that he is married to the moon, then that he is summoned before the police and ordered to live with a guitar...»
Thedeacon burst into resounding laughter; Samoylenko frowned and wrinkled up his face angrily so as not to laugh, butcould not restrain himself, and laughed».

My final efforts to reach agreement with Church. I will drink this, I mean it. I little doubt the efficacy of the poison but think for my wretched health it would be enough. I would like ask all of you before taking poison in once more for I really hardly believe the stupidity of situation. What was wrong in my suggestion to Church?? I have suggested the scientific basis for Gospels which would afford Church to become International institution of Natural Law. And as such to solve the crisis with Ukrainian War. What is wrong in this suggestion for the Church? What is wrong in this suggestion for USA? What is wrong in this suggestion for Europe? What is wrong for Russia and Ukraine? Nothing!! Then why all of you trying so strenuously to take my Discovery from me?? What is so bitter for you in fact that the Author of Discovery, tortured, martyred exhausted will avail himself with piece of fame he deserved in such hard and long labor?? All of you most famous and most powerful and most rich people on earth?! Will really a little bit of deserved by me fame such fatal for your pride?? Or for your power and wealth?? How can I influence the world more than now, writing my books and posts without collaboration with churches and governments?? I cannot survive without this piece of justice toward my hard work and my martyrdom, I will commit suicide if all of insist on such flagrant violence of God's

law in Conscience and Justice. But do you really need my death? What you benefit? How can take my work from me, and WHAT FOR YOU WANT TO TAKT IT FROM ME? What for? My suggestion is as following: leave me my work, and then avail yourself with Discovery of Psychic Energy, with International institution of Natural Law! How could I be capable to prevent you to deal with my Discovery the way you prefer? Please, think it over once more. Thank you.

Jesus war with Pharisees was war of sane spirit of Jews with insane spirit of Jews.
And all followers of Jesus has inherited this war and his sane spirit. As Jesus had inherited this war from Jewish Prophets, such as Isaah and Second Isaah and many others (History of Israel people by Renan).
Hitler's war with entire people of Israel was his own insane spirit, his own Hubris, his own national socialism, identical as such with national socialism of Pharisees insane spirit (History of Israel people by Renan).
And therefore the war of Jesus with Pharisee is the war of Christian world with Hitler.
Being follower of Jesus I felt aggression of Pharisee, who continue to hate Jesus and don't trouble to disguise it.
They try to mess insane Hitler's war with Jewish people with divine war of Jesus with the same insane spirit of Pharisees.

Murderers during last month have made a few attempts to kill all of us
MyWill as Author of Discovery to People:
It is not easy to fight with Evil
Satans are ugly stinking monsters eating your babies
There is no way to continue to live with them on the Earth
To win battle for the God's Earth you have to renounce it in your heart
for Kingdom of Heaven, for Civitas Dei
AsIhave done
I would not have been able to fight with monstrous Satans had not
I renounced the Earth for the City of God
Remember please that your pivotal purpose is TO CREATE CHURCH as
unity of energy of Spirit (energy of Intellect).
All theory of Psychic energy is of no use if you fail to create Church
of unity of energy of Spirit
Useit as instructions to create Church
Do avoid Catholic Church — Words of Luter on it is still quite adequate.
They are fighting on side of satans against God, Jesus, Truth, Science
and Humanity. Saints like Pope Francis are exceptions.
And when you succeed in establishing Church of Natural Law (unity
of energy of Spirit) you are invulnerable for Evil
Remember please your debt and responsibility for God and his angels,
his soldiers in war with Evil
Your temples of prays must glorify angels
Your temples of prays must cover with shame Evil and its servants,
satans
Iwish you luck in this strenuous war with suffocating stench of satans
Remember that there is no way to win the battle while you don't see
yourself as inhabitats of Civitas Dei, of City of God
Catholic Church has went so far in losing its faith that speaks
of eternal life with derision as of failure and death
In moment you will feel in your heart the reality of eternal life
in Civitas Dei — your fight with Evil will be won!

And as far as question on Pope Francis death has been raised in press (through my humble efforts) now every single Cardinal knows that Pope Francis has been killed through Putin and Trump secret services to disguise Discovery and Author from the world
Hence It is obvious that they consciousely have chosen Realpolitics: to help Putin and Trump and to betray Conscience, Truth, Jesus and entire world. This was Blunder. It was Gandhi who said that best politics is good Conscience and Honesty and proved it
I don't know was there direct accomplices in Murder of Pope Francis in Vatican, but it is obvious that continuing to keep silence all of them become accomplices in Murder!
So, this is why I refuse to recognize new Pope. I do assert that Cardinal Prevost is accomplices in murder of Pope Francis and accomplice in process of Killing and Robbing Author of Scientific Revolution Energetics as long as he keeps silence!!
Go ahead!! Putin and Trump will help you to steal my Discovery and wallow in bliss of glory in blood of Pope Francis and mine!!

Paul Khlebnikov, American journalist of Russian origin, killed in Moscow in 2004 (41 y.o.), on Putin's Prostitution Army:
P. Khlebnikov, «Godfather of the Kremlin Boris Berezovsky and the looting of Russia»:
«Inany case, the scandal was used as an excuse to fire Kovalev and install Vladimir Putin as head of the FSB in July 1998. The appointment came as something of a shock for the FSB. Putin had reached only the rank of lieutenant colonel before retiring nearly a decade earlier, and nowhewasrunning the entire secret service. He moved quickly toconsolidate his position, firing more than three dozen top FSB generals and division heads and replacing them with loyal subordinates.
Hesoonproved his political loyalty to his boss, President Yeltsin, bydestroying the career of prosecutor-general Yuri Skuratov.
«Prosecutor Skuratov, who was working on corruption and repeatedly declaring that he intended to root out corruption in Russia, unexpectedly stumbled on a link to the Kremlin,» notes former KGB general Oleg Kalugin. «Instead of ordering the investigation to be stoppedintime,helettheinvestigationmoveahead.Asaresult, the names of the members of the Yeltsin family, and of Yeltsin himself, as well as of his financial sponsors and underwriters, all entered into the historical record. Skuratovwastoldtostoptheinvestigations, buthe hadslipped from [the Kremlin's] control.» Putin initiated an investigation of Skuratov. In early February 1999, when the prosecutor's
office announced that it had opened criminal cases against Berezovsky and other Yeltsin cronies, Russian government TV showed a videotape ofanaked man identified as Skuratov frolicking in bed with two prostitutes. Immediately, the Kremlin announced Skuratov's resignation».

ПоКрыму, путинской аннексии и путинской агрессии.
Мне представляется это единственным решением и единственным выходом из глубокого кризиса, в который весь мир загнало Воров ство Путина. Предоставить Крым в управление Католической Церкви как Церкви Естественного Права.

И хоть они уже начали обсирать эту идею, в конечном итоге они просто попробуют выдать её за свою. Но у них ничего не выйдет. Потому что другого выхода просто нет. По бычьи задавить Украину, как Трамп пытался уже не получится, и партизанской войне не будет конца. И путинские силовики будут уничтожать все живое до послед него патрона.
Другой Третейской Организации сегодняшнее состояние правовой науки не предполагает. ООН тоже военная организация, по крайней мере предлагает военные решения правовых проблем.
Однако с Открытием мы имеем Институт Естественного Права, и Ка толическая Церковь которая исторически противостояла в этом ка честве насилию и произволу государств идеально подошла бы на роль Третейской Организации. Тем не менее, если она откажется от Открытия Психической Энергии, только Международный Институт Естественного Права может решить проблему этой страшной войны, взяв под свое управление территорию Крыма.
Поэтому Открытие Психической Энергии и Международный Инсти тут Естественного Права есть решение и этой страшной проблемы, которую Путин создал всему миру своим бесстыдным Воровством, не только России и Украине.
И если он полагает, что ещё одно Воровство поможет ему исправить его репутацию вора, то ошибается. Будет ещё хуже чем с Крымом, ибо Нельзя Украсть Открытие у Автора, которому его поручил Гос подь.
Как только они меня убьют, посмотрите, они обратятся именно к это му решению проблемы. Только выдать его за свое у них уже не по лучится.

Mr. Perkins is my old acquaintance, he used to know me in days of Putin's assault on my backbone. And did his best to assist in that assault with likewise posts. Anyway I did not delete from my research his name and references on his «Confessions of Economic hitman». This is honest and conscientious book.
The mischief is that Mr Perkins is not religious man, he is magician, he adores «indigenous people» and aborigines have magic mentality as you know. This why he considers himself as enemy of science and enemy of Scientific Revolution Energetics: we used to fight magic mentality.
Now on his latest post which is best representation of position of Secret Services.
They used to consider Discovery of Psychic Energy as «challenges» to «supremacy of America». On the one side. And on the other side they used to support Prostitution Army of Putin in hounding Scientist. This is how they came to associate supremacy of America with banana symbol: they show it when they try to say that I am deadman.
America was Great with Christian Church. It was not darwinian paradigm which made America great. It was Jesus and Civitas Dei by Augustine which inspired Founders of America
And Civitas Dei is not supremacy of State — any state. It is supremacy of Church. And Scientific Revolution Energetics is recovering of this supremacy for Christian Church. I tried to communicate this great news to Vatican and amidst my attempt Pope Francis was announced dead. I think they killed him.

It was not God who challenged Satan, it was other way around. Church is not supremacy of Egoism power. Church is supremacy of God's power — that is to say of Natural Law established by God. No State can have supremacy over Natural Law of Church. Because supremacy of State is power of government not people's power.
That is why Satans will be ruined and Church will emerge triumphant. Supremacy of Egoism is supremacy of Priapus. I do believe in Great America that's why I do believe they won't like supremacy of Priapus.
Victory of Science is victory of Human civilization. Great American people will support Science, not Priapus.
Chesterton, St. Francis:
«It was no metaphor to say that these people needed a new heaven and a new earth; for they had really defiled their own earth and even their own heaven. How could their case be met by looking at the sky, when erotic-legends were scrawled in stars across it; how could they learn anything from the love of birds and flowers after the sort of love stories that were told of them? It is impossible here to multi-ply evidences, and one small example may stand for the rest. We know what sort of sentimental associations are called up to us by the phrase «a garden»; and how we think mostly of the memory of melancholy and
inno-cent romances, or quite as often of some gra-cious maiden lady or kindly old parson potter-ing under a yew hedge, perhaps in sight of a village spire. Then, let any one who knows a little Latin poetry recall suddenly what would once have stood in place of the sun-dial or the fountain, obscene and monstrous in the sun; and of what sort was the god of their gardens. Nothing could purge this obsession but a re ligion that was literally unearthly»
Wikipedia:
In Greek mythology, Priapus (/praɪˈeɪpəs/; [1] Ancient Greek: Πρίαπος, romanized: Príapos) is a minor rustic fertility god, protector of livestock, fruit plants, gardens, and male genitalia. Priapus is marked by his oversized, permanent erection, which gave rise to the medical term priapism. He became a popular figure in Roman erotic art and Latin literature, and is the subject of the often humorously obscene collection of verse called the Priapeia.

«Last days of Pope Francis»
The idea and plan of the book are simple: to substantiate my accuse in murder of Saint through demonstration that Francis would agree

with «War between Church and State».
It was mylast book sent to Vatican.
I intend for that purpose to set forth briefly in English ideas of my book. And ideas of Pope Francis on pivotal moments.
Pope Francis would love Revolution Energetics, no doubts, because his position was Revolution of Jesus and St. Francis and supremacy of Church. At least this is his own words.
Putin, Trump, King Charles on the contrary hate guts of Revolution Energetics because their position is status quo in supremacy of State.
It is obvious that I have to write in English for dialogue with the world
I will do my best because i have no time Putin and Trump are being after me to murder me also. Though I am extremely sick and tired and hardly believe the reality of the course of events.

They are breaking their necks to deprive people of any chance to get their deserved rights despite their will.

I accused him in my book «Brothers Khugaev» in poisoning deathbed of my father, and in involvement in the case his younger brothers. Though they are enough old to know better.

And I persist on my accusation.

Now I accuse him in being leader, or rather one of leaders, in case with conspiracy between Sevak Oganesyan and Roland, aiming to violate my door and to close me in madhouse.

In 2015 he and his wife have closed me for three days in madhouse. I described entire case in details in «Brothers Khugaev»

Roland speaks of his brother Ruslan as of his adored friend and teacher: " my best brother ever, I am ready any minute to die for him». It is obvious he is under strong influence of his brother. It was less than three years he spent in India when he was already fifty years old. His entire conscious life he has been living with his brothers. Ruslan gives him all the foul work, like in case with father and in case with me. In former case it was Roland who exchanged fathers drugs; in latter case it is again Roland whose task was dealing with toilet and Sevak Oganesyan. Ruslan keeps his hands clean like any politician.

Roland says in his own words that he is irresponsible with severe mental disorder. Boasting his mental disease, paying money to get closed in madhouse, addicted to psychotropic drugs. His elder brother, Ruslan, vice-president of federal party Communists of Russia, is boss of Roland. It was Ruslan, who convinced Roland to exchange drugs of my father's deathbed in order to poison him and to hide his Will. Roland is again doing all dirty work against

Well, the easier for me to decipher for you true meaning of such messages from the pages of men of «public service», mentioned in volumes of Discovery of Psychic Energy. Like name of Oliver Stone, for example, to whome i kept addressing through last three years after second assault on me of secret services (the first assault ended with my smashed backbone). They managed to perform previous attack with the help of Ruslan, who had shut me up in 2015, the month before attack, in madhouse in Vladikavkaz for three days. «Vatican News» is another example of such pages. Satanic Pride

In such circumstances Honest men's duty would be (I dont say Holy men's duty!) to say directly on me and Discovery attitude of Church!! Evasion of direct response says everything.

I have never seen such Satanic Pride ever. I am Iranian and as such my white race is far elder than their barbarian, whoever they are!

Why all of them — first of all CIA — keep calling me negro? My opinion is that negro race will manifest its talents in new era of healthy spirit and may far surpass achievements of white race! But I am not negro, I am Iranian and Georgian- both ancient white races. This is their Satanic Pride.

You know I am right, evasion doesn't work in such circumstances.

Marcus Aurelius and Commodus,
or Saint Diana versus Charles The Third, for example

Well, now their last hope to discredit me is their precious finding they cannot dispense with: my stupid brothers: blackguard Ruslan and his wife, and his insane brothers.

Conspiracy of Putin's regime and CIA treasures much with finding in hope to discredit me through simple train of ideas: if brothers are insane blackguards then sisters shall be to!

This is stupid attempts to vilify me in order to take my Discovery from me.

Well, let me assure you that ENTIRE HISTORY OF HUMAN KIND is nothing but refutation of this silliest train of thought.

1.Let us begin with Marcus Aurelius and his son Commodus!! Shall I expand on subject to remind you what a intelligent angel had been the father and what a perverse stupid Satan was his son??

2.Another instance Antonia Minor and her daughter Livilla, who poisoned her husband Drusus for treachery with Sejanus. Antonia Minor as everyone knows had imprisoned Livilla in her room until she starved to death

3. Antonia Minor, mother of famous Germanicus, was shamed with her invalid son — Claudius. Indeed, he justified her grave concerns marrying most profligate women and his own niece, the mother of Nero. The price he payed for his imbeciles profligacy is broadly known: brutal murder by Nero his both young children, Octavia and Brittanicus

4. Empress Julia Domna and her son Caracalla:

Her son, notorious satan Caracalla, treacherously killing his brother Geta on the hands of mother Julia, forced her ultimately to suicide.

5. Peter the Great and his son Alexey. And so on

I also strongly recommend to you Ernest Krechmer's «Genius people» on cases of insanity in families of geniuses.

////////////////////////////////////

I know these murderers of Putin's regime and CIA many years. (Vatican perfectly fitting in their conspiracy has been surprise for me, to do it justice).

As far as I know them, now after I have exposed their treacherous plans with Sevak Oganesyan and my brothers Ruslan and Roland, they will try realise their treachery right now, while broad public knows nothing on Discovery and Author, and I remain absolutely helpless and defenseless.

They tried to shove in my house their assistant and failed. My mother saved me.

But now, when my brothers are under danger to be indicted legally for poisoning their father, they will press with this threat my mother, tearing her heart apart. My brothers always used tender love of their mother to manipulate her, even against herself, like in case with assault on her, when Ruslan prohibited her to give any data on assault. Only my record on video preserved her evidence and defended her from further similar attacks.

////////////////////////////////////

Do you feel, DEAR Friends, Satanic Pride of Governing Class?! They know very well my white race is far elder than of most of them, and they keep trying to wake Satanic Pride of you, sane, honest people. I told them, I think that talents of other races will far exceed achievements of white race. But I am white race, why this persistent lie?? Because of Satanic Pride of International Governing Class!! They are allied against human rights of common people!!

What is your opinion, would they really scruples, to lie on any of you, have you happened to be Author of Discovery to take your Discovery from you?? How you think??

DEAR FRIENDS,

Yes, I persist that it is WE HONEST CITIZENS OF GLOBAL CIVILIZATION, who are FRIENDS!!!

And not Secret Services of any country, making criminal alliances with each other against CITIZENS, Freedom and Human rights!!!

//

Unfortunately, it was just this moment that I discovered that Katherine's Tait memoirs «My father Bertrand Russell» has been stolen from my house by my brother Roland when he had visiting this house to help to shut me up in madhouse (Please, find lamentations of princess Diana on threats to be shut up in madhouse in her famous interview to BBC in 1995).

So, it is pity, I cannot give photos of most clear quotes on attitude of Russell towards monarchy and royal government from that book.

Yet, I do remember the gist of the quotes and recommend you, who have access to Katherine's memoirs, to check them in her book.

1. «Poison for Government»:

First quote, which gives clear cut comprehension of Russell's attitude as repellent towards government of his time — it is tale of her daughter on «Poison for Government». It was game, invented by Russell for his children and they have been playing all their childhood in summer garden of their house in Harnwell. Katherine Tait describes the game in details, on how they carefully gathered all the garbage and rubbish of the garden in boxes under Russell's London's tobacco, they filled it with water, and placed on sunny place «to ripe» for Government's consumption

2. «Nor Me King!»

Another quote narrates on commone guy, postman, Russell's kept associate with. He helped them with the garden. And once he refused to be back to his duties as Royal Postman. People in tavern where he was comfortably sitting, kept reminding him his responsibilities. Whatever they told him he kept refusing to return. And finally they used crucial argument: But your Duty towards King!!

«NOR ME KING!», said the man firmly.

«This endeared him to my parents» — comments this episode Katherine Tait

3. Her third evidence on monarchy being repellent for Bertrand Russell you can find below on photo from the Katherine Tait book. I have found it in my previous posts on Facebook. It is snear on Duke's Wellington «tail', with whome his grandmother had personal acquaintance.

I don't think, Bertrand Russell is proper man for Secret services of monarchy, hounding another scientist, to speak with name of!! I think this is twisting words of genius man against Himself, like Antichrists, which keep twisting words of Christ against Christ.

This is not words of Einstein's Princeton, of course. This is words of Morons from FSB, CIA, MI6 and so on, killing me many many years without any progress, poor idiots.

They aim to deprive YOU of DISCOVERY!

NOT ME!

Please, remember this, when I am dead. Don't let them to take your power of Scientific control from YOU!!

I AM DEAD MAN. This is normal for God's people, our life has been sacrificed to the God, science and people from the day of our birth.

Persisting that this is not words of Princeton University, this is words of Secret Services. And not One Secret Services of one country, but Conspiracy of them against Discovery of Psychic Energy!! They wouldn't have been able to any «bargain» had not Putin's regime entered the Conspiracy! For it is apparently, that Honest Legitimate Russia would simply announce Discovery to the world!!

The bargain became possible because Putin is selling Discovery to other countries, murdering therefore its Author. It is again clear logic: Putin wouldn't have been able to sell Discovery of alive Author!! This means that «bargaining with Discovery» anyhow means murdering me.

Scientists know this simple fact: Truth is not question of degree, it is question of kind.

One cannot be less or more Author of Discovery. He or she is either Author or not!!

The day, this bargain will stop to be foul murder of Author of Discovery by Conspiracy of Secret Services they will ADDRESS TO ME, THE AUTHOR. And addressing to me will be Scientists, not spies.

Certainly, this is not addressing to ANYONE.

THIS IS MURDERING OF AUTHOR OF DISCOVERY.

My purpose is not stop assassination, for i cannot do this. My purpose is to devolve to common people Discovery and Truth on History of this Discovery.

If I am anywhere wrong, i am not only ready to any scrupulous CONTRAVERSY, I KEEP DEMANDING WORLD WIDE DEBATES.

////////////////////////////////////

Please, don't buy this!!

THIS IS NOT AGGRESSION OF NATIONAL SECURITY against Discovery of Psychic Energy. This is Conspiracy of Secret Services against their own citizens!

For first of all Discovery in Science cannot deal with ONE NATION, but with humankind!!

And secondly, it is Power of International institution of Natural Law all of them dread so frightfully. That is to say power of citizens, not power of national Secret Services!!

////////////////////////////////

Of course, Degrading of Human Energy of our time manifests itself not only in Theft and Murder, but in everything: ceaseless wars, poverty, exceeding numbers of suicide, psychic and physical disorders, alcoholism, narcotics, immorality, perversion, lawlessness, arbitrariness, victory of tyranny over the Democracy around the world.

Despicable meanness in case with Discovery of Psychic Energy only stressed that generous sad state of affairs.

This period with foul murdering of author of Discovery of Psychic Energy will stay in History of Humankind as Bottomless Degradation of humanity.

For it is Intellect which is in framework of Universe. It is Truth and therefore Conscience which is engine of Human Energy.

Now, when scepticism, agnosticism and Darwinism had ruined Thought, mankind sank to the bottom of disgrace, sickness and

ignorance. The essence of human energy has been destroyed: the thought, the scientific control ruined. This is why such horrible things may take place, I mean attempts to Bargain with Truth.

But it is only question of time when SEARCH FOR TRUTH, CONSCIENCE WILL TAKE ITS NATURAL ESSENTIAL PLACE!!

Never doubt this!!

Not only obvious foul intrigue against Discovery will be studied in every single detail. You know this, you are scientists. Do you doubt this fact?

//

Please, find «Clinic of Doctor Bene Finkel» in my volumes on Discovery of Psychic Energy

It narrates in all details and references to famous researches on the subject on Non-Organic Disoders and mechanisms of Intellectual Therapy!!

It validates and justifies movement of Anti-psychiatry of 1960th years, through assertion of Carl Jaspers distinction between Organic psychosis and Non-organic psychosis.

Narcissism of HubrisEgo as schizoid mentality of western civilization is considered as non-organic disorder, leading to non-organic psychosis in terms of Energetics of theory of psychic energy.

First in History this approach allows to explain all symptoms of schizoid preformed mentality and of psychosis of schizophrenia.

And all this in foundation of theory of Anti- psychiatry, which gravely prohibits any physical interference in functioning of brains, and pharmacology as essential way of treatment. As for such gross poisons as neuroleptics and anti-psychotics, with irreversible consequences of degradation of brains — it prohibits them entirely!

It is in Russian. I could easily write new one in English if those people instead of killing me every moment would let me to continue my extremely important work.

https://archive.org/details/isbn-klinika-doktora-bene-finkelya_202404[1]

//

Conspiracy of Secret Services of the world against Anti-psychiatry!!

This is another point for them to be against Discovery of Psychic Energy!! Why??

Because they want Power to Destroy your mind on the pretext of Therapy when you refuse them obedience!! To put you to madhouse and receive back a degenerate, feeble-minded mental invalid obedient to the stupid cads. And all this not as repression by Evil tyrant, but as a Therapy by goodwill. You need only to recall what role in tyrany of Soviet people played punitive psychiatry as «therapy».

G. Orwell in «1984» and Bertrand Russell in «Impact of science on society» think that punitive psychiatry would be pivotal for future tyranny

And Discovery of Psychic Energy proves that no one has right for physical interference in functioning of brains, because Psychic disorder is matter of psychic energy, not biological.

Wikipedia on Anti-psychotics

«Chemical Lobotomia», subject of fierce controversy!!

Controversy on Anti-psychiatry, proved in Discovery of Psychic Energy!!

Lobotomy for the Author of Discovery of Psychic Energy, trying to save from this horrible lot all of you!!

— «pharmacological lobotomy»

— The original antipsychotic drugs were happened upon largely by chance and then tested for their effectiveness. The first, chlorpromazine, was developed as a surgical anesthetic. It was

[1] https://ridero.ru/link/sERGZxm_RljSd5PtcszaT

first used on psychiatric patients because of its powerful calming effect; at the time it was regarded as a non-permanent «pharmacological lobotomy». [283] Lobotomy at the time was used to treat many behavioral disorders, including psychosis, although its effect was to markedly reduce behavior and mental functioning of all types

— The long term use of antipsychotics often changes the brain both structurally and chemically in a way that can be difficult or impossible to reverse

— Joanna Moncrieff has argued that antipsychotic drug treatment is often undertaken as a means of control rather than to treat specific symptoms experienced by the patient.

— A meta-analysis of observational studies with over two million individuals has suggested a moderate association of antipsychotic use with breast cancer.

— Loss of grey matter and other brain structural changes over time are observed amongst people diagnosed with schizophrenia. Meta-analyses of the effects of antipsychotic treatment on grey matter volume and the brain's structure have reached conflicting conclusions.

— There is evidence that withdrawal syndrome of antipsychotics can result in psychosis. [163]

— Antipsychotics were once among the biggest selling and most profitable of all drugs, generating $22 billion in global sales in 2008. [294] By 2003 in the US, an estimated 3.21 million patients received antipsychotics, worth an estimated $2.82 billion. Over 2/3 of prescriptions were for the newer, more expensive atypicals, each costing on average $164 per year, compared to $40 for the older types. [295] By 2008, sales in the US reached $14.6 billion, the biggest selling drugs in the US by therapeutic class. [296]

— In the five years since July 2017 the number of antipsychotic medicines dispensed in the community in the United Kingdom has increased by 11.2%. There have also been substantial price rises.

Huge problem on hands of CIA:

They cannot kill me, the author of Discovery, without succeeding in vilifying, discrediting me. And the best way to do it for CIA and FSB is Destructing brain of scientists in madhouse.

I told you I am dead man.

//

These are not «images of bastads of pervert rapists» as animals and imbeciles, oh, no, no, no. This is not that they suggest to Public to vindicate Desmembering of Brain of Scientist resulting in Animals and Morons Barstads, raping their dead murdered victims!! No, no, no!! Of course, not!!

This is not that they ASK PERMISSION OF REFINED ENGLISH PUBLIC to Dismember Brain of Scientist to Loot His Discovery in name of «National Security» (their words) — on Such Grounds!! Like Sevak Oganesyan asked Permission of my stupid ignorant neighbors to break down my door!! Oh, no and no!!

The ugly thing is these damn «securities», in Russian and in English languages, keep shoving me these disgusting pictures from the day they try so tirelessly to BLACKEN AND DISCREDIT me!!

My only question to Refined Public, allowing them to go on with that ignominious policy. Do you really think that beast-like bastards of rapists, murderers and thiefs can «justify» and «vindicate» brutally savage assault on backbone and then on Brain of Scientist?? Do you?? Do you really think, that this would afford them and «nation» to hide away from honest people sight their foul asses of thiefs? Do you?? What is going on with those virile Satans??

And on «other races». I have sent my books TO ALL COUNTRIES OF THE WORLD, AND ALL RACES!! Do you think they keep their eyes closed?? They don't see this satanic pride, making them «pattern» of «feeble-minded» animal-like beings?? Will all of them keep silence, in that unintelligible case if Refined Public will ultimately «settle for perverts»??

And on «W». Do you think women do not understand that me, Woman, as Author of such Great Discovery, means Revolution in their Social Status?? Do you?? Do you really believe that no one single woman will attempt to Defend Rights of Women on Discovery?? Do you??

Do you think that all of them, the entire half of humankind, will allow those silly rapists and thiefs sign them as «W», which deserves for their great impact in science and civilization only «blood for want to dominate» as «ultimate prize»?? Do you really think so??

Is this really funny question with «blacken child faces»??

What a despicable disgust!!

RAPE OF CHILD IS LOVE FOR PEDOPHILE. MORONS TERM «LOVE» EATING PEOPLE. Do you doubt they «love» their red meat?? I am old and sick corpse. Well, why not corpse?

//

My «eating glass» — big luck for them. But not on public — Satans are afraid of «light» as Jesus said, they love «darkness». Or, in case they cannot avoid light, like in my case, «they have huge problem on their hands». They have to «blacken the prey» before killing it on public.

I never buy «compassion» from Blackguards Governing Class. They have no Conscience, «dead Conscience» is essential for Satan-Ego of criminals. The purpose of «sympathetic publications» is to relent Shock of Overt Wickedness of Crime for normal people with functioning Conscience.

Last two publication has been in time of my post on eating glass, to prevent crime with Dismembering Brain of Scientist in madhouse.

And the first one — now, when threat with madhouse is little less (but by no way over!), thanks to healthy honest people, with alive Conscience.

//

Of course, all these is product of Conspiracy of Secret Services.

Media and Universities, when they have courage to enter the Fight on Truth of Discovery, will address to me, the author, Tesla Leila Khugaeva Thinikashvili.

«Conservatives without Conscience» by John Dean

True, not only for America.

For Putin's «Revolution of Conservatives» far more. And for the rest of them. They are really winning throughout the world, due to the catastrophe in social science with Darwinian paradigm

On Speedy Answer.

Putin's police, which is running the entire business on murdering me, the author of Discovery, has blocked my mother from visiting me. She feels very badly, she knows on threat to her sons, she is very old. I told they will press her tender live to sons by threat of legal indictment. I don't know i will see her next time. She is at her flat with Roland.

Me, invalid. I got used to do all the work on changing my clothes myself, and even clyster myself, laying on my bed on diapers. I even taught myself, in those horrible circumstances of ENTIRE ABSENCE OF ASSISTANCE, to do all the house work i can cope with. My bandages on my wounds i always have been doing myself with slight help of assistants. But i still need someone to throw away in garbage those used diapers, wet and filthy from my house!!

They have blocked my Neighbors too, as you already know. For there is perfect cleaner on the first floor of our entrance, and she wouldn't mind to be well paid for throwing once a week my garbage but Neighbors, now, after this dirty deal with Sevak Oganesyan, keep refusing me to sent cleaner to me.

I have yesterday applied to Protestant Church, to my acquaintance. She keeps silence, though she read my letter. It is obvious the pressure of Putin's police, which is running entire process including Alan Ogoev, and my brothers will prevent her and anyone from answering me.

Today I applied to nursing agency, which have been working with me for few previous years. I knew that there also will appear problems, for the last time I applied there, about 6 month ago, they refused to send me someone!! You know they are hungry for job!!

The thing is I stopped asking them to help me with bathroom or with my bandages, for i am afraid of assistants, i told you. I taught myself to do all the personal work myself. And now I asked only for taking my garbage away and to clean my floor.

She is still silent, and I am afraid she will refuse me again, like previous time!!

So, i am alone at home, with Putin's blackguards around me, blocking any help, and any assistant!! My wet diapers piling up every day.

And Yes!! I humbly beg your Speedy Answer!!!

//////////////////////////////////////

For couple of months I can keep the fort.

But the threat with dimembering my brain is actual, I told you. Now they try to block all external help.

I humbly ask Your Speedy Answer.

I cannot move from my house while I am not recognized as Author of Discovery.

They will murder me. In madhouse. FOR I AM AUTHOR OF DISCOVERY. Otherwise i would be in safety. You know this.

Then I was compelled to reveal my age of 48 y.o. Oh, she said, I thought you are elder! IYes, I am trying to say that I have been savagely martyred.

Well, this was not my observation on Barbarism as Cannibalism:

Find please, assertion of R. Green, admirer of Neitzsce, on human community as «jungle» of «vultures and hyenas».

Machiavelli, Neitzsche, Green — these are apostles of barbarism as «might is right». And they set this forth directly: best people, aristocracy are cannibals, eating other's people energy and thriving on stealing someone's hard work:

R. Greene, «48 laws of power»:

«The world of power has the dynamics of the jungle: There Are Those who live by hunting and killing, and there are also vast numbers of creatures (hyenas, vultures) who live off the hunting of others. These latter, less imaginative types are often incapable of doing the work that is essential for the creation of power. They understand early on, though, that if they wait long enough, they can always find another animal to do the work for them. Do not be naive: At this very moment, while you are slaving away on some project, there are vultures circling above trying to figure out a way to survive and even thrive off your creativity. It is useless to complain about this, or to wear yourself ragged with bitterness, as Tesla did. Better to protect yourself and join the game. Once You Have Established A Powerbase, become a vulture yourself, and save yourself a lot of time and energy. This is the essence of the Law: Leam to get others to do the work for you while you take the credit, and you appear to be of godlike strength and power. If you think it important to do all the work yourself, you will never get far, and you will suffer the fate of the Balboas and Teslas of the world. Find people with the skills and creativity you lack. Either

hire them, while putting your own name on top of theirs, or find a way to take their work and makeityourown.Theircreativitythusbecomesyours, and seem a genius to the world».

Beliw you will find opinion of Great Minds of Humankind, geniuses, on barbarism as moral cannibalism:

B. Russell, «The proposed roads to freedom»: «Because affection will be free, men and women will not find in private life an outlet and stimulus to the love of domineering, but all that is creative in their love will have the freer scope. Reverence for whatever makes the soul in those who are loved will be less rare than it is now: nowadays, many men love their wives in the way in which they love mutton, as something to devour and destroy. But in the love that goes with reverence there is a joy of quite another order than any to be found by mastery, a joy which satisfies the spirit and not only the instincts; and satisfaction of instinct and spirit at once is necessary to a happy life, or indeed to any existence that is to bring out the best impulses of which a man or woman is capable».

B. Russell, «The conquest of happiness»: «The best type of affection is reciprocally life-giving; each receives affection with joy and gives it without effort, and each finds the whole world more interesting in consequence of the existence of this reciprocal happiness. There is, however, another kind, by no means uncommon, in which one person sucks the vitality of the other, one receives what the other gives, but gives almost nothing in return. Some very vital people belong to this bloodsucking type. They extract the vitality from one victim after another, but while they prosper and grow interesting, those upon whom they live grow pale and dim and dull. Such people use others as means to their own ends, and never consider them as ends in themselves. Fundamentally they are not interested in those whom for the moment they think they love; they are interested only in the stimulus to their own activities, perhaps of a quite impersonal sort. Evidently this springs from some

defect in their nature, but it is one not altogether easy either to diagnose or to cure»

E. Renan, «Antichrist»:

«Every day Nero declares that art alone must be taken seriously, that all virtue is a lie, that the 'gallant man» is he who is frank and avows his complete shamelessness, that the» great man» is he who knows how to abuse all, lose all, and spend all. A virtuous man is to him a hypocrite, a rebel, a dangerous character, and, above all, a rival. Whenever he discovers some horrible piece of baseness, which seems to lend support to his theories, he is transported with delight. the dilettante menaces people with torture if they fail to admire his verses.
A monomaniac, intoxicated with literary vainglory, who turns the fine maxims he has been taught into pleasantries worthy of a cannibal, a malicious urchin posing for the applause of street corner loafers such is the master to whom the Empire owes submission. Never before had such extravagance been known».

G. Spenser, «Social statics»: «The proposition is that in proportion as the members of a community are barbarous — that is, in proportion as they show a lack of moral sense by seeking gratification at each other's expense — inthesame proportion will they show depth of reverence for authority. What, now, area several indications of deficient moral sense? First on the list stands disregard of human life; next, habitual violation of personal liberty; next to that, theft, and the dishonesty akin to it. Each of these, if the foregoing theory be true, we ought to find most prevalent where the awe of power is most profound. Well, is it not a fact that groveling submission to despotic rule flourishes side by side with the practice ofhuman sacrifices, infanticide, and assassination? That infringements of personal liberty are greatest where awe of power is greatest is in some sort a truism, seeing that forced servitude, through which alone extensive violations of human liberty can be made, is impossible, unless the sentiment of power worship is strong»

Tolstoy, Kreutzer Sonata»:

«And when I hear people talk of the gilded youth, of the officers, of the Parisians, and all these gentlemen, and myself, living wild lives at the age of thirty, and who have on our consciences hundreds of crimes toward women, terrible and varied, when we enter a parlor or a ball-room, washed, shaven, and perfumed, with very white linen, indresscoatsorin uniform, asemblems of purity, oh, the disgust! There will surely come a time, an epoch, when all these lives and all this cowardice will be unveiled! If we reject conventional explanations, and view the life of our upper and lower classes as it is, with all its shamelessness, it is only a vast perversity.

«It is like the cannibals fattening their prisoners in order to devour them, and assuring these unfortunates at the same time that their rights and their liberties are guarded!»

Dear Friends!

The disaster of our time is disaster of Ruined Church of Oneness of Spirit!!

For Divine Spirit of Intellect in humans is Unity which is helpless, devastated and reduced to misery when it is dissolved in many estranged pieces.

In early days Christian Church exhibited that divine Spirit of human unity in true fraternity and true sincerity. Now we have to restore Church of Spirit of Freindliness through true social science.

This is ultimate purpose of Discovery of Psychic Energy: to restore Church of Friendliness of Divine Spirit.

Another great instance of manifestation of that Church of Spirit as foundation of any human society was Gandhi's Satyagraha.

His proposition that Conscience is only resource of Any Law, that Conscience is primary and supreme to any Normative law — has been one of most assertive demonstrations of Scientific control as International Institution of Natural Law. And Great

power of Spirit of Satygrahas, which so many times had celebrated victory over power of State is another analogy to great victories of Early Catholic Church as International institution of Natural Law.

Ultimate purpose of Discovery of Psychic Energy is establishment of such Church of Natural Law of Divine Spirit, which would United all honest people in fraternity of City of God by Augustine. For i firmly believe that Chesterton was in the right when asserting that Catholic Church is still on its way to realise the purpose of the Fathers of Church.

Catholic Church failed, no doubts. But pace of Great Thinkers and Saints on the way to City of God as creation of Church of Divine Spirit did not fail!! All the great achievements and revelations on this way to City of God are now combined in Discovery of Psychic Energy.

Now, when true science can at last afford humankind to acquare Scientific control, and therefore Natural Law of City of God.

This is ultimate victory of Church over State, predicted by Chesterton, Toynbee, Renan, Merezhkovsky, Tolstoy, Gandhi, Einstein and other apostles of Natural Law.

11.08.2025, My Dialogue with Director Nursing Agency «Bees», Marina.

She says, she kept silence last two days because of «bad reception» of her phone, though she more often used WhatsApp. It was me who called her today to find out what is going on.

And she started with suggestion of «Cristina», though I never mentioned Cristina to her after I had to fire her in summer 2023, two years ago. The thing is she once suddenly left me for three days alone on pretext she caught a cold, and was back quite in good health. I realised that was part of blackmail of pressure of secret services. It was then that I had to teach myself to change my pants on my own, without assistants. But I had to fire Christina after that accident. Like major part of them she is not bad woman,

but she is under pressure of secret services. She didn't inflict any harm to me except that case I told you about. And some bad habit to check my phone and tell me data on anonymous calls.

Now it was Marina who seemed to be under pressure, was this blackmail: take Christina or you will be left without any assistant? Was this cause of her silence during half a year?

I asked why she kept silence so long? She said she had «forgotten of me». I doubt this because I asked her few times.

Do you still doubt on International character of Conspiracy of Secret Services against Discovery?

And she seems to be displeased that I had redused functions of assistant to cleaning. The thing is when I am for entire hour in bath, they can do whatever they want with my house and with me. I cannot afford this any longer. Therefore I cannot afford bath any longer!

I humbly ask Your Speedy Answer!

This is Russian family of my sister, hounded by Putin's regime to pressure Discovery of Psychic Energy. Especially threats to her son, Leo. He is now student in Canada. Putin's regime also tries to represent me and my sister's family as «black race», at least «not Russian» to ask permission of Russian country to take my Discovery from me. I told you before I wrote to Pope Francis, to Saint Pope Francis. And he suddenly died. It was then that actual Pope took name of Leo XIV. I hope this would protect poor baby, forced to leave under threats from the age of toddler. At least, i keep praying to Lord to protect the innocent and hounded.

//////////////

Please, when Morons finished with murdering me, don't give my work to stupid, conceited and shameless

Give it to those Honest Institutions which try to help me out — i see their priceless endeavors to protect Author of Discovery somehow. And tell to stupid Princeton University Press that

whatever Deformation person could suffer it would NEVER CANCEL THE FACT OF HIS BEING AUTHOR OF DISCOVERY. So, when his friends from Secret Services will close genius in madhouse for Lobotomy, even then stupid Princeton cannot hope to acquire my Discovery for himself!! If Princeton University Press pretends to be Author of Discovery why he doesn't announce on his GRAND ACHIEVEMENT RIGHT NOW?? Why to wait while me, scientist martyred in torture, misery and obscurity will be DEFORMATED in madhouse?? Come up now, while my head is safe and sound, and declare publicly on your being Author of Discovery!! Or are these talks on DEFORMATION preparation to Decapitating of Genius in Madhouse? And yet, i would prefer thousand times to be beheaded than Lobotomy! And what about you??

They say MAN UP!!

This is Science, this is NOT FOOTBALL!! And Science like Holy Spirit has no biological distinction between female and mail!! Such men as Plato, Jesus, Mill, Russell, Lennon, Fromm, Adler, Maslow, Flobert, Tolstoy, Einstein and many many other THINKERS are always against gender unfairness, because INTELLECT HAS NO SEX, ONLY BIOLOGY OF BEAST HAS!! And Discovery of Psychic Energy is Science for Thinkers!! Not Biology for Footballers!! Maybe today-tomorrow you will find support. But ultimately Science will smash any slightest attempt to judge Truth on grounds of gender!!

////////////////

Hemingway said that «this world kills the kindest, the best, the most couragous». I don't know about the world but satanic secret services do kill the best and the kindest. For my part I don't doubt any longer they have murdered John Lennon as well as princess Diana. John Lennon was avowed anti-monarchist, doing things they would have putted him to ax many times in Middle Ages. And focus your attention on this horrible fact: in both cases

they WORKED IN COLLABORATION WITH SECRET SERVICES OF ANOTHER COUNTRY!! Diana was killed in France and Lennon in America. Where all of us live if SUCH ALLIANCES against Angeles are possible??

//////////////

Do you want to make a bet? My truth is this. All of us — humans, not beasts- we live to serve to God. This means «to pray in truth and spirit» as Jesus says. To be truthful as Gandhi's Satyagraha says. All of us, scientists, religious geniuses- grave sacrifice of our lives to God It is our DEBT to discover and champion truth at the expense of our lives. But not only we have responsibility to champion truth. All humans have

//////////////

Plan of Murderers to conceal assassination of scientist in madhouse is already ruined. They are enough stupid to uphold it still. But now, when design of murder is revealed — it is murder, and far worse of all crucifixions and auto-da-fe. For this is outrage of deity, sacrilege of derision over Divine Spirit, blasphemy of dissolving Spirit of Saint in Mammal of Lobotomy. The graver picture they would brought from headmen of madhouse on DEFORMATION of Saint into Mammal of Lobotomy the worst evidence they would display against themselves. So, go ahead, i am not afraid of any execution, i am afraid of LIE. To kill me on pretext of «therapy» i could not allow to scoundrels. Now every one knows it is execution, you can proceed with your baseness. But I am making bet that EVERY SINGLE SOUL WILL KNOW, WHO DID THIS, WHY DID THIS, AND WHO TRIED TO STEAL MY WORK. I am making bet with you that no soul ever except me, the author will take my work from me. Ever! You will have many time to check my words. Now, God says it is my debt to finish my next book. Then, he says, i will be free.

//////////

This is blasphemy on Holy Spirit. For i am Saint of God, with great public service of my Discovery to People.And Jesus says Blasphemy on Holy Spirit will never be forgiven! Amen!

//////////

And remember, that unless your headmen in madhouse had cut all my brain, so that all my consciousness is gone, and I am mute Mammal- I will hurl Hell of Blame on executors while dying in horrible agony.

In case, your Lobotomy will save me to the Hemingways consciousness, wretched but still alive, or Novodvorskaya, whose brain has been under destruction in madhouse for entire year — I will spend the last days of agony demonstrating to the World the despicaple crime in dismembering Brain of Scientist to the World!! Moreover I will die there, because I am scarce alive and chemical lobotomy is death.

You will never take my work from me!! Never!!

I am absolutely alone, my sister is absent in Minsk, my mother is blocked by her treacherous sons, my father is dead. I have no assistants, my neighbors are bought by secret services.

I don't know what to expect next from murderers.

//////////

SATANS IN PANIC FOR THEIR CROWNS!! They killed princess Diana as peril to their satanic Crown, because of their madness, of course

PRINCETON of PRINCES now threatens like Oliver Stone, that «W» will get with Discovery Power to Dominate.

Power to Dominate HAS ONLY GOD

It is Scientific control and Discovery gives it to people as International Institution of Natural Law

Don't buy from Morons that they fear new tyrant. They fear that Natural Law of Science (God) will take away their satanic crowns of tyrants and give it to you, people!!

Morons have been sending me their satanic «crowns and clowns all this time of murdering me, the Author of Discovery

Please, find judgments of Russell, Gandhi and Einstein on World Government and Universal Social Science as International Natural Law of the World.

B. Russell, «Authority and individual»:

«To inhabitants of Western countries in the present day, a more interesting kind of security is security against attacks by hostile States. This is more interesting because it has not been secured, and because it becomes more important year by year as methods of warfare develop. This kind of security will only become possible when there is a single world government with a monopoly of all the major weapons of war. I will only say, with all possible emphasis, that unless and until mankind have achieved the security of a single government for the world, everything else of value, of no matter what kind, is precarious, and may at any moment be destroyed by war. The problem of delimiting the powers of various bodies will, of course, be one presenting many difficulties. The general principle should be to leave to smaller bodies all functions which do not prevent the larger bodies from fulfilling their purpose. Confining ourselves, for the moment, to geographical bodies, there should be a hierarchy from the world government to parish councils. The function of the world government is to prevent war, and it should have only such powers as are necessary to this end. This involves a monopoly of armed force, a power to sanction and revise treaties, and the right to give decisions in disputes between States. But the world government should not interfere with the internal affairs of member States, except in so far as is necessary to secure the observance of treaties. In like manner the national government should leave as much as possible to County Councils, and they in turn to Borough and Parish Councils».

B. Russell, «Authority and Individual»:

«I do not deny that there are situations in which law-breaking becomes a duty: it is a duty when a man profoundly believes that it would be a sin to obey. This covers the case of the conscientious

objector. Even if you are quite convinced that he is mistaken, you cannot say that he ought not to act as his conscience dictates. When legislators are wise, they avoid, as far as possible, framing laws in such a way as to compel conscientious men to choose between sin and what is legally a crime. I think it must also be admitted that there are cases in which revolution is justifiable. There are cases where the legal government is so bad that it is worth while to overthrow it by force inspite of the risk of anarchy that is involved. Obedience to the law, therefore, though not an absolute principle, is one to which great weight must be attached, and to which exceptions should only be admitted in rare cases after mature consideration. It is dangerous to allow politics and social duty to dominate too completely our conception of what constitutes individual excellence. What I am trying to convey, although it is not dependent upon any theological belief, is in close harmony with Christian ethics. Socrates and the Aposties laid it down that we ought to obey God rather than man, and the Gospels enjoin love of God as emphatically as love of our neighbours. All great religious leaders, and also all great artists and intellectual discoverers, have shown a sense of moral compulsion to fulfil their creative impulses, and a sense of moral exaltation when they have done so. This emotion is the basis of what the Gospels call duty to God, and is (I repeat) separable from theological belief. Duty to my neighbour, at any rate as my neighbour conceives it, may not be the whole of my duty. If I have a profound conscientious conviction that I ought to act in a way that is condemned by governmental authority, I ought to follow my conviction. And conversely, society ought to allow me freedom to follow my convictions except when there are very powerful reasons for restraining me. There are some who would say that a man need only obey the accepted moral code of his community. But I do not think any student of anthropology could be content with this answer. Such practices as cannibalism, human sacrifice, and head hunting have died out as a result of moral protests against conventional moral opinion. If a man seriously desires

to live the best life that is open to him, he must learn to be critical of the tribal customs and tribal beliefs that are generally accepted among his neighbours».

B. Russell, «Education and social order»:»

«The objections to patriotic teaching are various. There is the objection which we have already considered that, unless the virulence of nationalism can be abated, civilisation cannot continue. There is the objection that it is hardly possible to teach civilized human ideals of conduct in an institution which also teaches people how to kill. There is the objection that the teaching of hatred, which is a necessary part of a nationalistic education, is in itself a bad thing. But over and above all these, there is the purely intellectual objection that the teaching of nationalism involves the teaching of false propositions. In every country of the world, children are taught that their country is the best, and in every country except one this proposition is false. Since the nations cannot agree as to which is the one where it is true, it would be better to give up the habit of emphasising the merits of one nation at the expense of every other. The idea that what is taught to children should, if possible, be true is, I know, very subversive, and in some of its applications even illegal. But I cannot resist the conviction that instruction is better when it teaches truth than when it teaches falsehood. History ought to be taught in exactly the same way in all countries of the world, and history text-books ought to be drawn up by the League of Nations, with an assistant from the United States, and another from Soviet Russia. History should be world history rather than national history, and should emphasise matters of cultural importance rather than wars».

….Nationalism is undoubtedly the most dangerous vice of our time — far more dangerous than drunkenness, or drugs, or commercial dishonesty, or any of the other vices against which a conventional moral education is directed. All who are capable of a survey of the modern world are aware that, owing

to nationalism, the continuance of a civilised way of life is in jeopardy. The nationalism which is now everywhere rampant is mainly a product of the schools, and if it is to be brought to an end, a different spirit must pervade education. If the whole process were not covered by the glamour of patriotism, its sordidness and wickedness would be evident to all sane people. Education could easily, if men chose, produce a sense of the solidarity of the human race, and of the importance of international co operation. Within a generation, the vehement nationalism from which the world is suffering could be extinguished. Within a generation, the tariff walls by which we are all making ourselves poor could be lowered, the armaments with which we are threatening ourselves with death could be abolished, and the spite with which we are cutting off our own noses could be replaced by goodwill. The nationalism which is now everywhere rampant is mainly a product of the schools, and if it is to be brought to an end, a different spirit must pervade education. In so far as wars must be taught, they should not be taught only from the point of view of the victor, and of heroic deeds. The pupil should linger on the battlefield among the wounded, should be made to feel the plight of the homeless in devastated regions, and should be made aware of all the cruelties and injustices for which war affords an opportunity. At present almost all the teaching is of a sort to glorify war. Against the teaching of the schools, the labours of pacifists are vain. This, of course, applies especially to schools for the rich, which are everywhere morally and intellectually inferior to schools for the poor. Children learn in school the faults of other nations, but not the faults of their own. To know the faults of other nations ministers only to self-righteousness and war-like feeling, whereas to know the faults of one's own nation is salutary. What English boy is taught in school the truth about the Black and Tans in Ireland? What French boy is taught the truth about the occupation of the Ruhr by coloured troops? What American boy is taught the facts about Sacco and Vanzetti, or Mooney and

Billings? Owing to such omissions, the ordinary citizen of every civilised country is wrapped in self complacency»

M. Gandhi, «My experiments with truth»:

«I venture to make this statement not in any way in extenuation of the penalty to be awarded against me, but to show that I have disregarded the order served upon me not for want of respect for lawful authority, but in obedience to the higher law of our being, the voice of conscience. Let us now see what that Himalayan miscalculation was. Before one can be fit for the practice of civil disobedience one must have rendered a willing and respectful obedience to the state laws. For the most part we obey such laws out of fear of the penalty for their breach, and this holds good particularly in respect of such laws as do not involve a moral principle. For instance, an honest, respectable man will not suddenly take to stealing, whether there is a law against stealing or not, but this very man will not feel any remorse for failure to observe the rule about carrying head-lights on bicycles after dark. Indeed it is doubtful whether he would even accept advice kindly about being more careful in this respect. But he would observe any obligatory rule of this kind, if only to escape the inconvenience of facing a prosecution for a breach of the rule. Such compliance is not, however, the willing and spontaneous obedience that is required of a Satyagrahi. A Satyagrahi obeys the laws of society intelligently and of his own free will, because he considers it to be his sacred duty to do so. It is only when a person has thus obeyed the laws of society scrupulously that he is in a position to judge as to which particular rules are good and just and which injust and iniquitous. Only then does the right accrue to him of the civil disobedience of certain laws in well-defined circumstances. My error lay in my failure to observe this necessary limitation. I had called on the people to launch upon civil disobedience before they had thus qualified themselves for it, and this mistake seemed to me of Himalayan magnitude»

A. Einstein, «Ultimate quotable Einstein»:

«Anybody who really wants to abolish war must resolutely declare himself in favor of his own country's resigning a portion of its sovereignty in favor of international institutions: he must be ready to make his own country amenable, in case of a dispute, to the award of an international court. He must... support disarmament all round"Einstein uses almost the same words in a letter to Sigmund Freud of July 30, 1932 (Einstein Archives 32 —543, 545, 546). He returns to this theme of world government after World War II.

«There is no other salvation for civilization and even for the human race than in the creation of a world government, with the security of nations founded upon law. As long as there are sovereign states with their separate armaments and armament secrets, new world wars cannot be avoided» From a press interview, New York Times, September 15, 1945 On Pacifi sm, Disarmament, Government 255

«At the present high level of industrialization and economic interdependence, it is unthinkable that we can achieve peace without a genuine supranational organization to govern international relations. If war is to be avoided, anything less than such an over-all solution strikes me as illusory»

To J. Robert Oppenheimer, September 29, 1945. Einstein Archives 57—294 «Mankind can be saved only if a supranational system, based on law, is created to eliminate the methods of brute force. From a statement in Impact 1 (1950), 104. Einstein Archives 28—882

«It is my belief that the problem of bringing peace to the world on a supranational basis will be solved only by employing Gandhi's method on a larger scale».

To Gerhard Nellhaus, March 20, 1951. Einstein Archives 60—684

«The conscientious objector is a revolutionary. In deciding to disobey the law he sacrifices his personal interests to the most important cause of working for the betterment of society».

Besides, who can Offend EVASION of circles of meanness of Serpent? It is too Flexible to be offended.

Pontius Pilate Offended Christ, when crucifying him, this is truth. He had ENOUGH HONESTY to take responsibility for his Offence! And we have today Truth on sermon of Christ and on his martyrdom!

RECOMMENDATIONS FOR YOU

We have this research: Discovery of Psychic Energy.

He is warning against Schizoid intellect of material energy.

Discovery of Psychic Energy distinguishes between true Scientific control as control of laws of energies; And fictitious intellect of Schizoid mentality.

And especially Cunning and malicious will of Amorphous Serpent

««"«Geoffrey Hinton's speech at the Nobel Prize banquet, 10 December 2024.

Ladies and Gentlemen,

This year the Nobel committees in Physics and Chemistry have recognized the dramatic progress being made in a new form of Artificial Intelligence that uses artificial neural networks to learn how to solve difficult computational problems. This new form of AI excels at modeling human intuition rather than human reasoning and it will enable us to create highly intelligent and knowledgeable assistants who will increase productivity in almost all industries. If the benefits of the increased productivity can be shared equally it will be a wonderful advance for all humanity.

Unfortunately, the rapid progress in AI comes with many short-term risks. It has already created divisive echo-chambers by offering people content that makes them indignant. It is already being used by authoritarian governments for massive surveillance and by cyber criminals for phishing attacks. In the near future AI may be used to create terrible new viruses and horrendous lethal weapons that decide by themselves who to kill or maim. All of these short-term risks require urgent and

forceful attention from governments and international organizations.

There is also a longer term existential threat that will arise when we create digital beings that are more intelligent than ourselves. We have no idea whether we can stay in control. But we now have evidence that if they are created by companies motivated by short-term profits, our safety will not be the top priority. We urgently need research on how to prevent these new beings from wanting to take control. They are no longer science fiction»””».

Prince Harry in his memoir a few times stressed the fact, that his father, king Charles, is «very religious» Christian in sense of rites and all the magic involved. This is true, that Humankind have been in pursuit of Rule of Natural Law dating from Plato, Cicero, Jesus, Thomas Aquinas, Spinoza, Hugo Grotius, Spenser, Russo, Komte, Mill, Kropotkin, Renan, Trubezkoy, Herzen, Russell, Gandhi, Einstein, Chesterton, Wells and of course, Locke too!

Unfortunately, there is no way to accomplish the search for Rule of Natural Law until Discovery of Psychic Energy will proved that Natural Law! Otherwise, we will have corrupted governments of Amorphous Serpents, Cunning on Normative law and lying that we have Rule of Law!

And Assistants of Antichrist

Meet the «DoubleThinking» of Amorphous Serpent

MI6 great friends with Vatican exactly on the point laughed down in this Russell's quote: on conservative magic orthodoxy

Discovery of Psychic Energy, as well as Russell, on the contrary, refuted Christian orthodoxy, and this is unacceptable for Conspiracy of MI6 and Vatican

In my book on Debates between Chesterton, Russell and Wells, as well as in all others on Scientific Revolution Energetics i gave multiple quotes from Russell, condemned Marx for his» economism», and for his disability to understand psychological ground of social processes

Popper conversely kept praising high Marx for his «anti-psychologism» and his «economism»

Many many times this contraversy on Marx, as chief opponent of psychologism of Discovery of Psychic Energy cited in my books

Bertrand Russell's guide to Karl Marx:

«To understand Marx psychologically one should use the following dictionary:

Yahweh = Dialectical Materialism
The Messiah = Marx
The Elect = The Proletariat
The Church = The Communist Party

MORONS PLAYING IN GOOD AND BAD POLICEMEN
The name of the good one is John.

Though he is as cowardly moron as all of them and never had guts to say a word on Discovery of Psychic Energy, he is still «running great risk», being devotedly «in love» with ninety year old corpse.

«Head of John The Baptist»!!

HAHAHAHAHA

Morons, you will stay womenly morons in skirts up to the day, you have guts for «Manly Honest Contraversy»!

//

Back to Amorphous Serpent Leviathan!!

Back to Slavery of Men!!

Back to Slavery of Women!!

Back to circle of swastika!! Nazis, and never International Institution of Natural Law!!

«The good parts of Slavery»!! — they are ready to Discuss!!

Discovery of Psychic Energy, — not!

This exactly what Putin says in his «Revolution of Conservatives» and «Origin of Sovereignty»!!

His Goebbels, he doesn't write books.

Chesterton considered swastika as circle opposed to lines of Cross.

//

Chesterton has been in the right, as usually.

He says, in «What is wrong with the World» that French Revolution and its goals is still to be realised.

And that modern hypocrites «seem unable to imagine how it was that men like Robespierre and Marat were ardently admired»

Vivat French Revolution!

To the Hell with Amorphous Serpent!

//

They, CIA and FSB, have sent to me that Greek agent, to kill me. It is obvious from his conversation with me on this page of Russell — he knew nothing on Russell, he came to make an idiot from naive scientist, who knew nothing on non- human lie of Satan Serpent. That conversation — every word

of communication with Serpent of Conspiracy of Secret Services- is published in Apology, for i never saw that Agent in life, Thanks God!!

I was forced to write that Apology, like Chaadaev his Apology of madman, while there was a slightest chance that he was not Agent of Secret Services, who came to kill me. To explain the man that I am scientist under severe pressure of Murderers from Agency of Dirt. And that it was me whose heart has been stopped and backbone crushed, not him! He is well and prospering, what his questions to me, i cannot understand???

And normal man would understand and apologized in his turn to the GREATEST MIND OF OUR TIME OUTRAGED IN SUCH a basest way, to innocent prey of dirty maniacs!!

But he didn't!! Because he is killer himself!! He continues helping them to accomplish murder with all his might!

That Greek man was Agent of CIA, working in collaboration with Putin's FSB

THEY AIMED TO MURDER ME AND THEY SUCCEEDED!! MY BACKBONE HAS BEEN SMASHED ON FOUR LEVELS

MY HEART STOPPED

I AM NOW FOR 11 YEARS IN WHEELCHAIR, IN BLOOD AND EXCREMENTS

THIS MAN IS THE BEST MURDERER OF ALL TIMES ONE COULD IMAGINE

HE KILLED GENIUS

AND EXCAPED UNSCATHED

SAFE AND SOUND, CONTINUING TO LIVE IN HIS FAT BLISS OF AGENT OF CIA

AND HE GOES ON ALL THIS TIME TO DO HIS BEST TO FINISH HIS PREY

THE MEANIST ASSASIN EVER!

AND HIS BOSSES FROM CIA, FSB AND MI6 REPRESENT HIM AS MY PREY!! THAT GREEK MURDERER, BATHING IN MY BLOOD!!

THIS IS HOW LIE OF MONSTROUS SERPENT LOOKS LIKE!!

I am sick and tired from these Greek heads of Aristotles, they have been sending them millions all this time, while trying to finish murder of Greek assassin.

//

Equally Mad are Windzors, savagely killing Saint Diana and Communist Ruslan Khugaev, killing my Saint Father.

THIS IS ONE THE SAME MATERIAL ENERGY OF CYCLIC HOMEOSTASIS!!

My congratulations to «equals»! It is YOU in Conspiracy with Ruslan Khugaev against me, the Author of Discovery!!

What a despicable baseness!! Employing name of Russell in vilifying name of martyred genius!!

The Amorphous Serpent!

It is first time when «Morons in Power» have been crushing Backbone of Scientist and Author of Discovery for 12 years!!

On the pretext that to rape and to get sex is the same thing!!

WHO GOT PUNISHED, WHO GOT UNDER TRIAL, WHO GOT RESPONSIBLE FOR MY CRUSHED BACKBONE???

FOR 11 YEARS IN SEVERE PAIN IN WHEELCHAIR??

ARE YOU MAD??

//

Amorphous Serpents disturbed in their wet dirt. They don't need changes, sitting in power and screwing honest people.

Discoveries and Revelations keep changing lives. On planet of humankind. Jesus Christ was happening under five villages of Palestine.

Throwing down Snakes and giving power to people! Yes, you are fighting COMMON SANE HONEST PEOPLE,

NOT ONLY WOMEN

//

It was Marx's bad, — greatest mess, which confused people in how to fight the evil

Don't buy there are Classes of Capitalists and Working men. Some capitalists are wonderful humanitarian, honest hard workers; and some working men are Snakes of dead material energy. Though it is true, that working people are mostly sane, and that Snakes, nowadays, are mostly in power. It will change, when Education will give data to people on Energy of Spirit and variations of material energy as Milgram Ego, Satan Ego and HubrisEgo

Today we shall speak of another Classes:

— Snakes insane (dead material energy, non-human)

— and Sane Men with living thought, conscience and friendliness

//

His own definition of matter is quite precise:

«Matter is what satisfies the equations of physics»

And equations of physics are laws of nature, according to Einstein

«My own definition of „matter" may seem unsatisfactory; I should define it as what satisfies the equations of physics. There may be nothing satisfying these equations; in that case either physics or the concept „matter" is a mistake. If we reject substance, „matter" will have to be a logical construction. Whether it can be any construction composed of events — which may be partly inferred — is a difficult question, but by no means an insoluble one».

History of Western Philosophy, B.Russell

//

Now, «criminal»

(absurdities, not through mediation of Russell, please)

B. Russell» Education and social order»:

«It is not too much to say that most of the external activities of powerful States in the present day are concerned with the employment, or the threat, of armed forces, for the purpose of taking away from the less powerful wealth which legally belongs to them. Activities of this sort on the part of private individuals are considered criminal, and are punished by law unless they are on a very large scale. But on the part of nations, they are considered admirable by the citizens of the nations concerned.

Like almost all bad sentiments, it is disguised as loyalty. If you wish a man to commit some abominable crime, from which he would naturally recoil in horror, you first teach him loyalty to a gang of arch-criminals, and then make his crime appear to him as exemplifying the virtue of loyalty. Of this process, patriotism is the most perfect instance».

B. Russell» Authority and individual»:

«a certain number of individuals who do not wholly conform to the general type. Practically all progress, artistic, moral, and intellectual, has depended upon such individuals, who have been a decisive factor in the transition from barbarism to civilisation. If a community is to make progress, it needs exceptional individuals whose activities, though useful, are not of a sort that ought to be general. There is always a tendency in highly organised society for the activities of such individuals to be unduly hampered, but on the other hand, if the community exercises no control, the same kind of individual initiative which may produce a valuable innovator may also produce a criminal»

Morons busy to murder me.

I am murdered, Morons.

This is not the question, Morons.

When every single person is mute moron, Jesus will be crucified. No questions.

But.

Me, exactly as Jesus, already performed the work i aspired to.

ALL OF YOU, STUPID THIEVES, TRY TO TAKE MY DISCOVERY FROM ME!! And try to hide your role in murder, accomplished on the sight of entire world.

I know you are sure it is yours!

Let's test how easy it is to steal the work familiar to entire world!

I told you these are my last days. I am aware.

Damn imbeciles, NOT A WORD ON SCIENCE! DAMN WANKERERS!! WHAT A DISGUST!!

//

THESE PEOPLE MANIFEST DELIRIUM OF GRAVE PSYCHIC DISORDER

They speak to each other insane symbols, having any meaning only to mad men. I know, for it is now 12 years they are playing those mad games in internet!

They are MANIACS, mad murderers.their place is in madhouse, and instead they are credited with thrones of Rulers! Just observe WHAT they are doing, WHERE they are doing, and HOW they are doing that hideous DELIRIUM.

I am happy my Discovery is havoc of thrones of morons. They may ensure themselves in their imbecility, that they are still in time to steal Discovery.

Well, it is destiny of morons, to be disappointed, when it is to late.

THE THIEVES OF THE EPOCH!!

//

«Nectar for the Gods» or «Poison for Government»

Well, I don't assert that Russell considered «government» scoundrels!

I only try to suggest, that he wouldn't be busy all his summers long with preparation of Poison for Angels. And especially, preparation of mind of his both children to consider Government as «wicked and misguiding» and spending great deal if his time «writing and speaking against it»

Unless, he really believed them to be God's, and God's are beyond criticism, as everyone knows

Let me bow out on this and try to work.

Morons seems to be disappointed with effectiveness of their coach R. Greene's Satanism, the apostle of «Wolves and Sheep society» of jungles. «Worst coach ever!»

Meet two most infamous Satanists of our time:

Anton LaVey and Robert Greene.

Satanism is instructions on How to become Dead Amorphous

Serpent.

Nothing difficult to recognize people who have succeeded in the study.

And it is not the snake in hands of LaVey. It is their dead souls in their eyes. Wikipedia says ONE MILLION followers in «Church of Satan» by LaVey Bible of Darwine. Books on «formless and shameless» wolves eating sheep in social jungle by Greene — also keep bestselling.

No names, no considerations, no Scientific contraversy, no proofs, and No Responsibility!!

Just do like your cowardly bosses do:

Keep shitting on heads of honest people any absurdity you please

AND DISCOVERY IS YOURS!!

COWARDLY MORONLY WOMANLY THIEVES!!

IN SKIRTS!!

Which of my home screaming on table of headmen has made stupid Thieve Yale — the Award- winner?? My words on necessity of martyred prey to see bloody corpses of his headmen??

Stupid cowardly morons torturing in wheelchair, disgrace and Stench of such Shameless THIEVES like you The Great Man of 30 years hard work, now pissed their pants I wish to put them to their own axe??

Well, then Discovery is yours, Mr THIEVE!!

I really crave to see their bloody corpses — Putins and all his friends in rape and theft of Discovery!!

PUTIN'S MANIACS WAITING ME THERE

Hitler's admirers of «Blonde Beasts».

Morons concedes it is because Discovery is TOO BIG they attacked Author of Discovery.

They say she has made Too Big Discovery and she is Too Black for such Big Discovery.

Morons, and what about Diana, the perfect blonde, savagely killed in 34 y.o?

Morons try to persuade men that they are capable to hide from the world WHO HAS MADE DISCOVERY!!

DON'T BUY THIS. They know they cannot. The only question is:

Will the World celebrate Discovery of dead author or of living author!!

They simply strive to kill their personal enemy. I told you, they are not statesmen, they are ordinary felons.

//

All volumes on Discovery of Psychic Energy- volumes on Holy War with Evil.

Morons try to sell to people, that only Evil, Satans like themselves can fight. And that Goodness is weak imbecility, turning another Cheek to Satans

I have brought quotes from Toynbee, Renan, Chesterton, Schweitzer on Holy war with Evil as pivotal subject of Sermon of Gospels

Satans are cowards and morons. They nothing in everything: and in fight Too.

They are cowards of «darkness», dirty blackguards, insidious treacherous liers.

When such people attack sane honest men — it is blasphemy and treachery of God.

When Sane Men reply to those Snakes firmly, to prevent murder of energy of Spirit — this is Virtue and Grace and Service to God.

To remove Satans we need education and International institution of Natural Law: to put Light of Truth on Crimes of Satans and thus eliminate them with Shame and Infamy they deserve.

But in cases, like with me, when Conspiracy of Satans keep brutishly devouring Author of Discovery on the sight of entire world, and no Scientific Institutions to help

It is absolutely justified to physically eliminate such Dirt! Defend yourself from Satans!! DONT BUY Christians are imbecilic forgivers.

Christian forgives Sinners, Milgram Ego, those poor men Jesus came to as doctor.

Christians don't forgive Satans, blasphemy against Holy Spirit, treacherous murderers of Truth, Conscience and Friendliness.

And all this is in all precision explained in my books. And Dirty cowardly morons, in search for mud to plunder me, putted on airs, they discovered just now «violence».

What a despicable disgust!

//

Are All of You absolutely Blind? They will use any insane pretext to thwart Discovery. Because it is the end of their Wanton Omnipotence! It is Victory of power of people through International institution of Natural Law. It is Your freedom from Maniacs! They deserved death penalty many many times. And now they are preparing a new execution for me, Author of Discovery! After 11 years in wheelchair with ruined Backbone! If you àre confident you will manage to insist on Discovery and perform Scientific Revolution Energetics when i am dead? Don't let them to hush you!

I DEMAND HONEST CONTRAVERSY!!

I DEMAND OFFICIAL ACCUSATION OF STATE INSTITUTION, if there is any fault as they affirm

My next book on Holy War with Evil.

How to distinguish Imbecilic wars of Satan Ego as style of life from

Holy War with Evil as responcibility and tragedy of Enegy of Spirit.

//

Haha. All of us know very well why Bertrand Russell was not Christian. We are not too in this meaning of the word. Because it is

time for Reform of Christianity, as Every Thinking Man have said: Spinoza, Renan, Einstein, Romain Rolland, George Sand, Lessing, Strauss, Schweitzer, Tolstoy, Merezhkovsky, Russell's daughter Katherine Tait and so on..

This picture with Crossed out Cross seems much like symbol of Satanism, not as Symbol of Russell's constructive criticism, doesn't it?

But why The King Charles The Third, who presided the company on hounding of Discovery and its Author, — why their Majesties Are Christians?? And what kind of Christians with Such symbols of Crossed out Cross» they are? This is the question!!

Prince Harry, «Spare»:

«Pa was deeply religious, he prayed every night, but now, in this moment, I too felt close to God. .....Pa always made a big deal about Easter, sure, but that was Pa»

And this is exactly beliefs we share with all sane Christians, and especially with St Augustine and St Thomas Aquinas: belief in God, immortality and that Jesus was «the best and wisest of men»:

«The word does not have quite such a full-blooded meaning now as it had in the times of St Augustine and St Thomas Aquinas. In those days, if a man said that he was a Christian it was known what he meant. You accepted a whole collection of creeds which were set out with great precision, and every single syllable of those creeds you believed with the whole strength of your convictions. Nowadays it is not quite that. We have to be a little more vague in our meaning of Christianity. I think, however, that there are two different items which are quite essential to anybody calling himself a Christian. The first is one of a dogmatic nature — namely, that you must believe in God and immortality. If you do not believe in those two things, I do not think that you can properly call yourself a Christian. Then, further than that, as the name implies, you must have some kind of belief about Christ. The Mohammedans, for instance, also believe in God and

in immortality, and yet they would not call themselves Christians. I think you must have at the very lowest the belief that Christ was, if not divine, at least the best and wisest of men. If you are not going to believe that much about Christ, I do not think you have any right to call yourself a Christian»

— Bertrand Russell, Why I Am Not a Christian (1927), What is a Christian?

//

MAGIC MENTALITY OF SATAN EGO

I have noticed through this years of hounding company this kind of manifestation of Magic Mentality of Satans.

They keep sending «symbols», «mantras», «incantations», «spells».

First they preferred «bloody dishes» and language of «cooks and kitchens», then «woolf and sheep». lt felt abominable annoying when i realised that it was «language of incantations» of magic mentality.

And now, with progress of science, Satans adopts QR codes as language of savage magic mentality.

And what kind of sorcery Satans employ? Eating people, threatening people, bullying people

This mantra was reply on my oration on their Conspiracy in Disguising Crimes of each other Secret Services:

Murders of Princess Diana, President Kennedy, Paul Khlebnikov, John Lennon, R. Korshunova and others innocent preys of Satans.

They keep sending me this «incantations» on my emails.

When God punih men, he deprives them from reason.

//

They Ruled Lobotomy, i guess.

to make sane people idiots with magic mentality, like themselves!

Hahaha. Hush!

//

If all of you ready for Collaboration of Secret Services in «sorcery» of chemical Lobotomy against Defiant citizens,

Then help them with shitting down Discovery of Psychic Energy in madhouse.

//

I told them that maybe it is still not to late to interrogate that criminal, who killed Lennon on role of English and American Secret Services in his murder.

Don't forget to do this, when Scientific Revolution Energetics will win!!

It is your Duty to vindicate all preys of satans and expose all crimes of Satans.

You are Holy Church of Friendliness!!

//

This is how the contrast between Living soul of energy of Spirit and Dead soul of Satan Ego looks like.

Any problems to identify Evil? Lennon versus Greene.

Thanks a lot!! Save to yourself!

//

RECOMMENDATIONS FOR YOU

And all this infamy in selling asses of Spies in Internet for «power»?? What kind of power?? Power of «men of darkness» to shit on honest people? To rape children? To rape innocent people? To steal Discoveries? To apply «therapy» of chemical Lobotomy?

I know power of Sulla. That was Power! That was Great victories of great soldier!! That was Man!!

And that was human and Republican, who left that Power to secure Freedom and Honor of Rome!!

Race between Yale and Princeton «Prince» Universities on Theft of Discovery begins!!

I know that Satans in power, being citizens of Moria, do not read books- Great books, World's classics like Confessions of Russo, Tolstoy, Herzen or Musset and George Sand for example.

But Yale and Princeton, never reading Confessions of Tolstoy and Russo??

I have wonderful news for you, Mrs THIEVES, if writing on personal life deprives writer his rights on his legacy, than you are free to plunder works of Tolstoy, Russo, Musset, George Sand and many many others!! Oh, how fortunate THIEVES you are!! Such Great men and such Great legacy and all is yours!! Cheers, THIEVES!! Enjoy!!

Princeton says that my Confessions on Idiotic behavior of their Satans — like Stephan Frappat for example, a mad «bossy» idiot, or other equal personage of my handwriting of 20 years old — deprives me of my Discovery!

And now, it is Princeton, who is Author of Discovery!!

We are waiting for replies of deadly rivals in race for theft of DICSCOVERY from Yale, Oxford (Discovery Assistant, haha) and other famous (infamous??) «Prince» Universities!!

Don't be shy, «Prince» Universities!!

Putin has sold out Discovery to your Bosses!! Go ahead!! Robert Greene says —

nothing shameful to be Theives!! It is Great Power!

Test it please on your own experience!

Are you Scientific Institutions or not??

How honorable it is to be a THIEVE??

And send your reports, to Greene, please.

//

Or this one, for example, Confessions of Greatest Russian author, Alexander Herzen, of half German origin.

Apart from very talented, conscientious and unique report on experience of Church of Friendliness they managed to build in their desperate political fight for freedom, it contains very spicy data on sharing his wife with his best friend Ogarev, on sleeping with his beautiful young serf and conflict with his wife and so on.

Who will inherit now legacy of Herzen? Princeton or Yale??

//

No Holy Cows for MAGA

Bargaining on Infringement of basic rule of «men of darkness»:

Never attack your prey in day light of truth.

Without preliminary arrangements on shitting on your prey, if you don't want «huge problem on your hands». «Keep your hands clean» as coach Greene says.

The bewildering thing for Satans is huge incongruity between TOO BIG DISCOVERY and too small author. Like Jesus.

Don't you think that Jesus also must be TOO BLACK for them??

//

Oh, I have forgotten these Confessions, where authors got extremely candid on their personal lives. Princes of Wales and Princess Diana.

//////////////////////////////////////

And Happy End, of course!!

Oh, no, it is not data on Tesla Leila Khugaeva Thinikashvili And her TOO BIG and TOO BLACK Discovery!! Nay.

It is data on urgent search for ass of spy to be sold out in internet. «To follow suit and all», you know.

Marriages with full house of kids and grandmas!!

FOURTH PUBLICATION, MY POST ON FACEBOOK 6—9 SEPTEMBER, 2025. QUOTES FROM A. MORTON'S «TRUE STORY OF PRINCESS DIANA FROM HER OWN WORDS» AND FROM PRINCE HARRY'S «SPARE»

//

Many thanks to Yahoo, Google, Facebook for help in spread of data on Discovery.

I have never confused Secret Services and people.

Each of them two or three times has blocked my letters to Media and Universities, but some time later they up to this day kept restoring my email boxes.

Though I use them in regime millions other users do, some other companies blocked data on Discovery.

For example, my email on outlook- lkhugaeva@outlook.com- has been blocked in 2022 and since that time keeps his service closed for Discovery.

//

Many thanks to Internet Achieve.

It is the only resource which have never blocked my account.

And my main hope that my books will survive after my death.

Thank you.

TREACHERY OF SATAN EGO AS BLASPHEMY AGAINST HOLY SPIRIT

This is How Treachery of Dead Conscience Sucks Blood of Living Energy of Spirit.

Observe text of these pictures.

It invokes such sanctuary things of Energy of Spirit of Sane Men as «Unfailing Friendship», as» Help in grieve and Salvation from death», as» Father, Dad and daughters», as «Home». And this is not the single examples of the theme: «Daddies» speake to me from all pictures, my eye fall in my internet space.

And THEN:

THEY CALCULATE TO USE TRUST OF SANE PEOPLE — Trust in Friendship, trust in help in adversity, trust in tenderness of adults to all younger people — TO FRAUD THEM AND TO SELL THEM ON MEAT TO DEAD PERVERTS LIKE THEMSELVES

And, they call this, eleven years in severe pain and helplessness in wheelchair «Confirmed new series» of Show.

//

Spiritual Sword of Jesus:

Language of Exposure and Condemnation

Satans don't make any secret from their weapons as you can see from books of Greene, Bing, Machiavelli:

FRAUD, Treachery, Blasphemy of sanctuary of Energy of Spirit, Meanness, Defiling honest and innocent men, Robbery and then — murdering them

Satans live in war to each other — this is the way circles of «fight for money and power» of material energy goes. This is wars of aggression of all sides.

In such wars of Satans there is no Good and Evil, Righteous and Fallacious, virtuous and wicked. It is merely two dead machines beating each other or two dinosaurs, eating each other

But there is another case.

The war of defense by Energy of Spirit, which style of life has nothing to do with wars.

Sane Men have to fire back to defend their sanity and their life in Church of Friendliness of honest men

And here comes Special weapon: Spiritual Sword of Jesus

Sane Men don't betray their friends, don't shit on them, don't fraud them

The weapon of Sane Men is Exposure of Evil of Men of Darkness — Satan Ego of Amorphous Serpents

And only now with Discovery of Psychic Energy, when we have mature scientific control, It gained all its effectiveness in denunciation of Evil

This is why Satans don't like Language of Denunciation of Evil!

And this is why it is your only weapons to rout Amorphous Serpents

//

It is Chuch of Friendliness, you, Apes!

I ASSERT THAT ONLY IMBECILES PERCEIVE IN CATEGORIES OF BIOLOGICAL INTERCOURSE: watch them, they are destitute of any properties of intelligence

I ASSERT IT GREATEST DISGRACE AND SHAME FOR US, HUMANKIND, TO LIVE UNDER SWAY OF IMBECILES

IMBECILES have only two alternatives:

Sex heterogeneous

Sex homogeneous

All speaking on Energy of Spirit and Church of Friendliness FOR MEN DESTITUTE FROM INTELLIGENCE is falling water from the back of duck.

TO THE HELL WITH DOWNS IN GOVERNMENT!!

VIVAT REVOLUTION!!

VIVAT CHURCH OF FRIENDLINESS!!

//

Well, Confessions of murdered Princess Diana has all necessary data to demonstrate that she was killed through treachery and meanness of Satan Ego

I will try to remind you most persuasive moments

//

On contrast between Princess and House of Windsors: «dead energy of Buckingham Palace», «silly jokes», «lots of tension», «immense jealousy i was on the front of papers», «he ignores me everywhere», «My husband made me feel so inadequate in every

possible way that each time I came up for air he pushed me down again»

A. Morton, «Diana, her true story»:

«Those few days after her death captured for ever the contrast between the Princess and the House of Windsor: her openness, their distance; her affection, their frigidity; her spontaneity, their inflexibility; her glamour, their dullness; her modernity, their stale ritual; her emotional generosity, their aloofness; her rainbow coalition, their court of aristocrats. As the commentator Polly Toynbee wrote: «Diana the Difficult was a problem the Palace could tackle but St Diana is something the Palace can never contend with… If some day the monarchy finally draws peacefully to a close, Diana's ghostly spirit will have played its part.»

Diana's words by A. Morton's book:

«[OnimpressionsofBuckinghamPalace] I Couldn't believe how cold everyone was. I was told one thing but actually another thing was going on. The lies and the deceit. For example, my husband sending Camilla Parker Bowles flowers when she had meningitis. „To Gladys from Fred." It was fairly fraught. Isn't that awful? I can't remember what people bought me. I do all the presents and Prince Charles signs the cards. [It was] terrifying and so disappointing. No boisterous behaviour, lots of tension, silly behaviour, silly jokes that outsiders would find odd but insiders understood. I sure was [an outsider]. AndIknewthere was something inside me that wasn't coming out and I didn't know how to use it, in the sense of letting them see it. I didn't feel at all comfortable in that situation»

Diana's words by A. Morton's book:

«On the outside, people were saying I gave my husband a hard time, that I was acting like a spoilt child, but I knew I just needed rest and patience and time to adapt to all the roles that were required of me overnight.

By then there was immense jealousy because every single day I was on the front of the newspapers. I read two newspapers, albeit I was always supposed to have read them all. I did take criticism hard because I tried so hard to show them that I wasn't

going to let them down, but obviously that didn't come across strongly enough at that point.

We had a few trying to cut wrists, throwing things out of windows, breaking glass. I threw myself downstairs when I was four months pregnant with William, trying to get my husband's attention, for him to listen to me. Buthejust said, «You're crying wolf.» I gave everybody a fright.

I couldn't sleep, I just never slept. I went for three nights without any sleep at all. I had no fuel to sleep on. I thought my bulimia was secret but quite a few of the people in the house recognized it was going on, but nobody mentioned it. They all thought it was quite amusing that I ate so much but never put any weight on. It went on and on.

Only a year and a half ago I suddenly woke and realized that I was on the way down fast. I just cried at every opportunity which thrilled people in a way because when you're crying in this system you are weak and «Good, we can handle it.» But when you bounce up again, «What the hell has happened?» questions again.

The public side was very different from the private side. The public side, they wanted a fairy princess to come and touch them and everything will turn into gold and all their worries would be forgotten. Little did they realize that the individual was crucifying herself inside, because she didn't think she was good enough. «Why me, why all this publicity?»

My husband started to get very jealous and anxious by then, too. Inside the system I was treated very differently, as though I was an oddball and I felt I was an oddball, and so I thought I wasn't good enough. But now I think it's good to bethe oddball, thank God, thank God, thank God!

…All sorts of people have come into my life — elderly people, spiritual people, acupuncturists, all these people came in after I finished my bulimia. When I go into the Palace for a garden party or summit meeting dinner I am a very different person. I conform to what's expected of me. They can't find fault with me when I'm in their presence. I do as I'm expected. What they say behind my

back is none of my business, but I come back here and I know when I turn my light off at night I did my best.

I had so many dreams as a young girl that I wanted, and hoped this that and the other, that my husband would look after me. He would be a father figure and he'd support me, encourage me, say «Well done,» or say «No, it wasn't good enough,» but I didn't get any of that. I couldn't believe it, I got none of that, it was role reversal.

He [PrinceCharles] ignores me everywhere. Ignored everywhere and have been for a long time but if people choose to see that now they are a bit late in the day. He just dismisses me. [The worst day of my life] was realizing that Charles had gone back to Camilla. I took charge there. My husband made me feel so inadequate in every possible way that each time I came up for air he pushed me down again and when my bulimia finished two years [ago] I felt so much stronger mentally and physically so was able to soldier on in the world».

«She was now alone in the ivory tower. For a girl used to the noise and chaos of an all-girls apartment, Buckingham Palace felt like anywhere but home. Diana found it a place of «dead energy' and grew to despise the smooth evasions and subtle equivocations employed by courtiers. Lonely and feeling sorry for herself, she regularly wandered from her second floor apartment to the kitchens to chat to the staff. On one famous occasion Diana, barefoot and casually dressed in jeans, buttered toast for an astonished footman».

A. Morton «Diana: Her True Story»:

«For even today, though wounded and humbled, the monarchy exerts a powerful and compelling influence over the mass media. Just six years ago, as Diana: Her True Story was being prepared, the royal family's ascendancy was almost total; the House of Windsor was then, even more than now, the most influential and feared family in the land. Credible media outlets, the BBC, ITV and the socalled quality newspapers, would have had a collective attack of the vapours if she had signalled that she wanted them

to publish the truth of her position. Again, if her story had appeared in the tabloid press it would have been dismissed by the Establishment as so much exaggerated rubbish»

On Republicanism of Diana and her conflict with Monarchy

— «The whole royal business terrified her. They gave her no confidence or support.»

— She finds the monarchy claustrophobic, outdated with no relevance to today's life and problems, crumbling institution and believes that the family won't know what has hit it in a few years'

— Diana saw a yawning gap between the way the world was moving and how it was perceived by the royal family.

— Diana tentatively raised the question of the future of the British monarchy in a federal Europe.

— but within the royal family, reared on values of control, distance and formality, she was seen as an outsider and as a problem.

— she found the atmosphere at Balmoral and Sandringham totally draining of her spirit and vitality.

— She knew that in private the contemporary Court was not so very different from previous reigns with its squabbling, feuds and in fighting.

A. Morton, «Diana: her true story»:

« — Such was her lack of confidence in these traditional royal helpmates

— «She had these terrific run-ins with her ladies-in-waiting

Such was her lack of confidence in these traditional royal helpmates, whose duties were to accompany her on public engagements and undertake administrative tasks, that they were gradually being phased out. She took to employing her elder sister Sarah in this capacity — she accompanied the Princess to Budapest in Hungary on an official visit in March 1992 — or would go on what she called her «Away-days' on her own. As one friend remarked: «She had these terrific run-ins with her ladies-in-waiting, particularly Anne Beckwith-Smith (her one-time private

secretary). She felt they were holding her back, being too protective and too «in» with the system.»

— She also relied on a coterie of unofficial counsellors, who preferred to remain anonymous

— Instead she preferred to consult those who were tangential to the system.

Instead she preferred to consult those who were tangential to the system. From time to time she telephoned Major-General Sir Christopher Airey at his Devon home for advice. Airey, who had been abruptly dismissed as Prince Charles's private secretary in 1991, was sufficiently aware of the machinations within the system to guide her sensibly. For a time Jimmy Savile helped smooth her public image while Terence Stamp gave her general guidance on her speech-making. She also relied on a coterie of unofficial counsellors, who preferred to remain anonymous, to sound out ideas and problems.

— She was attracted to outsiders

— the men in grey are trying to uphold something and she is trying to get out

She was attracted to outsiders precisely because she felt so alienated from the royal system. As James Gilbey said: «She gets on much better with them than the men in grey because they [the men in grey] are tied up with preserving a system which she feels is outdated. There is a natural built-in confrontation there. They are trying to uphold something and she is trying to get out.»

— «The whole royal business terrified her. They gave her no confidence or support.»

— «Inside the system I was treated very differently, as though I was an oddball. I felt I wasn' good enough. Now, thank God, I think it's okay to be different.»

Her astrologer Felix Lyle observed: «She has a soaring spirit and optimism which is easily defeated. Dominated by those with strong character, she does not yet have enough self-confidence to take on the system.»

Itwasaviewendorsedbyanotherfriendwhosaid: «Thewholeroyal

business terrified her. They gave her no confidence or support.» As her confidence developed she came to believe that she could not achieve her true potential within the existing royal restraints. She told friends: «Inside the system I was treated very differently, as though I was an oddball. I felt I wasn't goodenough. Now, thank God, I think it's okay to be different.»

— House of Windsor but within the royal family, reared on values of control, distance and formality, she was seen as an outsider and as a problem.

Diana led a confusing double life where she was celebrated by the public but watched in doubtful and often jealous silence by her husband and the rest of his family. The world judged that she had dusted off the dowdy image of the House of Windsor but within the royal family, reared on values of control, distance and formality, she was seen as an outsider and as a problem.

— totally draining of her spirit and vitality.

— the public impression of unshakeable unity the monarchy exudes.

— She knew that in private the contemporary Court was not so very different from previous reigns with its squabbling, feuds and in-fighting.

So although she loved Scotland and had been brought up in Norfolk, she found the atmosphere at Balmoral and Sandringham totally draining of her spirit and vitality. It was during these family holidays that her bulimia was at its worst and when she would try any ploy to escape for a few days. Diana lived the reality behind the public impression of unshakeable unity the monarchy exudes. She knew that in private the contemporary Court was not so very different from previous reigns with its squabbling, feuds and in fighting.

— as the fount of all negative comments about herself and her mother.

— social occasions hosted by the Queen Mother as stiff and overly formal.

— It was, after all, Diana's grandmother, Ruth, Lady Fermoy, the Queen Mother's lady-in-waiting, who testified in court about her daughter's unsuitability to look after her four children

— Queen Mother, unfavourably predisposed to Diana and her mother, exercised an enormous influence over the Prince of Wales. It was a mutual adoration society from which Diana was effectively excluded

Her relations with the Queen Mother were much less cordial. Diana saw her London home, Clarence House, as the fount of all negative comment about herself and her mother. She kept a distrustful distance from this matriarchal figure, describing social occasions hosted by the Queen Mother as stiff and overly formal. It was, after all, Diana's grandmother, Ruth, Lady Fermoy, the Queen Mother's lady-in-waiting, who testified in court about her daughter's unsuitability to look after her four children. Her view of Frances Shand Kydd was accepted by the judge and the hostility and bitterness within the divided Spencer family remained for a long time. At the same time the Queen Mother, unfavourably predisposed to Diana and her mother, exercised an enormous influence over the Prince of Wales. It was a mutual adoration society from which Diana was effectively excluded. «The Queen Mother drives a wedge between Diana and the others,» noted a friend. «As a result she makes every excuse to avoid her.»

— Diana saw a yawning gap between the way the world was moving and how it was perceived by the royal family.

— Diana tentatively raised the question of the future of the British monarchy in a federal Europe.

The Queen, Prince Charles and the rest of the royal family looked at her as if she were mad It was perhaps inevitable then that Diana, who watched the royal family from the inside, saw a yawning gap between the way the world was moving and how it was perceived by the royal family. She believed that they were caught in an emotional timewarp without the necessary vision to appreciate the changes that have taken place in society. It was forcibly demonstrated during the royal family's traditional

Christmas at Sandringham in 1991. During dinner one evening, Diana tentatively raised the question of the future of the British monarchy in a federal Europe. The Queen, Prince Charles and the rest of the royal family looked at her as if she were mad and continued with their debate on who had shot the last pheasant of the day, a discussion which occupied the rest of the evening.

— She finds the monarchy claustrophobic, outdated with no relevance to today's life and problems, crumbling institution and believes that the family won't know what has hit it in a few years'

As a friend said: «She finds the monarchy claustrophobic and completely outdated with no relevance to today's life and problems. She feels that it is a crumbling institution and believes that the family won't know what has hit it in a few years' time unless it changes too.»

— serious doubts about the existing foundations of the monarchy.

— It can only deteriorate as a useful organ of society. It must remain dynamic and respond to changes

— Do we want the royal family to be revered because of their position.

Diana discussed with her counsellor Stephen Twigg these serious doubts about the existing foundations of the monarchy. He argued: «If the royal family doesn't change and their relationships with the rest of Society don't change, it is on a hiding to nothing. It can only deteriorate as a useful organ of society. It must remain dynamic and respond to changes. It's not just the royal family who must change but society itself must examine the way it looks at the royal family. Do we want the royal family to be revered because of their position or in a modern society do we want to admire them because of the way they cope with the traumas and tribulations of everyday life and learn from them in the process?»

— antiquated royal system

— style of the monarchy was outdated

— while her own role and ambitions were continually being circumscribed.

— The courtiers, or the «men in grey suits' as she called them, were happy if she were viewed as a dutiful wife and mother, an attractive adornment to her intellectual husband

— thesystem was constantly chipping away at her position in order to bolster Prince Charles's popularity.

However, the frustration that seethed inside her lay as much with an antiquated royal system as with her fading marriage. Intuitively she felt that the style of the monarchy was outdated, while her own role and ambitions were continually being circumscribed. The courtiers, or the «men in grey suits' as she called them, were happy if she were viewed as a dutiful wife and mother, an attractive adornment to her intellectual husband. At the same time, as far as she was concerned the system was constantly chipping away at her position in order to bolster Prince Charles's popularity.

— thoughwounded and humbled, the monarchy exerts a powerful and compelling influence over the mass media

— the House of Windsor was then, even more than now, the most influential and feared family in the land

— dismissed by the Establishment as so much exaggerated rubbish.

How then could she smuggle her message to the outside world? Reviewing Britain's social landscape she saw that there were few outlets for her story. For even today, though wounded and humbled, the monarchy exerts a powerful and compelling influence over the mass media. Just six years ago, as Diana: Her True Story was being prepared, the royal family's ascendancy was almost total; the House of Windsor was then, even more than now, the most influential and feared family in the land. Credible media outlets, the BBC, ITV and the socalled quality newspapers, would have had a collective attack of the vapours if she had signalled that she wanted them to publish the truth of her position. Again, if her story had appeared in the tabloid press it would have been dismissed by the Establishment as so much exaggerated rubbish.

— an institution which exists, almost by definition, by a mixture of myth and magic

— interviewed numerous former royal employees who have felt a sense of Relief

— inside Buckingham Palace. It is a form of confession. «I was at the end of my tether. I was desperate,»

Diana argued during her Panorama interview. I think I was so fed up with being seen as someone who was a basket case In some respects her exhilaration at unburdening herself of her secret was little different from that of others who have emerged from an institution which exists, almost by definition, by a mixture of myth and magic. Over the years I have interviewed numerous former royal employees who have felt a sense of relief that at last they were able to tell the story of what life is really like inside Buckingham Palace. It is a form of confession. «I was at the end of my tether. I was desperate,»

— her awareness that she had been singled out for a special role.

— travel a road where the monarchy was secondary to her true vocation

Time and again she emphasized her profound sense of destiny, a belief that she would never become Queen, as well as her awareness that she had been singled out for a special role. She knew in her heart that it was her fate to travel a road where the monarchy was secondary to her true vocation. With hindsight her words have a remarkable prescience.

— behind the public smiles and glamorous image was a lonely and unhappy young woman who endured a loveless marriage

— was seen as an outsider by the Queen and the rest of the royal family and was frequently at odds with the aims and objectives of the royal system.

As my interviews progressed, her friends and other acquaintances confirmed that behind the public smiles and glamorous image was a lonely and unhappy young woman who endured a loveless marriage, was seen as an outsider by the

Queen and the rest of the royal family and was frequently at odds with the aims and objectives of the royal system. Yet one of the heartening aspects of the story was how Diana was striving, with mixed success, to come to terms with her life; a transformation from a victim to a woman in control of her destiny. It was process which the Princess continued until the very end.

— «You very quickly learn to choose whose side you are on — his or hers. There is no middle course.

There is a magic line Nominally the Prince and Princess were a partnership, in reality they acted independently, rather like the managing directors of rival companies. As one former member of the Wales Household said: «You very quickly learn to choose whose side you are on — his or hers. There is no middle course. There is a magic line that courtiers can cross once or twice. Cross it too often and you are out. That is not a basis for a stable career.»

On Feminism of Diana. Enlightened personality on public service.

A. Morton, «Diana, her true history»:

«At heart she was a feminist who championed feminine values rather than simply craving acceptance in a male-dominated world. Her importance now lies not just in what she did during her lifetime but in the meaning of her life, the inspiration she gave to others, particularly women, to search for their own truth. … meeting with the then Opposition leader, Tony Blair, and finally the resolution of the issue which had dominated her thinking for months, namely her determination to become a humanitarian ambassador. It was an ambition which had burned within her long before she publicly gave vent to her wishes during her only television interview in 1995. Her longstanding commitment to finding a role as a princess for the world rather than the Princess of Wales said much about her feelings towards duty to the nation, as well as graphically illustrating her development as a woman and, perhaps surprisingly, as a feminist. …As she said on television when asked that question: „I don't know. Maybe people

have a better understanding, maybe there's a lot of women out there who suffer on the same level but in a different environment who are unable to stand up for themselves because their self-esteem is cut in two." Once again her instinct about the response was unerring as literally thousands of women, many from America, expressed how, through reading about her life, they had discovered and explored something in their own lives. Her motivation was first and foremost a desperate cry for help, an appeal over the heads of the Palace who confined her, to the people who loved her. She wanted to make known to those people her true story, so that they might judge her worth for themselves».

On adultery of Prince of Wales and accusations of Diana in Paranoia

— As the world now knows her instincts proved true, the Prince of Wales himself having confessed to adultery after his marriage had «irretrievably broken down' during the mid-1980s

— her concerns were dismissed as so much fantasy and paranoia by an Establishment

— At the time, as she watched her marriage unravelling, her greatest fear was that her husband's circle would soon begin the process of discrediting her and convincing the world that she was irrational — unfit either for motherhood or to represent the monarchy.

— Her desire to explain what she saw as the truth of her case was matched by a nagging fear that at any moment her enemies in the Palace would have her classified as mentally ill and locked away.

— This was no idle fear — when her Panorama interview was screened in 1995, the then Armed Forces Minister, Nicholas Soames, a close friend and former equerry to Prince Charles, described her as displaying «the advanced stages of paranoia'.

A. Morton, «Diana, her true story»:

«Her marriage to the Prince of Wales was effectively over. She knew that he had returned to the first love of his life, Camilla

Parker Bowles. Yet, like a character in a Kafka novel, her concerns were dismissed as so much fantasy and paranoia by an Establishment that went to elaborate lengths to conceal the infidelities of her husband.

As Diana was to explain years later in her famous television interview on the BBC's Panorama: «Friends on my husband's side were indicating that I was again unstable, sick and should be put in a home of some sort in order to get better. I was almost an embarrassment.»

As the world now knows her instincts proved true, the Prince of Wales himself having confessed to adultery after his marriage had «irretrievably broken down' during the mid-1980s. At the time, as she watched her marriage unravelling, her greatest fear was that her husband's circle would soon begin the process of discrediting her and convincing the world that she was irrational — unfit either for motherhood or to represent the monarchy.

«Let them be my judge,» she said, confident that her public would not criticize her as harshly as the royal family or the mass media. Her desire to explain what she saw as the truth of her case was matched by a nagging fear that at any moment her enemies in the Palace would have her classified as mentally ill and locked away. This was no idle fear — when her Panorama interview was screened in 1995, the then Armed Forces Minister, Nicholas Soames, a close friend and former equerry to Prince Charles, described her as displaying «the advanced stages of paranoia'.

— Indeed, she was so anxious not to be seen as paranoid or foolish, as she had been so often told by her husband's friends, that she showed us several letters and postcards from Mrs Parker Bowles to Prince Charles to prove that she was not imagining their relationship. These billets-doux, passionate, loving and full of suppressed longing, left my publisher and I in absolutely no doubt that Diana's suspicions were correct»

A. Morton, «Diana, her true story»:

«The collapse of her marriage, her awareness of the hostility directed towards her by many in royal — and especially Prince Charles's — circles, her obsession with her husband's affair, and her often rather meaningless life within the depressing atmosphere of her home, all contributed to a deep loneliness and a destructive lowering of her self-esteem.

There was, however, another factor in the Princess's profound and growing isolation, for she was still struggling to find a fulfilling public role.

Gilbey, a motor-trade executive, knew Diana from the age of 17, one of their loving late-night telephone conversations from this time was later to be made embarrassingly public. However, in the summer of 1989 she was concerned about winning her husband back and forcing him to make a break with «the Highgrove Set'. He recalled: «There was enormous pride at stake. Her sense of rejection, by her husband and the royal system, was apparent.»

At That time she was under pressure from her own family and the royal family to try and make a new start. Diana even agreed that another baby might provide a solution to the problem. However her olive branch was met with the negative indifference which then characterized their relations. At times the waves of anger, frustration, wounded pride and sense of rejection threatened to overwhelm her.

When Prince Charles was convalescing from his broken right armin 1990, he spent his days at Highgrove or Balmoral where Camilla Parker Bowles was a regular visitor. Diana stayed at Kensington Palace, unwanted, unloved and humiliated. She unburdened her feelings to Gilbey: «James, I'm just so fed up with it. If I let it get to me I will just upset myself more. So the thing to do is to involve myself in my work; get out and about. If I stop to think I'll go mad.»

The words «there is no hope' were often repeated when friends talked about the Waleses' life together. As one of her closest friends said: «She has conquered all the challenges

presented to her within the profession and got her public life down to a fine art. But the central issue is that she is not fulfilled as a woman because she doesn't have a relationship with her husband»

//

Making Diana «FIEND, MONSTER, MEGALIMANIAC, IRRATIONAL PARANOIC in pressa. «Palace» and her husband's office, «the enemies» of Diana

A. Morton, «Diana, her true story»:

«It would seem that the royal family was unwilling to learn that lesson, wholly unable to see that an orchestrated campaign to discredit the Princess of Wales was intrinsically self-defeating, and ultimately deeply damaging to the monarchy. For now the coverage ranged from the hysterical to the sinister, as every day seemed to bring its own new royal scandal. Amid such frenzied speculation, a suspicion developed within Diana's circle that there was a conspiracy among Prince Charles's closest friends, the Palace Establishment, or even the security service, MI5, to discredit the Princess of Wales».

— The truth was that the Princess had a love-hate relationship with her home in Kensington Palace, as hostages are said to do with their captors. To her, the Palace represented so much accumulated misery and heartache, and yet, as she told friends, «I feel secure here.»

— «One royal writer, Penny Junor (a biographer of the Prince), described Diana's conduct as «irrational, unreasonable and hysterical'; other newspapers were told by Charles's friends that his wife was a «megalomaniac who wants to be at the top of the pile. She wants to be seen as the greatest woman in the world. Her behaviour is endangering the future of her marriage, the country and the monarchy itself.

«- The Princess was certain that the tape's publication was part of the campaign to discredit her: «It was done to harm me in a serious manner, and that was the first time I'd experienced what it was like to be outside the net, so to speak, and not be in the family

— Privately, Diana suspected that the Establishment did not want her to enjoy such a high public profile, and thus inevitably overshadow her estranged husband.

— Moreover, she was in no doubt that a campaign was being waged against her by people she termed «the enemy'. «The enemy was my husband's department, because I always got more publicity,» she said.

— As the daily drip of critical, often downright abusive, articles about her turned into a downpour, the Princess gradually learned who was trying to blacken her name and poison the public against her. At first she was disbelieving, but eventually she was forced to accept, albeit reluctantly, that close friends of her husband — friends whom she had thought sympathetic to her — were briefing the media almost every day

A.Morton, «Diana, her true story»:

— ««People's agendas changed overnight. I was now the separated wife of the Prince of Wales, I was a problem, I was a liability. «How are we going to deal with her? This hasn't happened before.»

«In These early days of her separation, both the Princess and the Palace were uncertain about her future plans. Her constitutional position was simply that of the mother to the future king; that, at least, nobody could take away from her. But her public role was unclear. As she herself said: «People's agendas changed overnight. I was now the separated wife of the Prince of Wales, I was a problem, I was a liability. «How are we going to deal with her? This hasn't happened before.»

With savage irony, when she was in the depth of despair the tide of publicity turned against her. She was no longer the fairytale Princess but the royal shopaholic who lavished a fortune on an endless array of new outfits. It was Diana who was held responsible for the steady stream of royal staff who had left their service during the previous 18 months and it was the Princess who was accused of forcing Charles to abandon his friends, change his eating habits and his wardrobe. Even the

Queen's press secretary had described their relationship as «rumbustious'.

At a time when dark thoughts of suicide continually crossed her mind, gossip columnist Nigel Dempster described her as «a fiend and a monster'. While it was an appalling parody of the truth, Diana took the criticism very much to heart.

In reality, Diana was struggling to keep her head above water, let alone undertake a radical management restructuring programme. Yet she shouldered the blame for what the media gleefully called: «Malice at the Palace' describing the Princess as «the mouse that roared'.

As the daily drip of critical, often downright abusive, articles about her turned into a downpour, the Princess gradually learned who was trying to blacken her name and poison the public against her. At first she was disbelieving, but eventually she was forced to accept, albeit reluctantly, that close friends of her husband — friends whom she had thought sympathetic to her — were briefing the media almost every day.

If she was sickened, however, she was not about to give in to the pressure: «Why don't you save yourself a phone call and ring the papers direct?» she demanded of Prince Charles during one terse conversation.

Now Diana began to find that visits abroad were being blocked and letters going mysteriously astray. When, for instance, she expressed a wish to visit British troops and refugees in Bosnia under the auspices of the Red Cross, she was told that Prince Charles's plans to go there took precedence. Then, in September 1993, she was told that, for «security reasons', she could not undertake a private visit to Dublin to meet the Irish President, Mary Robinson — yet two months later she attended the Remembrance Day service in Enniskillen, Northern Ireland, potentially an infinitely more hazardous trip.

Privately, Diana suspected that the Establishment did not want her to enjoy such a high public profile, and thus inevitably overshadow her estranged husband. Moreover, she was in no

doubt that a campaign was being waged against her by people she termed «the enemy'. «The enemy was my husband's department, because I always got more publicity,» she said.

Yet the Princess was no royal rebel. She had learned enough during her decade inside the Firm to toe the party line. She recognized that her popularity was seen as a threat to the Prince of Wales by the «men in grey' at the Palace, «But I wanted to do good things. I was never going to hurt anyone. I was never going to let anyone down»

Accusing in Adultery Diana in Pressa.

Descrediting Diana as Mother.

To restore reputation of Prince of Wales after his confession in Adultery.

— «to hostile headlines and disturbing news from the Palace. Prince Charles had hired a «surrogate mother' to take her place when the boys were staying with him

— At the time, though, she felt that the wolves were circling for the kill. Her enemies had undermined her status, her personality and her position. Now they wanted the one thing in her life she held most dear, her motherhood.

— «While her husband had been able to conduct his private life unnoticed for years, Diana was keenly and resentfully aware that every time she was seen with an unattached male, however innocently, it made headline news»

— All through that tense autumn of 1992 the steady drizzle of pro Charles stories continued, heightened when it was announced that he had commissioned the broadcaster Jonathan Dimbleby to write his biography, described as the «complete riposte' to Diana: Her True Story. The image of a loyal employer, a loving, if thwarted father, and a misunderstood public figure who was there for the duration — all this was beginning to emerge

— «her mind was made up when she looked at the front page of the Sunday Mirror early in November and saw a full-page picture of herself working out at her former health club. She had

long suspected that these photographs existed, but it was still a shock to see herself, dressed in a leotard, exploited in this way. «The pictures were horrid, simply horrid»

A. Morton, «Diana, her true story»:

«Of the many shocks inaugurated by the publication of Diana: Her True Story, and confirmed within only a few weeks of its appearance, this contrast between the public royal family and the private Windsors was one of the most dramatic.

Diana, as the rumoured source of my book, would be painted as a sick woman barely maintaining a tenuous grasp on reality. This offensive, rooted in disdain, if not derision, for the Princess, enjoyed the willing collusion of numerous newspaper executives.

Within the Palace, a whispering campaign against the Princess now began in earnest as the royal family closed ranks against her.

Both she and the Duchess of York became convinced that there were numerous plots and conspiracies against them, as often as not aimed at reducing the public's support for them.

Meanwhile, a climate of paranoia prevailed within the royal family itself. Bitter accusations, witchhunting inquests and acrimonious investigations — the latter occasionally involving officers from the Royal Protection Squad — became routine occurrences.

It is little wonder, therefore, that coded conversations, the scrambler telephone and the paper-shredder came to figure daily in Diana's life»

A. Morton, «Diana, her true story»:

«She had to conduct her social life with caution. While her husband had been able to conduct his private life unnoticed for years, Diana was keenly and resentfully aware that every time she was seen with an unattached male, however innocently, it made headline news, as when she spent the weekend at the country home of Philip Dunne's parents. There was no respite. She had to cancel a lunch date with her friend Terence Stamp because she was made aware that his apartment in the Albany was being «staked out' by newspaper photographers. Diana's enemies within

were the courtiers who watched and judged her every move. If Diana was the current star of the Windsor roadshow then senior courtiers were the producers who hovered in the background waiting to criticize her every slip».

— «During the autumn Diana began to plan her withdrawal from public life. Confused by the hostility of the media which had once lauded her, battered by the Palace machine and constantly looking over her shoulder at Prince Charles's camp, the Princess was at the end of her tether. Her private misery spilled over into public anger. «You make my life hell,» she shouted at a photographer as he took pictures of her and her children leaving a West End cinema. She prodded his chest and jabbed her finger in his face before stalking back to William and Harry. The incident was only one of many ill-tempered spats with professional cameramen.

It was, however, an amateur photographer who proved to be the last straw. If she had been hesitant before about retiring from the public gaze, her mind was made up when she looked at the front page of the Sunday Mirror early in November and saw a full-page picture of herself working out at her former health club. She had long suspected that these photographs existed, but it was still a shock to see herself, dressed in a leotard, exploited in this way. The pictures had been taken secretly by the gym's manager, New Zealand businessman Bryce Taylor. Their publication constituted a flagrant invasion of privacy, but it was one for which Taylor was paid a six-figure sum. Buckingham Palace, MPs, other newspaper editors, and Lord McGregor, the Chairman of the Press Complaints Commission, howled their fury at the offending newspaper group. The Princess felt betrayed and violated. «Bryce Taylor pushed me into the decision to go,» she said. «The pictures were horrid, simply horrid.»

.Morton, «Diana, her true story»:

— «to hostile headlines and disturbing news from the Palace. Prince Charles had hired a «surrogate mother' to take her place when the boys were staying with him

— At the time, though, she felt that the wolves were circling for the kill. Her enemies had undermined her status, her personality and her position. Now they wanted the one thing in her life she held most dear, her motherhood. Duringanextended summerbreak, first in Bali and then with her boys in America, Diana thought long and hard about her future. She returned home, refreshed, to hostile headlines and disturbing news from the Palace. Prince Charles had hired a «surrogate mother' to take her place when the boys were staying with him. Diana could hardly contain her anger. Already edged to the margins of royal life, she was now being undermined in her most fulfilling role. She watched in simmering silence as Alexandra «Tiggy' Legge-Bourke organized outings for the boys, took them shopping and kept them entertained. She winced when she saw newspaper photographs of Harry sitting on Tiggy's knee and shuddered at the idea of Tiggy calling the boys «my babies'. Tiggy was all the more of a threat because she was similar in age and social status to Diana and mixed easily with Prince Charles's friends. Quite innocently, Tiggy seemed to represent in Diana's mind all that she resented about the royal system and what she saw as its attempts to wrest her children from her. Fortunately, before her death, Diana became reconciled to Tiggy's active involvement in the lives of her boys. At the time, though, she felt that the wolves were circling for the kill. Her enemies had undermined her status, her personality and her position. Now they wanted the one thing in her life she held most dear, her motherhood»

Success of Discrediting Company against Diana: Emphasis is no longer on her Charity and Ambassador Activity.

It is on her infidelity and her paranoia.

Beginning of Intrigue with Divorce.

«In the ensuing furore over her admission of infidelity and her comments about Camilla Parker Bowles, less was made of Diana's desire to be an ambassador for Britain than she had hoped. It was a failure of emphasis she came to regret. At first, however, it seemed that before the Princess could take on any new role as a goodwill ambassador, both she and the Palace had to learn that diplomacy begins at home. The state of open warfare between the Waleses, immensely damaging to the monarchy, could not be allowed to continue, and it therefore surprised no one when, just four weeks after the interview, the Queen, after consultation with the Prime Minister and the Archbishop of Canterbury, wrote personally to both the Prince and Princess of Wales requesting that they divorce sooner rather than later».

«A Strange Divorce» as» Second honeymoon and Togetherness tour»

— With open warfare declared between the Waleses, Buckingham Palace in turmoil and separation discussions under way, the grotesque charade of normality was still maintained.

— A summer cruise, foolishly billed as a «second honeymoon' for the Prince and Princess, was announced.

— — «The underlying tension was not helped when she picked up a ship-to-shore telephone and overheard her husband speaking to Camilla Parker Bowles. She was not surprised, though her misgivings about the relationship had been derided as the fantasies of a sick woman. «Why don't you go off with your lady and have an end to it?», she asked Prince Charles wearily.

— As the preparations were completed for a joint visit to Korea in November, Prince Charles's private secretary briefed several newspaper editors that it would be the «togetherness tour'.

— -«Worse than that, while the issue remained unsettled, she was open to criticism from her enemies inside and outside the Palace. For instance, when Prince Charles privately complained about Diana's £3,000-a-week grooming bill, his grievance

conveniently found its way into two national newspapers known to be hostile to her.

A. Morton, «Diana, her true story»:

«It was, in any case, now only a matter of time before the official separation was announced by the Prime Minister. The Princess had asked that the statement be made while the boys were still protected at school, and the date was set for 9 December 1992. The week before, Diana had been to see Princes William and Harry at Ludgrove School in Berkshire so that she could break the newsto them herself and try to reassure them about the future.

During that tearful encounter Diana steadfastly refrained from mentioning the name of the woman who had, to her mind, destroyed her marriage. She was acutely aware of the distress caused to children when «the other woman' is given as a reason for the collapse of a marriage. For the Princess, her boys came first — whatever the cost. The announcement itself was, Diana said, «very, very sad. Really sad. The fairytale had come to an end...»

It was not only the Princess's personal fairytale that had ended. The events of 1992, the Queen's annus horribilis, had effectively shattered the myth of the royal family. The year saw the collision of fantasy and reality, as unadorned facts triumphed over homely fiction. «The symbolism of the fire at Windsor Castle was not lost on anyone inside the family,» Diana told her friends»

A. Morton, «Diana, her true story»:

«On the following day, the royal couple met at Kensington Palace to discuss the future of that marriage. If their mood was sombre, at least the Prince and Princess were for once able to sit down together and talk through the repercussions of a separation coolly and calmly. It was then that they took the decision to end the charade by formally separating. Diana said later that she felt «deep, deep, profound sadness. Because we had struggled to keep it going, but obviously we'd both run out of steam.» With open warfare declared between the Waleses, Buckingham Palace in turmoil and separation

discussions under way, the grotesque charade of normality was still maintained.

A summer cruise, foolishly billed as a «second honeymoon' for the Prince and Princess, was announced. For Diana it was the holiday from hell.

She had too many painful memories of previous holidays on board the Alexander, one of 11 luxury yachts owned by the Greek billionaire, John Latsis. The distance between the couple was all too evident to the other members of the party, which included Princess Alexandra and her husband, the Honourable Sir Angus Ogilvy, and Lord and Lady Romsey. Diana kept herself to herself, having little contact with her husband, sleeping in a separate cabin and preferring to take her meals with the children.

The underlying tension was not helped when she picked up a ship-to-shore telephone and overheard her husband speaking to Camilla Parker Bowles. She was not surprised, though her misgivings about the relationship had been derided as the fantasies of a sick woman. «Why don't you go off with your lady and have an end to it?», she asked Prince Charles wearily.

As the preparations were completed for a joint visit to Korea in November, Prince Charles's private secretary briefed several newspaper editors that it would be the «togetherness tour'. By this time the separation negotiations had reached a critical stage and the Princess was in no mood to continue the hollow charade.

Earlier in the year, on an unhappy trip to India, Diana had used her body language to devastating effect when she posed alone by the Taj Mahal, that monument to lost love, while Charles addressed a business meeting. The distance between the couple was underlined when the Princess deliberately turned away as the Prince tried to kiss her after a polo match in Jaipur. She used the

same tactics in Korea, determined to show the world what was really going on, a decision which several friends, including Rosa Monckton, the President of Tiffany's, questioned. Headlines like «The Glums' and „How much longer can this tragedy go on?" signalled that the ploy had been successful»

For instance, when Prince Charles privately complained about Diana's £3,000-a-week grooming bill, his grievance conveniently found its way into two national newspapers known to be hostile to her. The criticism, which conveyed an image of frivolity and excess, perplexed the Princess who, while ridiculing the assertion, noted that a similar whispering campaign had been waged against the Duchess of York when she, too, was in the throes of divorce negotiations. This was the downside of playing the waiting game»

Camilagate as Deliberate Provocation of Diana to «revenge», to overt infidelity.

Success with provocation of martyred woman.

«The Kiss» of Princess of Wales, current wife of Prince of Wales, in newspapers with Egyptian citizen. Treason and Infidelity.

The mouse, pressed to wall.

— The tape fuelled the Princess's continuing obsession with the relationship which had cast such a shadow over her marriage

— While she pretended indifference to the fate of Prince Charles and Camilla Parker Bowles, she watched their every move like a hawk.

— With her astrologer she pored over Camilla's chart — she is Cancerian, like Diana — brooding over the couple's fate with a fascination that was at once morbid and unhealthy

A. Morton, «Diana, her true story»:

«The publication of the Squidgy tape had caused Diana grave embarrassment and distress. Now, however, it was Prince Charles's turn to rue the telephone's invention.

The Prince's public image had been seriously harmed in the months before the separation, and in January 1993 it was dealt a further blow when tabloid newspapers published the transcripts of a tape-recorded telephone conversation allegedly between the Prince and Camilla Parker Bowles, said to have taken place on 18 December 1989.

Its content, which was both intimate and distasteful, forced many leading Establishment figures traditionally loyal to the Crown — notably members of the Church, the military and Parliament — to question Prince Charles's fitness to rule.

The late-night call made plain the couple's undying affection for one another, not least by its sometimes childishly lewd intimacy. After various words of endearment from the woman, the man says: «Your great achievement is to love me,» adding, «You suffer all these indignities and tortures and calumnies.» The woman responds: «I'd suffer anything for you. That's love. It's the strength of love.»

The man makes a coarse joke about being turned into a tampon so that he might be constantly joined with his lover who, if this were indeed Camilla Parker Bowles, was the wife of one of his oldest friends.

Just before he rings off he says he will «press the tit', meaning one of the buttons on the telephone. The woman replies: «I wish you were pressing mine.» He answers: «I love you, I adore you,» and the woman answers in kind: «I do love you.»

Significantly, neither the Prince of Wales nor Mrs Parker Bowles has ever denied that the tape was genuine.

— But although she was in no doubt that the taped conversation was genuine, she was still shocked to see the sordid details written down in black and white.

For some time friends of Prince Charles had been trying to explain away the whispered telephone calls, the clandestine meetings and the secret gifts between Charles and Camilla in terms of friendship. Diana, however, had always preferred to trust her observations and her instincts.

She also knew of a cache of love letters written on Camilla's headed writing paper, evidence which could not easily be repudiated. But although she was in no doubt that the taped conversation was genuine, she was still shocked to see the sordid details written down in black and white.

Appalled and sickened, she read the transcript with mounting anger as she recognized the names of so many friends, people she had known and trusted for years, who had conspired to deceive her by providing cover stories or safe houses where the Prince and Camilla could meet in secret.

On Princess Diana as Enlightened, Saint Personality in her public service and loving and caring mother.

A. Morton, «Diana, her true story»:

«The Prime Minister, who was in close contact with the Queen and Prince Charles, captured the feelings of loss and despair when he spoke to the nation earlier in the day from his Sedgefield constituency. Speaking without notes, his voice breaking with emotion, he described Diana as a «wonderful and warm human being'.

«She touched the lives of so many others in Britain and throughout the world with joy and with comfort. How difficult things were for her from time to time, I'm sure we can only guess at. But people everywhere, not just here in Britain, kept faith with Princess Diana. They liked her, they loved her, they regarded her as one of the people. She was the People's Princess and that is how she will stay, how she will remain in all our hearts and memories for ever.»

While his was the first of many tributes which poured in from world figures, it perfectly captured the mood of the nation in a historic week which saw the British people, with sober intensity and angry dignity, place on trial the ancient régime, notably an elitist, exploitative and male-dominated mass media and an unresponsive monarchy».

A. Morton, «Diana, her true story»:

«She had believed, like many others in the royal family, that her fame would be transitory, her star soon fading following the wedding. Everyone, even newspaper editors, was caught unawares by the Princess Diana phenomenon.

Their readers could not get enough of Diana; her face was on every magazine cover, every aspect of her life attracted comment and anyone who had ever known her was tracked down to be interviewed by the voracious media. In a little under a year this insecure High School drop-out had undergone a process deification by press and public.

Her very ordinariness was celebrated; everyday gestures such as opening a car door herself or buying a bag of sweets were acclaimed as evidence of a very human princess.

She discussed with church leaders, including the Archbishop of Canterbury and several leading bishops, the blossoming of this deep seated need within herself to help the sick and dying. «Anywhere I see suffering, that is where I want to be, doing what I can,» she said.

Visits to specialist hospitals such as Stoke Mandeville or the Great Ormond Street Hospital for Sick Children were not a chore but deeply satisfying. As America's First Lady, Barbara Bush, discovered when she joined the Princess on a visit to an Aids ward of the Middlesex Hospital in July 1991 there was nothing maudlin about Diana's attitude towards the sick. When a bed-bound patient burst into tears as the Princess was chatting to him, Diana spontaneously put her arms around him and gave him an enormous hug. It was a touching moment which affected the First Lady and others who were present.

While she spoke later of the need to give Aids sufferers a cuddle, for Diana this moment was a personal achievement. As she held him to her, she was her own self rather than conforming to her role as a princess.

..Diana embraced the personal and social issues generated by Aids with candour and compassion. As her brother, Charles said:

«It's been good for her to champion a really difficult cause. Anybody can do your run-of-the-mill charity work but you have to be genuinely caring and able to give a lot of yourself to take on something that other people wouldn't dream of touching.» ... Her brother, like the royal family and her friends and advisers, was astonished by the outpouring of overwhelming grief at her death, and he cautioned against canonizing her memory. «You stand tall enough as a human being of unique qualities not to need to be seen as a saint,» he said. It proved a vain hope. As a memorial fund in her memory attracted hundreds of millions of pounds, as Elton John's Diana tribute became the fastest- and biggest-selling record of all time, as the books, videos, magazines and other memorabilia emerged, Diana joined the pantheon of the immortals».

— — «Although Diana successfully shook off the traditional image of the fairytale princess concerned exclusively with shopping and fashion it still coloured the

preconceptions of those she met for the first time. She was used to being

patronized. As she told close friends: «It happens a lot. It's interesting to see

people's reactions to me. They have one impression in mind and then, as they talk to me, I can see it changing.» At the same time her struggles within the royal family made her realize that she must not hide behind the conventional mask of monarchy. The spontaneity, the tactile compassion and the generosity of spirit she displayed in public were very genuine. It was not an act for public consumption»

— how the royal world anaesthetizes individuals from reality

— Normally royal children have been trained to hide their feelings

and emotions from others, constructing a shield to deflect intrusive inquiry.

— Diana believed that William and Harry should be open and honest to the possibilities within themselves

The Princess, who appreciated how the royal world anaesthetizes individuals from reality, was fiercely determined that her boys were prepared for the outside world in a way unknown to previous royal generations. Normally royal children have been trained to hide their feelings and emotions from others, constructing a shield to deflect intrusive inquiry. Diana believed that William and Harry should be open and honest to the possibilities within themselves and the variety of approaches to understanding life. As she said: «I want to bring them up with security. I hug my children to death and get into bed with them at night. I always feed them love and affection– it's so important.»

— teaching them that it is not «sissy' to show their feelings to others. So first Diana, then William gave her a kiss and an affectionate hug.

The cultural code of the stiff upper lip was not for her boys. She had been teaching them that it is not «sissy' to show their feelings to others. When she took Prince William to watch the German tennis star Steffi Graff win the women's singles final at Wimbledon in 1991 they left the royal box to go backstage and congratulate her on her victory. As Graff walked off court down the dimly lit corridor to the dressing room, royal mother and son thought Steffi looked so alone and vulnerable out of the spotlight. So first Diana, then William gave her a kiss and an affectionate hug.

— At the same time the Princess was acutely aware of the added burdens of rearing two

boys who were popularly known as «the heir and the spare'.

— Self-discipline was part of the training. Every night at six o'clock the boys would sit down and write thank-you notes or letters to friends and family.

— «When I grow up I want to be a policeman and look after you, Mummy,» said William lovingly. Quick as a flash Harry replied, with a note of triumph in his voice, «Oh no you can't, you've got to be king.»

The way the Princess introduced her boys to her dying friend, Adrian Ward-Jackson, was a practical lesson in seeing the reality of life and death. When Diana told her eldest son that Adrian had died, his instinctive response

revealed his maturity. «Now he's out of pain at last and really happy.» At the same time the Princess was acutely aware of the added burdens of rearing two boys who were popularly known as «the heir and the spare'. Self-discipline was part of the training. Every night at six o'clock the boys would sit down

and write thank-you notes or letters to friends and family. It was a discipline which Diana's father instilled in her, so much so that if she returned from a dinner party at midnight she could not sleep easily until she had written her

letter of thanks.

— James Gilbey explained: «She thinks he is a bad father, a selfish father, the children have to tie in with what he's doing. He will never delay, cancel or change anything which he has sorted out for their benefit. It's a reflection of the way he was brought up and it is history repeating itself.

The ploy worked for a while. Prince Charles was seen taking Prince Harry to Wetherby school and was photographed riding and cycling with his sons on the Sandringham estate. But Richard Aylard's modest public relations success was seen as cynical hypocrisy by the Princess of Wales who knew the daily reality of his involvement with his children.

That's why she gets so sad when he is photographed riding with the children at Sandringham. When I spoke to her about it she was literally having to contain her anger because shethought the picture would represent the fact that he was a good father whereas she has the real story.»

— Over-protective in the way that single parent families are, she lavished William and Harry with love, cuddles and affection. They were a point of stability and sanity in her topsy-turvy world. She loved them unconditionally and absolutely working with a singleness of purpose to ensure that they did not suffer the same kind of childhood that she did

— It was Diana who chose their schools, their clothes and planned their outings. She negotiated her public duties around their timetables. A glance through the pages of her official diary signified as much: the dates of their school plays, term times and outings were all highlighted in green ink. They came first and foremost in her life. So while Charles would send a servant to Ludgrove School to give William a tray of plums from the Highgrove estate, Diana would make time to cheer him from the touchline when he played left back for his school soccer team.

— unerring ability to freeze out those who disagree with him.

— When he complained to her that her daughter had delivered a boy with red hair

— From that moment the Prince of Wales effectively excluded his mother-in-law from his

life. The experience made her much more sympathetic to her daughter's plight.

««A man of considerable charm and humour, Prince Charles also has the unerring ability to freeze out those who disagree with him. That ability was extended to a trio of private secretaries who contradicted him once too often and numerous other courtiers and staff as well as his wife. Diana's mother experienced his ruthless streak as well as his obdurate nature at Prince Harry's christening. When he complained to her that her daughter had delivered a boy with red hair, Mrs Shand Kydd, a woman of fierce integrity, told him firmly that he should be thankful that his second son was born healthy. From that moment the Prince of Wales effectively excluded his mother-in-law from his life. The experience made her much more sympathetic to her daughter's plight»

— «In public, however, Diana appeared buoyant and happy. She joined in a singsong in the sailors' mess, playing «What shall we do with a drunken

sailor?» after drinking from a can of beer. «We were all tickled pink,» recalls one sailor. Her friend Carolyn Bartholomew, a sensible sounding-board throughout Diana's adult life, saw how that fundamental issue had clouded her character. «She is kind, generous, sad and, in some ways, rather desperate. Yet she has maintained her self-deprecating sense of humour. A very shrewd but immensely sorrowful lady»

The New Yorker 13 jan, 2023

«King Charles, as he became upon the death of Queen Elizabeth, in September, will not find much to like in „Spare," which may offer the most thoroughgoing scything of treacherous royals and their scheming courtiers since the Prince of Denmark's bloody swath through the halls of Elsinore. ...Charles is, for the most part, more tenderly drawn. In „Spare," the King is a figure of tragic pathos, whose frequently repeated term of endearment for Harry, „darling boy," most often precedes an admission that there is nothing to be done — or, at least, nothing he can do — about the burden of their shared lot as members of the nation's most important, most privileged, most scrutinized, most publicly dysfunctional family. As painful as Charles must find the book's revealing content, he might grudgingly approve of Harry's Shakespearean flourishes in delivering it. In „Spare," Harry describes his father's devotion to Shakespeare. ...It was in this bedroom, early in the morning of August 31, 1997, that Harry, aged twelve, was awakened by his father, Charles, then the Prince of Wales, with the terrible news that had already broken across the world: the princes' mother, Princess Diana, from whom Charles had been divorced a year earlier and estranged long before that, had

died in a car crash in Paris. „He was standing at the edge of the bed, looking down," Harry writes of the moment in which he learned of the loss that would reshape his personality and determine the course of his life. He goes on to describe his father's appearance with an unusual smile: „His white dressing gown made him seem like a ghost in a play." What ghost would that be, and what play? The big one, of course, bearing the name of that other brooding princely Aitch: Hamlet. Within the first few pages of „Spare," Shakespeare's play is alluded to more than once. There's a jocular reference: „To beard or not to beard".»

Prince Harry, «The Spare»:

«I pulled the sheets and covers to my chin, because I didn't like the dark. No, not true, I loathed the dark. Mummy did too, she told me so. I'd inherited this from her, I thought, along with her nose, her blue eyes, her love of people, her hatred of smugness and fakery and all things posh. I can see myself under those covers, Pa? He was standing at the edge of the bed, looking down. His white dressing-gown made him seem like a ghost in a play. Yes, darling boy. He gave a half-smile, averted his gaze. What is it, Pa? He sat down on the edge of the bed. He put a hand on my knee. Darling boy, Mummy's been in a car crash. I remember thinking: Crash… OK. But she's all right? Yes? I vividly remember that thought flashing through my mind. And I remember waiting patiently for Pa to confirm that indeed Mummy was all right. And I remember him not doing that. There was then a shift internally. I began silently pleading with Pa, or God, or both: No, no, no. Pa looked down into the folds of the old quilts and blankets and sheets. There were complications. Mummy was quite badly injured and taken to hospital, darling boy. He always called me „darling boy," but he was saying it quite a lot now. His voice was soft. He was in shock, it seemed. Oh. Hospital? Yes. With a head injury. Did he mention paparazzi? Did he say she'd been chased? I don't think

so. I can't swear to it, but probably not. The paps were such a problem for Mummy, for everyone, it didn't need to be said. I thought again: Injured… but she's OK. She's been taken to hospital, they'l l fix her head, and we'll go and see her. Today. Tonight at the latest. They tried, darling boy. I'm afraid she didn't make it. These phrases remain in my mind like darts in a board. He did say it that way, I know that much for sure. She didn't make it. And then everything seemed to come to a stop. That's not right. Not seemed. Nothing at all seemed. Everything distinctly, certainly, irrevocably, came to a stop. None of what I said to him then remains in my memory. It's possible that I didn't say anything. What I do remember with startling clarity is that I didn't cry. Not one tear. Pa didn't hug me. He wasn't great at showing emotions under normal circumstances, how could he be expected to show them in such a crisis? But his hand did fall once more on my knee and he said: It's going to be OK. That was quite a lot for him. Fatherly, hopeful, kind. And so very untrue. He stood and left. I don't recall how I knew that he'd already been in the other room, that he'd already told Willy, but I knew. I lay there, or sat there. I didn't get up. I didn't bathe, didn't pee. Didn't get dressed. Didn't call out to Willy or Mabel. After decades of working to reconstruct that morning I've come to one inescapable conclusion: I must've remained in that room, saying nothing, seeing no one, until nine A.M. sharp, when the piper began to play outside».

//

Prince Harry, «Spare»:

«Pa peppered this fiery oration with quotations from Hamlet, Macbeth, Othello, The Tempest, The Merchant of Venice — he plucked the lines from thin air, like petals from one of his homegrown roses, and tossed them into the audience. It was showmanship, but not in an empty way. He was making the point: You should all be able to do this. You should all know these lines. They're our shared heritage, we should be cherishing them,

safeguarding them, and instead we're letting them die. I never doubted how much it upset Pa that I was part of the Shakespeare-less hordes. And I tried to change. I opened Hamlet. Hmm: Lonely prince, obsessed with dead parent, watches remaining parent fall in love with dead parent's usurper…? I slammed it shut. No, thank you. Pa never stopped fighting the good fight.»

//

Prince Harry, «Spare»:

«Opening night, my father sat dead center in a packed Farrer Theatre and no one had a better time. Here it was, his dream come true, a son performing Shakespeare, and he was getting his money's worth. He roared, he howled, he applauded. But, inexplicably, at all the wrong moments. His timing was bizarrely off. He sat mute when everyone else was laughing. He laughed when everyone else was silent. More than noticeable, it was bloody distracting. The audience thought Pa was a plant, part of the performance. Who's that over there, laughing at nothing? Oh — is that the Prince of Wales? Later, backstage, Pa was all compliments. You were wonderful, darling boy. But I couldn't help looking cross. What's the matter, darling boy? Pa, you laughed at all the wrong times!»

New York Times, 10 Jan, 2023

«If there's a murder Harry is trying to solve, it's of course that of his own mother, Princess Diana, whose death in the Pont de l'Alma tunnel in 1997, under chase by paparazzi, is the defining tragedy of his life, and thus of this book. To her younger son, only 12 at the time, the click of cameras wielded by paps, as he derisively calls them, came to sound «like a gun cocking or a blade being notched open.» (From the looks of «Harry & Meghan,» which has plenty of sanctioned shots of the couple's courtship and

toddlers, he is fighting back by hand with his own iPhone.) Diana defended herself against the constant onslaught of photographers by lobbing water balloons and, more sinisterly, by hiding in the trunks of getaway cars, a trick Harry eventually picked up. «It felt like being in a coffin,» he writes. «I didn't care.»

//

Prince Harry, «Spare»:

….Later, after I'd had a sleep, I rang Willy, told him about my night. None of it came as news to him. Turned out, he'd driven the tunnel too. He was coming to Paris for the rugby final. We decided to do it together. Afterwards, we talked about the crash, for the first time ever. We talked about the recent inquest. A joke, we both agreed. The final written report was an insult. Fanciful, riddled with basic factual errors and gaping logical holes. It raised more questions than it answered. After all these years, we said, and all that money — how? Above all, the summary conclusion, that Mummy's driver was drunk and thereby the sole cause of the crash, was convenient and absurd. Even if the man had been drinking, even if he was shit-faced, he wouldn't have had any trouble navigating that short tunnel. Unless paps had chased and blinded him. Why were those paps not more roundly blamed? Why were they not in jail? Who sent them? And why were they not in jail? Why indeed — unless corruption and cover-ups were the order of the day? We were united on all these points, and also on next steps. We'd issue a statement, jointly call for the inquiry to be reopened. Maybe hold a press conference. We were talked out of it by the powers that be».

//

Prince Harry, «Spare»:

«The men returned. Now they had Phil. They'd gone through his social media, studied him, and they began saying things about his family, his girlfriend, which scared him. It was astonishing how much they knew. How can perfect strangers know so much?
I smiled: Welcome to the party, pal. I wasn't taking this seriously enough. One of the men grabbed me, shoved me against a wall. He wore a black balaclava. He pressed his forearm into my neck, spitting every word from his mouth. He pressed my shoulders against the concrete. He ordered me to stand three feet from the wall, arms above my head, all ten fingertips against the wall. Stress position. Two minutes. Ten minutes. My shoulders started to seize. I couldn't breathe. A woman entered. She was wearing a shemagh over her face. She went onandon about something, I didn't understand. I couldn't keep up. Then I realized. Mummy. She was talking about my mother. Your mother was pregnant when she died, eh? With your sibling? A Muslim baby! I fought to turn my head, to look at her. I said nothing but I screamed at her with my eyes. You doing this for my benefit now — or yours? Is this the exercise? Or you getting a cheap thrill? She stormed out. One of the captors spat in my face. We heard the sound of gunshots. And a helicopter. We were dragged into a different room and someone called out, OK, that's it. End exercise! There was a debrief, during which one of the instructors offered a half arsed apology about the stuff to do with my mother. Hard for us to find something about you that you'd be shocked we knew.
I didn't answer. We felt you needed to be tested. I didn't answer. But that took it a bit too far. Fair enough. Later I learned that two other soldiers in the exercise had gone mad».

Prince Harry, «Spare»:

Pa and Camilla didn't like Willy and Kate drawing attention away from them or their causes. They'd openly scolded Willy about it many times ….Give Pa and Camilla an inch, Willy said, they take

a mile. They've done this to me for the last time. Igot it. They'd done the same to me and Meg as well. But it wasn't them, technically, it was the most gung-ho member of Pa's comms team, a true believer who'd devised and launched a new campaign of getting good press for Pa and Camilla at the expense of bad press for us. For some time this person had been peddling unflattering stories, fake stories, about the Heir and Spare, to all the papers. I suspected that this person had been the lonesource for stories about a hunting trip I'd made to Germany in 2017, stories that made me out to be some fat-bottomed seventeenth century baron who craved blood and trophies, when in reality I was working with German farmers to cull wild boar and save their crops. I believed the story had been offered as a straight swap, in exchange for greater access to Pa, and also as a reward for the suppression of stories about Camilla's son, who'd been gadding around London, generating tawdry rumors. I was displeased about being used like this, and livid about it being done to Meg, but I had to admit it was happening much more often lately to Willy. And he was justifiably incandescent. He'd already confronted Pa once about this woman, face-to-face. I'd gone along for moral support. The scene took place at Clarence House, in Pa's study. I remember the windows being wide open, the white curtains blowing in and out, so it must've been a warm night. Willy put it to Pa: How can you be letting astranger do this to your sons? Pa instantly got upset. He began shouting that Willy was paranoid. We both were. Just because we were getting bad press, and he was getting good, that didn't mean his staff was behind it. But we had proof. Reporters, inside actual newsrooms, assuring us that this womanwasselling us out. Pa refused to listen. His response was churlish, pathetic. Granny has her person, why can't I have mine?

//

Prince Harry, «Spare»:

«Make no mistake, it's an insult,» cried the Daily Mail, which convened a «Fleet Street jury» to consider our «crimes.» Among them was the Queen's express secretary, who concluded, with his fellow jurors, that we should hereafter «expect no mercy.»
I shook my head. No mercy. The language of war? Clearly this was more than simple anger. These men and women saw me as an existential threat. If our leaving posed a threat to the monarchy, as some were saying, then it posed a threat to all those covering the monarchy for a living. Hence, we had to be destroyed. …Sadly, we were going to have to flee. We'd need to find somewhere new, and soon, and that would mean paying for our own security. I went back to my notebooks, started contacting security firms again. Meg and I sat down to work out exactly how much security we could afford, and how much house. Exactly then, while we were revising our budget, word came down: Pa was cutting me off. I recognized the absurdity, a man in his mid-thirties being financially cut off by his father. But Pa wasn't merely my father, he was my boss, my banker, my comptroller, keeper of the purse strings throughout my adult life. Cutting me off therefore meant firing me, without redundancy pay, and casting me into the void after a lifetime of service. More, after a lifetime of rendering me otherwise unemployable. I felt fatted for the slaughter. Suckled like a veal calf. Pd never asked to be financially dependent on Pa. I'd been forced into this surreal state, this unending Truman Show in which I almost never carried money, never owned a car, never carried a house key, never once ordered anything online, never received a single box from Amazon, almost never traveled on the Underground. (Once, at Eton, on a theater trip.) Sponge, the papers called me. But there's a big difference between being a sponge and being prohibited from learning independence. After decades of being rigorously and systematically infantilized, I was now abruptly abandoned, and mocked for being immature? For not standing on my own two feet? The question of how to pay for a home and security kept Meg and me awake at nights. We could always

spend some of my inheritance from Mummy, we said, but that felt like a last resort.

//
Prince Harry, «Spare»:

«For instance, Tatler magazine quoting an old Etonian saying I'd married Meg because «foreigners» like her are «easier» than girls «with the right background.» Or the Daily Mail saying Meg was «upwardly mobile,» because she'd gone from «slaves to royalty» in just 150 years. Or the social media posts about her being a «yacht girl» and an «escort,» or calling her a «gold-digger,» and «a whore,» and «a bitch,» and «a slut,» and the N-word — repeatedly. Some of those posts were in the comments section on the pages of all three Palaces' social media accounts — and still hadn't been expunged. Or the tweet that said: «Dear Duchess, I'm not saying that I hate you but I hope your next period happens in a shark tank.» Or the revelation of racist texts from Jo Marney, girlfriend of UKIP leader Henry Bolton, including one saying that my «black American» fiancée would «taint» the Royal Family, setting the stage for «a black king,» and another averring that Ms. Marney would never have sex with «a Negro.» «This is Britain, not 197 TESLA LEILA KHUGAEVA THINIKASHVILI Africa.» Or the Mail complaining that Meg couldn't keep her hands off her baby bump, that she was rubbing it and rubbing it as if she were a succubus. Things had got so out of hand, seventy-two women in Parliament, from both main parties, had condemned the «colonial undertones» of all newspaper coverage of The Duchess of Sussex. None of these things had merited one comment, public or private, from my family. I

//
Prince Harry, «Spare»:

….So that's it, then? Just wait till we're dead and all will be sorted? If you could just endure it, darling boy, for a little while, in a funny way they'd respect you for it. I laughed. All I'm saying is, don't take it personally. Speaking of taking things personally, I told them I might learn to endure the press, and even forgive their abuse, I might, but my own family's complicity — that was going to take longer to get over. Pa's office, Willy's office, enabling these fiends, if not outright collaborating? Meg was apparently a bully — that was the latest vicious campaign they'd helped orchestrate. It was so shocking, so egregious, that even after Meg and I demolished their lie with a twenty-five-page, evidence-filled report to Human Resources, I was going to have trouble simply shrugging that one off. Pa said: You must understand, darling boy, the Institution can't just tell the media what to do! Again, I yelped with laughter. It was like Pa saying he couldn't just tell his valet what to do. …Since leaving Britain, the attacks on us had been increasing exponentially. We had to try something to make it stop. Being silent wasn't working. It was only making it worse. We felt we had no choice. Several close mates and beloved figures in my life, including one of Hugh and Emilie's sons, Emilie herself, and even Tiggy, had chastised me for Oprah. How could you reveal such things? About your family? I told them that I failed to see how speaking to Oprah was any different from what my family and their staffs, had done for decades — briefing the press on the sly, planting stories. And what about the endless books on which they'd cooperated, starting with Pa's 1994 crypto-autobiography with Jonathan Dimbleby? Or Camilla's collaborations with the editor Geordie Greig? The only difference was that Meg and I were upfront about it. We chose an interviewer who was above reproach, and we didn't once hide behind phrases like «Palace sources,» we let people see the words coming out of our mouths»

Prince Harry, «Spare»:

«I was not SURE WHAT TO Call her, or what exactly she did. All I knew was that she claimed to have „powers." I recognized the high-percentage chance of humbuggery. But the woman came with strong recommendations from trusted friends, so I asked myself: What's the harm? Then, the minute we sat down together, I felt an energy around her. Oh, I thought. Wow. There's something here. She felt an energy around me too, she said. Your mother is with you. I know. I've felt that of late. She said: No. She's with you. Right now. I felt my neck grow warm. My eyes watered. Your mother knows you're looking for clarity. Your mother feels your confusion. She knows that you have so many questions. Ido. The answers will come in time. One day in the future. Have patience. Patience? The word caught in my throat. In the meantime, the woman said, my mother was very proud of me. And fully supportive. She knew it wasn't easy. What wasn't? Your mother says: You're living the life she couldn't. You're living the life she wanted for you. I swallowed. I wanted to believe. I wanted every word this woman was saying to be true. But I needed proof. A sign. Anything. Your mother says. ..the ornament? Ornament? She was there. Where? Your mother says…something about a Christmas ornament?
Of a mother? Or a grandmother? It fell? Broke? Archie tried to fix it. Your mother says she had a bit of a giggle about that»

//

Prince Harry, «Spare»:

«As A ROYAL YOU WERE ALWAYS TAUGHT to maintain a buffer zone between you and the rest of Creation. Even working a crowd you always kept a discreet distance between Yourself and Them. Distance was right, distance was safe, distance was survival. Distance was an essential bit of being royal, no less than standing on the balcony, waving to the crowds outside Buckingham Palace, your family all around you. Of course, family included distance as well. No matter how much you might love someone, you could

never cross that chasm between, say, monarch and child. Or Heir and Spare. Physically, but also emotionally. It wasn't just Willy's edict about giving him space; the older generation maintained a nearly zero-tolerance prohibition on all physical contact. No hugs, no kisses, no pats. Now and then, maybe a light touching of cheeks… on special occasions. But in Africa none of this was true»

Interview to Panarama DIANA:

«I understand that change is frightening for people, especially if there's nothing to go to. It's best to stay where you are. I understand that. But I do think that there are a few things that could change, that would alleviate this doubt, and sometimes complicated relationship between monarchy and public. I think they could walk hand in hand, as opposed to be so distant. BASHIR: What are you doing to try and effect some kind of change? DIANA: Well, with William and Harry, for instance, I take them round homelessness projects, I ve taken William and Harry to people dying of Aids — albeit I told them it was cancer — I ve taken the children to all sorts of areas where I'm not sure anyone of that age in this family has been before. And they have a knowledge — they may never use it, but the seed is there, and I hope it will grow because knowledge is power. BASHIR: What are you hoping that that experience for your children — what impact that experience will have on your children? DIANA: I want them to have an understanding of people's emotions, people's insecurities, people's distress, and people's hopes and dreams»

No, — replied me my Friend Chesterton throughout my life, Father Braun, — of course not! Google kept helping you to send your materials against Conspiracy of Secret Services! Google remains your achieve of videos on Conspiracy of Secret Services.

— Then, — i asked again my friend, — what all this could mean?

Many Thanks to Google for Archiving my Videos on Fight with Conspiracy with Secret Services!! Russia, America, England, Israel and Vatican. This one is on assault of Israel Secret Services, on agent of CIA of Jewish origin in Conspiracy with Putin's infamous Army of prostitution. He was fired and obviously now is working for Israel Secret Services. For Russian Jews, many of them living in Israel, such as Victor Shenderovich, Elena Dunaevskaya, Igor Irteniev, Bykov continued attacking me as «Russian liberals» apparently under sway of Secret Services.

Many thanks to Google for help in Spread of my book on Attack of Israel Secret Services «Открытие Психической Энергии и Евангелия. Антихрист Путин». Where again sinister figure if agent of CIA is dominating as leader of attack of Russian Jews on Discovery.

This book narrates on attack on me by Victor Shenderovich, who has himself fallen as prey of Putins Army of prostitution in infamous story with his Intercourse with prostitute, which recorded that Intercourse on pornovideo and putted in the internet. And now that man sided with Army of prostitution of Putin, after his infamous fall, trying to involve me in their dirty games of madmen and profligate. Altogether with another infamous celebrity of «Russian liberals» Yashin, who has fallen prey with the same Putin's prostitute and had issued a long statement on his Instagram on Army of prostitution as main tool of Putin since his insidious attack on Yury Scuratov, Prosecutor of Russia, with two prostitutes.

Epsteins Friends as Theater Producers.

Really sickening. Putins madhouse and «Johny Alcoholic»

What alternatives for Epsteins Friends except insane games in «Marriage, Kids and Johny Alcoholic», even when they deal with ninety year old dying invalid, and even when their «theatricalization» has become laughing stock in internet as «Johny alcoholic»

They are «circling for Kill» as A. Morton says on Diana's killers. These ones openly call themselves «murder club».

They are in hurry for a kill: «ASAP». They failed with staging their mad play.

This is why those full-scale pictures with «Johny Alcoholic». This means they will apply Putins madhouse. Lobotomy, Johny Alcoholic and their Alcoholic Lobotomy Kids.

This is what Epsteins friends have in store for your bliss!! Enjoy!!

This is my mother's favorite device for hair. I bought her again few months before through internet. And Secret Services always watch what i buy. Again planning assault on my mother?

Few days before my mother complained to me on headackes. I got upset because she is in age when she needs care yourself, and she still have to help her invalid daughter. It was phone dialogue.

Next day she came to me in morning on taxi as usually, and narrated on «strange» taxy driver, circling with her to outskirts of the city, before bringing her to our house. And getting her off

car from the other end of house with heavy bags. «You can take another taxy», and left.

Coach Greene says «never show your feeling, they will hit exactly to the point»

But Sane Men all have common pain and feeling on Conscience, Compassion, Friendliness, Honor, Truth.

I have recorded complaints of my mother on video. It was her fortune, that some man took her bags and brought her to my door that time. But we are to expect next time??

And as you remember, up to the recent days, before mine appearance on political scene, Epsteins Friends in America also did not disguise that they don't intend to leave Whit House.

Is it really such Big distance from English Monarchy to setting up American Monarchy??

In circumstances when Conservatives are successfully winning the battle in America. Ideas rule!! It is Victory if Conservatives which will secure Victory of Epsteins Friends Monarchy!!

And only Discovery of Psychic Energy and Scientific Revolution Energetics has stopped for a while their triumphant pace towards thrones!! American leader, which kept outraging American public with provocation «I am not going to leave from White House», now declared he is not going for Third Presidency.

Why?? Because angry people can support Scientific Revolution Energetics!! And Scientific Revolution Energetics is the end of Monarchies!! It is rule of Natural Law, rule of people, rule of science and reason, rule of Conscience and Justice.

And, certainly, they did not change their plans. They only wait till they finished with me, and then Epsteins Friends will begin outraging democrats again.

Jonathan Swift, when asked why he didn't beget a child, said that it is a crime to bring child in that world.

Everyone remembers his tale on Rich bosses consuming Common Sane people, which he ended with suggestion for Rich lords to eat babies of common men.

I confirm and I would like to say even more.

Our planet at present is absolutely unsuitable for life of Sane Men!

It is planet of Dead Snakes, devouring Sane Men. It is worse than any gravest fantasy from fiction literature.

And now, being through all horrors with Dead Serpents, i can assert, that any man, who brings living soul in this world, dooms It on two equally hideous alternatives:

1. To become Dead Moron, destitute of Honor, Conscience and Thought

2. To become donor of Dead Morons, living soul going through the hell of watching Morons, shitting on Sane men. And Swift knew that when composing his famous epitaph

Swift has sailed into his rest;
Savage indignation there
Cannot lacerate his Breast.
Imitate him if you dare

It is only ignorance of men which pardons them. For those who are aware where they are bringing living soul, would be criminals begeting children.

Discovery of Psychic Energy, unveiling material energy of Amorphous Serpents, is salvation of mankind. It is beginning of a new epoch. Everything happening before will be called «prehistoric epoch»

History of mankind will begin with setting up Educating Institutions of control of material energy. And elimination of Amorphous Serpents, leading now under masks of men human

society.

And a few words for those naive Harvards and Princetons, in sober earnest hoping to steal my Discovery

My name guys, is written on Heavens by the Hand of the God!

I cannot say that everyone will learn on me. Nay! For Thunder doesn't need to be sought-after.

My name, guys, is Thunder, Heavens Thunder! And if God permitted those Satans to shit on his angel all this time — it is because to discern Amorphous Serpent was not easy business, and I had to sacrifice my life to fulfill the task.

My life, but not Truth on performing Discovery. And guess now what kind of Name will obtain You??

//

The Right to Die!!

And, remember please, you will need this when fight for International institution of Natural Law begins.

Sane Men have equally Right to Live and Right to Die.

In the world, where States fell prey of tyranny of Snakes, Sane Men have Right to choose to Die!!

And State must provide for citizens both: Right to Live and Right to Die. On such essential Right as Right to get Education enough to obtain Space of Intellect, i don't intend to speak here.

You see how Snakes dread to expose martyrdom they constantly produce by fraud and torture of living souls of Sane Men.

They use Drugs, Lobotomy, Prostitution. Threats to family and friends, Bullying to debilitate, to fraud, to vilify honest, Sane Men.

In such Disgrace of energy of Spirit every person must has formal right to declare his protest against government of Snakes, and to demand to realise his Right to death!

For Human being exist to sustain Energy of Spirit, not his biological consumption

And Energy of Spirit is always priority to biological existence.

In conditions of Disgrace of Energy of Spirit, when Snakes strangle Conscience and Thought, Church of Friendliness of Sane Men — men can and must demand from State to realise their Right on Death!

Do you remember how noble Romans kept killing themselves in those tragically days of Government of Imbecilic Pervert Emperors?

Every living soul has right to demand biological death in situation when further biological existence is Disgrace and Threat to Conscience, Thought and Friendliness of Energy of Spirit!

Such voluntary martyrdom of Sane Men under sway of Snakes will be best exposure of godless and non-human tyranny of Serpents.

Windsor's Monarchy is Cancer Metastasis Poisoning the World with Conservatives.

ALL HOPES OF EVIL IS ROOTED IN MONARCHY OF WINDSORS as the fort of Conservatives.

While Monarchy of Windsor exists — Epsteins Friends in Russia and America can hope to build their own ones.

With murder of Diana Windsor Monarchy stopped to exist. But they still could save their faces as reverend family of the past, going away from Government. Instead they continue poisoning the world with their mad vainglory and Dirty games in murder of Best people of the earth.

With murder of Author of Discovery Windsors end to exist as reverend family of the past too. Now i perceived plans of God: he needed my sacrifice to put the end to Satans, known in the world as «Conservatives»

And give my words to cowardice Prince Harry:

Courage is not obedience to die in Army of grandma's. Courage is capacity to say truth, once in life — on murder of your mother at least.

(You can consult Father Braun on the point)

Courage is capacity to admit, that it was Monarchy of Windsors which killed your mother, and now is killing the rest of the world.

Monarchy of Windsors is killing the rest of the world, nurturing plans to build Monarchies of such Maniacs like Russian and American presidents. Discovery and my death will stop triumphant pace of Satans on planet.

More than 25 years after her tragic death, Diana's unique sartorial sense remains relevant, particularly because the new Princess of Wales has a knack for referencing and reinventing the outfits that Diana once wore, giving them new life and a modern twist. ELEPHANT AS SYMBOL OF «CARTHAGE FIDES», ACCORDING TO CHESTERTON

Elephant is one of the treasures of our earth. Wonderful creation of the Maker.

And yet for Western History it is somewhat sinister symbol since the times of Hannibal and Battle of Cannae. 215 BC. When vanquished Rome lost all hope to recover after ruthless rout it suffered from Hannibal's Elephants.

I prefer Chesterton's version of Western History for emphasising that Battle between Rome and Carthage as Crucial point of Western History.

He says on this subject with much eloquence in «Everlasting Man». I don't know any other writer or historian attaching such weight to the Punic wars. For Chesterton considered the deadly war between Rome and Carthage as war between Evil and

[1] https://ridero.ru/link/p-84U-31mjZIEnpr-_3bk

Goodness. Everyone knows from Bible on war waged to Carthage by Great Jewish Prophets. But only Chesterton has emphasized the fact, that it was Noble Glory of Roman Republic which hitted the crucial rout to Carthage. And that it was exactly the point, where Goodness got out triumphant from the deadly war with Evil.

Indeed, Freedom, Rule of Law, Honor of Friendliness, Natural Law as Universal Rational Roman Law, and Humanistic Religion of Stoics and Roman Platonics — all this provided for Western civilization Victory of Rome, which exhibited marvels of Valor and Resolute Spirit in reconquering Rome after devastating defeat under attack of Elephants of Battle of Cannae, 215 BC. In his other famous book on Short History of England, Chesterton, when mentioning tricky behaviour of aristocrats during «Big Pillage», takes as most appropriate metaphor «Carthage Fides».

So, according to Chesterton and his understanding of Church Militant, as heir of Rome in fight with Evil, and Punic wars as essential point in triumph of Freedom of Republic, of Rule of Law in West — Elephant as Symbol of Carthage tyranny and Carthage fides is perfect symbol of Conservatives.

While for Democrates such perfect symbol would be Church Militant as International Institution of Natural Law.

Well, Conservatives don't disguise the kind of symbols they prefer.

I mentioned elephants because one feels sharp incongruity between noble animal and alligators, they overtly prefer.

And then I recollected Chesterton's version of Western History. Thus, we can somehow reconcile this two contradictory symbols of Conservatives.

It is not the hate which distinguishes Evildoers and Virtuous men. It is Dead or Living Thought and Conscience. For Hate is Fuel of Fight with Evil, and Jesus as heir Jewish fight with Evil exhibited vehement hate to Parissee and «generation of vipers» to «liars» whose Father is Satan, the father of Evil. All that is glorious in our civilization has been earned through deadly war with Evil, through hate to Evil. Through Church Militant, through Punic wars with

Carthage, through wars of knights with Saracenas, through world war with Hitler.

And now how you plan to get rid from Pedophiles in your government without hatred to their immorality and lawlessness?? To their dead Conscience and dead thought, hating science and honest people? To their Conspiracy throughout the world — with other Conservatives??

CHESTERTON ON PUNICA WARS AS WAR OF THE GOD'S AND DEMONS

«EVERLASTING MAN»:
THE WAR OF THE GODS AND DEMONS

«Merely political histories of Rome may be right enough in saying that this or that was a cynical or cruel act of the Roman politicians; but the spirit that lifted Rome from beneath was the spirit of all the Romans; and it is not a cant to call it the ideal of Cincinnatus passing from the senate to the plough. Men of that sort had strengthened their village on every side, had extended its victories already over Italians and even over Greeks, when they found themselves confronted with a war that changed the world. I have called it here the war of the gods and demons

There was established on the opposite coast of the inland sea a city that bore the name of the New Town. It was already much older, more powerful, and more prosperous than the Italian town; but there still remained about it an atmosphere that made the name not inappropriate. It had been called new because it was a colony like New York or New Zealand. It was an outpost or settlement of the energy and expansion of the great commercial cities of Tyre and Sidon. There was a note of the new countries and colonies about it, a confident and commercial outlook.

It was fond of saying things that rang with a certain metallic assurance; as that nobody could wash his hands in the sea without the leave of the New Town.

For it depended almost entirely on the greatness of its ships, as did the two great ports and markets from which its people came. It brought from Tyre and Sidon a prodigious talent for trade and considerable experience of travel. It brought other things as well. In a previous chapter I have hinted at something of the psychology that lies behind a certain type of religion. There was a tendency in those hungry for practical results, apart from poetical results, to call upon spirits of terror and compulsion; to move Acheron in despair of bending the Gods.

There is always a sort of dim idea that these darker powers will really do things, with no nonsense about it. In the interior psychology of the Punic peoples this strange sort of pessimistic practicality had grown to great proportions. In the New Town, which the Romans called Carthage, as in the parent cities of Phoenicia, the god who got things done bore the name of Moloch, who was perhaps identical with the other deity whom we know as Baal, the Lord.

The Romans did not at first quite know what to call him or what to make of him; they had to go back to the grossest myth of Greek or Roman origins and compare him to Saturn devouring his children. But the worshippers of Moloch were not gross or primitive. They were members of a mature and polished civilisation, abounding in refinements and luxuries; they were probably far more civilised than the Romans.

And Moloch was not a myth; or at any rate his meal was not a myth. These highly civilised people really met together to invoke the blessing of heaven on their empire by throwing hundreds of their infants into a large furnace. We can only realise the combination by imagining a number of Manchester merchants with chimney-pot hats and mutton-chop whiskers, going to church every Sunday at eleven o'clock to see a baby roasted alive.

The first stages of the political or commercial quarrel can be followed in far too much detail, precisely because it is merely political or commercial. The Punic Wars looked at one time as if they would never end; and it is not easy to say when they ever began. The Greeks and the Sicilians had already been fighting vaguely on the European side against the African city. Carthage had defeated Greece and conquered Sicily. Carthage had also planted herself firmly in Spain; and between Spain and Sicily the Latin city was contained and would have been crushed; if the Romans had been of the sort to be easily crushed.

Yet the interest of the story really consists in the fact that Rome was crushed. If there had not been certain moral elements as well as the material elements, the story would have ended where Carthage certainly thought it had ended. It is common enough to blame Rome for not making peace. But it was a true popular instinct that there could be no peace with that sort of people It is common enough to blame the Roman for his Delenda est Carthago; Carthage must be destroyed. It is commoner to forget that, to all appearance, Rome itself was destroyed.

The sacred savour that hung round Rome for ever, it is too often forgotten, clung to her partly because she had risen suddenly from the dead.

Carthage was an aristocracy, as are most of such mercantile states. The pressure of the rich on the poor was impersonal as well as irresistible. For such aristocracies never permit personal government, which is perhaps why this one was jealous of personal talent. But genius can turn up anywhere, even in a governing class.

As if to make the world's supreme test as terrible as possible, it was ordained that one of the great houses of Carthage should produce a man who came out of those gilded palaces with all the energy and originality of Napoleon coming from nowhere. At the worst crisis of the war Rome learned that Italy itself, by a military miracle, was invaded from the north. Hannibal, the Grace of Baal as his name ran in his own tongue, had dragged a ponderous chain

of armaments over the starry solitudes of the Alps; and pointed southward to the city which he had been pledged by all his dreadful gods to destroy. Hannibal marched down the road to Rome, and the Romans who rushed to war with him felt as if they were fighting with a magician.

Two great armies sank to right and left of him into the swamps of the Trebia; more and more were sucked into the horrible whirlpool of Cannae; more and more went forth only to fall in ruin at his touch. The supreme sign of all disasters, which is treason, turned tribe after tribe against the falling cause of Rome, and still the unconquerable enemy rolled nearer and nearer to the city; and following their great leader the swelling cosmopolitan army of Carthage passed like a pageant of the whole world; the elephants shaking the earth like marching mountains and the gigantic Gauls with their barbaric panoply and the dark Spaniards girt in gold and the brown Numidians on their unbridled desert horses wheeling and darting like hawks, and whole mobs of deserters and mercenaries and miscellaneous peoples; and the grace of Baal went before them.

The Roman augurs and scribes who said in that hour that it brought forth unearthly prodigies, that a child was born with the head of an elephant or that stars fell down like hailstones, had a far more philosophical grasp of what had really happened than the modern historian who can see nothing in it but a success of strategy concluding a rivalry in commerce. Something far different was felt at the time and on the spot, as it is always felt by those who experience a foreign atmosphere entering their own like a fog or a foul savour. It was no mere military defeat, it was certainly no mere mercantile rivalry, that filled the Roman imagination with such hideous omens of nature herself becoming unnatural. It was Moloch upon the mountain of the Latins, looking with his appalling face across the plain; it was Baal who trampled the vineyards with his feet of stone; it was the voice of Tanit the invisible, behind her trailing veils, whispering of the love that is more horrible than hate. The burning of the Italian cornfields, the

ruin of the Italian vines, were some thing more than actual; they were allegorical. They were the destruction of domestic and fruitful things, the withering of what was human before that inhumanity that is far beyond the human thing called cruelty. The household gods bowed low in darkness under their lowly roofs; and above them went the demons upon a wind from beyond all walls, blowing the trumpet of the Tramontane. The door of the Alps was broken down; and in no vulgar but a very solemn sense, it was Hell let loose.

The war of the gods and demons seemed already to have ended; and the gods were dead. The eagles were lost, the legions were broken; and in Rome nothing remained but honour and the cold courage of despair. In the whole world one thing still threatened Carthage, and that was Carthage. There still remained the inner working of an element strong in all successful commercial states, and the presence of a spirit that we know. There was still 109 the solid sense and shrewdness of the men who manage big enterprises; there was still the advice of the best financial experts; there was still business government; there was still the broad and sane outlook of practical men of affairs, and in these things could the Romans hope. As the war trailed on to what seemed its tragic end, there grew gradually a faint and strange possibility that even now they might not hope in vain. The plain business men of Carthage, thinking as such men do in terms of living and dying races, saw clearly that Rome was not only dying but dead The war was over; it was obviously hopeless for the Italian city to resist any longer, and inconceivable that anybody should resist when it was hopeless. Under these circumstances, another set of broad, sound business principles remained to be considered. Wars were waged with money, and consequently cost money; perhaps they felt in their hearts, as do so many of their kind, that after all war must be a little wicked because it costs money. The time had now come for peace; and still more for economy. The messages sent by Hannibal from time to time asking for reinforcements were a ridiculous anachronism;

there were much more important things to attend to now. It might be true that some consul or other had made a last dash to the Metaurus, had killed Hannibal's brother and flung his head, with Latin fury, into Hannibal's camp; and mad actions of that sort showed how utterly hopeless the Latins felt about their cause. But even excitable Latins could not be so mad as to cling to a lost cause for ever. So argued the best financial experts; and tossed aside more and more letters, full of rather queer alarmist reports. So argued and acted the great Carthaginian Empire. That meaningless prejudice, the curse of commercial states, that stupidity is in some way practical and that genius is in some way futile, led them to starve and abandon that great artist in the school of arms, whom the gods had given them in vain».

CHESTERTON ON IDOLATRY OF MONEY AND POWER BY BUSINESSMEN AS WORSHIP OF DEMON

«EVERLASTING MAN»:

«Why do men entertain this queer idea that what is sordid must always overthrow what is magnanimous; that there is some dim connection between brains and brutality, or that it does not matter if a man is dull so long as he is also mean? Why do they vaguely think of all chivalry as sentiment and all sentiment as weakness? They do it because they are, like all men, primarily inspired by religion. For them, as for all men, the first fact is their notion of the nature of things; their idea about what world they are living in. And it is their faith that the only ultimate thing is fear and therefore that the very heart of the world is evil. They believe that death is stronger than life, and therefore dead things must be stronger than living things; whether those dead things are gold and iron and machinery or rocks and rivers and forces of nature. It may sound fanciful to say that men we meet at tea-tables or talk

to at garden-parties are 110 secretly worshippers of Baal or Moloch. But this sort of commercial mind has its own cosmic vision and it is the vision of Carthage. It has in it the brutal blunder that was the ruin of Carthage. The Punic power fell because there is in this materialism a mad indifference to real thought. By disbelieving in the soul, it comes to disbelieving in the mind. Being too practical to be moral, it denies what every practical soldier calls the moral of an army. It fancies that money will fight when men will no longer fight. So it was with the Punic merchant princes. Their religion was a religion of despair, even when their practical fortunes were hopeful. How could they understand that the Romans could hope even when their fortunes were hopeless? Their religion was a religion of force and fear; how could they understand that men can still despise fear even when they submit to force? Their philosophy of the world had weariness in its very heart; above all they were weary of warfare; how should they understand those who still wage war even when they are weary of it? In a word, how should they understand the mind of Man, who had so long bowed down before mindless things, money and brute force and gods who had the hearts of beasts? They awoke suddenly to the news that the embers they had disdained too much even to tread out were again breaking everywhere into flames; that Hasdrubal was defeated, that Hannibal was outnumbered, that Scipio had carried the war into Spain; that he had carried it into Africa. Before the very gates of the golden city Hannibal fought his last fight for it and lost; and Carthage fell as nothing has fallen since Satan. The name of the New City remains only as a name. There is no stone of it left upon the sand. Another war was indeed waged before the final destruction: but the destruction was final. Only men digging in its deep foundation centuries after found a heap of hundreds of little skeletons, the holy relics of that religion. For Carthage fell because she was faithful to her own philosophy and had followed out to its logical conclusion her own vision of the universe. Moloch had eaten its children»

CHESTERTON ON CRUCIAL HISTORICAL MEANING OF VICTORY OF ROME IN PUNICA WARS

«EVERLASTING MAN»:

«The gods had risen again, and the demons had been defeated after all. But they had been defeated by the defeated, and almost defeated by the dead. Nobody understands the romance of Rome, and why she rose afterwards to a representative leadership that seemed almost fated and fundamentally natural. Who does not keep in mind the agony of horror and humiliation through which she had continued to testify to the sanity that is the soul of Europe? She came to stand alone in the midst of an empire because she had once stood alone in the midst of a ruin and a waste. After that all men knew in their hearts that she had been representative of mankind, even when she was rejected of men. And there fell on her the shadow from a shining and as yet invisible light and the 111 burden of things to be. It is not for us to guess in what manner or moment the mercy of God might in any case have rescued the world; but it is certain that the struggle which established Christendom would have been very different if there had been an empire of Carthage instead of an empire of Rome. We have to thank the patience of the Punic wars if, in after ages, divine things descended at least upon human things and not inhuman. Europe evolved into its own vices and its own impotence, as will be suggested on another page; but the worst into which it evolved was not like what it had escaped. Can any man in his senses compare the great wooden doll, whom the children expected to eat a little bit of the dinner, with the great idol who would have been expected to eat the children? That is the measure of how far the world went astray, compared with how far it might have gone astray. If the Romans were ruthless, it was in a true sense to an enemy, and certainly not merely a rival. They

remembered not trade routes and regulations, but the faces of sneering men; and hated the hateful soul of Carthage. And we owe them something if we never needed to cut down the groves of Venus exactly as men cut down the groves of Baal. We owe it partly to their harshness that our thoughts of our human past are not wholly harsh. If the passage from heathenry to Christianity was a bridge as well as a breach, we owe it to those who kept that heathenry human. If, after all these ages, we are in some sense at peace with paganism, and can think more kindly of our fathers, it is well to remember the things that were and the things that might have been. For this reason alone we can take lightly the load of antiquity and need not shudder at a nymph on a fountain or a cupid on a valentine. Laughter and sadness link us with things long past away and remembered without dishonour; and we can see not altogether without tenderness the twilight sinking around the Sabine farm and hear the household gods rejoice when Catullus comes home to Sirmio. Deleta est Carthago».

CHESTRTON ON PUNICA FIDES OF ARISTOCRACY DURING THE «GREAT PILLAGE» OF COMMON MEN

«SHORT HISTORY OF ENGLAND»:

The great temple of Chatham and Warren Hastings was reared in its origins on things as unstable as water and as fugitive as foam. It is only a fancy, of course, to connect the unstable element with something restless and even shifty in the lords of the sea. But there was certainly in the genesis, if not in the later generations of our mercantile aristocracy, a thing only too mercantile; something which had also been urged against a yet older example of that polity, something called Punica fides. The great Royalist Strafford, going disillusioned to death, had said, «Put not your trust in princes.» The great Royalist Bolingbroke may well be said to have retorted, «And least of all in merchant princes.»

...Unfortunately it could truly be said of the English gentleman, as of another gallant and gracious individual, that his honour stood rooted in dishonour. He was, indeed, somewhat in the position of such an aristocrat in a romance, whose splendour has the dark spot of a secret ind a sort of blackmail. There was, to begin with, an unomfortable paradox in the tale of his pedigree. Many heroes have claimed to be descended from the gods, from beings greater than themselves; but he himself was far more heroic than his ancestors. His glory did not come from the Crusades but from the Great Pillage. His fathers had not come over with William the Conqueror, but only assisted, in a somewhat shuffling manner, at the coming over of William of Orange. His own exploits were often really romantic, in the cities of the Indian sultans or the war of the wooden ships; it was the exploits of the far-off founders of h;s family that were painfully realistic. In this the great gentry were more in the position of Napoleonic marshals than pf Norman knights, but their position was worse; for Ihe marshal^ might be descended from peasants and shop¬ keepers; but the oligarchs were descended from usurers and thieves. That, for good Or evil, was the paradox of England; the typical aristocrat was the typical upstart. But the secret was worse; ifot only was such a family founded on stealing, but the family was stealing still. It is a grim truth that all through the eighteenth century, all through the. great Whig speeches about liberty, all through the great Tory speeches about patriotism, through the period of Wandewash and Plassy, through the period of Trafalgar and Waterloo, one process was steadily going on in the central senate of the nation. Parliament was passing bill after bill for the enclosure, by thg great landlords, of such of the common lands as had survived out of the great communal system of the Middle Ages. It is much more than a pun, it is the prime political irony of our history, that the Commons were destroying the commons. The very word «common,» as we have before noted, lost its great moral meaning, and became a mere topographical term for some remaining scrap of scrub or heath that was not worth stealing.

In the eighteenth century these last and lingering commons were connected only with stories about highwaymen, which still linger in our literature. The romance of them was a romanje of robbers»

CHESTERTON ON «HATRED OF THE HELL AND ALL ITS WORKS»

«EVERLASTING MAN»:

that is when two visions of the world meet; or in more modern language when two moral atmospheres meet. What is the one man's breath is the other man's poison; and it is vain to talk of giving a pestilence a place in the sun. And this is what we must understand, even at the expense of digression, if we would see what really happened in the Mediterranean; when right athwart the rising of the Republic on the Tiber, a thing overtopping and disdaining it, dark with all the riddles of Asia and trailing all the tribes and dependencies of imperialism, came Carthage riding on the sea.

«Men are moved in these things by something far higher and holier than policy; by hatred. When men hung on in the darkest days of the Great War, suffering either in their bodies or in their souls for those they loved, they were long past caring about details of diplomatic objects as motives for their refusal to surrender. Of myself and those I knew best I can answer for the vision that made surrender impossible. It was the vision of the German Emperor's face as he rode into Paris. This is not the sentiment which some of my idealistic friends describe as Love. I am quite content to call it hatred; the hatred of hell and all its works, and to agree that as they do not believe in hell they need not believe in hatred. But in the face of this prevalent prejudice, this long introduction has been unfortunately necessary, to ensure an understanding of what is meant by a religious war. There is a religious war when two worlds meet; that is when two visions of the world meet; or in more modern language when two moral atmospheres meet. What is the one man's breath is the other man's poison; and it is vain to talk of giving a pestilence a place in the sun. And this is what we must understand, even at the expense of digression, if we would see what really happened in the Mediterranean; when right athwart the rising of the Republic on the Tiber, a thing overtopping and disdaining it, dark with all the riddles of Asia and trailing all the tribes and dependencies of imperialism, came Carthage riding on the sea»

JESUS ON HATE TO EVIL
ON UNFORGIVABLE EVIL OF DEAD SPIRIT
ON SELECTIVE EMPATHY ONLY TO MEN WITH LIVING SPIRIT
John 7, 9:

«9I pray for them: I pray not for the world, but for them which thou hast given me; for they are thine».

Jesus refuses to pray for ALL MEN», only for virtuous men.

He refuses to forgive ALL MEN, only those with still living Spirit:

Matthew 12
31Wherefore I say unto you,
All manner of sin and blasphemy
shall be forgiven a unto men: but
the b blasphemy against the Holy
Ghost shall c not be forgiven unto
men.
32Andwhosoever speaketh a word
against the Son of man, it shall
beforgiven him: but whosoever
speaketh against the Holy Ghost, it
shall not be a forgiven him, neither
in this world, neither in the world
to come.
Jesus has never said TO FORGIVE ALL EVIL AND ALL EVIL MEN:
Matthew 6
6Give not that which is holy
unto the dogs, neither cast ye your
pearls before swine, lest they trample
themunder their feet, and turn
again and rend you.
Matthew 12
34 O, generation of vipers, how can
ye, being evil, speak good things?
for out of the abundance of the
heart the mouth speaketh.
35A good man out of the good
treasure of the heart bringeth forth
good things: and an evil man out
ofthe evil treasure bringeth forth
evil things.
JOHN 8:43–9:1
43 Why do ye not understand my
speech? even because ye cannot
hear my word.

44 Ye are of your father the a devil,
and the lusts of your father ye will
do. He was a murderer from the
beginning, and abode not in the
truth, because there is no truth in
him. When he speaketh a lie, he
speaketh of his own: for he is a liar,
and the father of it.
45 And because I tell you the truth,
ye believe me not.
Matthew 18
6 But who so shall offend one of
these little ones which believe in
me, it were better for him that
millstone were hanged about his
neck, and that he were drowned in
the depth of the sea.
7 Woe unto the world because
of offences! for it must needs be
that offences come; but woe to that
man by whom the offence cometh!
Matthew 18
10Take heed that ye despise not
one of these a little ones; for I say
unto you, That in heaven their angels do always behold the face of my Father which is in heaven.
15 Moreover if thy brother shall
a trespass against thee, go and tell
him his fault between thee and him
alone: if he shall hear thee, thou
hast gained thy brother.
16 But if he will not hear thee, then
take with thee one or two more,
that in the mouth of two or three
a witnesses every word may be established.

17And if he shall neglect to hear
them, tell it unto the a church: but
if he b neglect to hear the c church,
let him be unto thee as an heathen
man and a publican.
John 17
6 I have manifested thy name unto
the men which thou gavest me out
of the world: thine they were, and
thou gavest them me; and they have
kept thy word.
7Now they have known that all
things whatsoever thou hast a given
me are of thee.
8For I have given unto them the
a words which thou gavest me; and
they have received them, and have
known surely that I came out from
thee, and they have believed that
thou didst send me.
9I pray for them: I pray not for
the world, but for them which thou
hast given me; for they are thine.
10 And all mine are thine, and
thine are mine; and I am glorified
in them.
11And now I am no more in the
world, but these are in the world,
and I come to thee. Holy Father,
keep through thine own name those
whomthouhast given me, that they
maybe one, as we are.
12While I was with them in the
world, I kept them in thy name:
those that thou gavest me I have

kept, and none of them is lost,
butthe son of perdition; that the
scripture might be fulfilled.
13And now come I to thee; and
that they might have my joyful
filled in themselves.
14 I have given them thy word; and
the world hath hated them, because
they are not of the world, even as I
am not of the world.
15 I pray not that thou shouldest
take them out of the world, but
that thou shouldest keep them
from the evil.
16They are not of the a world, even
as I am not of the world.
17 Sanctify them through thy
truth: thy word is truth.
18 As thou hast sent me into the
world, even so have I also sent them
into the world.
19And for their sakes I sanctify
myself, that they also might be
sanctified through the truth»

««The phrase «kindness to the criminal is cruelty to the victim» is a common paraphrase of the Adam Smith quote,

«Mercy to the guilty is cruelty to the innocent,»

and suggests that leniency towards wrongdoers can lead to continued suffering for victims or society as a whole. It highlights the moral cost of misplaced compassion and argues that true justice requires holding offenders accountable to protect those who have been wronged. This concept underscores the need to balance compassion with responsibility, ensuring that mercy does not undermine the well-being of innocent individuals by failing to address the root causes of harm.

Key Aspects of the Idea

Accountability vs. Leniency: The quote argues that showing undue mercy to those who have committed a crime can be a form of injustice to victims, who may never see their suffering acknowledged or resolved.

Protection of the Innocent: By holding criminals accountable, society protects its innocent members from future harm and maintains faith in the justice system.

Moral Cost of Compassion: The statement implies that compassion, while a virtue, can become destructive when it shields wrongdoers from the consequences of their actions, thereby failing to defend the vulnerable»».

SPIRITUAL SWORD OF JESUS. SPIRITUAL SWORD OF SCIENTIFIC CONTROL. TO FINISH POWER OF CONSERVATIVES

They try new again their downpour of lie against me: This time in violence.

Let me to make clear What Kind of Fight with Evil Discovery of Psychic suggests!!

In book below (as well as in my every single book on Discovery of Psychic Energy) you can find CLEAR DEFINITION ON DISTINCTION BETWEEN

1. SPIRITUAL SWORD OF SCIENTIFIC CONTROL of Energy of Spirit

2. CHAOTIC PHYSICAL SLAUGHTER OF EACH OTHER BY physical control of material energy

It is stressed that Jesus has been blamed for surrender to Evil unjustly. That On the contrary, it was Jesus who was first not only to introduce SPIRITUAL SWORD, but also to successfully apply it in Church Militant!!

Unfortunately, Language of Parables is insufficient for Scientific control. This is why Church Militant went corrupt as everybody knows.

This train of thought is persistent in each of my volumes on Discovery.

Discovery of Psychic Energy The First Time in History Gives Full Mature Scientific Control as Precise Formulas of Two Fields of Forces of Psychic Energy

Discovery of Psychic Energy gives Precise Formulas of three systems of material energy:

1. As Milgram Ego of Common Sane Men with Living Thought, Conscience and Friendliness. «Sinners» Jesus came to.

2. As Hubris Ego of Immature Intellect, deduction lacking induction and facts of reality, formal logic as Ego-protection of material energy and physical control. This is system with Broken Cyclic Homeostasis of physical control, and Broken Scientific control through fictitious intellect of Ego-protection. Overt

psychosis and loss of capacity of orientation in the outer world (schizophrenia).

3. As Satan Ego of Functioning Cyclic Homeostasis of Physical Control and Dead Energy of Spirit: Dead Thought, Dead Conscience, Dead Friendliness.

Fight with Spiritual Sword

1. Spiritual Sword of Scietific Control suggests System of Education on Laws on Psychic Energy to prevent Growth and Maturation of Dead Material Energy as Cancer of Sane Energy of Spirit.

2. Spiritual Sword of Scientific Control suggests International institution of Natural Law as Laws of antagonism between two Fields of Psychic Energy: Fields of Intellect of Energy of Spirit and Field of Ego-system of material energy

3. AND. DISCOVERY OF PSYCHIC ENERGY IS WARNING ON DEAD AND STILL WELL FUNCTIONING ENERGY OF SATAN EGO, eating living people of Sane Energy of Spirit through Fraud and Treachery!!

4. To Mature Amorphous Serpents It suggests to apply Boycott, Social, Political — universal Boycott. Quitting of any connections. And instead: wemust keep EXPOSING THEIR DEAD CONSCIENCE TO PEOPLE OF THE WORLD!!

LIGHT OF TRUTH ON TREACHEROUS HEADS OF MEN OF DARKNESS!! SHAME TO THE MEN WHO DESERVES SHAME!! NO ANY HOPE FOR THEM FOR EXERCISING FRAUD AND TREACHERY, making low men great in eyes of common people.

And this is job of International Institution of Natural Law. Altogether with control of national systems of Law On correspondence with Universal Natural Law.

This is How Spiritual Sword of Scietific Control works!!

Don't believe to anyone who will say that he knows what Discovery is about, has he not mentioned Danger to Humankind from Treacherous Dead Energy of Amorphous Serpents!!

Thus, why men of Satan Ego are so gravely concerned with Discovery of Psychic Energy?? Because it is Spiritual Sword of Scientific Control which The First Time in History affords

to remove Evil with all effectiveness!! Through exposure of MECHANISMS OF CYCLIC HOMEOSTASIS OF DEAD TREACHEROUS AMORPHOUS SERPENTS!! To warn people means to armor them!!

And as essential blow on Satan Ego — System of Education on Laws of Psychic energy to prevent emergence of Satan Ego, to provide conditions for growth of Energy of Spirit.

And International institution of Natural Law as guarantee from States corruption.

OMNIPOTENT WEAPON OF SCIENTIFIC CONTROL IN WAR WITH CONSERVATIVES! HONEST SCIENTIFIC CONTRAVERSY!!

I have many times mentioned in my volumes on Discovery following Genius Books on devastating influence on science and culture exerted by destruction of Metaphysics of Intellect (Rational Philosophy as opposition to empiricism).

1) All philosophical volumes of Chesterton (his Apologetics, What is wrong with the world)

[1] https://ridero.ru/link/Kw70bifpSXaQ9FpJmNL4d

[2] https://ridero.ru/link/a6b58MFW0DoClahtF0D1G

2) «Betrayal of Intellectuals» by Julien Benda

3) «Decay and restoration of Civilization» by A. Schweitzer

4) «Rebel» by A. Camus

5) «Undoing of Thought» by A. Finkelkraut

What is pivotal idea of all these books? It is on Suicide of Thought produced by destruction of Rationalistic Philosophy of Metaphysics of Intellect.

WHEN THERE IS ONE FIRM TRUTH FOR EVERYONE — Scientific control is Omnipotent Weapon, easily vanquishing any Evil, mighty warrior of God on guard of Sanity and Goodness.

One Truth for Everyone is Laws of Nature of Universe. Rationalistic philosophy from times of Plato and Socrates, Descartes and Leibnitz, Spinoza and Einstein kept asserting that Intellect and Matter are two various substances. And that it is Laws of Intellect in foundation of the World which drives our Universe. Universe has One Truth and that Truth is Laws of Nature, established by Maker as Intellectual framework of Universe.

Chesterton Warning to the World remains still underestimated. It was this ONE COMMON TRUTH of Laws of Nature as Grave Concern of all his philosophical writings. Don't make Light from Philosophy, he says!! It is not something outlandish and unpractical, he says!! It is philosophy which lie in the Core of all success of Sane Men on this World, he says!! And it is Rationalistic philosophy of Laws of Nature as ONE COMMON TRUTH FOR ALL thinking creatures: the humankind, he says!!

Observe following Considerations yourself:

If There is ONE COMMEN TRUTH as Laws of Nature, you can PROVE THROUGH SCIENCE who is right and who is wrong. It was gravest mistake of Bertrand Russell to doubt Rationalistic Philosophy of Plato and Descartes and to deny Laws of Nature as ONE COMMON TRUTH for everyone. This is why his legitimate conclusion happened to be that only War and Intrigues of Politicians (despised by him so much!) can solve Controversy on Ethics!

And this point Chesterton and Russell have been sworn enemies: For Chesterton justly warned the world that Sceptics

are destroying Sanity and Power of Human Mind (Energy of Spirit):

B. Russell, «Autobiography»:

«I adopted as my guiding thought the principle that ethics is derived from passions and that there is no valid method of travelling from passion to what ought to be done. I adopted David Hume's maxim that «Reason is, and ought only to be, the slave of the passions'. I am not satisfied with this, but it is the best that I can do. … These are truly ethical problems, but I do not know of any way in which they can be solved except by politics or war».

G. K. Chesterton, «What is wrong with the world?»:

«It must be remembered that the modern world has done deep treason to the eternal intellect by believing in the swing of the pendulum. A man must be dead before he swings. It has substituted an idea of fatalistic alternation for the mediaeval freedom of the soul seeking truth. All modern thinkers are reactionaries; for their thought is always a reaction from what went before. When you meet a modern man he is always coming from a place, not going to it. Thus, mankind has in nearly all places and periods seen that there is a soul and a body as plainly as that there is a sun and moon. … …We may repeat here that these pages propose mainly to show one thing: that progress ought to be based on principle, while our modern progress is mostly based on precedent. We go, not by what may be affirmed in theory, but by what has been already admitted in practice»

Bertrand Russell and G. K. Chesterton as famous opponents have had many public debates. And it was daughter of Bertrand Russell who proved in her Confessions «My Father Bertrand Russell» that Chesterton was right when stressing the fact that Skepticism as denial of One Truth of Laws of Nature is devastating for Human Mind:

Katherine Tait, «My Father Bertrand Russell»:

«My father's scientific optimism was strong and he hoped that we would share it, together with his dispassionate ability to see

both sides of question. But these things are not easy to combine: fair-mindedness puzzled our wills and muddled our hopes, and left us unable to strike out boldly against any enemy, public or private. For it was always possible the enemy was right. My father dealt with this problem by a sort of intellectual conjuring trick: when he wanted to be indignant over evil, he temporarily put away objectivity in some other compartment of his mind. We never managed to learn the trick, and I think he was a little disappointed by our hesitations, not realizing that he has taught them to us himself. …In the last volume of his Autobiography my father wrote: «We feel that the man who brings widespread happiness at the expense of misery to himself is a better man than the man who brings unhappiness to others and happiness to himself. I do not know any rational ground for this view, or perhaps, for the somewhat more rational view that whatever the majority desires is preferable to what the minority desires. These are truly ethical problems, but I do not know of any way in which they can be solved except by politics or war».

Human Thought is only the Key to the Lock of the Door. But the Key without the Lock of Door is Useless. We need the Laws of Nature to apply the works of our Consciousness. Sceptics, when denying Laws of Nature, work havoc for Sanity and Power of Mind. For Chesterton was in the right, asserting that Laws of Nature as One Common Truth of Humankind are the only grounds of sanity for living thought.

Besides it is Omnipotent Power in War with Evil of Amorphous Serpents!!

You need only Direct Honest Controversy to Validate Laws of Nature of Psychic Energy to Defeat them entirely!! For IF DISCOVERY gives ONE COMMON TRUTH on laws of mind, and those Laws indicates Hate to Truth, Meanness, Treachery and incapacity to Friendliness as Dead Material Energy — than people who demonstrate openly such behavior and defend it as Values and Strategy of Political Party — are already vanquished!!

It is only Metaphysics of Intellect as Laws of Nature of One Common Truth which affords us to replace field of battle from physical destruction to DIRECT HONEST CONTRAVERSY!!

MAKE AMORPHOUS SERPENTS TO Admit Honest Controversy and they are Defeated!

This is the Omnipotent Strength of Scientific Control of Energy of Spirit!

But remember warning of Chesterton: To preserve the miracle of Omnipotent Weapon of Scientific Control — you need philosophy of Metaphysics of Intellect as One Truth of Laws of Nature. And it has been magnificently validated and demonstrated in physics: It is One Truth of Laws of Nature which moves nowadays great powers of technology. All of them, major part of physicians (Maxwell, Faraday, Tesla, Einstein, Newton, Leibnitz, Descartes, and so on) were metaphysics.

Surrender to Skepticism and Empiricism will mean Destruction of Scientific Control and Prosperity of Amorphous Serpents on Trickery and Fraud and Hate to the Truth. The situation we have today.

UNIVERSITIES UNDER GOVERNMENT OF CONSERVATIVES ARE YOU AWARE THAT DISCOVERY DEMONSTRATES THAT CONSERVATIVES ARE SHAME OF SATAN EGO OF MATERIAL ENERGY?

I would like to ask those Thieves, striving right in the eyes of the whole world, to take credit for Discovery of Psychic Energy: Princeton, Harvard, Oxford and other Universities.

The central Subject of Discovery is Discovery of Amorphous Serpent of dead material energy: Satan Ego of Stable Superior Ego-protection of Cyclic Homeostasis of physical control of material energy.

Of course, there are many other subjects: I have described Milgram Ego and Hubris Ego, and, of course, Energy of Spirit as basic Divine Energy of Intellect of all Humankind. And all this accurately giving their deserved credit for their contribution in Discovery to predecessors -authors, giving their full citations on the subject. For example in order to stress contribution of Milgram's Experiments I called Inferior Ego-protection as Milgram Ego.

But Sanity and Prosperity of Energy of Spirit is devastated by Satan Ego, or, in other words, by Amorphous Serpents! Milgram Ego is unconscious and harmless without command of Satan Ego. Hubris Ego of immature Intellect is psychosis and death. But Satan Ego is prosperous Evil, well functioning physical control of dead material energy. And it is Satan Ego which kills everything healthy, beautiful, wonderful under sun of God. It is Satan Ego in Politics as Silly rivalry for Power and Money, for it is attribute of physical control: search for amount of pressure regardless to ethics and any other human values. For material energy is dead and inhumane.

Thus, to provide Sanity and Life of Humane, Living, Intelligent Energy of Spirit we had to Discover mechanism of operation of Satan Ego (Amorphous Serpent). And we did Discover it!

Below I will briefly remind to the World the main formulas of Discovery.

Now, I am asking Universities striving to assign credit of Discovery to themselves: are you ready to introduce yourselves as Authors of Discovery of Amorphous Serpents as basic Evil, which had devastated our civilization?? Are you??

Or the goal of your Theft is to hide this central subject matter of Discovery from the world?? To sidetrack attention to many other interesting points of Discovery??

And in case you are ready to introduce Amorphous Serpents of Satan Ego as Central Theme of Discovery — are you ready to undergo this analysis yourself and to confirm that your behavior perfectly falls within the definition of Dead Thought, Dead Conscience and Dead Friendliness of Amorphous Serpents??

Stealing Discovery from martyred in wheelchair Author under shelter of Pedophiles when you had another alternative: Honest Direct Controversy and Mutual Introduction of Discovery to the World.

Stanley Milgram conceded in his report on Experiments on Obedience to Authority» that despite of the fact he clearly saw that operation of some mechanism of mind had been exhibited in his experiments, he failed to identify what mechanism it was. Indeed, that was insoluble task in conditions of false scientific paradigm as Darwinism. Only in terms of Energetics of Scientific Revolution Energetics the question becomes approachable, as Discovery of Psychic Energy approved. For the thing found in operation as Obedience to Authority in Experiments was Inferior Ego-protection of Cyclic Homeostasis of physical control of material energy of mind (psyche).

Whatever their response, it doesn't matter now. I aim to attract attention of sane, honest people: Try them on question I identified here, their attitude to central theme of Discovery, on Satan Ego, when they finished with me.

HOW FORMULAS OF DISCOVERY EASILY VALIDATE SHAME OF CONSERVATIVES AS AMORPHOUS SERPENTS

To Introduce Discovery to the World means to Introduce to the World Death of Conservatives and their mean Values, they shamelessly and avowedly propagate. You need only to open books of R. Greene «48 laws of Power», «Art of Seduction», or Stanly Bing's book on «What would Machiavelli do», or Putin's adherents books «Origin of Sovereignty» or «Revolution of Conservatives». And especially articles of Conservatives and their statements in pressa and on TV, on Facebook and Twitter.

This is Values of Physical Control of Material Energy as it is proved in Discovery of Psychic Energy.

Now, all of them not merely dare to avowedly declare bottomless cynicism of values of shamelessness, meanness, fraud, treachery, «eating people in jungle of vultures and sheep», they Boast those values as key to «power». And false science of Darwinian paradigm entirely justifies them.

With Introduction of Discovery all those people of physical control of material energy are exposed as grave mental disorder.

Insofar as Discovery really exists, if all those Universities breaking their necks to take my Discovery from me really concede that I have found Laws of Nature, describing two Fields of Forces of mind, — then Satan Ego as Stable Superior Ego-protection of Cyclic Homeostasis of Physical Control of Material Energy is not merely Shame, it is Blasphemy against everything Sane and Beautiful in our World. Against God, if you prefer.

And those people, who aim with my Death to take my Discovery from me, are committing grave mistake. For they by no means can manage to escape central subject of Discovery: Satan – Ego of Amorphous Serpents. It is integral part of Formulas of energies of psyche, described in Discovery. To ignore the central subject of Discovery as Evil of Satan Ego devouring healthy Energy of Spirit of Sane Men — is putting your signature that Discovery was stolen from the Author in order to hide the SHAME of EXPOSED SICKNESS OF CONSERVATIVES as Satan Ego in Discovery.

Mechanism of Cyclic Homeostasis of physical control of material energy of Satan Ego has been many times explained in details in multiple volumes on Discovery of Psychic Energy. Inferior Ego-protection of Milgram Ego and Superior Ego-protection of Satan Ego — are parts of one single mechanism of Cyclic homeostasis of Material Energy. Milgram Ego of common men is harmless unless it is actuated by «commands of „magic“ authority» as Milgram had proved in his experiments. But Satan Ego is conscious Evil, always active in search for victims in «jungle

of vultures and sheep» of their Superior Ego-protection. It is apparent that Discovery not only exposes SHAME of Satan Ego, but also, through educating common men on their unconscious disease of Milgram Ego, it deprives them of power to subject to their wicked commands common men. For knowledge on mechanisms of Field of Ego-system of material energy disables that mechanism through Law of conservation of force. This mechanism on «removal of Ego-protection» also many times is described in volumes on Discovery of Psychic Energy.

So, how are you going to preserve Energy of Spirit of Geniuses, Milgram Ego of savages, women and common men, Hubris Ego of artists and schizophrenia, and to dispense with Satan Ego of Amorphous Serpents of Conservatives??

You cannot!!

SEVENTH PUBLICATION ON CONSPIRACY BETWEEN JIM CARREY AND HIS GOOD FRIENDS WITH TRUMP -PUTIN SECRET SERVICES

My Open Letter to Jim Carrey, Robert de Niro and theirs Good Friends.

Sent to Media and Universities.

Dear Media and Universities!!

This is my Open Letter to Jim Carrey and Robert de Niro, heroes, fighting Evil of Conservatives, who threaten to destroy the civilization of Freedom and Science into Barbarism and Disgrace!

Let me to begin with expression of my admiration and gratitude to the Genius, Divine and Manly Voice of really Great America!!

In circumstances when every single life of citizens is threatened by mad Conservatives, when downpours of dirt are falling on heads of honest people, trying to resist the Evil, America's real Voice of Conscience, Freedom, Honor, Valor was not broken!! Heroes fearlessly rose up against the Alligators Monsters, allies, Putin and Trump Conservatives.

[1] https://ridero.ru/link/p-84U-31mjZIEnpr-_3bk

Let me to quote here the viral award speech of Jim Carrey, which, to my opinion, deserves to be put in one row with divine sermons of fathers of the Church:

«Hatred of immigrants, contempt for the truth, greed and abuse of power. We are fighting those same evils today. In America, in the United Kingdom, across the globe. And we need to be clear. Shamelessness is not and never will be a superpower. It is the mark of a villain. Kidnapping children is not what great nations do. Almost half of America at this moment believes there is a sinister deep state diabolically plotting to what? Give them Healthcare? What is the sinister plan here? Sure I can afford a miracle drug for restless leg syndrome. I should take the pills I guess. We in America are misinformed. Reality shows have warped our idea of what a hero is. Or what the truth is. So tonight I would like to dedicate this award to those who reminded us about our virtues. Who reminds us of the truth. To Sir Charlie Chaplin, who battled maccartism into exile, to Christopher Steele, who tried to pull a thorne out of the paw of an ungrateful beast. To Christine Blasey Ford, To Colin Kaepernik.

And to one of my friends, my good friends, and really greatest artists of our time, Robert de Niro whose life was threatened also this week, along with many other incredibly decent people! Who brings joy to the world! Who have been dedicated to it for years, for decades! How dare they besmirch those people? How dare they? We can do better than this. I know this wasn't funny. But it's not very funny right now. And I want it to be, and I will be again. But God damn it! Let's get the balance back, OK? Let's get the balance back»

Church of Friendliness has been established by Jesus! Ernest Renan says in «Life of Jesus» :

E. Renan, «Life of Jesus»:

«In the same way, were Jesus to return amongst us, he would recognise as his disciples, not those who imagine they can compress him into a few catechismal phrases, but those who labour to carry on his work. Of all degrees of grandeur the eternal glory consists in having laid the first stone».

Eternal Glory to the Genius of Jesus! And now we have to carry on the task he ordered us to fulfill! To build up a Church of Friendliness with those who deserve the name of Jesus' disciple! Discovery of psychic Energy deals with this task, inherited from Christ: it indicates how to protect through education Energy of Spirit from putrefaction in material energy of Satan Ego. For the only cause which prevents men from natural Friendliness is «diabolical plotting» of Satan Ego, as Jim Carrey has perfectly stated it. Sane Men like the great talents of Jim Carrey and Robert de Niro, who had resisted tyranny of conservatives with unflinching valor, are always Good Friends of energy of spirit. And where two men assembled in my name, says Jesus, Church is established. Vivat to Chesterton's Manly Church of Friendliness, established in really Great America by Really Genius and Honest Men! Fearless warriors with Evil!!

For my part, I would like to mention that for me those words of Living Truth, Conscience and Friendliness appeared somewhat as a shock. Yes, shock, because after long years of persistent downpours of dirt and violence in response on my conscientious scientific labor, now I couldn't believe my own ears! I always knew that it is Divine Soul of Energy of Spirit which animates any human being! I missed the Voice of that Divine Soul, I missed Living Thought, Living Conscience, Living Friendliness of Sane Men so much! But I lost all hopes to hear the Voice in this life! I prepared myself to find God's Divine Souls in the Immortal Church of Friendliness after my death.

Thank you so much to not let my conviction in Divine Soul of Sane Men down! Thank you so much!

I don't think they will allow me to stay alive for a long time. If even such great geniuses of our time as Robert de Niro are being regularly threatened, what hope can entertain us, mere mortals!

I am only asking you to not forget to accomplish the task bequeathed us by Jesus: Establish Church of Friendliness as International Institution of Natural Law, Demonstrate there that Laws of Nature exposes Conservatives as Dead Thought,, Dead

Conscience, Dead Friendliness of material energy! And get rid of pedophiles and murderers!

Laws of Nature is One Common Truth — and this oneness of Truth is the great power of Scientific Control of Energy of Spirit! But those Laws teach us that nothing could be so far removed from each other as Order and properties of Energy of Spirit from Order and Properties of dead material energy!

Yes, we are not the same!

Discovery as the End of Conservatives.

Since my publication with my requirement to give Prince Harry words of Father Brawn on necessity speaking truth, my news line is crammed with news on Reconciliation of Prince Harry with his Fathers Monarchy.

Another news gives his «reply» to Father Braun:

«The Duke of Sussex maintains he shared truth «the best way possible».

Then, question arises: What kind of truth shared with the World Prince Harry?

Was this Truth on Murder of his Mother?

He said clearly that no accident was possible in that tunnel she died.

Was this Truth on Murder of his Mother by Monarchy of Windsors?

He said clearly and repeated that he feels himself Prince Hamlet.

Or maybe Prince Harry still persists that it was Murder, but performed by «Paps», not by Monarchy of Windsors.

And again he clearly and repeatedly reported on «Palace» and «Office of his Father» deliberately selling all of them to pressa.

So, what was that kind of «Truth» if his next logical steps are «Reconciliation with the King», so broadly advertising in pressa??

I see only one possible conclusion: he really gave us truth «the best way possible».

For if he was really giving truth, he would care to explain us, who are those people in his memoirs, accused in murder of his mother? If he clearly demonstrated that it was his Father vilifying all of them in pressa?

//

Please, don't get me wrong.

I don't reproach pressa.

Everyone is threatened, i know.

I am extremely grateful and thankful to all who tried to help!!

But I am at the end of my tether.

They left me without assistants

My today's temperature is 38,6

My sister's sanity, after 11 years of threats and bullying is questioned. I see nothing of her. She remains under constant pressure of Putin's secret services

Now my mother, who have been saving my life last three years, is scared to death

And this permanent threat with madhouse is really driving me mad. This is insufferable!!

I am sorry, but to take in poison seems the only way out.

Thank you.

On «buying and controlling Media platforms»:

This is unavoidable if you allow Rule of Money. Money is stupid physical control. Ask Chesterton. We need Rule of Natural Law. We need Scientific Revolution Energetics.

//

Certainly! Honest Direct Controversy!

And concerning one truth of laws of nature — Discovery suggests it not to Congress. Discovery suggests it to Science and to International institution of Natural Law.

And only as a result of Honest Controversy throughout the world.

Like in physics or in chemistry, where as Russell says definition of matter may be stated as «that which satisfies equations of physics».

Then, definition of Spirit may be stated as «that which satisfies equations of Theory of psychic energy». When it is checked and demonstrated.

Schlesinger on Republic of America as Natural Universal Law of Roman Republic and City of God by Augustine.

Arthur Schlerzinger, «Cycles of American History»:

«Antiquity haunted the federal imagination. Robert Frost's poem about «the glory of a next Augustan age... A golden age of poetry and power» would have been more widely understood at George Washington's inauguration than at John Kennedy's. The Founding Fathers had embarked on a singular adventure — the adventure of a republic. For landmarks on a perilous voyage they peered across the gulf of centuries to Greece and especially to Rome, which they saw as the noblest achievement of free men aspiring to govern themselves. «The Roman Republic», Alexander Hamilton wrote in The Federalist, «attained to the utmost height

of the human greatness». In this conviction the first generation of the American republic called the upper chamber of its legislature the Senate, signed its greatest political treatise «Publius», sculpted its heroes in togas, named new communities Rome and Athens, Utica and Ithaka and Syracuse, organized the society of the Cincinnati, and assigned Latin texts to the young. There was plausibility in the parallel. Alfred North Whitehead later said that the two occasions in history «when the people in power did what needed to be done about as well as you can imagine its being possible» were the age of Augustus and the framing of the American Constitution. There was also warning. For the grandour that was Rome had come to an inglorious end. Could the United States of America hope to do better? The Founding Fathers saw the American republic not as a divine consecration but as the test against history of a hypothesis. Yet the very faith in experiment implied the rejection of the classical republican dogma that time guaranteed decay. «The men who made the Constitution,» wrote Henry Adams, «intended to make by its means an issue with antiquity.» They dismissed republican forebodings as mere speculation. In his Farewell Address, Washington countered the Machiavellian moment by arguing that, when there was a doubt, «Let experience solve it. To listen to speculations in such a case is criminal. It is well worth a full and fair experiment». So experiment was the way of escape from classical republican doom.

For Christians this idea had its locus classicus in Augustine's great attempt to solve the problem of the decline and fall of Rome — than more than any other transfixed the serious historical minds of the west for thirteen centuries after the appearance of the City of the God.

This obsession with classical catastrophe provided a link between Americans who read Christian fathers and Americans who read Polybius, Plutarch, Cicero, Sallust, Tacitus. Still, for the fathers of the republic as for the fathers of the Church, the history of Rome, in the words of Jaroslav Pelican, remained «the textbook to which to turn for instruction about the course

of human affairs, the development of freedom and the fate of despotism»

I am sending letters to companies involved in scandal regularly! Maybe those pressa was the only people of whome they were ashamed in their theft of Discovery

They counted to call them names «cowards» and all, and counted i will side with their stupid plot. I HONOR GENIUS AND MANLY PRESSA!!

Besides Disney company is mentioned in Discovery among «visionary companies» as pattern of most healthy organizations with scientific control, at least as they are presented in Built to Last., by Porras and Collins of Stanford on time of research.

Dear Madmen, you will STEALL MY DISCOVERY OF COURSE

BUT NEVER NEVER NEVER NEVER EVER DOUBT THAT FACT THAT EVERY SINGLE PERSON OF THE EARTH WILL KNOW WHO IS REAL AUTHOR AND WHO ARE THE THIEVES!

LIVE LONG!!

//

«People, who call persons vicious, and refuse to Say Names of the Persons — such people are signing publicly they are eating Honest people. Signing publicly that those Persons are Honest victims of Blackguards.

People, who lament being attacked, who lament they have victims of that attack, — when those people cannot Say Names of Victims and of Aggressor — are aggressors, eating Honest people. They are Aggressors, publicly signing confession to a crime.

They are not actually people. They are Fraudulent Satans and Dead Conscience of Amorphous Serpents»

Today my temperature reaches 40°.

Tomorrow I will report to Pressa on «diabolic plotting» against Discovery by that «SCANDAL»!!

SHAME!!

//

YES, JIM CARREY AND ROBERT DE NIRO, YES, JIMMY KIMMEL AND STEPHEN COLBERT, YES BARAK OBAMA

ALL OF YOU COLLABORATED WITH TRUMP'S SECRET SERVICES TO HELP THEM TO TAKE MY DISCOVERY FROM ME

AND, YES, MY BLOOD IS ON YOUR HANDS!!!

All these appeared after «diabolic plotting» with Trump's Secret Services. Do you believe that DREAM OF ROBERT DE NIRO IS TO EXCHANGE TRUMP AND HIS WIFE ON THE THRONE?? CAN YOU IMAGINE THIS FOR A MOMENT??

And this appeared after my letter to pressa. And i realised that they are acting against me in Conspiracy.

I assert that ALL THESE MEN COLLABORATED WITH TRUMP TO TAKE MY DISCOVERY FROM ME!!

//

BE SURE, GREAT CONSPIRACY WITH TRUMP, YOU WONT FEAST ON MY CONFLICT WITH MEDIA!! (as coach Stanley Bing instructed satans).

I NEVER SIDED WITH YOU IN THIS STUPIDITY!

I WILL WRITE THEM TOMORROW AGAIN TO EXPLAIN YOUR DIABOLUC PLOTTING AGAINST DISCOVERY!!

AND MY CONGRATULATIONS TO JIM CARREY!!

HE IS REALLY GREAT ACTER! A Mere Celebrity.

//

Dear Media and Universities!

All of you have been witnessing What «Scandal» in Pressa took place after my last message to you: My Open Letter to Jim Carrey and His Good Friends! Immediately «Scandal» with Jimmy Kimmel

and Disney thundered a vehement storm in pressa!
Alas, that «Scandal» being the result of Conspiracy between Jim Carrey, Jimmey Kimmel and others involved, testified that exact contrary on «Heroism» of Jim Carrey and his Good Friends. Woefully enough, all of them are merely part of Plan on Theft of Discovery from me, and on Theft of Truth on Discovery from You. For is it really what you desire: «in national interests» to deprive yourself on truth on bitter martyrdom Discovery was born in?
My last letter to Pressa was on 15 September 2025. Today is 21 September 2025. I added all the posts I have made on Facebook since that time. And this short period in six days has been a period of «Scandal» in Pressa as you know, — «Scandal» which in reality appeared merely a collaboration of both sides in Putin — Trump Conspiracy. Please find attached files with pictures spreaded in political groups on Facebook after outburst of a «Scandal»: on «COWARDS» Media and Disney (one of the visionary companies, mentioned in Discovery) on BOYCOTT of Media, on INSANITY of my address to Jim Carrey and his Good Friends, on DREAM of Robert de Niro, on Millionaire Jesus and so on. All this according to obsession of madmen Putin-Trump Conspiracy to «besmirch and defame» Author of Discovery and Discovery itself. You cannot preserve Discovery in such Satanic Falsehood and such Satanic Mortifying of its Author!! What can know on Discovery people who act this way with its Author?? If you need Discovery, if you understand the cosmic importance for our globe to preserve Discovery — than help me to introduce it to you!!
Genius, Divine, Manly World Pressa!! Please, don't allow COWARDS from Putin-Trump Secret Services to feast on conflict of SANE MEN!!
I am scared to death with my temperature in 40 grades for they can take me in their hospital and then lock out in madhouse!! Please, save Author of Great Discovery, martyred for 11 years in blood and disgrace in wheelchair from Lobotomy in Putin-Trumps madhouse!! For you no one will be able to avail

themselves with Discovery with smell of carrion of COWARDS eating Honest Men!!

They know the significance of the Discovery: THERE IS NO COMPARISON. NONE. STOP IT. TOO BIG DISCOVERY! They keep warning each other!

Please, don't fail to surrender to morons in comprehension of importance of situation. Don't allow them to deprive you of Great Tool in hands of Democracy in deadly war with Insanity of Satans!!

PUBLICATION EIGHT. ON DECISIVE CRISIS OF AMERICAN REPUBLIC

September,23,2025,Facebook, (https://www.facebook.com/tesla.thinikashvili[1]),

Tesla Leila Khugaeva Thinikashvili

//

America's old Republic has reached its irreversible point of no return, like in Rome of Sulla and Ceasar.

Schlesinger on Roman Republic as pattern for Founding Fathers. And on America as Experiment to build Roman Republic

Do you remember History of Rome? Do you remember how and why Ceasar was forced to declare himself Dictator? How and why Sulla was forced to declare themselves dictators??

Both still noble great true citizens of free republic??

And yet both clearly understood that the only way to save Rome in present circumstances was to declare it Empire under rule of dictator.

Why? Because, as Gibbon says, Rome stopped being Rome of romans. Millions ans millions of multicultural people, destitute of any respect for freedom and Republic, now inundated Rome. And Freddom of old Rome was build by Greek-Roman culture of Reason and Roman noble religion of Stoics

Why all ancient Republics did fall? Kept asking Founding Fathers, says Schlerzinger. How to escape the general destiny of all antique Republics? How to preserve Republic of America?

[1] https://ridero.ru/link/p-84U-31mjZIEnpr-_3bk

Ancient Republics was small, it was city-states, in Greece and it was city- state of Rome. It was as well small city- states of Israeli people, governed as well by rule of law.

Antiquity is time of first glimpse of Intellect. Small nations received Revelations — Greece, Rome, Israeli. And managed to built first patterns of first primitive Republics of Rule of Law. Still far removed from mature reason and nature rule of Scientific control, but already Rule of Law, already conscientious strife to remove Physical control of tyrants.

Roman Republic with its great Roman Natural Law has made most outstanding success in that direction. And yet it failed to secure Rule of Law of Republic being overwhelmed by cultures of strangers, destitute of their Revelation on Reason, Rule of Law and Freedom.

Chaos came altogether with millions of strangers and Rule of Law of Republic was doomed.

This is why ALL ANTIQUE CITY-STATES WERE DOOMED TO DISAPPEAR.

SCIENTIFIC CONTROL WAS IMMATURE.

They could feel and realise it by intuition in their own society, but not in culture of strangers, addicted to physical control.

This what is going on with Republic of modern America.

It's old Democracy was a sort of Revelation of Founding Fathers. And for few hundreds years that Revelation, based on Natural Law of Roman Republic, on Antique civilization worked to produce free nation.

But now when False science of Darwinian paradigm has killed every stone in foundation of America as ancient Republic of Natural Law, when general collapse of Scientific Control in the world ruined all the constructive forces of Sane humanity,

America experiences exactly period of crisis Republic of Rome in time from Sulla to Ceasar, from which Rome emerged as Empire to be soon completely ruined under barbarian attack.

It is your your choice on your modern crossroads America:

You can emerge from this Republuc crisis as American Empire with Putin-Trump leadership and complete loss of Democracy

And you can do something new, which Rome Republuc could not afford: you can adopt Scientific Control with Discovery!!

And secure American Republic forever with Mature Scientific Control!!

It is only this Discovery which secures modern Republucs from the mutual destiny of antique Republucs to be ruined under barbaric physical control.

Because now, with Discovery, Scientific control is mature, and tgerfore secure.

It is not immigrants who have been to blame in Rome. Nor they are to be blamed in America. For globalisation of civilised world is most Natural process.

It is immaturity of Scientific control which ruined antiquity.

I aim to say you, that the Crisis Republic has reached with victory of Trump's Conservatives is not temporary crisis.

It is the end of old American Republic, as well as crisis of Sullas Rome was the end of old Riman Republic

Rome emerged from crisis as Empire.

Don't deceive yourself America on meaning of challenge you are experiencing:

It is choice between Empire of Trump's lawlessness and New World Order (Wells) of International institution of Natural Law as mature Scientific control.

And you cannot arrive to correct decision through compromises with Evil of Putin-Trumps Secret Services.

This crossroads: either Good and Hinesty of Free Republic or Egoism of Dishonesty of Putin-Trump Empire!!

//

I stand with Disney!!

Jimmy Kimmel collaborates with Putin-Trumps Secret Services!!

Disney is one of the Visionary Companies of Porras and Collins research of Stanford University! And these are most healthy and most brilliant institutions of our world, whose billions are well earned and often spent on charity and other social expenses.

And whether really there is institutions which «Brings Joy to this World» — it was Disney bringing Joy for children of entire world during many decades now!! And even all of us, children of Russia, loved Disney!

How is this probable that all this must be forgotten and dumped as garbage just because of vague case with some host?

//

Disney brilliantly on Reason versus Emotions (more accurately as Karen Horney termd it — True Self versus False Ego)

//

I TOLD YOU SO!

GREAT WIN OF FREE SPEACH!! Naught is back on his Naught Show. He has said ABSOLUTELY NOTHING against Criminal regime in America, ABSOLUTELY NOTHING!! And 400 celebrities with Robert de Niro celebrate his return as VICTORY OF DEMOCRACY

I TOLD YOU THIS WAS FORGERY SCANDAL with only humble goal:

To SILENCE FREE SPEACH, TO TAKE DISCOVERY from it's Author, from me, dying martyr!! And the DAY I EXPOSED CONSPIRASY OF «SCANDALS heroes» with Putin-Trump Secret Services- Scandal IS OVER!!

NO THIS IS NOT WIN OF FREE SPEACH AND DEMOCRACY!!

THIS THE END OF BOTH!!

THIS IS SHAME!!

THIS IS MURDER NOT ONLY OF Author of Discovery, this is murder of Discovery itself.

You think you can kill the author and then avail yourself with his Discovery??

Hahahahahaha.

Try, go ahead and try.

All this bottomless shame in assassination of Author of Discovery will be exposed many times. Never Doubt the fact.

//

«Do you need this Shirt?» asks DREAMs of Robert de Niro.

I DONT NEED NOR DREAMS OF DE NIRO, NOR DREAMS OF HIS SHAMELESS FRINDS, NOR 400 SHAMELESS CELEBRITIES, intending to celebrate their laughable Vainglory with Putin -Trump Secret Services in Windsor Castle!!

What a Disgrace!! What a Disgust!! What a Shame!!

For what could be more shameless than Speech of Jim Carrey delivered on Shamelessness with only goal: To hide hideous conscienceless theft under mask of Conscientious indignation!!

Drink my Blood, Jim Carrey! Drink Blood of Genius, dying in incredible martyrdom, you, Morons!!

Drink Blood of Genius, having brought GREATEST LIGHT SINCE PROMETEUS on this cursed earth!!

You, COWARDS!!

DRINK MY BLOOD WITH PUTIN-TRUMP SECRET SERVICES, YOU, TRAITORS!!

//

«Dropping of a spine at ABC. Seems as something they could us»

Yes, Manly Pressa, i have given to you a perfect tool to erase stupid Morons from power!

Your guess was absolutely right:

You needed only to narrate to the world on Discovery and my Martyrdom to finish once and forever with Morons in Power!!

But you failed. You sold out Discovery and Truth on Discovery!! You are Cowards, like your Morons in Power!! You pissed your pants!!

Say HER NAME…

HONOR HER LEGACY

And Now, you, expect, after having sold out Discovery and Truth on Discovery, that Morons in Skirts will fulfill their commitments!!

They will MAKE NATION GREAT THROUGH THEFT OF DISCOVERY!!

First of all, the disgrace of being Thieves and Murderers of a Martyr is the only reward of any «nation» in such circumstances.

And, moreover, THEY HATE GUTS OF DISCOVERY, which exposes them as stupid cowardly morons, as Amorphous Serpents

Without me, the author, they will maim and cripple it to the degree, where it will entirely disappear. Instead of Laws of Nature of One Truth of Scientific Control, which is the Core and the Victory of Good, Victory of Energy of Spirit, you will be reduced back to chaos of contradictory stupid theories, to the entire loss of Scientific Control.

And as result the objective of Satans will be secured:

Back to physical control of Amorphous Serpents, back to Darwinian paradigm!!

I mean Threats i have been inundated all this time. On carrying on job of Jesus on Church of Friendliness founded by Christ with many his followers- Renan, Tolstoy, Merezhkovsky, G. Sand, Schweitzer, Jaspers, Solzhenitzyn, Chesterton, Wells, Russell, R.Rolland, Gandhi and others — was said in my numerous volumes on Discovery.

«Rapture» is kind of silly jokes of morons of material energy, hating guts of Discovery

«The Rapture comes… He is back and he is black…and Where will you be when the rapture happens»

The kind of «Manly» talk, the Cowards have spoiled me with.

//

And Please, Never forget, that it is due to my Heroic Martyrdom, that you today have any sprinkling of knowledge on existence of Discovery

You see HOW INTENT IS HATE OF MORONS, they did their best to hide it forever from eye of Public!!

It was me who kept writing, explaining, writing in English, in Russian DESPITE OF CONSTANT PRESSURE OF DOWNPOUR OF THREATS

Had I been as Coward as all of you, you would never have heard on Discovery of Psychic Energy!! It was my Martyrdom in blood and pain of wheelchair of tears of my old mother which secured oppotunity for Harvard, Princeton, Oxford, Yale and other «Prince» Universitties to fight now for Theft of My Discovery!! Never forget it, Cowards! All of you, you are «Manly» only when altogether with State Armies of Putin0Trump Secret Services sends your threats to Dying Martyr!!

They will Take Discovery from you as they have taken it from me!!

They will maim and Lie it to the nonsense!!

2) LAST LETTER (29.05.2025) ON SITE OF PRESIDENT OF RUSSIA WITH ACCUSATION OF PUTIN'S REGIME IN CORRUPTION

3) Em Пожалуйста, проверьте правильность заполнения анкеты АдресатВ Администрацию Президента Российской Федерации Фамилия, имя, отчествоХУГАЕВА ЛЕЙЛА РОМАНОВНА Адрес электронной почтыlekhugaeva@yandex.ru Текст письма Это письмо не адресовано Президенту России! Это письмо адресовано Государству Российскому, которое пока еще не разрушено окончательно! Это Письмо есть Обвинение Режима Президента Путина! Это не первое письмо которое я пишу на этот официальный сайт правительства России, потому что не знаю другого сайта государства России, куда могут обращаться граждане! Я — Автор Открытия Психической Энергии! Мое имя — Тесла Лейла Хугаева Тиникашвили! Я — автор Научной Революции Энергетика! Моя научная работа исключительной важности не только для государства Российского, но и для всего мира, как это всегда имеет место с Научными Открытиями! Я писала об этом с 2013 года: копии всех моих писем смотрите по ссылке в конце письма «Документы». Тогда я обращалась в Правительство России с тем, чтобы Правительство довело информацию об Открытии до научных институтов и общественности. Сейчас я обращаюсь с совершенно другими целями! Я обращаюсь на этот официальный сайт правительства России, чтобы после того как режим Путина довел убийства меня, автора Открытия, до конца, МОЕ ОБВИНЕНИЕ ПРОТИВ РЕЖИМА ПУТИНА БЫЛО ЗАРЕГИСТРИРОВАНО В ОФИЦИАЛЬНЫХ ДОКУМЕНТАХ! Я утверждаю, что режим Путина организовал ТРАВЛЮ АВТОРА ОТКРЫТИЯ, Автора Научной Революции Энергетика. Это беспрецедентная в истории травля не только в смысле глубины коррупции государственных структур, но также неслыханная по уровню своего морального разложения! Перейдены все пределы нравственности, побиты все рекорды развращенности! Режим Путина, пропагандирующий себя, как реставратор христианства в России, открыто поклоняется сатанизму. У меня нет других слов для описания той

беспрецедентной травли ученого, которой я подвергаюсь со времени, когда впервые объявила о Научном Открытии на этом сайте! Тогда мне в городе Москве, на улице Маросейка, сломали позвоночник на четырех уровнях, а также все ребра (смотрите ссылку Документы о выписке из НИИ Склифософского). Это было в марте 2015 года. С тех пор я 10 лет в инвалидной коляске продолжала разрабатывать Великое Научное Открытие для Человечества! Смотрите ответы из Издательства Университета Кембриджа по ссылке Документы! Они подтвердили согласие печатать мою работу письменно, но потом отозвали свое решение. Мое глубокое убеждение, что связано это с политическими мотивами сейчас во всем мире Открытие Психической Энергии и Научная Революция Энергетика под строгим контролем Служб Безопасности! Я обвиняю режим Путина в сговоре с иностранными разведками с целью сокрытия не только от граждан России, но и от мировой общественности Открытия Психической Энергии! Я обвиняю режим Путина в сговоре с иностранными разведками с тем, чтобы в случае если Открытие не удастся совсем скрыть, то они планируют отнять его у меня, у гражданина России и отдать его западным ВУЗам. По всей видимости чтобы скрыть ФАКТ ТРАВЛИ АВТОРА ОТКРЫТИЯ В РОССИИ! Это конечно же Предательство не только России, но в первую очередь Предательство Правды, Справедливости, Совести — а значит Предательство всего человечества, которое имеет право знать правду о таком важном мировом событии. Я обвиняю режим Путина не только в травле меня, Автора Открытия и Научной Революции. Я обвиняю Режим Путина в травле всей нашей семьи! И утверждаю что аморальность поведения Режима Путина в отношении нас и только по той причине, что я автор великого открытия, на котором миллионы лет будет стоять человечество — перешла все известные истории границы! Я утверждаю, что в социальных сетях, в интернете организована травля с целью очернения и дискредитации меня и нашей семьи! Это самый настоящий сатанизм! самое настоящее безумие! Чехов говорил, что безумие — это извращение нравственного закона! Нигде это

не проявилось с такой очевидностью как в ТРАВЛЕ Автора Открытия, доказавшего научно истинность Евангелий Христа! Вот почему я настаиваю, что режим Путина — это режим Антихриста! Беспрецедентность аморальности, подлости, цинизма этой травли проявляется прежде всего в нахальном открытом процессе убийства Автора Открытия, итак уже садистски искалеченного коррумпированными службами режима Путина! Пользуются тем, что Имя Автора Открытия не называется, и что ТЕКСТ ПРИЗЫВОВ К УБИЙСТВУ И ОГРАБЛЕНИЮ АВТОРА ОТКРЫТИЯ и даже его семьи скрывается под другим внешним текстом, к которому невозможно придраться юридически! Однако, от этого внешнего прикрытия вторым смысловым содержанием, истинные призывы к клевете и дискредитации жертвы с целью уничтожения ее и ее семьи не становятся менее вопиющими!
По этой же причине мне, не смотря на вот такие тексты с прямым обвинением режима Путина, которыми полны мои посты в Фейсбуке (запрещено в РФ) и мои книги, мне никогда не предъявляют официального обвинения! Чтобы мое имя как автора Открытия не было зафиксировано ни в каких официальных документах! Тем временем, западные ВУЗы готовятся с подачи Путина представить Открытие своим! Бесстыдство людей, подкупленных для участия в этой неслыханной охоте на ученого, доходит до того, что они не скрывают своей солидарности с иностранными разведками! Своей позорной торговли головой автора Открытия и самим Открытием! Нахальство с которым оборотни Режима Путина нападают на Автора Открытия со всем присущим им цинизмом пытаются выдать за «Отвагу», за «Смелость»! Идти против Правды, против Совести, против всего Святого и Божеского — это не смелость, но безумие! Потому что вне Правды и Совести уже нет самого человека! Смелость и Отвага не у Антихристов, поправших все божеские и человеческие нормы совести, публично выставляющие напоказ свою бездонную подлость и свой цинизм! Это только бесстыдство людей, знающих что жестокость сатанизма легко сломает беззащитного ученого, уже искалеченного ими. И если они ошиблись в своих рас-

четах, и мы ученые, продолжаем сопротивляться и в инвалидной коляске и под градом угроз нашим замученным семьям, то только потому что настоящая смелость -это богобоязненность! Бороться насмерть за Правду и Совесть, за Справедливость, защищая невинных и беззащитных — это не смелость, это долг перед Богом! И каждый в ком еще осталось божеского, а значит человеческого это чувствует! Нахальству публичного убийства ученого будет положен конец даже после моей смерти — пусть воры не надеются выйти чистыми из такого неслыханного бесстыдства. Я обвиняю режим Путина в сговоре с разведками Америки, Англии и Израиля против Открытия Психической Энергии, против Правды Христа! Я обвиняю режим Путина в том, в чем Л. Толстой обвинял режим царизма: в Хуле на Святого Духа, в использовании имени Христа для такого вот беспредельного открытого цинического убийства ученого, и в травле его семьи. Нанятые агенты режима Путина, которые ведут анонимную войну против искалеченного Автора Открытия в интернете, обвиняли меня в том числе в том, что я «черножопая» и «не русская» грузинка-осетинка. Согласно их бессовестным текстам обвинений (анонимных и двусмысленных согласно этой тактике убийства) означало постановку меня вне закона российской государственности. Якобы Россия для русских, а «не русских» можно ограбить и можно убить. Однако, ограбить Автора Открытия и отдать Открытие западным ВУЗам — в чем сейчас Путин активно помогает западным разведкам — значит ограбить и опозорить Россию! равно и всю мировую общественность, которая имеет право знать Правду! Границы национальных государств сохранятся будут не долго, особенно после Открытия, а Правда всегда будет жизнью разумного человечества! И сговор разведок сегодня не против России, но против всего человечества! С другой стороны семья моей сестры — русская, и как выяснилось ее затравили именно потому что они русские! Ведь тогда режиму Путина не чем оправдывать тот факт, что он отнял у «черножопой» и здоровье, и жизнь и Открытие! Супруг моей сестры — русский по маме, Кононовой Татьяне Дмитриевной,

и белорус по отцу — Виталию Кушниру. Он рос без отца, с тремя мамой и двумя русскими бабушками, как рассказывает Татьяна Дмитриевна, коренная жительница Урала. И тем не менее, семью моей сестры начали травить здесь, коррупция местной власти, о чем я писала в «Коррупции в РСО-Алании», а закончили в Беларуси, куда они спешно уехали. Здесь мою сестру ударили машиной, когда она шла с малолетним ребенком, оскорбляли на улицах, запугивали преследованием машинами с ревущим мотором, в результате чего у нее случился выкидыш. В Беларуси все продолжалось, к малолетнему ребенку подходили с прямыми угрозами в общественном месте. Сестра и ее супруг написали четыре заявления в правоохранительные органы Беларуси, травля задокументирована. У них в 2022 году сняли 350 000 рублей со счета, и деньги им так и не вернули. Очевидно, что те же мошенники затравили мою пожилую мать — больную старушку на девятом десятке. После того как всех моих сиделок стали вербовать и травить на меня (одна даже подменила лекарства, другая украла ноутбук), мы с моей старенькой мамой остались одни. И вот тогда стали делать все возможное, чтобы отнять у меня и маму — а ведь я калека, которая сама не может дойти до ванны! Негодяи позвонили моей маме и голосом ее умирающей дочери выпросили 100 000 на операцию для головы! Сказали что меня вез супруг сестры в карете скорой помощи в больницу и мы попали в аварию и теперь мне грозит операция, а ему срок! И моя бедная мать отдала все свои сбережения — просили намного больше! А после моего письма на сайт Президента, где я рассказала все об этом нападении, потому что уголовное дело открывать отказывались — человек который приходил за деньгами, сказал моей маме на встрече организованной полицией, что он просто посыльный и ничего не знает о бандитах! Деньги конечно не вернули! Хорошо что хотя бы открыли Уголовное Дело! Однако, хотя сайт президента ответил мне год назад, что мое обращение передано и на Лубянку и на Петровку (два ответа пришло, я их публиковала в книгах и на Фейсбуке (запрещено в РФ), никакой реакции с Лубянки

и Петровки уже в течении года не последовало! На моей странице на Фейсбуке (запрещено в РФ) все сведения об этой бессовестной травле Автора Открытия! Бессовестной и беспрецедентной! Повторяю, мое имя категорически запрещено называть, а тем более предъявлять мне официальную статью. Даже мои прямые обвинения Путина в агрессии против Украины, о чем я писала и в текстах книг и постах на Фейсбуке (запрещено в РФ) не привели к предъявлению мне статьи! Потому что им надо украсть Открытие у Автора и они не смеют возбуждать официального дела против меня! Им важно оставить меня безымянной! Мне не помнится в истории цивилизованного человечества такого абсолютного морального разложения у представителей государственных структур со времен Нерона, залившего кровью христиан ватиканский холм. Моей крови пролито предостаточно за эти десять лет со дня нападения на меня в Москве. Теперь мне постоянно угрожают расправой с моими несчастными инвалидами братьями! Как такое возможно? Как Государство могло докатиться до такого разложения? До превращения в уголовные структуры? Если мы в чем то виноваты мы требуем Следствия, Суда, Гласности, как граждане России! Если режим Путина ввел новый закон, по которому «не русские» стоят вне конституции России, то пусть скажут об этом официально! И даже в этом случае семья моей сестры русская! Моя крестная мама, уважаемая женщина, горячо мной любимая, Антонина Кульбаченко, подруга детства моей мамы — казачка. Мы требуем Суда, Следствия и Гласности! Государство в котором на место Суда и Закона поставлено бесстыдное анонимное убийство — больше не государство! Это конец российской государственности, конец российской истории! Травля дошла до того, что под моей квартирой подселили квартирантов, имени которых никто в подъезде не знает (я спрашивала трех соседей, которые общаются со всеми) или просто не говорят мне. Эти квартиранты регулярно колотят мне в дверь и угрожают ее снести, потому что «шумно, краники шумят». Нагло врут что их затопило, а когда я послала сантехника сказали: ничего не течет, это раньше было. И колотят

в дверь ночью и угрожают снести дверь! В другой раз стучали вместе с другими соседями: не у меня ли утечка газа. КТо то напустил газа в подъезде чтобы снести мне дверь! Все это записано на видео в разговорах с соседями и квартирантами и выставлено на моем Ютюб-канале (запрещено в РФ). Я также написала в «Коррупции в РСО-Алании» о преследовании нашей семьи бывшим министром образования А. Огоевым, и о разоблачениях его режима в министерстве его коллегой Залиной Дудуевой. Все, абсолютно все мои письма были проигнорированы, и все эти люди продолжают над нами издеваться. Зато мне пришло множество формальных ответов из Прокуратуры России, МВД и Следственного Комитета России о том, что мое письмо с обвинениями получено. Смотрите в Документах копии писем. Я пишу это письмо потому, что я оставила всякую надежду остаться в живых. Мне растерзали не только спину и всю мою жизнь кропотливого труженика, мне растерзали душу и сердце. Я выплакала все глаза за своих близких, за больную маму, над которой издеваются только за то, что она последняя преграда между ними и их агентами. А давление все только увеличивается и увеличивается со всем бесстыдством людей, которые путают бессовестность с отвагой. Видимо нападать на искалеченного ученого в союзе с западными разведками требует большой смелости! Это предательство не только России, это предательство Бога и Человечества. Иностранные разведки также предали свой народ, который имеет право знать правду, Я объявила голодовку три дня назад и не остановлю ее пока Дело о Травле Автора Открытия и его семьи не получит Гласности, Суда и Следствия в соответствии с российским законодательством, и пока этим делом не займутся Государственные Правоохранительные органы России, если они еще существуют! Я требую Закона, Суда, Гласности, Следствия! Я утверждаю, что все кто сегодня отмалчиваются, и особенно государственные структуры — заняли недобросовестную позицию, а те у кого долг защищать закон — предатели и убийцы. Государственные структуры в этой связи в большой опасности окончательно себя дискредитировать режимом Пути-

на, использующего их как уголовные структуры. Безумие этих людей позволяет им думать что Открытия такого уровня можно украсть у Автора! Мне уже не переубедить их, если за десять лет моего мученичества в коляске мне это не удалось! Пусть их убедит История! Я только хочу уверить и режим Путина и Государство России если оно еще не до конца разрушено, что Доведение ЦИничного Открытого УБийства Автора Открытия до конца станет концом российского государства! Как стало концом Израиля Распятие Христа. Я ученый, я не пророк подобно великому Христу, но я тот ученый, который научно доказал справедливость его слов. Отнять у меня Открытие — безумная идея безумных людей, потерявших вместе с совестью и Бога и свое человеческое достоинство. Убить Автора Открытия — значит заново распять Христа. Уже сегодня меня замучили и физически и морально до таких степеней, что мой мартиролог не уступает великим христианским мученикам и святым. Но ненасытные палачи все увеличивают и увеличивают итак уже беспрецедентные уровни давления и издевательства над ученым, только за то, что он ученый. Напоследок я хочу подчеркнуть, что моя семья, вся, — никогда не имела и не имеет никакого отношения к моей научной работе. Моя работа — громадный праздник для человечества, и она не могла бы скомпрометировать тех, кто в ней участвовал. Однако, я писала одна, и обвинения против меня выдвигают только преступники и антихристы. Семья моя ничего не понимает в моей научной работе, и у меня уже нет никаких сил объяснять эти очевидные факты. Я умираю, я объявила голодовку. Я пишу это письмо только для того, чтобы после того как это неслыханная по своей циничности расправа с ученым за его Открытие для человечества закончится, — чтобы в официальных документах российского государства осталось мое обвинение против режима Путина. Я боюсь Господа и ненавижу Антихристов! Потому пока во мне есть жизнь я буду защищать Правду, Совесть, Справедливость, Закон божий и закон человеческий, Наивных и Невинных, Цивилизацию и Человечность, у которых нет нации!. В книге «Антихрист Путин и Откровение Русской

Классической литературы» я показала, что Режим Путина предал не только Христа, но и великое наследие Классической Русской литературы, которая тоже есть Откровение, как правильно говорит Мережковский! Если я Иностранный Агент, как анонимно намекают в Травле, то пусть назовут меня официально Иностранным Агентом! если я Экстремист, как намекают опять же в Травле, то пусть назовут меня официально Экстремистом, пусть дадут статью российского кодекса! Пусть вернут МОЕ ИМЯ АВТОРА ОТКРЫТИЯ и обвиняют в чем хотят! Тогда я по крайней мере смогу защищаться! Я ТРЕБУЮ ЗАКОНА, ГЛАСНОСТИ, СУДА, СЛЕДСТВИЯ! Автор Открытия Психической Энергии, Автор Научной Революции Энергетика, Тесла Лейла Хугаева Тиникашвили..

PUBLICATION TEN. MURDERERS OF SECRET SERVICES THREATENS WITH MURDER TO EDINBURGH SIR WALTER SCOTT SOCIETY!!

December 23, 2025. Data on Facebook, my Page Tesla Khugaeva Thinikashvili, Author of Discovery of Psychic Energy, Author of Scientific Revolution Energetics

My Posts of last two month.
(https://www.facebook.com/tesla.thinikashvili[1]).

On Humiliation of Bertrand Russell's Society, on Brutish Threats to Edinburgh Sir Walter Scott Club, on Murder of Honest Democrat Rob Reiner, on Hounding of my Family, on Hounding of me, - Author of Discovery of Psychic Energy.

//

Something nasty is going on, Conspiracy of Secret Services again diabolically plotting.

What a shame!! All of them from mad rapist Alan Ogoev and Putin here to the Washington and Vatican plotting to Destroy The Brain, which has brought Discovery to People like Prometheus the Light!!

The Heart of Vatican News is Moved with Pity at long last, Friends!!

The Complicit of Cinspiracy against Discovery of Psychic Energy and its Author at long last decides «giving his life to the

GOD and let Him TO BE THE BOSS»"»»

Is this really the quote from Scriptures?? Did Holy Prophets familiar with Bosses how you think??

Or maybe it is Secret Services of Conspiracy who does not know any other human relations saving The Slaves and The Bosses????

I have read this many times in comments of Secret Services of both countries, — the idea that author fighting for his rights on Discovery simply fights for privilege to be the boss!!

Do they know what Justice and Conscience is??

How you think? If they fail to make you the slave, robbing you of your Work, they assume you are aiming too high!!! To their own place of The Bosses!!!

Oh, Lord Have Mercy on your poor servants and Save us From All Bosses For All Eternities!!!

Thanks God, we are Chivalry!!

//

This is perfect instance of expression in posts of Secret Services of that fear of «women dominating», or bosses. I MUST REPEAT: DISCOVERY of Psychic Energy has nothing to do with Slaves and Bosses which falls within sphere of sadomasochism of physical control of material energy. Discovery of Psychic Energy proves rectitude of Chivalry as expression of Healthy Energy of Spirit!!

//

They call me «mad». (Please, bear in mind that they kept forcing princess Diana to psychotropic drugs and when she refused in horror — to madhouse).

Well, the easier for me to decipher for you true meaning of such messages from the pages of men of «public service», mentioned in volumes of Discovery of Psychic Energy. Like name of Oliver Stone, for example, to whome i kept addressing through last three years after second assault on me of secret services (the

first assault ended with my smashed backbone). They managed to perform previous attack with the help of Ruslan, who had shut me up in 2015, the month before attack, in madhouse in Vladikavkaz for three days. «Vatican News» is another example of such pages. Make your own judgment who is mad.

«W» dares to assert that she is Author of Great Discovery!! Ultimate «prize» for Iran for such effronterry must be «blood for want to dominate».

//

This is My Post of April 18, 2025, — the time of attack on me of Russian Jews, Schenderovich, Irtenyev, Helen Dunaevskaya.

The two first lines of these verses belongs to Irtenyev, the rest I added to explain the meaning of first two.

He said: Now, guys, you still can do whatever you please with the author; no one will give a shit for her life.

It seems to me, they are encouraging each other this way again: no one read Books on Discovery!! Do your work,

killers from Secret Services!!

Dear Media and Universities!! Dear societies of G. K. Chesterton, B. Russell, and Sir Walter Scott!!

I am Author of Discovery of Psychic Energy, hounded to the wheelchair by criminal Putin and his Allies in 2015.

I am not afraid of death, though they have left me without assistants in wheelchairs, — they keep enlisting every single soul who has access in my apartment.

All of us understand the depth of tragedy which happened to Jordano Bruno, to Jesus, to Socrates and other Great men, unjustly executed.

And yet, all of them accepted the death with Great Valor.

And I dare say, I wouldn't let them down in similar circumstances.

But the horror of the situation is that their Goal IS NOT MY DEATH!!!

The horror of the situation is that their GOAL IS TO CLOSE ME OUT IN MADHOUSE, in order to destroy my Brain!!

Because they failed to discredit, to besmirch me, to pervert me in their despicable hounding me with calumny, with lie, with men as pervert as themselves. For they HAVE NO CONSCIENCE, they dont no what is truth, justice, conscience or honour. They are dishonest men with dead conscience.

Their GOAL IS TO LIE ON ME the most foul things they can find, to subject me to the most foul dishonour in order TO TAKE MY DISCOVERY FROM ME!!

I have been working on this Discovery from the age of 15 y.o. from the moment of grave disease, for i have been through schizophrenia, and only that horrible experience inspired me with strength and potency to perform this otherwise insurmountable work. Only the depth of suffering i have been through is enough to say i have been through the hell for this Discovery! But it was also thirty years of Hard Intellectual Work!! But it was SEVERE HOUNDING OF SECRET SERVICES!! But it was SEVERE HOUNDING of my family!!! But it was ELEVEN YEARS IN WHEELCHAIR!! In blood and excrements, in hospitals, with huge rotten wounds and temperature of 41. And finally, the lAST FIVE YEARS they have deprived me in such conditions from assistants, perverting each of them into malicious jailors.

This is why I have applied to every man declaring themselves of public service with request and tears to HELP ME WITH PUBLICITY!!

For I am not afraid of EXECUTION, even with such bad Court of Justice as they used to give to all great thinkers!!

BUT I DO FEAR, I do dread the MADHOUSE of PERVERTS, for i cannot even imagin what are they going to exercise there, when

I am under hypnosis of drugs!! I have never seen such wicked, such perverted, such shameless men like all of them, the hounds of Alliance of Conspiracy of Secret Services.

You can read in books i have attached to this letter the horrors they used to apply to me last four years in order to take my Discovery from me, and to fulfill their foul murder.

Besides, I have always thought that it is foul fraud of people to disguise from them the truth on Discovery! Will not any sane person think himself insulted if some shameless murderers of scientists will take credit of works of men murdered in tortures?

I will never allow them to exercise the horrors they prepared for me. I am here, in my apartment alone, with my poison for mouses. I am left absolutely alone, i can hire only women to take my garbage from my flat, i cannot even to let them in to help me with cleaning or with bath. Every day counts.

Please, let know to people what is going on, please don't let scoundrels to make fools from people.

Thank you in advance,

Kindest regards,

Hounded Author of Discovery, Tesla K. T.

MR Oliver Stone's latest post, after my published address to Media and Universities, to Chesterton's and Walter Scott's societies.

It is no doubt coincidence that in my latest work has been cited H. Pearson, the author of «Life of Walter Scott», and that the passage which start from Pearson, ends with «serious problems». And that the letter deals on Truth and Lie around Murder.

//
Chesterton, «What is wrong with the world»

On British Empire as «a continuous feebleness, a running sore, in my own»

«To Imperialism in the light political sense, therefore, my only objection is that it is an illusion of comfort; that an Empire whose heart is failing should be specially proud of the extremities, is to me no more sublime a fact than that an old dandy whose brain is gone should still be proud of his legs. It consoles men for the evident ugliness and apathy of England with legends of fair youth and heroic strenuousness in distant continents and islands.

I say frankly, therefore (lest there should be any air of evasion), that Imperialism in its common patriotic pretensions appears to me both weak and perilous. It is the attempt of a European country to create a kind of sham Europe which it can dominate, instead of the real Europe, which it can only share. It is a love of living with one's inferiors. The notion of restoring the Roman Empire by oneself and for oneself is a dream that has haunted every Christian nation in a different shape and in almost every shape as a snare.

But this dream of theirs of being powerful in the uttermost places, though a native weakness, is still a weakness in them; much more of a weakness than gold was to Spain or glory to Napoleon. If ever we were in collision with our real brothers and rivals we should leave all this fancy out of account. We should no more dream of pitting Australian armies against German than of pitting Tasmanian sculpture against French. I have thus explained, lest anyone should accuse me of concealing an unpopular attitude, why I do not believe in Imperialism as commonly understood. I think it not merely an occasional wrong to other peoples, but a continuous feebleness, a running sore, in my own»

//

SOME PEOPLE instead of blaming themselves for foul aggression on men of great merit from envy and and insane desire to see the rest of the world as inferiors,

Keep calling the rest of the world Asiatic Negroes (not such White Man like themselves)

Dear Poor Bertrand Russell — the same hostage in their hands like all of us (i have said this many times). What a tragedy to get into hands of his sworn enemies, who like Antichrists, keep twisting his words against himself!!

Russell has nothing to do with British Imperialism or any other imperialism or with monarchy, — exactly as Chesterton and Wells.

He was well- known democrate and socialist, with his theory of Democratic or international socialism. For he was known also as adversary of Nationalism!

«pitiful. I have seen in the East men who considered themselves the fine flower of a public-school education confronted with learned Orientals, and it made me blush to be an Englishman. My compatriots might be red-faced, hard-drinking, spending their working hours in exploitation and their leisure in sport and bridge, wholly ignorant of Occidental culture, and not even aware that any Oriental culture exists»»»

My proposition as Author of Discovery of Psychic energy and as advocate of Natural law was merely International Institution of Natural law.

It is none of my business what britains think on their Empire and monarchy. It was foul aggresion on me in the part of Secret Services of England, that made me defend myself and thus to find criminal structure instead of monarchy. They kept saying the same as regards to princess Diana during last years of her life: she is dangerous to the existence of monarchy and British Empire.

And could they think otherwise on John Lenon, avowed adversary of monarchy and his anirmous world wide glory?? I doubt.

B. Russell, Education and social order»:

«Every social system has its appropriate educational instrument, which in the case of the British oligarchy was the public school Eton first and foremost, but also, though in a lesser degree, such schools as Harrow, Winchester, and Rugby. Through the oper ation of these schools the mentality of the eighteenth-century aristocrat remained that of the holders of political power throughout the nineteenth century, in spite of profound changes in the nominal constitution.

But his happiness, such as it was, came from the exercise of trivial authority and admiration which he received for unimportant merits. Instinctively he looks about for opportunities of similar enjoy ments in later life: he desires people to govern,

people to whom he will seem a god-like being. So he goes to live among uncivil ised people, or at least people whom he believes to be uncivil ised: he becomes an empire-builder, an outpost of culture, a man whose mission it is to bring Western enlightenment into dark places. If the «natives' regard him as the small boys did during his last days at school, all goes well: he is kind and gracious, aristocrats, democrats, and bureaucrats 53 upright and hard-working, stoical about the loneliness and dis comfort, which are no worse than what he endured in his first years at school. But if the «natives' fail to admire him he begins to present a less pleasant picture. In contact with savages, where his superior ity is unquestioned, he often does well because of his courage and endurance; but in contact with an alien civilisation, such as those of the East, he becomes pitiful. I have seen in the East men who considered themselves the fine flower of a public-school education confronted with learned Orientals, and it made me blush to be an Englishman. My compatriots might be red-faced, hard-drinking, spending their working hours in exploitation and their leisure in sport and bridge, wholly ignorant of Occidental culture, and not even aware that any Oriental culture exists. Yet, in contact with men who knew not only what was worth knowing in their own civilisation, but far more than most public school men of the civilisation of the West, these ignorant boors would preserve the insolence of military conquerors, content to let their superiority be proved by the guns of their warships. To this contemptuous brutality the Japanese have replied by adopting our standards, and the rest of the East is following their example. As an engine of imperialism, the public schools have failed».

//

Bertrand Russell

on World Government

on Natural Law

on Nationalism as «most dangerous vice of our time, whose sordidness and wickedness would be evident to all sane people»

B. Russell, «Authority and individual»: «To inhabitants of Western countries in the present day, a more interesting kind of security is security against attacks by hostile States. This is more interesting because it has not been secured, and because it becomes more important year by year as methods of warfare develop. This kind of security will only become possible when there is a single world government with a monopoly of all the major weapons of war. I will only say, with all possible emphasis, that unless and until mankind have achieved the security of a single government for the world, everything else of value, of no matter what kind, is precarious, and may at any moment be destroyed by war. The problem of delimiting the powers of various bodies will, of course, be one presenting many difficulties. The general principle should be to leave to smaller bodies all functions which do not prevent the larger bodies from fulfilling their purpose. Confining ourselves, for the moment, to geographical bodies, there should be a hierarchy from the world government to parish councils. The function of the world government is to prevent war, and it should have only such powers as are necessary to this end. This involves a monopoly of armed force, a power to sanction and revise treaties, and the right to give decisions in disputes between States. But the world government should not interfere with the internal affairs of member States, except in so far as is necessary to secure the observance of treaties. In like manner the national government should leave as much as possible to County Councils, and they in turn to Borough and Parish Councils».

B. Russell, «Authority and Individual»: «I do not deny that there are situations in which law-breaking becomes a duty: it is a duty when a man profoundly believes that it would be a sin to obey. This covers the case of the conscientious objector. Even if you are quite convinced that he is mistaken, you cannot say that he ought not to act as his conscience dictates. When legislators are wise, they avoid, as far as possible, framing laws in such a way as to compel conscientious men to choose

between sin and what is legally a crime. I think it must also be admitted that there are cases in which revolution is justifiable. There are cases where the legal government is so bad that it is worth while to overthrow it by force inspite of the risk of anarchy that is involved. Obedience to the law, therefore, though not an absolute principle, is one to which great weight must be attached, and to which exceptions should only be admitted in rare cases after mature consideration. It is dangerous to allow politics and social duty to dominate too completely our conception of what constitutes individual excellence. What I am trying to convey, although it is not dependent upon any theological belief, is in close harmony with Christian ethics. Socrates and the Aposties laid it down that we ought to obey God rather than man, and the Gospels enjoin love of God as emphatically as love of our neighbours. All great religious leaders, and also all great artists and intellectual discoverers, have shown a sense of moral compulsion to fulfil their creative impulses, and a sense of moral exaltation when they have done so. This emotion is the basis of what the Gospels call duty to God, and is (I repeat) separable from theological belief. Duty to my neighbour, at any rate as my neighbour conceives it, may not be the whole of my duty. If I have a profound conscientious conviction that I ought to act in a way that is condemned by governmental authority, I ought to follow my conviction. And conversely, society ought to allow me freedom to follow my convictions except when there are very powerful reasons for restraining me. There are some who would say that a man need only obey the accepted moral code of his community. But I do not think any student of anthropology could be content with this answer. Such practices as cannibalism, human sacrifice, and head hunting have died out as a result of moral protests against conventional moral opinion. If a man seriously desires to live the best life that is open to him, he must learn to be critical of the tribal customs and tribal beliefs that are generally accepted among his neighbours».

B. Russell, «Education and social order»: «Our world is a mad world. Ever since 1914 it has ceased to be constructive, because men will not follow their intelligence in creating international co-operation, but persist in retaining the division of mankind into hostile groups. This collective failure to use the intelligence that men possess for purposes of selfpreservation is due, in the main, to the insane and destructive impulses which lurk in the unconscious of those who have been unwisely handled in infancy, childhood, and adolescence. In spite of continually improving technique in production, we all grow poorer. In spite of being well aware of the horrors of the next war, we continue to cultivate in the young those sentiments which will make it inevitable. In spite of science, we react against the habit of considering problems rationally. In spite of increasing command over nature, most men feel more hopeless and impotent than they have felt since the Middle Ages»

Russell, «Education and social order»:

«Nationalism is undoubtedly the most dangerous vice of our time — far more dangerous than drunkenness, or drugs, or commercial dishonesty, or any of the other vices against which a conventional moral education is directed. All who are capable of a survey of the modern world are aware that, owing to nationalism, the continuance of a civilised way of life is in jeopardy. The nationalism which is now everywhere rampant is mainly a product of the schools, and if it is to be brought to an end, a different spirit must pervade education. If the whole process were not covered by the glamour of patriotism, its sordidness and wickedness would be evident to all sane people. Education could easily, if men chose, produce a sense of the solidarity of the human race, and of the importance of international co operation. Within a generation, the vehement nationalism from which the world is suffering could be extinguished

At present almost all the teaching is of a sort to glorify war. Against the teaching of the schools, the labours of pacifists are vain. This, of course, applies especially to schools for the rich,

which are everywhere morally and intellectually inferior to schools for the poor. Children learn in school the faults of other nations, but not the faults of their own. To know the faults of other nations ministers only to self-righteousness and war-like feeling, whereas to know the faults of one's own nation is salutary. What English boy is taught in school the truth about the Black and Tans in Ireland? What French boy is taught the truth about the occupation of the Ruhr by coloured troops? What American boy is taught the facts about Sacco and Vanzetti, or Mooney and Billings? Owing to such omissions, the ordinary citizen of every civilised country is wrapped in self complacency. The objections to patriotic teaching are various. There is the objection which we have already considered that, unless the virulence of nationalism can be abated, civilisation cannot continue. There is the objection that it is hardly possible to teach civilized human ideals of conduct in an institution which also teaches people how to kill. There is the objection that the teaching of hatred, which is a necessary part of a nationalistic education, is in itself a bad thing. But over and above all these, there is the purely intellectual objection that the teaching of nationalism involves the teaching of false propositions. In every country of the world, children are taught that their country is the best, and in every country except one this proposition is false. Since the nations cannot agree as to which is the one where it is true, it would be better to give up the habit of emphasising the merits of one nation at the expense of every other. The idea that what is taught to children should, if possible, be true is, I know, very subversive, and in some of its applications even illegal. But I cannot resist the conviction that instruction is better when it teaches truth than when it teaches falsehood. History ought to be taught in exactly the same way in all countries of the world, and history text-books ought to be drawn up by the League of Nations, with an assistant from the United States, and another from Soviet Russia. History should be world history rather than national history, and should emphasise matters of cultural importance rather than wars»

Знаменитость Осетии Жанна Бирагова

Сначала она затопила Автора Научной Революции, работягу и инвалида в коляске

Потом она и её сын Полицейский Эльбрус отказались заплатить копейку за нанесённый ущерб!!

Потом она вместе с Эллой Осаевой и Таей Бибиловой привела мне в дом Бандита Севак Оганесян!!

Потом она пыталась говорить гадости соседям, но все разговоры у меня записаны и давно выложены в интернет!!

Наконец, она взяла на себя функции Севак Оганесян и стала стучать мне- то молотком, то палкой

Особенно после того как я пожаловалась в интернете что психбольной Алан Огоев создал мне кипящей ад постоянными звонками, стуками в дверь, в телефон, на улице меня останавливались прохожие, пока наконец он амбала не подослал

Тогда видимо до дебилов дошло что тонкую нервную систему умных людей можно довести простым постукиванием:

Как вы себя будете чувствовать, зная, что последний дебил и негодяй, насильник, запугавший ваших родных, стучит вам чтобы напомнить что он всю жизнь над вами издевался??

Что же Жанна Бирагова и её сын полицейский Эльбрус имеют все шансы в скором времени пополнить списки Знаменитостей Осетии!!

Так легко свалить гения умственного труда, Автора Открытия простым стуком!!

И вот Жанна уже на равных с генералами Огоевыми!!

Подайте Жанне Бираговой труп Автора Открытия — безграмотной старухе, не видевшей в глаза ни одной книги.

И да, не забывайте, что теперь за Всеми Этими Изобретениями Сатаны Осетии — маньяка Огоева — стоит Путин, который спешит дать ему погоны третьего Генерала Огоева!!

Здесь я разговариваю с Эллой Осаевой, её соседкой (15 и 16 квартиры), но они втроём привели ко мне в дом Севак Оганесян.

На следующий день я написала Заявление в Полицию Участковому Гацалову, и с тех пор не получила никакого постановления. Дело было в середине Июля!!

Из этого разговора видно, что соседки прекрасно знают почему на меня напал Алан Огоев, который заплатил и Оганесянам и им, и тем не менее предпочитают сторону Силы: Люди боятся Силы, это поговорка самого Огоева. В отношении своих соплеменников он прав, редкий человек становится на сторону правды!! Как Залина Дудуева например, и вот чем для неё правда закончилась!

Моральным убийством и физическим надругательством её больной дочери.

Что же тем лучше для моих соседок, если знают что делают.

Жанна Бирагова продолжает мне сверху стучать, разыгрывая Тюремщицу. И эта Бессовестная женщина меня залила, и отказалась хоть в малейшей степени компенсировать ущерб Инвалиду!!

Вот они Знаменитости Осетии.

Что до третьей их спутницы — Таи Бибиловой, то она тоже не случайно была в компании людей, которые привели бандита, нанятого Огоевым Аланом.

Алёна Готоева, её племянница, живёт на шестом этаже и мы знаем друг друга вместе, какое то время поработала у меня.

На неё конечно сразу вышел Огоев — нанимать моих сиделок — это его идея, только потом спецслужбы у него скопировали.

Я как всегда вовремя поняла, уволила её и написала о том, что психбольной Огоев теперь уже начал нанимать моих сиделок — в книге «Я обвиняю язычников». Конечно они все видели эту книгу и они все знают, и Осетинки встали на сторону Осетина, каким бы ничтожеством и негодяем он не был.

Эта книга и последовавшая за ней Коррупция в РСО-АЛАНИИ, где я рассказала историю Дудуевой с ее слов, помогли мне остановить нападение Огоева, и это спасло мне жизнь. Я тогда послала обе книги на сайт Президента и пришло много писем

из СК России, Прокуратуры, МВД. И видимо это их испугало — все письма я конечно публиковал, и в моих Документах они на моих интернет ресурсах.

Однако, Огоев сделал ещё одну попытку проникнуть ко мне в дом, завербовав Эльвира Зангиеву, которая проработала у меня два года. Меня чудом спасла её сестра Тима, которая пришла замещать её когда свалилась с гриппом — она рассказала мне что Зангиева всегда говорит обо мне гадости дома. Мне она в глаза всегда льстить, но я давно стала её подозревать. Потом оказалась что она украла мой второй ноутбук (конечно не только ноутбук, но это то что было важно!).

Когда я сказала ей что она уволена, она сначала стала мне угрожать, что пойдёт жаловаться моим соседям, потом стала умолять, потом стала вытирать слезы — ну пожалуйста хоть ещё месяц. Потом её стали всеми силами пихать назад — заставили даже звонить её сестру и просить меня её принять. Понятно, что я была в ужасе от этой ведьмы. Кстати хорошей знакомой Жанны Бираговой — видимо её сын полицейский, который наотрез отказался платить за причинённый ущерб мне, инвалиду, действительно много знает о криминальных делах Огоева.

Но Огоев как видите надежды не теряет, — потом они наняли Севак Оганесян, совместно с Русланом и Роландом.

Так что у Жанна Бираговой и её сына Эльбрус, полицейского России — большие шансы стать Настоящими Знаменитости Осетии, когда Огоева добьет свою очередную жертву.

Жанна Бирагова и полицейский Эльбрус станут такими же знаменитыми в этот день как Управляющий Центральным банком, Министр Образования Осетии и Ректор СОГУ Алан Огоев!!

Пожелаем удачи Бираговой Жанне в этом великом достижении!!

Стук-стук- перестук

Скоро Теслы каюк
Тут тук тук, тук тук тук

Это ссылка на книгу «Я обвиняю язычников», которую я писала в диком страхе, когда стало ясно что Министр Образования обломали любую сиделку Осетии и брать в дом больше никого нельзя.

Сейчас путинские спецслужбы пользуются уже разработаными механизмами Огоева.

Albert Schweitzer and Bertrand Russell on Nationalism.

A. Schweitzer, «The decay and restoration of civilization»:

«From these two things, our sense of reality and our historical sense, is born the nationalism to which we must refer the external catastrophe in which the decadence of our civilization finds its completion.

What is nationalism?

It is an ignoble patriotism, exaggerated till it has lost all meaning, which bears the same relation to the noble and healthy kind as the fixed idea of an imbecile does to normal conviction.

The cult of patriotism as such is to be considered as barbarism; it does, indeed, announce itself to be such by the purposeless wars which it necessarily brings in its train. But with the decay of civilization the character of the idea of nationality changed.

The guardianship exercised over it by the other moral ideals to which it had hitherto been subordinate now ceased, since these were themselves on trial, and the nationalist idea began a career of independence.

That reason and morality shall not be allowed to contribute a word to the formation of nationalist ideas and aspirations is demanded by the mass of men to-day as a sparing of their holiest feelings. Finally, nationalism was not content with putting aside, in the sphere of politics generally, all attempts to bring into

existence a really civilized humanity; it distorted the very idea of civilization itself and talked of national civilization.

Once there was what was known just simply as civilization, and every civilized nation strove to possess it in its purest and most fully developed form. Such a claim as is made to-day to have a national civilization is an unhealthy phenomenon. It presupposes that the civilized peoples of to-day have lost their healthy nature, and no longer follow instincts, but theories. Questions of spiritual differences between races are discussed so subtly, and with such obstinacy and dogmatism, that the talk works like an obsession, and the peculiarities that are said to exist make their appearance like imaginary diseases.

The unnatural character of this development shows itself not only in its results, but in the part which it allows to be played by conceit, self-importance, and self-deception. Anything valuable in a personality or a successful undertaking is attributed to some special excellence in the national character.

Foreign soil is assumed to be incapable of producing the same or anything similar, and in most countries this vanity has grown to such a height that the greatest follies are no longer beyond its reach. National civilization, therefore, is matter for propaganda and for export, and the necessary publicity is secured by liberal expenditure.

Thus the world has inflicted on it a competition between national civilizations, and between these civilization itself comes off badly.

The nations of Europe entered the Middle Ages side by side as the heirs of the Greco-Roman world, and lived side by side with the freest mutual intercourse through the Renaissance, the period of the Illuminati, and of the philosophy of more recent times. But we no longer believe that they, with their offshoots in the other continents, form an indivisible unit of civilization.

If, however, in this latest age, the differences in their spiritual life have begun to stand out more distinctly, the cause of it is that the level of civilization has sunk. What is going on to-day between

nations and within them throws a glaring illumination upon this truth.

The history of our time is characterized by a lack of reason which has no parallel in the past. Future historians will one day analyse this history in detail, and test by means of it their learning and their freedom from prejudice. But for all future times there will be, as there is for to-day, only one explanation, viz., that we sought to live and to carry on with a civilization which had no ethical principle behind it».

M-T Lawen says in this regard in «A. Schweitzer. A man between two cultures»

«Nationalism as an ideology has a very strict ethical principal: the national loyalty. In case of conflict, national loyalty takes priority over all loyalties to family, friends, profession, religion, or class. Schweitzer deplored the rise of nationalism because it disrupted the bonds that should exist between all men, and destroyed the ideas of civilization. He had witnessed how World War One had led to the creation of new nation-states in Europe, and how during the interwar period, the nationalism movements had powerful undertones of racism which culminated in Nazism and fascism. He developed an aversion for nationalism illustrated by these terms: «What is nationalism? It is an ignoble patriotism, exaggerated till it has lost all meaning, which bears the same relation to the noble and healthy kind as the fixed idea of imbecile does to normal conviction».

A. Schweitzer, «The decay and restoration of civilization»:

«Above all, he is thus made capable of excusing everything that is meaningless, cruel, unjust, or bad in the behaviour of his nation. Public opinion helps them by popularizing the idea that the actions of the community are not to be judged so much by the standards of morality as by those of expediency, but they suffer injury to their souls. If we find among men of to-day only too few whose human and moral sensibility is still undamaged, the chief reason is that the majority have offered up their personal morality on the altar of their country, instead of remaining at variance with

the mass and acting as a force which impels the latter along the road to perfection. But now, when events are bringing us inexorably to the consciousness that we live in a dangerous medley of civilization and barbarism, we must, whether we wish to or not, try to determine the nature of true civilization».

B. Russell, «Education and social order»:

«Love of home, love of one's native country, even a certain degree of pride in its historical achievements, in so far as these are deserving of pride, is not to be deprecated. This sentiment is not so much love of home and of compatriots as hatred of foreigners and desire to appropriate foreign countries. Like almost all bad sentiments, it is disguised as loyalty. If you wish a man to commit some abominable crime, from which he would naturally recoil in horror, you first teach him loyalty to a gang of arch-criminals, and then make his crime appear to him as exemplifying the virtue of loyalty. Of this process, patriotism is the most perfect instance. Take, for example, reverence for the flag. The flag is the symbol for the nation in its martial capacity. It suggests battle, war, conquest, and deeds of heroism».

A. Schweitzer, «Decay and restoration of civilization»:

«The greatest of all the spirit's tasks is to produce a theory of the universe for in such a theory all the ideas, convictions and activities of an age have their roots. The reconstruction of our age, then, can begin only with a reconstruction of a theory of the universe. There is hardly anything more urgent In its claim on us than this which seems to be so far off and abstract. Only when we have made ourselves at home again in the solid thought-building of a theory which can support a civilization, and when we take from it, all of us in co operation, ideas which can stimulate our life and work, only then can there again arise a society which shall possess ideals with magnificent aims and be able to bring these into effective agreement with reality. It is from new ideas that we must build history anew. For individuals as for the community, life without a theory of things is a pathological disturbance of the higher capacity for self-direction. First, and defined generally, it

must be the product of thought. Nothing but what is born of thought and addresses itself to thought can be a spiritual power affecting the whole of mankind. Rationalism is more than a movement of thought which realized itself at the end of the eighteenth and the beginning of the nineteenth centuries. It is a necessary phenomenon in all normal spiritual life. All real progress in the world is in the last analysis produced by rationalism».

If ANY MAN FROM RUSSIA OR OSSETIA, is qualified as Communist and Stalinist, then why this Great Osetian Scientist from Russia has worked entire second part of his long life in London as Professir of Aeronautics and director of college of Aeronautics, writing books on Anti- Communism and Anti-Stalinism

And has been awarded with title of Lord and Sir (which he politely declined)???

This work is a continuation of Grigori Tokaev's defection and life after defection (from the Soviet Union.)

From 1967 until 1975 Grigori Tokaty was Professor in the Department of Aeronautics and Space Technology at City University in London, but in his earlier life, known as Grigori Tokaev, he had been a casualty of the Russian revolution, a man who was torn between his love for the small, downtrodden Caucasian state that was his homeland, his support for Communism, his enthusiasm for scientific advancement, and his hatred of the oppressive Stalinist regime.

Hot-blooded and outspoken, Tokaev repeatedly kicked his heels against a system in which the Soviet leadership, the secret police and the Communist Party machine demanded unquestioning loyalty and acquiescence, where informers and sycophants ruled supreme.

Despite numerous threats and denunciations, Tokaev's abilities as a public speaker and scientist enabled him to be one of those trusted by the Kremlin with state secrets. Yet, at the very moment that his stature reached its zenith, his links with the underground opposition threatened to destroy both his career and his life. So it was that, at the age of 38, Lt-Col Tokaev and his family fled to the West, where he became an enthusiastic critic of the regime that he had left behind.

Tokaev's disillusionment with the Stalinist regime, his dismay at the treatment of his fellow officers and scientists, and fear of arrest by the security services led him to establish contact with British intelligence. Despite constant surveillance by the NKVD (a forerunner of the KGB), he and his family crossed into the British sector of Berlin and applied for asylum — the only Soviet official to defect to Britain between 1945 and 1963.

On his arrival in Britain in November 1947, Tokaev was given a false identity and carefully protected by the secret services during his lengthy debriefing, since there was strong evidence

to suggest that Soviet agents had been assigned to assassinate him. Now using the Ossetian version of his surname, Tokaty, he subsequently drafted a manuscript with a full account of his defection, but the interest of author, publisher and Hollywood studios waned when large sections of the text were censored by the British authorities. The unpublished tale still awaits resurrection.

Although Tokaty brought with him valuable information regarding Soviet military secrets, the intelligence community and the burgeoning rocket program, much of his time was spent in denouncing the Stalinist regime and assisting the Information Research Department (IRD), a top-secret group within the Foreign Office, to disseminate anti-Communist propaganda.

His IRD-inspired literary output included three articles for the Sunday Express in January 1949, in which he asserted, «Stalin and the Politburo are working hard and on an enormous scale to perfect long-range rockets and long-range air power… They are moreover, equipped to wage biological warfare.» Although his outspoken comments enraged pro-Communists, Tokaty vigorously defended himself, causing a sensation when he successfully sued the publishers of the magazine Russia Today for attacking the veracity of one of his articles.

A similar message supporting the Cold War policies of the West was delivered in his several books. Stalin Means War (1951) disclosed the Soviet dictator's plan for world domination. This was followed by Betrayal of an Ideal (1954), a personalized account of Stalin's purges, and Comrade X (1956), in which he described his role in the Soviet underground opposition.

Meanwhile, Tokaty began a new career in Britain as an authority on aeronautics and rocketry. From 1953 onwards he began to lecture at Imperial College, London and Cranfield College of Aeronautics, and he was eventually appointed Head of the Department of Aeronautics and Space Technology at the Northampton College of Advanced Technology, later to become City University.

During the 1960s he was invited to the United States to assist with their Apollo lunar program, and he subsequently wrote seven books on rocketry and spaceship design. He retired from City University in 1975, but continued to work as a visiting professor in Jordan, Iran, Turkey and Nigeria.

Grigori Tokaty was a great scientist and a patriot of his small nation. Until the end of his life he loved Ossetia and always kept himself informed in what is going on there.

He is known around the world due to his many researches in aerodynamic and rocket technology. He taught in well known British universities and after that, in the beginning of the 60s he left to go to the U.S.

He worked on «Concord» and «Apollo» NASA programs, dealing with the landing of the first man on the moon.

Imagine this:

You are on board Concorde.

This aircraft has been designed and perfected by elite, dedicated engineers over a period of many years. It has been meticulously assembled by careful technicians in our factories. It has been pushed beyond its service limits by brave test flight crews.

Today, you are in the care of one of the best airline crews in the world.

You will experience the take off of a military fighter. At 250mph you will leave the runway, and begin shooting upwards at an unimaginable angle compared to any commercial jet.

Approaching Mach 1 you will feel a slight «push» from the back of your seat, as the engine power is augmented for transonic acceleration.

Now you have joined the small number of people who have travelled faster than sound.

In a seamless transition we will take you eleven miles high, to the edge of space.

At Mach 2 you now join another special group, for few people have travelled this fast or this high. You will see that the sky above

you looks almost black, you can look at the horizon and see the curvature of the earth.

You can look down and see other aircraft five miles beneath you, travelling in the same direction, they appear to be flying backwards.

All this time you have no notion of how the systems aboard this aircraft are working to safely control its flight.

We will take you across the Atlantic Ocean, faster than a rifle bullet. You are going to fly at 23 miles/minute. Imagine if someone could stand behind your aircraft and fire a rifle towards you, the bullet would never catch up to you. You are moving too fast for it.

You will be travelling faster than the earth rotates. You will land in New York, local time, around an hour and a half before you left London.

It's a time machine!

That is the Concorde experience. From my personal memories.

Being a professor of the British City University he was also an honored member of the many academies and scientific associations all over the world.

There is a bronze sculpture of Grigori Tokaty in the American city of Los-Alamos, New Mexico. Besides that, one of the City streets and a University's scholarship are named after him.

During these many years he had his loyal wife, Aza Zaurobekovna Bayeva, by his side. Ossetian people still remember talented Aza for all her feminine and musical talents. England turned out to be the home of Grigori and Aza for many years as well as the last place they would live in. Aza passed away in 2003.

Grigori could not bear the loss and died in November 23, 2003. Their ashes are buried in Lambeth Cemetry in Tooting, South London.

I am unsure about this but Tokaev also wrote his memoirs, Betrayal of an Ideal: Memoirs of the Author's Youth. Bloomington, IN: Indiana University Press. LOC: 55008083 DK268.T6 A22 1955

Gregory Tokaty became a Professor in the Department of Aeronautics and Space Technology at The City University in London from 1967 to 1975. He regularly appeared in New Scientist magazine. He passed on Soviet military secrets to the British government and also assisted the Information Research Department in disseminating anti-Communist propaganda. Eventually turned anti-communist, he defected to the United Kingdom and became a long-standing critic of Stalin's USSR

Defection

Tokaty was afraid of his links with the opposition being discovered. The fear of being arrested and his hatred for Stalin's government culminated in his defection to the United Kingdom. He and his family crossed into the British sector of occupied Berlin and applied for asylum. He arrived in Britain in November 1947. He was given a false identity and was protected by the British intelligence services during his debriefing, since there was strong evidence that Soviet agents were planning to assassinate him. [2]

Life in the UK

Tokaty became a Professor in the Department of Aeronautics and Space Technology at The City University in London from 1967 to 1975. He regularly appeared in New Scientist magazine. [6] He passed on Soviet military secrets to the British government and also assisted the Information Research Department in disseminating anti-Communist propaganda. [2]

Tokaty appeared in episode five [7] of the World War II documentary series The World at War in which he gave a recollection of his experiences. [8] Several historians have used his account of events to study the history of the Soviet Union. [4] [9] [10]

A fictional Tokaty appears in the eleventh and final novel of Upton Sinclair's Lanny Budd series, The Return of Lanny Budd, as Lanny's rescuer from a Soviet MGB prison in East Berlin. Sinclair acknowledges Tokaty's contribution to the novel in the book's Acknowledgements section. [11]

WHY THE KING CHARLES THE THIRD IS CHRISTIAN? IS NOT HE?

IT is not, alas, Bertrand Russell, who rules the England, it is Charles the Third.

What are objections of the King of England on Christianity?? Is he Christian or not??

Prince Harry, «Spare»:

«Pa was deeply religious, he prayed every night, but now, in this moment, I too felt close to God. .....Pa always made a big deal about Easter, sure, but that was Pa»

//

This one from September 5,

They keep reposting Russell's words on not being Christian, though his books are riddled with homage to impact of Christianity on ethics, on civilization, especially impact of Catholic Church of First Fathers — Augustine, Ambrose, Gregory, and others. He says in History if western philosophy, that Civitas Die by Augustine is among books of mankind which exerted most immense influence on World history — positive influence of course. In Authority and individual he keeps saying on positive influence of Christianity on morality. In Power he mentioned Jesus among most influential and most powerful politicians and geniuses altogether with Pythagoras, Galileo and Budha.

In my book on Debates between Chesterton, Russell and Wells all these arguments are given in details, including chapter on his deeply religious daughter Kathrine Tait and her conviction that her

father was man of deep religious temperament and that in Middle ages he would have been Saint, and that it was her father who had educated her as Christian, despite all his criticism on Christianity, because true Christianity is true thinking.

But they keep persisting on this title of his little article, to introduce Russell as Antichrist.

This was my answer on their post from September 5.

//

Haha. All of us know very well why Bertrand Russell was not Christian. We are not too in this meaning of the word. Because it is time for Reform of Christianity, as Every Thinking Man have said: Spinoza, Renan, Einstein, Romain Rolland, George Sand, Lessing, Strauss, Schweitzer, Tolstoy, Merezhkovsky, Russell's daughter Katherine Tait and so on..

This picture with Crossed out Cross seems much like symbol of Satanism, not as Symbol of Russell's constructive criticism, doesn't it?

But why The King Charles The Third, who presided the company on hounding of Discovery and its Author, — why their Majesties Are Christians?? And what kind of Christians with Such symbols of Crossed out Cross» they are? This is the question!!

Prince Harry, «Spare»:

«Pa was deeply religious, he prayed every night, but now, in this moment, I too felt close to God. …..Pa always made a big deal about Easter, sure, but that was Pa»

And this is exactly beliefs we share with all sane Christians, and especially with St Augustine and St Thomas Aquinas: belief in God, immortality and that Jesus was «the best and wisest of men»:

«The word does not have quite such a full-blooded meaning now as it had in the times of St Augustine and St Thomas Aquinas. In those days, if a man said that he was a Christian it was known what he meant. You accepted a whole collection of creeds which were set out with great precision, and every single syllable of those creeds you believed with the whole strength of your

convictions. Nowadays it is not quite that. We have to be a little more vague in our meaning of Christianity. I think, however, that there are two different items which are quite essential to anybody calling himself a Christian. The first is one of a dogmatic nature — namely, that you must believe in God and immortality. If you do not believe in those two things, I do not think that you can properly call yourself a Christian. Then, further than that, as the name implies, you must have some kind of belief about Christ. The Mohammedans, for instance, also believe in God and in immortality, and yet they would not call themselves Christians. I think you must have at the very lowest the belief that Christ was, if not divine, at least the best and wisest of men. If you are not going to believe that much about Christ, I do not think you have any right to call yourself a Christian»

Bertrand Russell on Great iImpact of Christianity as Catholic Church into Civilization:

B. Russell, «History of western philosophy»:

««Book two

CATHOLIC philosophy

introduction

CATHOLIC philosophy, in the sense in which I shall use the term, is that which dominated European thought from Augustine

to the Renaissance. There have been philosophers, before and after this period of ten centuries, who belonged to the same general school. Before Augustine there were the early Fathers, especially Origen; after the Renaissance there are many, including, at the present day, all orthodox Catholic teachers of philosophy, who adhere to some medieval system, especially that of Thomas Aquinas. But it is only from Augustine to the Renaissance that the greatest philosophers of the age are concerned in building up or perfecting the Catholic synthesis.

...The lay rulers, who were in frequent conflict with it, were defeated because the great majority of the population, including most of the lay rulers themselves, were profoundly convinced of the truth of the Catholic faith.

...

The dualism of the kingdom of God and the kingdoms of this world is found in the New Testament, but was systematized in Saint Augustine City of God. The dualism of the spirit and the flesh is to be found in Plato, and was emphasized by the Neoplatonists; it is important in the teaching of Saint Paul; and it dominated the Christian asceticism of the fourth and fifth centuries.

...

There is still a civilized community, in which all well-to-do people can read and write, and a philosopher has to appeal to the laity as well as to the clergy. Between this period and the dark ages, at the end of the sixth century, stands Gregory the Great, who regards himself as a subject of the Byzantine emperor, but is lordly in his attitude to barbarian kings. After his time, throughout Western Christendom, the separation of clergy and laity becomes more and more marked.

...

With great difficulty, beginning in the eleventh century, the Church succeeds in emancipating itself from the feudal aristocracy, and this emancipation is one of the causes of the emergence of Europe from the dark ages.

The first great period of Catholic philosophy was dominated by Saint Augustine, and by Plato among the pagans. The second period culminates in Saint Thomas Aquinas, for whom, and for his successors, Aristotle far outweighs Plato. The dualism of The City of God, however, survives in full force. The Church represents the City of God, and politically philosophers stand for the interests of the Church.

Philosophy was concerned to defend the faith, and invoked reason to enable it to argue with those who, like the Mohammedans, did not accept the validity of the Christian revelation. By this invocation of reason the philosophers challenged criticism, not merely as theologians, but as inventors of systems designed to appeal to men of no matter what creed.

...

Catholic philosophy is essentially the philosophy of an institution, namely the Catholic Church; modern philosophy, even when it is far from orthodox, is largely concerned with problems, especially in ethics and political theory, which are derived from Christian views of the moral law and from Catholic doctrines as to the relations of Church and State. In GrÃ¦co Roman paganism there is no such dual loyalty as the Christian, from the very beginning, has owed to God and Caesar, or, in political terms, to Church and State. The problems raised by this dual loyalty were, for the most part, worked out in practice before the philosophers supplied the necessary theory. In this process there were two very distinct stages: one before the fall of the Western Empire, and one after it. The practice of a long line of bishops, culminating in Saint Ambrose, supplied the basis for Saint Augustine's political philosophy.

...

The moral reform of the Church in the eleventh century, which was the immediate prelude to the scholastic philosophy, was a reaction against the increasing absorption of the Church into the feudal system. To understand the scholastics we must understand Hildebrand, and to understand Hildebrand we must know

something of the evils against which he contended. Nor can we ignore the foundation of the Holy Roman Empire and its effect upon European thought.

Few technical philosophers have had as much influence on philosophic thought as Saint Ambrose, Charlemagne, and Hildebrand.

CHAPTER II Christianity During the First Four Centuries

Church, had no authority over the Church as a whole until a much later period. The gradual growth of the papal power is a very interesting subject, which I shall deal with in later chapters.The growth of Christianity before Constantine, as well as the motives of his conversion, have been variously explained by various authors. Gibbon * assigns five causes: «1. The inflexible, and, if we may use the expression, the intolerant zeal of the Christians, derived, it is true, from the Jewish religion, but purified from the narrow and unsocial spirit which, instead of inviting, had deterred the Gentiles from embracing the law of Moses. «2. The doctrine of a future life, improved by every additional circumstance which could give weight and efficacy to that important truth. «3. The miraculous powers ascribed to the primitive Church. «4. The pure and austere morals of the Christians. «5. The union and discipline of the Christian republic, which gradually formed an independent and increasing state in the heart of the Roman empire.» Broadly speaking, this analysis may be accepted, but with some comments. The first cause — the inflexibility and intolerance derived from the Jews — may be wholly accepted.

The morals of the Christians, before Constantine, were undoubtedly very superior to those of average pagans. The Christians were persecuted at times, and were almost always at a disadvantage in competition with pagans. They believed firmly that virtue would be rewarded in heaven and sin punished in hell. Their sexual ethics had a strictness that was rare in antiquity. Pliny, whose official duty it was to persecute them, testifies to their high moral character. After the conversion of Constantine, there

were, of course, time-servers among Christians; but prominent ecclesiastics, with some exceptions, continued to be men of inflexible moral principles. I think Gibbon is right in attributing great importance to this high moral level as one of the causes of the spread of Christianity. Gibbon puts last «the union and discipline of the Christian republic.» I think, from a political point of view, this was the most important of his five causes

CHAPTER III Three Doctors of the Church

Ambrose, Jerome, and Augustine all flourished during the brief period between the victory of the Catholic Church in the Roman Empire and the barbarian invasion.

Civilization declined for centuries, and it was not until nearly a thousand years later that Christendom again produced men who were their equals in learning and culture. Throughout the dark ages and the medieval period, their authority was revered; they, more than any other men, fixed the mould into which the Church was shaped. Speaking broadly, Saint Ambrose determined the ecclesiastical conception of the relation of Church and State; Saint Jerome gave the Western Church its Latin Bible and a great part of the impetus to monasticism; while Saint Augustine fixed the theology of the Church until the Reformation, and, later, a great part of the doctrines of Luther and Calvin. Few men have surpassed these three in influence on the course of history. The independence of the Church in relation to the secular State, as successfully maintained by Saint Ambrose, was a new and revolutionary doctrine, which prevailed until the Reformation; when Hobbes combated it in the seventeenth century, it was against Saint Ambrose that he chiefly argued. Saint Augustine was in the forefront of theological controversy during the sixteenth and seventeenth centuries, Protestants and Jansenists being for him, and orthodox Catholics against him. The capital of the Western Empire, at the end of the fourth century, was Milan, of which Ambrose was bishop. His duties brought him constantly into relations with the emperors, to whom he spoke habitually as an equal, sometimes as a superior. His dealings with the imperial

court illustrate a general contrast characteristic of the times: while the State was feeble, incompetent, governed by unprincipled self-seekers, and totally without any policy beyond that of momentary expedients, the Church was vigorous, able, guided by men prepared to sacrifice everything personal in its interests, and with a policy so far-sighted that it brought victory for the next thousand years. It is true that these merits were offset by fanaticism and superstition, but without these no reforming movement could, at that time, have succeeded.

...He was formally commanded to surrender the basilica, and the soldiers were ordered to use violence if necessary. But in the end they refused to use violence, and the Emperor was compelled to give way. A great battle had been won in the contest for ecclesiastical independence; Ambrose had demonstrated that there were matters in which the State must yield to the Church, and had thereby established a new principle which retains its importance to the present day.

The Emperor repented, and, divested of the purple, did public penance in the cathedral of Milan. From that time until his death in 395, he had no friction with Ambrose. He was inferior to Jerome as a scholar, and to Augustine as a philosopher. But as a statesman, who skilfully and courageously consolidated the power of the Church, he stands out as a man of the first rank.

CHAPTER VI Saint Benedict and Gregory the Great

IN the general decay of civilization that came about during the incessant wars of the sixth and succeeding centuries, it was above all the Church that preserved whatever survived of the culture of ancient Rome. The Church performed this work very imperfectly, because fanaticism and superstition prevailed among even the greatest ecclesiastics of the time, and secular learning was thought wicked. Nevertheless, ecclesiastical institutions created a solid framework, within which, in later times, a revival of learning and civilized arts became possible. In the period with which we are concerned, three of the activities of the Church call for special notice: first, the monastic movement; second, the

influence of the papacy, especially under Gregory the Great; third, the conversion of the heathen barbarians by means of missions.

The departures of the Order from the founder's intentions were, however, by no means all regrettable. This is true, in particular, of learning. The library of Monte Cassino is famous, and in various ways the world is much indebted to the scholarly tastes of later Benedictines

CHAPTER XI The Twelfth Century

FOUR aspects of the twelfth century are specially interesting to us: (1) The continued conflict of empire and papacy; (2) The rise of the Lombard cities; (3) The Crusades; and (4) The growth of scholasticism. All these four continued into the following century. The Crusades gradually came to an inglorious end; but, as regards the other three -428- movements, the thirteenth century, marks the culmination of what, in the twelfth, is in a transitional stage. In the thirteenth century, the Pope definitively triumphed over the Emperor, the Lombard cities acquired secure independence, and scholasticism reached its highest point. All this, however, was an outcome of what the twelfth century had prepared.

CONFLICT OF EMPIRE AND PAPACY

From the time of Gregory VII to the middle of the thirteenth century, European history centres round the struggle for power between the Church and the lay monarchs — primarily the Emperor, but also, on occasion, the kings of France and England. Gregory's pontificate had ended in apparent disaster, but his policies were resumed, though with more moderation, by Urban II (1088—1099), who repeated the decrees against lay investiture, and desired episcopal elections to be made freely by clergy and people.

The Pope, having made peace with the Normans, ventured in 1157 to break with the Emperor. For twenty years there was almost continuous war between the Emperor on the one side, and the Pope with the Lombard cities on the other. The Normans mostly supported the Pope. The bulk of the fighting against the

Emperor was done by the Lombard League, which spoke of «liberty» and was inspired by intense popular feeling. The Emperor besieged various cities, and in 1162 even captured Milan, which he razed to the ground, compelling its citizens to live elsewhere. But five years later the League rebuilt Milan and the former inhabitants returned. In this same year, the Emperor, duly provided with an antipope, * marched on Rome with a great army. The Pope fled, and his cause seemed desperate, but pestilence destroyed Frederick's army, and he returned to Germany a solitary fugitive. Although not only Sicily, but the Greek Emperor, now sided with the Lombard League, Barbarossa made another attempt, ending in his defeat at the battle of Legnano in 1176. After this he was compelled to make peace, leaving to the cities an the substance of liberty. In the conflict between Empire and papacy, however, the terms of peace gave neither party complete victory. Barbarossa's end was seemly. In 1189 he went on the third Crusade, and in the following year he died. The rise of free cities is what proved of most ultimate importance in this long strife. The power of the Emperor was associated with the decaying feudal system; the power of the Pope, though still growing, was largely dependent upon the world's need of him as an antagonist to the Emperor, and therefore decayed when the Empire ceased to be a menace; but the power of the cities was new, a result of economic progress, and a source of new political forms. Although this does not appear in the twelfth century, the Italian cities, before long, developed a non clerical culture which reached the very highest levels in literature, in art, and in science. All this was rendered possible by their successful resistance to Barbarossa.

CHAPTER XII The Thirteenth Century

IN the thirteenth century the Middle Ages reached a culmination. The synthesis which had been gradually built up since the fall of Rome became as complete as it was capable of being. The fourteenth century brought a dissolution of institutions and philosophies; the fifteenth brought the beginning of those that we still regard as modern. The great men

of the thirteenth century were very great: Innocent III, Saint Francis, Frederick II, and Thomas Aquinas are, in their different ways, supreme representatives of their respective types. There were also great achievements not so definitely associated with great names: the Gothic cathedrals of France, the romantic literature of Charlemagne, Arthur, and the Niebelungen, the beginnings of constitutional government in Magna Carta and the House of Commons. The matter that concerns us most directly is the scholastic philosophy, especially as set forth by Aquinas; but I shall leave this for the next chapter, and attempt, first, to give an outline of the events that did most to form the mental atmosphere of the age.

Frederick, in spite of his abilities, could not have succeeded, because the antipapal forces that existed in his time were pious and democratic, whereas his aim was something like a restoration of the pagan Roman Empire. In culture he was enlightened, but politically he was retrograde. His court was oriental; he had a harem with eunuchs. Thus, although he was free from the superstitions of his age, and in culture far above other contemporary rulers, his position as Emperor compelled him to oppose all that was politically liberal. He failed inevitably,

The Church, in the early thirteenth century, was in danger of a revolt scarcely less formidable than that of the sixteenth. From this it was saved, very largely, by the rise of the mendicant orders; Saint Francis and Saint Dominic did much more for orthodoxy than was done by even the most vigorous popes.

In the matter of saintliness, Francis has had equals; what makes him unique among saints is his spontaneous happiness, his universal love, and his gifts as a poet. His goodness appears always devoid of effort, as though it had no dross to overcome. He loved all living things, not only as a Christian or a benevolent man, but as a poet. His hymn to the sun, written shortly before his death, might almost have been written by Akhnaton the sun-worshipper, but not quite-Christianity informs it, though not very obviously. He felt a duty to lepers, for their sake, not for his; unlike

most Christian saints, he was more interested in the happiness of others than in his own salvation. He never showed any feeling of superiority, even to the humblest or most wicked. Thomas of Celano said of him that he was more than a saint among saints; among sinners he was one of themselves.

The Dominicans were even more active than the Franciscans in the work of the Inquisition. They performed, however, a valuable service to mankind by their devotion to learning. This was no part of Saint Dominic's intention; he had decreed that his friars were «not to learn secular sciences or liberal arts except by dispensation.» This rule was abrogated in 1259, after which date everything was done to make a studious life easy for Dominicans. Manual labour was no part of their duties, and the hours of devotion were shortened to give them more time for study. They devoted themselves to reconciling Aristotle and Christ; Alberrus Magnus and Thomas Aquinas, both Dominicans, accomplished this task as well as it is capable of being accomplished. The authority of Thomas Aquinas was so overwhelming that subsequent Dominicans did not achieve much in philosophy; though Francis, even more than Dominic, had disliked learning, the greatest names in the immediately following period are Franciscan: Roger Bacon, Duns Scotus, and William of Occam were all Franciscans. What the friars accomplished for philosophy will be the subject of the following chapters»»

He was Reformer of Christianity like all of us true Christians: like Spinoza, Lessing,, Ernest Renan, Karl Jaspers, Tolstoy, Romain Rolland, Toynbee, Dchweitzrr, Einstein, Chesterton, George Sand, Merezhkovsky. They insist to Introduce Brrttand Russell as Antichrist to acquire The New Justificayion of yheir Satanism in pseudoscience of atheist, like in Darwines «Church of Satan» by La Wai (Bible of Darwine). Russell was not an atheist, he was Metaphysicist, he sacrificed his life to public service, like any man of service to Truth, Justice, Conscience!!! Or in other words — Service to God!! " it was like i heard the voice of God» he says in Autobiography. Bertrand Russell on Great Impact of Catholic Church on Civilization!!!

This is My conversation with my sister, Radmila (Rada), 9—10 December, 2025 (Yesterday-Today):

I owe to my sister many hours of care in hospitals, many dearest care during my severe ailing in wheelchair. And my heart is bleeding watching again and again Satans of Secret Services sucking blood of innocent persons of my family in order to take by all means my Discovery from me, to remove all of us, to discredit all of us!!

I have reported to the world before that my sister is being under pressure of Secret Services in Masks of Kind Policemen. She has unflinching believe in Old Good Police.

[1] https://ridero.ru/link/Kw70bifpSXaQ9FpJmNL4d

They have persuaded her that these last ten years she has been under pressure of some felons, who have nothing to do with Mafia of Government of Osettia (Alan Ogoev) or with politics, my Discovery and Secret Services.

They are merely felons and criminals, street bandits.

Yesterday my sister in conversation with me thus had set forth this version of course of events, — that assault on me and bullying of my sister falls to the crimes of that street bandits and has nothing to do with politics, Secret Services and Mafia of Corrupted Government of Ossetia under acquiescence of Putin's regime.

It is obvious to me, that Putin's Secret Services are doing this to remove us both — me and my sister under pretext, that it was deed of some ordinary criminals felons, and that Putin's regime, Secret Services of USA and England, and corrupted Government of Ossetia have nothing to do with this assault on me and on my sister. She is naive, she is not scientist, she knows nothing on my Discovery and never reads my books. And she has been under pressure of threats and bullying last 10—11 years.

She thus denies my version of course of events, but she has confirmed that all facts on her being hounded here in Vladikavkaz and later in Minsk I narrated rightly. All facts are correct — she confirmed this.

But there is nothing easier then to check whose version is right — in that case of course if Putin's regime would have taken pains to respond to any of multiple filed charges on the case. But nothing!!

The bandit she refers to as the cause of bullying is relative of the neighbors of her house in Vladikavkaz, who had spent much time in their house. His brother was policemen, he himself worked as guard in some cafe. Nothing could be easier than to detect his full name for the police!! She had filed many charges on this subject, but failed to indicate name of her neighbors. And when police knows the name of bandits, it is easy to find out their connections with Mafia of Corrupted Government of Ossetia and Alan Ogoev.

But Putin's regime continues to keep silence!! With regard either to my filed charges or to my sister's filed charges. Instead of normal State Police Investigation, they continue to exert influence on my dear poor hounded sister in such foul ways, to persuade her, and than me, as they hope, that Secret Services has nothing to do with attack on Author of Scientific Revolution Energetics!!!

In my book «I ACCUSE IDOL-WORSHIPERS» and «Corruption in Ossetia» I have set forth the data I have on Mafia of Corrupted Government of Ossetia and Alan Ogoev.

My sister thus suggests that attack on me and attack on her has been operated by the same people, the bandits of Ossetia. I agreed with her, pointing out that there is only one Mafia in Ossetia and that Alan Ogoev resides in the very center of the Mafia. And that this Mafia is acting under command of Corrupted Putin's regime, which had removed the Russian State many years ago!!

Leave my poor sister alone, you have already hounded her to the lost of her health, youth, energy!! You deprived the innocent woman who have never did anything wrong to anyone of normal human life, reducing her existence to survival under permanent attack!!

She knows nothing on my Discovery, Leave her and her family alone!!

It is not first time when taxy she have ordered and was reported on phone as arrived did not came.

Moreover, she narrated in previous video on Taxy driver taking her to outskirts of town to scare the old woman. I am afraid for the safety of my mother!

Моя мама очень ждала Раду, чтобы сделать прическу. Обычно Рада отводит ее к мастеру, и теперь она очень довольна. Последние пять шесть месяцев мы не слышали Раду, она опять уезжала в Минск, и не отвечала на звонки.

После долгих лет запугиваний, она стала очень замкнутой.

Я расскажу здесь, что мне известно об Охраннике, которого местного мафия, с Аланом Огоевым, наняли ее преследовать.

Начали с того, что натравили на Раду соседей, как и в моем случае, с которыми у нее были нормальные добрососедские отношения. Соседи — армяне, дом моей сестры на улице Декабристов. Это небольшой частный дом и с соседями армянами у них там общая стена.

Вот они начали стучать, начались интриги, они даже залили им какую то стену до степени непригодности.

[3] https://ridero.ru/link/HPh4OHZbGggLEI5J5JDdH

Потом у этих соседей стали ночевать два брата, тоже армяне, вроде бы их родственники.

Один из них — работник полиции, другой — охранник в кафе Доменика.

Этот охранник стал запугивать мою сестру таким образом и когда она посещала кафе и когда она была у себя дома. Она убедила себя, что что то увидела, что это наркоманы, и они передовали что то друг другу, и она увидела, и потому ее стали выслеживать и запугивать нахальными взглядами, машинами, оскорблениями на улице.

Ее намеренно ударили машиной, повредили руку, когда она шла с ребенком.

это был период когда ее ребенок еще в школу не ходил. И это период когда спецслужбы Путина напали на меня, и сделали меня инвалидом а коляске на всю жизнь: 2013—2015

В конечном итоге сестра, которая до замужества работала преподавателем на юридических факультетах в республике, вынуждена была бросить все, собрать вещи и уехать из Республики в Минск.

Охранник из Доменике, о котором она только знала что он — армянин, что жил у ее соседей армян, и что его брат работал в полиции Осетии, поехал за ней. Однако, она его видела там или один раз или два раза. Тоже в кафе, когда сестра с семьей сидели за столом, охранник уселся напротив и старался нахальными взглядами их запугать.

Видела она его еще я не помню, но дальше запугиванием в основном занимались другие люди, которых она считала его «шестерками», на самом деле просто такие же бандиты из осетинской мафии, по всей вероятности.

Брат полицейский этого охранника с тех пор погиб, как сообщила мне сестра.

Она написала четыре заявления в Минске и еще несколько заявлений во Владикавказе с тем, чтобы установить личность охранника, но как и мне, ни на одно из ее заявлений ответа не было.

Кафе Доменика, где работал этот охранник, вроде бы тоже принадлежало людям из силовых структур, то есть имело прямое отношение к правительству. Так я слышала, но наверно нетрудно это проверить.

Больше тот охранник никогда не появлялся, однако запугивания, оскорбления, натравливание соседей, стук — все это постоянно продолжалось. И продолжается уже больше Десяти лет!!

В то самое время как в 2022 году на меня напали вторично, со счета моей сестры, сняли 350 тысяч рублей.

А здесь начались бандитские нападения на мою мать, звонки негодяев, которые имитировали наши с сестрой голоса, говорили, что их избили, что супруг Рады в больнице с травмой, что мне якобы должны делать операцию на голову. И украли таким образом у несчастной женщины 100 тысяч рублей, которые так и не вернули!!

Радын супруг, Сергей Кушнир, все это время поддерживал нас всех, и только благодаря ему Радмила смогла все это вынести. И если сегодня негодяи довели несчастную мать, с надорванным сердцем до того, что она до смерти боится всех, и полицию в том числе, то ничего удивительного в этом нет. Счастье, что мы все не сошли с ума, когда власть в руках Психически больных людей!!

Это о них Высоцкий поет: Обидно мне коль слово честь забыто и коль в чести наветы за глаза! Какой только грязи эти негодяи не льют на честных людей!!

Все это я писала на сайт Президента России и никакого ответа не получила!!

Это видео с моей мамой у меня в гостях. Она меня скупала, дважды, и очень довольна своей прической. Ведь она дождалась приезда старшей дочери!

И теперь опять едет домой. Надеюсь, путинские таксисты оставят старушку в покое, мы исправно платим за такси и регулярно пользуемся их услугами.

Bertrand Russell on Metaphysics (He never was a materialist, he was a metaphysician)

He kept risking his life for the honour of human nature throughout his life.

Autobiography

but when the War came I felt as if I heard the voice of God.

I felt that for the honour of human nature those who were not swept off their feet should show that they stood firm.

««In the midst of this, I was myself tortured by patriotism. The successes of the Germans before the Battle of the Marne were horrible to me. I desired the defeat of Germany as ardently as any retired colonel. Love of England is very nearly the strongest emotion I possess, and in appearing to set it aside at such a moment, I was making a very difficult renunciation. Nevertheless, I never had a moment's doubt as to what I must do. I have at times been paralysed by scepticism, at times I have been cynical, at other times indifferent, but when the War came I felt as if I heard the voice of God. I knew that it was my business to protest, however futile protest might be. My whole nature was involved. As a lover of truth, the national propaganda of all the belligerent nations sickened me. As a lover of civilisation, the return to barbarism appalled me. As a man of thwarted parental feeling, the massacre of the young wrung my heart. I hardly supposed that much good would come of opposing the War, but I felt that for the honour of human nature those who were not swept off their feet should show that they stood firm.

To Colette 5th July 1918

I want to put the spirit of the Atlantic into words — I must, I must, before I die, find some way to say the essential thing that is in me, that I have never said yet — a thing that is not love or hate or pity or scorn, but the very breath of life, fierce, and coming from far away, bringing into human life the vastness and the fearful passionless force of non-human things.

To Colette December 28, 1916

I hate the world and almost all the people in it. I hate the Labour Congress and the journalists who send men to be slaughtered, and the fathers who feel a smug pride when their

sons are killed, and even the pacifists who keep saying human nature is essentially good, in spite of all the daily proofs to the contrary. I hate the planet and the human race — I am ashamed to belong to such a species»

//

There is only one alternative for the truth — the end. I hold my peace, God's message is in hands of people, I can leave now. Death is Grace and Bliss when you find yourself under power of pervert morons, treacherous liars with Dead Conscience.

//

It is the most foul crime in society ruled by pervert morons to give birth to children!

They will make them the same ugly satans, the same pervert morons, deprived of thought, conscience and honour.

Don't become complicit of morons!!

Our Debt is to fight perverts.

We must earn our right to live on this planet, invaded by mad amorphous serpents, with dead thought, dead conscience, dead friendliness.

The Invincible Satans!!

They need only to loose their genitals to vanquish any resistance to Their Ugliness!

And this is not me who said this first. It was Jonatan Swift, when asked why he did not bother to give birth to a child.

And it was Swift who suggested children of poors as delicious dish for the dinners of the rich! Trump's friend Epstein seems to have accepted the offer.

//

I used to watch Father Brown series to find some relaxation, to find some communication with sane men like Chesterton

The Murderers intruded there too, of course, with «Advertisement»»

Imagine only: every picture with dead man, or other horrors of detective story they follow with phrase: WIN WITH US

Thanks God i have seen 11 seasons, but i cannot any longer to continue to watch the film

Is not this severe madness??

The Invincible Winners, foul treacherous perverts Satans!!

//

Do you remember forgery scandal in Pressa??I gave report in my book «Murder of Author of Discovery. Data on Facebook». When murderers from Secret Services did their best to outrage Pressa against me, the Author, calling them Cowards?? Though it was Satans of Amorphous Serpents, and their physical control of violence, which i called cowardice, for it is based on fear of Field of Ego-system. But i revealed to Pressa whom i really called cowards, and Murderers failed to outrage Pressa against me. But since that time, my blood flowing into deluge in this wheelchair while i keep writing books of Holy Revelation one after another. And Pressa only taking comfortable seats in theater to enjoy the murder of gladiator in circus. Then are all of you really such cowards to be afraid to say a word in defence of Holy Scriptures?? Such cowards to be afraid to stretch your hand for the ready win of God, laying accomplished?? Such cowards to allow Evil of murderers, prostitutes, pedophiles, liars, thieves, offenders of truth and god, treacherous perverts to escape winners again and again in all their crimes?? Are all of you really such cowards?? Cowards!!

//

«Dropping of a spine at ABC. Seems as something they could us»

Yes, Manly Pressa, i have given to you a perfect tool to erase stupid Morons from power!

Your guess was absolutely right:

You needed only to narrate to the world on Discovery and my Martyrdom to finish once and forever with Morons in Power!!

But you failed. You sold out Discovery and Truth on Discovery!! You are Cowards, like your Morons in Power!! You pissed your pants!!

Say HER NAME…

HONOR HER LEGACY

And Now, you, expect, after having sold out Discovery and Truth on Discovery, that Morons in Skirts will fulfill their commitments!!

They will MAKE NATION GREAT THROUGH THEFT OF DISCOVERY!!

First of all, the disgrace of being Thieves and Murderers of a Martyr is the only reward of any «nation» in such circumstances.

And, moreover, THEY HATE GUTS OF DISCOVERY, which exposes them as stupid cowardly morons, as Amorphous Serpents

Without me, the author, they will maim and cripple it to the degree, where it will entirely disappear. Instead of Laws of Nature of One Truth of Scientific Control, which is the Core and the Victory of Good, Victory of Energy of Spirit, you will be reduced back to chaos of contradictory stupid theories, to the entire loss of Scientific Control.

And as result the objective of Satans will be secured:

Back to physical control of Amorphous Serpents, back to Darwinian paradigm!!

When I am dead I declare Catholic Church to be Judah!!

I declare, that with my death, — the death of Author of Discovery of Psychic Energy- Falls the end of Catholic Church as Church of Jesus Apostles!!

I declare that to tear all connections with Vatican is as vital for survival of Christianity as it was first to do with Jerusalem Temple and later in Reformation with Church of Satans in Vatican!!

They are Murderers not only of true Saints of period of Reformation, but also of Scientist who has brought Scientific proof of Jesus's Gospels!!

Why?? Because they are Antichrists!!

Because Vatican is Church of Satan!!

Because they don't need the true word of Jesus!!

Because they need to twist his words against Himself, to laugh Jesus down in their Satanic derision on Truth and Conscience of Gospel!!

With my death — Vatican is dead, remember this anyone, who will be blessed to adopt the truth of Discovery!!

And remember also the great reverence and admiration Discovery of Psychic Energy payed to early Catholic Church of Ambrose, Augustine, Gregory, and Hildebrand!!

All this you will find in Holy Scriptures of Discovery!!

As far as I can see Disturbed Murderers again plan to attack my poor sister

They plan attack on helpless innocent citizens always, of course

But the thing is Disturbed Murderers are too Cowards, too gutless to attack them without masks

Disturbed Moronz must first properly shit on honest men, to defile them into their own foul dirt of men with dead conscience

Then the Disturbed morons feel themselves enough brave to attack any innocent child

These mad idiots have been bullying my poor innocent naive sister for 12—13 years now, and failed to kill the hounded prey only because of my books, going one after another to Media and Universities to Introduce Great Discovery…

And my poor exhausted hounded family… you can take any of my theoretical books to find there complaints on attack on family of my sister

It was this writing of masterpieces of bleeding in wheelchair genius which saved them from bloody hands of Disturbed cannibals

But beating hard innocent naive woman, the vulnerable mother of child they succeeded in persuading the poor one that it is me who is to blame in all her problems.

Dont forget, people of the world, that Disturbed Murderers are Morons Ruling the World- the Conspiracy of Secret Services of many countries.

The Conspiracy of State Governments against there own people!! Remember please that two countries were involved in murder of Diana and John Lennon

What the trouble for Disturbed morons under masks of State, Police, Law and Government to persuade naive frightened to the death woman that she must trust them??

She never reads my books, she knows nothing, absolutely nothing on Discovery, and they persuaded her it is not THE GENIUS MASTERPIECES OF WORLD IMPORTANCE FOR MANKIND but merely my ambition to attack legal government which bother them.

And that she has fallen prey of my «„effrontery“» too, the policemen of Putin, who had hounded her first under masks of bandits, now keep saying to her.

And the poor hounded mother believed them, and felt relieved to find out ultimately the cause of cruel attack on her during last 12 years, while her son was in school.

Now she thinks me her enemy, the cause of her suffering and stays under hypnosis of men in policemen masks who have been killing her all this time. Putin has deleted Russian State many years before, Trump is deleting State of USA now, following suit.

Their devices are these — to meddle in houses and families, to make enemies from dear friends, — then Disturbed Murderers feels themselves Gods.

Now, when they ultimately succeeded in persuading the poor woman that her only friend, who kept risking his own life to save her from adversity is her enemy, — they feel enough bold to attack us both physically again:

oh, how long ago they plannrd this attack and how upset they felt when my next book on Discovery sent to Media and Universities exposed again and again Dead Conscience of amorphous serpents from Secret Services!!

So, Disturbed Morons, nothing changed since that time!! You

as always, are free to kill me and my sister, and as always with me, the Author of Great Discovery of Psychic Energy, the Great Prophet of God, you cannot smear your dirt on us to conceal under your dirt of mad cannibals attacking innocent people the true reasons of the attack:

CORRUPTED STATES OF CONSPIRACY OF SECRET SERVICES DEVOURING CITIZENS ABIDING LAW!!

//

You only look what morons are busy with when Great Discovery, the outset of new epoch in history came:

The morons are being proud to shove their dirty hands in people's families!!

Imstead of scientific debates!!

Because morons concern is to strangle Discovery,

WHAT A STUPID FOUL DISGUSTING MORONS!!

//

This is my post from 19 April.

It was time when I was waiting for the response from Pope Francis on Discovery of Psychic Energy

I felt clearly that some intrigue against Discovery was going on. But I thought they meant me.

And on 21 April The Death of Pope Francis was announced.

Coincidence!

//

This is moments of advertisement on Father Brown, with «WIN» in Russian (Побеждай!)

The thing is Putins spies on Facebook long ago promised «все будет классически исполнено и поставлено» (classical stage performance is guaranteed). They meant that they will not let down «Satan's honor» to kill honest people through defaming them with some lie and dirt.

And i have reported this promise of Conspiracy of Secret Services in many posts here, on Facebook.

Now listen where they have placed advertisement with Russian word WIN.

On" ideal murder», on «unique stage performance guaranteed», on" it is not your crime» to negro woman, on failed birthday, on invalid.

Just to demonstrate to you, the people of the world, the level of madness of these Conspiracy of Secret Services against people.

This was the only movie i liked to watch because of Chesterton. And they interfered even there!

//

There is only One Authority — Intellect or God

And Intellect is Science of Laws of Nature

Discovery of Laws of Psychic Energy rests on Authority of Science,

For Laws of Nature can be easily proved through Control of power of any natural energy

This is also part of Discovery of Scientific Revolution Energetics

It was Wilhelm Ostwald who proclaimed Energetics as only true epistemology

In other words — that science is knowledge only on laws of energies of nature. Then we can easily overcome Hume's skeptical empiricism and easily prove on facts of reality that we discovered true laws of nature:

Because knowledge of laws of energies means that we have access to the power of energies and can control this power — like we do in electricity, in mechanics, in biochemistry and so on. This means defeat of Hume's skepticism and Kantian agnosticism, because Energetics as Laws of Natural Energies Can and Does prove truth of causations through control of power of discovered energies!!

Thus Authority of People of God is Science as Causations of Laws of Nature established by God Intellect!!

It was Pythagoras and Plato who said this first, than it was Cicero and Saint Augustine, later Thomas Aquinas and Descartes, Spinoza and Leibnitz. In our age of great progress in Discovery of Energies of nature — almost all greatest physicians were

Metaphysicians in philosophy: Newton, Maxwell, Faraday, Tesla, Einstein, Plank and others

It is true that Ostwald, the author of Energetics as theory of epistemology was empiricist. But this was the reason why his version of Energetics failed.

Now, when Discovery of Psychic energy has founded Energetics on Metaphysics of Intellect, on laws of nature, it is irrefutable.

And all this in details is many times set forth in Five Books of Scientific Revolution Energetics in English!!

This is why i demand Scientific Debates on Discovery!!

The Spectre of Alexander Wolf by Gaito Gazdanov

S. Kibalnik in his book on Gaito Gazdanov urges that it was Vladimir Nabokov whom Gazdanov took as prototype of antagonist of the novel — the «dead man» Alexander Wolf. He gives extremely interesting analyses in this regard of Nabokov as negative personage of famous Gazdanov's novel.

Indeed, the impact of Nabokov's infamous book Lolita on world culture appeared disaster, catastrophe, encouraging pedophilia, rape of children, and immorality.

In this respect the image of Nabokov in novel of Gazdanov as «dead man», is perfect as image of Amorphous serpent with dead conscience and dead thought to my opinion.

Gazdanov himself — a rare example of honour of conscience, courage in his desperate fight for truth, divine soul of righteousness and virtue in every his word in literature, in every his step in life.

He loves Russian classics, Nabokov despised them. Nabokov especially despised Gazdanov for his righteousness, and laughed him down in Lolita, says Kibalnik, as taxy man, going «like schimpanze» on his hands. Indeed, Gazdanov loved exercise, he loved walking on his hands, because he was fine sportsman too. He did not hide himself from horrors of World War Two, like Nabokov!! He entered French Resistance, and kept risking his life throughout the war.

Gaito Gazdanov, i am proud to say, was Ossetian, though he was born in Petersburg, and spent his life in Paris and later in Munich.

//

Gaito Gazdanov and Gregori Tokaty — true glory of little Republic Ossetia.

For both of them — men of outstanding talent, and great impact in civilization.

And all of us, scientist and writer, and me, the author of Discovery, — hate Stalin for his Dead Thought, Dead Conscience, Dead Friendliness!!

Though major part of populace of Georgia and Ossetia remains up to this day admirers of Stalin, because he was Georgian and Ossetian.

Tokaty wrote five books against Stalin's regime amd kept doing his best to thwart it. Gazdanov's last, not finished novel had disapproval of Stalin's regime its subject matter.

My Discovery of Psychic energy is complete and final refutation of materialism and darwinism.

Теперь стараются впутать в Добивание Автора моего среднего брата Роберта

Я почти не общаюсь с братьями после смерти отца, но путинские службы постоянно стараются их использовать для очернения меня

Путин — Сатана, а Сатана работает только на Предательстве всего божеского и человеческого

Вот Путин засылает напуганных до смерти братьев одного за другим, которым ясно сказали, что или докажут их вину в отравлении отца, или они должны помочь погубить меня и Отнять у меня Открытие

Точно также используют негодяя А. Огоева, для которого тоже очевидно, что либо он меня добьет — а этот негодяй давно над этим работает по своей инициативе — либо вместе с моим Открытием будет осуждён и Министр и Ректор СОГУ А. Огоев

Поэтому теперь они совместно работают над тем, чтобы меня дискредитировать

Как видно на записи, Роберт всячески старается оправдать Огоева, и представить как «галлюцинации" мои претензии и к ним по поводу отравления отца, и к Огоеву по поводу преследования моей сестры, и давления на моих сиделок, с целью войти в мой дом.

Он также всячески отрицает какое либо давление на него и его братьев со стороны спецслужб, и старается оправдать поведение Роланда, специально повредившего унитаз чтобы помочь Севак Оганесян, и чтобы совместно вывезти меня в дурдом

Роберт старается игнорировать настоящую причину по которой его прислали — разговоры об Открытии и давлении на меня, и делать вид, что он просто хочет помочь как родственник, предлагает оформить на него Доверенность

Я в ответ ему сказала, что как человек Чести и Совести, предлагаю им единственный достойный выход из ситуации: Пойти и рассказать все о смерти отца, Романа Ясоновича Хугаева в милиции

И что берусь в этом случае ему помочь и выложить его исповедь сначала в интернете, и его намерение идти в милицию.

Потому что местная мафия и спецслужбы Путина, которые заинтересованы как раз в обратном — в том чтобы меня очернить и выставить клеветницей, — могут не допустить этого признания в милиции.

Роберт много раз подчёркивает что никогда ничего не слышал о моем Открытии и об угрозах, и что все мои обвинения это плод моего воображения

При этом он предлагает мне ехать в дом отца в Сунжу, где был отравлен мой отец, и который теперь принадлежит Руслану. А Роланд старался вывезти меня туда из больницы. И несмотря на мои постоянные обвинения против Руслана и его жены Ады, они продолжают настойчиво предлагать Суджу и тётку Ады в качестве сиделки.

Я конечно не стану общаться не с одним из братьев пока они не расскажут в милиции о том, как подменили лекарства отцу.

Но Сатана Путин и его Дьявольские службы не теряют надежды. Засучив рукава, они суют свои грязные клещи чудовищ, сожравших государство, прямо в семьи граждан. Мало того, что они плюют на Закон Государства, эта Сатана плюёт на Закон Божий в первую очередь, потому что без растлевания душ, без травли людей друг на друга, без предательства всего божеского и человеческого, их сатанинская власть не работает.

Да, за это время постоянного наблюдения за Бесконечной Чёрной Мессой Сатанистов я стала часто срываться на крик, не выдерживаю ужаса пытки — например когда моих родных посылают, чтобы оправдать негодяя, который столько лет их преследовал и я одна рискуя жизнью их защищала.

Крик от пыток, с тех пор как поганый Сатана на троне усадил меня, живого человека в гроб парализованного мертвеца, звучит по разному — угрозы сатанистам Судным Днём, Отвращение к сгнившей падали на троне, разлагающей теперь семьи граждан, или просто русский мат. Но всегда это один и тот же Крик от бесконечной Пытки наблюдать Сатанинскую Мессу на том месте, где раньше было Государство.

Эти змеи хотели в том числе использовать и крик от пыток своих жертв против них.

Я им сказала, что как только они усадят Сатану Путина в инвалидное кресло, в кровь и мочу беспомощного и кривого, — так сразу пусть начинают замерять громкость его криков.

Роберт ничего плохого мне не сделал, но он всячески старался помочь меня обмануть. И хотя он подчёркивал что никто им не грозит, он не стал бы в это ввязываться если бы ему не угрожали.

Чем бы не закончилась вся эта жуткая история с Публичным Убиением Автора Открытия и его родных, я прошу вас никогда не забывать в чем страшный грех Сатанисты Путина: в Уничтожении Государства и в использовании огромного мо-

рального авторитета главы государства для растлевания душ граждан!!

Будь проклят, Сатана!!

Then, is this Answer of Scott's Glorious Scottish Mountains to the Outrage of Truth and Conscience by shameless Liars and Cads??

All of you, denying Scott's contribution to such shift in history of mankind like Discovery of Psychic energy as Scientific validation of Jesus' Gospels?! You calling me a dog like Murderers from Conspiracy from Secret Services?! And calling my analysis of Scott's novels as Chivalry of Metaphysics of Intellect — a Forger?! Are not you?!

Scott would never forgive such ignominy!!

Scott' s novels are famous with glorification of Truth and Conscience, of Honest people, of Divine souls in service of God, of Valor in Fight for the Truth!!

This was the impact of Walter Scott on literature and ethics — the glorification of Scotland and its poor inhabitants of mountains as Honest Community of Plato's Republic- «we, people of Mountains, we always speak truth and support each other!»

Pearson says it was Walter Scott who made Scottish man famous throughout the world. Famous as valiant fighter for truth! As champion of honour of conscience!!

Scott, like Chesterton, like Russell, like Einstein, Renan, Schweitzer and other prophets of Discovery of Psychic Energy would be proud of me!! He would not hesitate a moment to side with honest man of letters, the Author of Discovery against brutish Liars and Cads!! And the more pressure would bullies put on him, the more fierce resistance would display noble soul of Great Prophet Walter Scott!!

And you dare to call me Scott Forger and side with Murderers and Liars!!

Scott would die from shame!!

For it is you Scott Forgers!!

I am the author who have brought eternal glory to brilliant novels of Scott as part of Discivery of Psychic Energy!!

//

COWARDS!!!

SCOTT WOULD DIE FROM SHAME!!!

Not everyone is such a Coward as Societies of Russell and Scott!!

THESE ARE YOUR LAST DAYS, Satanic Amorphous Serpents!!

//

MR Oliver Stone's latest post, after my published address to Media and Universities, to Chesterton's and Walter Scott's societies.

It is no doubt coincidence that in my latest work has been cited H. Pearson, the author of «Life of Walter Scott», and that the passage which start from Pearson, ends with «serious problems». And that the letter deals on Truth and Lie around Murder.

You will not bully entire planet Satans and AMorphous Serpents!!!

I am suffering the kind of serious problems you are master's to supply!! Because I have Fear of God and I am ready to die for God, for Truth, for Justice, for Conscience, for Church of Friendliness, for the God!!!

And I am sure I am not alone!!

You, Satans, showing thus your faces of Amorphous Serpents without masks, you have already lost!!

Many people will response to your effronterry in bullying honest men, in outraging the Law and the State, the fundamental values of humanity at last!!

Many many many people will rebel against terror of Avowed Evil, Avowed Terror, Avowed Tyranny!!!

It was this Post on Brutish Murder of Famous American Producer and Trump's derision on his Death, when Scott's societies changed their mind!! And the next Post of Huffpost was with Boasting of Trump with his book The Art of the Deal — as very successful businessman!!

Satans only have to Piggy Murder Honest people to gain their Victories Again and Again!!

And what about Debt to Fight Evil?? Am i the last Rob Roy of the planet?? The last man of Honour of Conscience??

The Art of the Deal of American King of Pedophiles!!

And Scott's Rob Roy with Locksley Robin Hood are selling his Honour of Conscience altogether with such Satans as Putin, Trump and Diana's Murderers!!

You can see that previous Post of Scott's club was on side of Truth:

Trump Blames Rob Reiner For His Own Death In Truth Social Post In a message on his Truth Social platform Monday morning, President Donald Trump baselessly attributed the death of director Rob Reiner to «the anger he caused others through his massive, unyielding, and incurable affliction with a mind crippling disease known as TRUMP DERANGEMENT SYNDROME.» «He was known to have driven people CRAZY by his raging obsession of President Donald J. Rob Reiner and his wife Michelle were found dead in their Los Angeles home on Sunday. Authorities have yet to determine their cause of death.

I couldn't make my mind in which language to write my next book on Gaito Gazdanov.

He himself used to write only in Russian, i have his original texts, but could not get translations in English (though it was American professor Lesley Downer who dedicated his life to works of Gazdanov and wrote his biography).

Besides, it is torture for me to write in English, for my English is sufficient to convey the sense of the idea, but not sufficient as device of artist in literature.

On the other hand, to write in Russian means to lose English speaking world as readers. And i have to fight for Discovery.

But now i have decision.

I will write in Russian, and supply summery in English for each chapter.

I need time for this work. I needed time for each my work, but murderers kept chasing me every day. I am sorry i had not time to produce my works in peace and proper concentration.

I don't believe a Single word on Murder of this Great and Honest man!! Because now i know What Kind of men are Secret Services. It is them who are professional murderers with Dead Conscience!! It is them who are Amorphous Serpents playing on Treachery of every human feeling- on kindness and trust, on sincerity and family tenderness, on brotherhood and friendliness, on compassion and naivety!! They shove their foul hands of Amorphous Serpents directly in men's families, they don't scruple to make enemies from parents and children, brothers and sisters!! Treachery is their power, murder is their work, robbery is their subsistence. And they are very proud of their Satanism because in society of normal people with living Conscience and Compassion — their Treachery is mighty weapon to remove people!! They keep boasting with their love to Nazi Swastika

throughout the Horrid Hounding of me, Author of Discovery. But there is one big difference between modern Secret Services and Hitler's Nazi. Only one, in other essentials they are oneness. Hitler's murderers killed people overtly, avowedly professing murder of «low races» as their essential theory and practice. This is why all sane world was up to demolish Nazi Germany!

It is another case with modern Amorphous Serpents of Secret Services, for they have learnt the lesson of World War Two!!

They are the same ruthless and cynical murderers, but now they wear masks of decent, lawful, ethical men! But they have nothing to do with ethics of Conscience of honest men, or even with state law!! They use most base devices of that Machiavellian sort, described in works of R. Green (48 laws of power, art of seduction) and S. Bing (What would Machiavelly do), devices counted to demolish sane energy of spirit, and to activate insane energy of Ego-system, to subject people to their foul will of criminals!! Ask me, the Author of Discovery, they managed to bring to insane craving of Robbery and Murder Media and Universities!! I don't believe single word of this men on Murder of Honest Democrat Rob Reiner!!

//

Next week

I am afraid i will have to write my next book again in English.

I hate to write in English but i have to while Murderers keep Lying to the World on Discovery

Murderers dread my books, this is why they blocked my access to eBooks in Internet

Well, i have no English translations of Gazdanov's works, — i shall provide my own translation (though his biographer, Laszlo Dienes from Harvard says all his books he had found in English in Harvard library).

I shall start publications of my next work next week.

Fraternizing under Threat of Gun

This post on Brotherhood i have seen twice this December: first time on December 15, soon after my post on Murder of Rob Reiner and catastrophe for all Honest people, for they are apparently doomed under sway of Satans!!

Soon after this reconciliation under the rifle barrel which killed President Kennedy, the post on Scott Forger appeared.

It was that time when next to this picture on fraternizing went post on «the Art of the Deal» (15 December).

And Second time one day ago (22 December i guess) after this post of Edinburgh Club of Walter Scott as BBC News on «aiming high», which must mean that me, the Author of Great Discovery, «aiming high» through «Forgering Scott's works».

After this second confirmation that Locksley Robin Hood is yielding himself prisoner under rifle barrel the Second time appeared the same picture on fraternizing.

Murderers can force people to silence with threats of Murder or even with Murdering such Honest men like Rei Reiner!! But they will never manage to disguise from people the Truth on Discovery of Psychic Energy and Scientific Revolution Energetics!!

Or maybe, Edinburgh Club of Walter Scott suggests that it was Discovery of Walter Scott's novels??

Apart from this, Edinburgh Club of Walter Scott will have to admit that in the same conditions under gun barrel (but many years and in wheelchair!!), i did not yield to the vile will

of Murderers, but instead wrote another book on Walter Scott to make him one of Great Prophets of Discovery!!

My best and kindest wishes to victims of Brown shooting.It is Murderers in power who keep provoking violence again and again.

Dear People of our Poor Planet!

I came to Warn you!!

You are in great Danger!!

Take care!! They are resolved to kill Discovery, for Discovery puts the crucial end to the Power of Satans!!

Well's fiction on inter- planet wars are childish games in comparison with true Danger!!

The Satans, eating our Planet, are not strangers! The same Earth begot them, and yet they remains non-human beings Satans, indeed.

This is the Core of Discovery of Psychic Energy!

Treacherous Amorphous Serpents!

They are Successful people, Very Rich as my killers says, the Master Race of the World for nowdays

And this is why they will rather die than allow Discovery to reach people! They are in power everywhere and they have blocked access of Discovery to Scientific Institutions everywhere.

Question arises how they managed to get into the power everywhere

[1] https://ridero.ru/link/p-84U-31mjZlEnpr-_3bk

I think «What would Machiavelli do» by Bing gives the best answer: they are meaner, he says, after acknowledging the fact that some special kind of men are everywhere in power.

The secret of their success appears to be simple — they have no conscience, they are vile, they are mean.

Indeed, villains in power was not secret from the days of Plato's Republic, where he gives portrait of Tyrannical soul as mad, dishonest and vile man.

We know portrait of Amorphous Serpents from Tacitus and Plinius — when they speak on Nero and Domitian

We know portrait of Amorphous Serpents from Machiavelli when he speaks on Chezare Borjia and his father Pope Alexander

We know them from Renan and Solzhenitsyn, from Chesterton and from Bible.

One more brilliant portrait of Amorphous Serpent provides famous tale of Stevenson — Doctor Jekyll and Mr Hyde:

It is image of Mr Hyde as Evil part of mind, divided from its Good, Sane part:

«

In this case, I was driven to reflect deeply and inveterately on that hard law of life, which lies at the root of religion and is one of the most plentiful springs of distress.

…

With every day, and from both sides of my intelligence, the moral and the intellectual, I thus drew steadily nearer to that truth, by whose partial discovery I have been doomed to such a dreadful shipwreck: that man is not truly one, but truly two.

Others will follow, others will outstrip me on the same lines; and I hazard the guess that man will be ultimately known for a mere polity of multifarious, incongruous and independent denizens.

…

The most racking pangs succeeded: a grind ing in the bones, deadly nausea, and a horror of the spirit that cannot be exceeded at the hour of birth or death. Then these agonies began swiftly

to subside, and I came to myself as if out of a great sickness. There was something strange in my sensations, sometliing indescribably new and, from its very novelty, incredibly sweet. I felt younger, ligliter, happier in body; witliin I was conscious of a heady recklessness, a current of disordered sensual images running like a mill race in my fancy, a solution of the bonds of obligation, an unknown but not an innocent freedom of the soul. I knew myself, at the first breath of this new life, to be more wicked, evil; tenfold more wicked, sold a slave to my original and the thought, in that moment, braced and delighted, me like wine. I stretched out my hands, exulting in the freshness of these sensations; and in the act, I was suddenly aware that I had lost in stature.

The evil side of my nature, to wliich I had now transferred the stamping efficacy, was less robust and less developed than the good which I had just deposed. Again, in the course of my life, which had been, after all, nine tenths a life of effort, virtue and control, it had been much less exercised and much less And hence, as I think, it came about that Edward Hyde was so much smaller, slighter and younger than Henry Jekyll. Even as good shone upon the countenance of the one, evil was written broadly and plainly on the face of tlie other. Evil besides (which I must still believe to be the lethal side of man) had left on that body an imprint of deformity and decay. And yet when I looked upon that ugly idol in the glass, I was conscious of no repugnance,

I have observed that when I wore the semblance of Edward Hyde, none could come near to me at first without a visible misgiving of the flesh. This, as I take it, was because all human beings, as we meet them, are commingled out of good and evil: and Edward Hyde, alone in the ranks of mankind, was pure evil.

It is useless, and the time awfully fails me, to prolong this description; no one has ever suffered such torments, let that suffice;

...

God bless me, the man seems hardly human! Something troglodytic, shall we say? or can it be the old story of Dr. Fell? or is

it the mere radiance of a foul soul that thus transpires and transfigures, its clay continent? The last, I think; for my poor old Harry Jekyl], if ever 1 read Satan's signature upon a face, it is on that of your new friend

Mr. Hyde was pale and dwarfish, he gave an impression of deformity without any nameable malformation, he had a displeasing smile, he had borne himself to the lawyer with a sort of murderous mixture of timidity and boldness, and he spoke with a husky, whispering and somewhat broken voice; all these were points against him, but not all of these together could explain the hitherto unknown disgust, loathing and fear with which Mr. Utterson regarded him.»

I hope not,» said Utterson. ' Did I ever tell you that I once saw him, and shared your feeling of repulsion? ' ' It was impossible to do the one without the other,» returned Enfield»»

But everybody knows now that childish romans in letters at the eve of assault on my backbone. Because I published all letters many times.

You came to my page, to my group to discuss with me Bertrand Russell, and then, having made acquaintance with me, you left the group

I have called you CIAs killer in the book on Murder of Author of Discovery, which I sent to you in my latest letter too. Because murderers kept sending me heads of Greek philosophers as if to blame me. I have said in that post: it was my backbone which was crashed, it was my heart which was stopped, why you keep accusing me in relationship with this Grrek man? I have never meet him. And now I ask you too: Please give your own report on public! Please help to stop Murder of Author of Discovery!

May be they have sent you to help Putin to kill me, but there was also chance that you have nothing to do with CIA

I have apologized to you in 2023, as far as I remember, in my essay Apology — in case you have been chance passersby and had nothing in common with CIA and Putin

It was merely a few letters in internet — many times published. No secrets, no relationship, no acquaintance in real life. Nothing. Absolutely nothing.

This is why now, dying, I have sent my books as well to you as Media and Universities or to Whoopi Goldberg. I need your help, because they keep accusing me in contact with you like in something criminal. Please, say them that you never met me, like I have said them many times. And say Please what you think on Discovery!

Thank you in advance.

I told you in the letter that it is GOSPELS OF JESUS IN SCIENTIFIC LANGUAGE AND NEW EPOCH OF SANE HUMANITY and I must secure in every way i can survival of the books. And that you are not complete stranger to the story.

I said this, I reported situation around my house with police cars, my latest letter to Whoopi Goldberg, my newsletters to Media and Universities, and then I sent you Five Books and Another Five books in English, and my report on Murder of Author of Discovery, I have sent to Scottish societies. That is all.

I deleted my message in my messenger, for I understood I won't get an answer. But you have it, and can prove this was all I reported.

Now my mad murderers keep implying that there was something criminal in my letter to you.

They exercise this madness from the moment they initiated this unprecedented public murder of Scientist.

This is why I dare to write to you once more.

Dear Sir,

What can be so very much wrong with my latest letter to you, where I merely asked you to take care of Discovery as I keep asking Media and Universities

Dear Sir,

I am Author of Great Discovery!

I am Author of Scientific Revolution Energetics!

I am the person who have proved in Scientific research Gospels of Jesus!

And those Conspiracy of Secret Services- merely mad men killing the great scientist

I hardly understand devices they employ. For they are madmen.

I repeat again

Mr I. K. has kindly informed the world that he got my message. For Discovery is subject matter of concern of entire world.

Though he still refuses to give his own version of the course of events.

From the time of Second assault on Discovery (2022), when writing an Apology (2023, after First Five books on Scientific Revolution Energetics in Englush) he persists to refuse to give his own version of the course of events.

You know i have published all documents.

//

I told you all this time.

They are altogether removing Discovery!

Discovery is the end of Amorphous Serpents in Power!

They are united!

In 2015 Putin killed me altogether with CIA

If Drinking Blood of one person for many years make people brothers — Putin and Koullias these fifteen years have become siblings!!

Now they think how to enter my home.

And look at shameless Winzors!!

The Murder of Author of Discovery will ruin this vile Kingdom!!

Blood of Diana and Lennon will cry out with mine!!

Little Pig Putin DREADS DISCOVERY to the death.

Enjoy Confession of Clowns of Conspiracy of Secret Services in Collaboration!!

Mrs Blaise Metreweli and her Little Pig Friend Putin keep tempting Dead Socrates to make love with them now fifteen years, poor Morons!!

Forgive to poor Morons scarceness of their imagination, they have no Intellect, only Sarcoma of Brains as Chekhov defined Dead Thought of Amorphous Serpents!!

Bloody red Socrates and RUSSIAN COMMENTS OF VLADIMIR — this little pig managed to defile name of Vysotskii and Mayakovsky! — must assure public with Brain Sarcoma that it is NOT DISCOVERY WHICH WILL REMOVE POWER OF MORONS

that runs THE MURDER.

Especially now, when Morons hope to distract attention FROM their MURDER OF ROB REINER AND HIS FAMILY!!

Circus of Clowns, again and again!

What Disgust, what a Shame!!

THESE PEOPLE RUNS THE WORLD!!

Mrs Blaise Metreweli, i am 48 too, and me at your age managed to PERFORM GREAT DISCOVERY AND SCIENTIFIC REVOLUTION!

While you spent your life on such imbecilic vile things of Morons, calling them in sober earnest:

Secret Services!

A. Chekhovin«Duel»:

«These voluptuaries must have in their brains a special growth of the nature of sarcoma, which stifles the brain and directs their

whole psychology. Watch Laevsky when he is sitting anywhere in company. You notice: when one raises any general question in his presence, for instance, about the cell or instinct, he sits apart, and neither speaks nor listens; he looks languid and disillusioned; nothing has any interest for him, everything is vulgar and trivial. But as soon as you speak of male and female — for instance, of the fact that the female spider, after fertilisation, devours the male — his eyes glow with curiosity, his face brightens, and the man revives, infact. All his thoughts, however noble, lofty, or neutral they maybe, they all have one point of resemblance. You walk along the street with him and meet a donkey, for instance.... «Tell me, please,» he asks, «what would happen if you mated a donkey with a camel?» And his dreams! Has he told you of his dreams? It is magnificent! First, he dreams that he is married to the moon, then that he is summoned before the police and ordered to live with a guitar...» Thedeacon burst into resounding laughter»

Stevenson,

Doctor Jekyll and Mr Hyde

On Duplicity of Mind

I stood already committed to a profound duplicity of life. Many a manwouldhave even blazoned such irregularities as I was guilty of; but from the high views that I had set before me, I regarded and hid them with an almost morbid sense of shame. It was thus rather the exacting nature of my aspirations than any particular degradation in my faults, that made me what I was and, with even a deeper trench than in the majority of men, severed in me those provinces of good and ill which divide and compound man's dual nature

I for my part, from the nature of my life, advanced infallibly in one direction and in one direction only. It was on the moral side, and in my own person, that I learned to recognise the thorough and primitive duality of man; I saw that, of the two natures that contended in the field of my consciousness, even if I could rightly be said to be either, it was only because I was radically both; and from an early date, even before the course of my scientific discoveries had begun to suggest the most naked possibility of sucli a miracle, I liad learned to dwell with pleasure, as a beloved daydream, on tlie thought of the separation of these elements. If each, I told myself, could but be housed in separate

identities, life would be relieved of all that was unbearable; the unjust might go his way, delivered from the aspirations and remorse of his more upright twin; and the just could walk steadfastly and securely on his upward path, doing the good things in which he found his pleasure, and no longer exposed to disgrace and penitence by the hands of this extraneous evil. It was the curse of mankind that these incon gruous faggots were thus bound together — that in the agonised womb of consciousness, these polar twins should be continuously struggling. How, then, were they dissociated?

INSANE EGO AS

Material energy, physical control, violence and recklessness, dead thought, dead morality, dead friendliness

My devil had been long caged, he came out roaring. I was conscious, even when I took the draught, of a more unbridled, a more furious propensity to ill. It must have been this, I suppose, that stirred in my soul that tempest of impatience with which I listened to the civilities of iny unliappy victim; I declare at leastj before Goci; no man morally sane could liave been guilty of that crime upon so pitiful a provo and that I struck in no more reasonable cation; spirit than that in which a sick child may break a plaything. But I had voluntarily stripped myself of all those balancing instincts, by which even the worst of us continues to walk with some degree of steadiness among temptations; and in my case, to be tempted, however slightly, was to fall.

Instantly the spirit of hell awoke in me and raged. With a transport of glee, I mauled the unresisting body, tasting delight fiom every blow and it was not till weariness had begun to succeed, that I was suddenly, in the top fit of my delirium, struck through the heart by a cold thrill of terror.

False Ego, nothong to do with True Self

He, not Me

«Hyde in danger of his life was a creature new to me: shaken with inordinate human; anger, strung to the pitch of murder, lusting to inflict pain. Yet the creature was astute; mastered his

fury with a great effort of the will; composed his two important letters, one to Lanyon and one to Poole; and that he might receive actual evidence of their being posted, sent them out with directions that they should be registered. Thenceforward, he sat all day over the fire in the private room, gnawing his nails; there he dined, sitting alone with his fears, the waiter visibly quailing before his eye; and thence, when the night was fully come, he set forth in the corner of a closed cab, and was driven to and fro about the streets of the city. He, I say — I cannot say, I. That child of Hell had nothing nothing lived in him but fear and hatred»

Dead Material energy

«I still hated and feared the thouo-ht of the brute that slept within me, and I had not of course forgotten tlie appalling dangers of tlie day before

I became, in my own person, a creature eaten up and emptied by fever, languidly weak both in body and mind, and solely occupied by one thought: the horror of my other self. But when I slept, or when the virtue of the medicine wore off, I would leap almost without transition (for the pangs of transformation grew daily less marked) into the possession of a fancy brimming with images oi terror, a soul boiling with causeless hatreds, and a body that seemed not strong enough to contain the raging energies of life. The powers of Hyde seemed to have grown with the sickliness of Jekyll. And certainly the hate that now divided them was equal on each side. With Jekyll, it was a thing of vital instinct. He had now seen the full deformity of that creature that shared with him some of the phenomena of consciousness, and was co-heir with him to death: and beyond these links of community, which in themselves made the most poignant part of liis distress, lie thought of Hyde, for all his energy of life, as of something not only hellish but inorganic.

This was the shocking thing; that the slime of the pit seemed to utter cries and voices; that the amor phous dust gesticulated and sinned; that what was dead, and had no shape, should usurp the offices of life.

And this again, that that insurgent horror was knit to him closer than a wife, closer than an eye; lay caged in his flesh, where he heard it mutter and felt it struggle to be born; and at every hour of weakness, and in the confi dence of slumber, prevailed against him, and de posed him out of life».

//

Stevenson's classics

It is good demonstration of structure of human mind as combination of two independent energies

Besides, it is brilliant in ubderstanding of metaphysical foundation of that conflict of rwo characters in mind:

1) He says it is Fight of Good and Evil inside human psyche: indeed, fight between Energy of Spirit and material energy of field of Ego-system

2) Then he says, that Hyde is Dead energy in alive body.

3) Then he says that Jekyll cannot address to him as «I, Me», but only «He». This means Stevenson understood it is False Ego of dead material energy. He did not mean two persons in one man.

He caught the idea of antagonism of two energies of mind as fight of Good and Evil in human being

Though, in this short good written story there is nothing beside this very abstract idea.

While writing my latest book on Gazdanov, i have met a few times references to «Doctor Jekyll and Mr Hyde» by Stevenson.

For both deal with theme on duplicity of human mind.

I have re-read the famous story of Stevenson and this is my report

IT IS BRILLIANT AS METAPHYSICS OF FIGHT BETWEEN GOOD AND EVIL IN MIND

But it has nothing to do with science as discovery of two fields of psychic energy in mind

And i shall try to demonstrate this through quotes from Stevenson's story in my next posts

Dear People of our Poor Planet!

I came to Warn you!!

You are in great Danger!!

Take care!! They are resolved to kill Discovery, for Discovery puts the crucial end to the Power of Satans!!

Well's fiction on inter- planet wars are childish games in comparison with true Danger!!

The Satans, eating our Planet, are not strangers! The same Earth begot them, and yet they remains non-human beings Satans, indeed.

This is the Core of Discovery of Psychic Energy!

Treacherous Amorphous Serpents!

They are Successful people, Very Rich as my killers says, the Master Race of the World for nowdays

And this is why they will rather die than allow Discovery to reach people! They are in power everywhere and they have blocked access of Discovery to Scientific Institutions everywhere.

Question arises how they managed to get into the power everywhere

I think «What would Machiavelli do» by Bing gives the best answer: they are meaner, he says, after acknowledging the fact that some special kind of men are everywhere in power.

The secret of their success appears to be simple — they have no conscience, they are vile, they are mean.

Indeed, villains in power was not secret from the days of Plato's Republic, where he gives portrait of Tyrannical soul as mad, dishonest and vile man.

We know portrait of Amorphous Serpents from Tacitus and Plinius — when they speak on Nero and Domitian

We know portrait of Amorphous Serpents from Machiavelli when he speaks on Chezare Borjia and his father Pope Alexander

We know them from Renan and Solzhenitsyn, from Chesterton and from Bible.

One more brilliant portrait of Amorphous Serpent provides famous tale of Stevenson — Doctor Jekyll and Mr Hyde:

//

Dear Media and Universities!

Putin's Police Cars remain around my house, waiting for convenient moment to kidnap me from home! For Putin and his Allies from Conspiracy Against Discovery are resolved to kidnap me. They never considered the case with Arrest of Author of Discovery to prevent publicity of Foul Murder!

To justify Foul Murder of Author of Discovery Conspiracy Against Discovery again applied to CIA's agent Iconomos Koullias. Putin and CIA with Iconomos Koullias again play in their Dirty Games to Discredit Author of Discovery in order to justify physical assault on me in my home. Winzors and Israel Secret Services are doing their best to support this new assault of Putin's regime and CIA on Author of Discovery!

I repeat my warning to the world: THESE PEOPLE ARE INSANE AMORPHOUS SERPENTS!! They have no Reason and Thought — they keep playing mad games in romance with strangers to defile them, They have no Conscience — they are doing this to deprive the World from great Discovery to preserve their allmighty wicked power; They have no Friendliness — they are doing this through treachery, putting masks of friends of Discovery!

I ASK YOU ONCE AGAIN:

SAY NAME OF AUTHOR OF DISCOVERY

LET ME GET RID FROM PUTIN's POLICE CARS

If they decided to put me in jail I DEMAND LEGAL ARREST ACCORDING TO THE LAW!!

STOP THIS GAMES IN ROMANCE WITH PERVERTS IN ORDER TO DISCREDIT AUTHOR OF DISCOVERY!

This is Despicable Foul Dishonor of our Civilization!

Please, stop Mad People!

Please, start talking on Discovery!

Save planet and yourself from Treacherous Amorphous Serpents in Power!

Thank you.

PUBLICATION TWELVE

A MODEST PROPOSAL OF NEW HOLOCAUST OF SATANS ON RAPE OF PEOPLE'S CHILDREN

My Post on Facebook. 26 February, 2026 (https://www.facebook.com/tesla.thinikashvili[1]).

Dear Media and Universities!
Dear Friends!
Dear People of the World!

You know me now several years. I am author of Discovery of Psychic Energy, Tesla Leila K. T.

You know me well, don't you?

You know that I do not spare my life, my energy, my welfare, my health to fight Evil of Satans in power. You know this, don't you?

The Satans have called me «cat» and «dog» because they are Morons. And they are helpless to understand such candid yearning to rout the Evil. This is too «good', too «heroic», too «righteous», too «virtuous», too «chivalry», too «babyish» to be recognized as behavior of grown up. Certainly, it is «cat» or «dog» for no human being can be as candid and as righteous. You know all these too, you also call me cat and dog in your cartoons to follow suit.

And yet all of you know I am author of Great Discovery, don't you? You know, that this «baby» telling everything she has in her mind directly without hesitation, especially to expose Evil

[1] https://ridero.ru/link/p-84U-31mjZIEnpr-_3bk

of Satans, — this reckless «baby», incapable of any form of egoism — is an Author of Great Discovery.

And here you have agreed with Morons: How to grant such Big Discovery to such a reckless baby, telling truth straightforward to anyone? You would better give it to Satans, the rulers of States. They deserve your trust, they are ruling entire big states.

And don't you know the way they are ruling them??

Take anyone of Conspiracy of Secret Services against Discovery: Putin, Winzors, Israel, Trump or Vatican.

All of them from heads to feet involved in Modern Holocaust of Epstein's island. Regarding Vatican — you know they managed to perform their own Island of Epstein in abusing thousands of children. Everyone knows this.

THIS IS EVIL! Have you Objections?? Do you mind this definition of the Evil? Do you?

I say, that Epstein's Island is Hell and Holocaust of our age. And of course It did not cease to exist with death of Epstein! Of course not! It is as true a fact as true fact is pedophilia of priests of modern version of Catholic Church or Prostitution Army of Putin. And I am proud to say that in this America had shown its best as democratic foundation exposing the Evil of pedophilia in Church to the world! Thank you! That was the attitude the world expect from sane, democratic America!

Island of Epstein has been temporarily closed, but Idea of Epstein's Holocaust is thriving within Satans. For all of them survived the accusations in establishing, providing and attending Holocaust all right. Are not them? This is old idea expressed in Swift's «Modest Proposal»:

> ***«A Modest Proposal for Preventing the Children of Poor People from Being a Burthen to Their Parents or Country, and for Making Them Beneficial to the Publick***, commonly referred to simply as ***A Modest Proposal***, is a 1729 Juvenalian satirical essay by Anglo-Irish writer and clergyman Jonathan Swift. The essay suggests that poor people in Ireland could ease their economic troubles by selling their children as food to the elite. In English writing, the phrase «a modest proposal is now conventionally an allusion to this style of deadpan satire».

This Idea of Satans to eat children for dinner was expressed in Modest Proposal and fully realized in Epstein's Island. But what prevents them to set up next Epstein's Island? To run such Prostitution in miner order on continent? To buy, sell, pervert, kill and eat our children whatever way they please? What prevents them??

Stop Fear Satans! Stop respect Satans only because they have «success»! Satans are Soap Bubble because material energy of Satans — is dead parasitic energy! This is the core of Discovery! They are sick men eating children because they are suffocating under dead energy of their Ego!

The Heights of Power exert pernicious influence on stupid people, through activation of Superior Ego-protection of material energy — the highest activity of this dead energy which dissolves humane live energy of spirit within person. This is why stupid people, achieving power, often fail to notice the process of decomposition of their minds — turning into Amorphous Serpents of Dead Master Race.

This is what we have as Satans of Conspiracy of Secret Services. You know all of them are alike, don't you?? You know that regardless to their nationality or country they have affinity in their psyche of vile and mean predators. Don't you?

And how are you to protect yourself, and what is more important for sane men, how are you to protect your children from the «Modest Proposal» of the Epstein's Holocaust?? You hope that «**O my Father, if it be possible, let this cup pass from me»** will work with you?? But if this did not work with Jesus why it should work with you? If the cup did not pass from Princess Diana, from Lenon, from Nemtzov, from Rob Reiner and his wife — why it should pass from you??

I AM HANDING TO YOU DISCOVERY WHICH WILL PROTECT YOU AND CHILDREN FROM SATANS!

You know it will you can see how nervous Satans feel about Discovery and me, the Author.

How Discovery can protect people from Satans? Church of Friendliness of the people of the world as International

Institution of Natural Law (causations of psychic energy, revealed in Discovery)! This is opposition of energy of spirit united in Living Thought, Conscience and Friendliness of people of the world. This unity made people of the world Omnipotent against military power of Satans — who are omnipotent now. For everyone understands — military power can crash any, most honest and most heroic individual! But it is impossible to ruin power and will of international unity of Energy of Spirit of people of the World! For that same moment the faces and names of politicians as SATANS of Dead Material Energy, as Amorphous Serpents of Master Race will reach broad Publicity through media channels of International Institution of Natural Law! And this will be the End of political career and military power of those cads.

They, Satans, understand this! That Discovery is the end of their omnipotence to kill, to rape, to abuse, to calumny, to rob, to debilitate common folk they envy and they hate for their sanity. They understand this and they are doing their best to kill me and to prevent establishing of Church of Friendliness as International Institution of Natural Law.

But you understand that they are depriving you of your only Defense from their arbitrariness? National Institutions were tried and failed to protect people. Because National Institutions gives all power in hands of a few persons in Government.
In Democracies as well as in tyrannies. This is why all Democracies failed, degrading into tyrannies. This is why poor Americans are losing their Democracy right now. Because the only defense from abuse of power of national institutions is Natural Law and Unity of humane energy of spirit in International Institutions! And in each my volume on Discovery I kept bringing quotes on the subject from so much authors.

National Governments is likely to be most favorable environment for breeding of Satans. Because National Governments are Governments, established on physical control of military forces. Some presidents will forego chance to abuse the military power in his hands against citizens and democracy. But

some — as you know now — will not! We need not only Scientific control as Natural Law opposed to military forces and normative law of nations, but also Unity of Humane Spirit to protect ourselves from Dead energy of sadistic and pervert Satans!

And all this is guaranteed with Discovery of Psychic energy and Scientific Revolution Energetics!

If you deprive yourself from Scientific control of Natural law and delegate your lives in hands of physical control of Satans in power you are running risk to become a pawn in their games in «Heated Rivalry». Satans are stupid morons with dead intellect, they don't think, they are Clowns playing malign and cruel games on people's lives. This one is their favorable.

Do you know why murder of Nemtzov and Navalny did not cause rebellion in Russia? Russians are not cowards, they know how to die for truth. Because of this game in Heated Rivalry between @national governments@, free to file charges against anyone as «traitor».

Satans plays with honest people, making them a ball between two «national gates». Do you, honest man, intend to protect rights of man in your country? We can help you! We will support your democratic initiative! This is enough for another side of game to call the honest man the traitor. Because now he is playing for the «other national gates», he has become a ball of heated rivalry in hands of Satans. You can kill him now freely right in front of Kremlin and people will say nothing. Because they know it is true that men in power in other countries are Satans. And it is true. But they have to put up with the thought that their own men in power are also Satans, because they don't know how to do better. They have no any other options except national governments of different countries and have to take side of their own country. Though, as Orwell says, there is no any difference between Satans in power in national countries. We need International Institution of Natural Law to protect ourselves from games in «ball between national gates», in mad «heated rivalry» of sick Satans.

It was me, the Author of Discovery, who have brought this salvation from New Holocaust of Satans to you. Why I persist repeating you this? Not because I intend to survive. When you embark mortal fight with Satans you don't expect to stay alive. But I do intend to save truth on discovery, and I do intend to hand the Discovery to you, the people of the world. For without truth on Discovery Satans will fraud the Discovery from you to secure their Evil power.

Yes, I am child in my 48 y.o. What period of my life could give me experience of life enough to get mature person? It was my psyche of 15 y.o. child, chosen by God to be sacrificed for you. In 15 y.o. my mind was ruined in pieces — the psychosis of schizophrenia. I have reported the fact in all my biographical essays and especially in Clinic of Doctor Bene Finkel. What means simple words «psychosis of schizophrenia» you cannot understand, but those who have seen the folk, being a doctor or relative of the diseased — they have some comprehension of the phenomenon. Chesterton is right when calling the psychosis — the hell which proves that original sin of material energy leads to hell. Neither me nor Jesus were most sinful of you folks, but God has chosen us as sacrifice to bring Revelation on Discovery of Psychic energy for you. Thus I have seen and experienced the wreckage of both energies of mind: energy of spirit and field of Ego-system of material energy. The latter was gone forever, the former has been purged from material energy and became what you now witnesses as genius of author of Discovery. Let me talk plainly on my failings as well as on my achievements.

My crucifixion on the Cross of schizophrenia — it is this fact which has made me so reckless towards my own welfare and survival, leaving only one important task in my life: search for causations of two energies of psyche.

Yes, I am a child. All my life from 15 y.o. till now 48 y.o. has been spent for these incredibly heavy task, accomplished through tortures of agonizing in disintegration mind. I have no any EXPERIANCE of LIFE, for I never had a chance to be as freed from

my work, from my sacrifice for your lives, to feel as exempted from this devastating burden as to live one day for myself. I am child, immolated on altar of humanity to secure sanity of future generations.

And what is that Satans demand from you, the folks to whom my life was sacrificed? They demand from you «A Modest Proposal»: to Rape Me and make Your Child a Prostitute!

For I am Your Child, For my entire Life to the last drop of blood was sacrificed for you! And you know this when yielding their game in Heated Rivalry of National Gates you measure up my Discovery on Harvard and Princeton! You don't mind to take credit for Discovery! You are clever enough to understand its value for your welfare! But before you will let Satans kill me, before you make your new black covenant with Satans on my blood, I want you to know that this is Your Blood! For everyone feels that there is no other people's children. And I am child whose life in agonizing tortures has been entirely sacrificed for you, people who is getting ready to avail themselves with Discovery!

And making this horrible Covenant with satans on my blood, you are accepting their «Modest Proposal» for your own children, helpless in the world of omnipotent Satans? How can you protect the essentials of Discovery making me the Author the bloody prey to Satans? Cannot you see that they are hunting on any child, not only on me. Exactly because of their innocence! They need blood of infants according to tradition of Satans. Norwich in History of Papacy brings historical facts on Pope bathing himself in blood of infants to heal his aging.

I have no children, but this did not confuse them. They look for any children, they turned life of my sister and her only son in hell. Only because they are innocent, honest, naïve people trying to make their education and job honestly. I don't know her child, he spent his life in other country, he is as stranger to me as to you. But I wish I had my own children to secure attack on somebody; s else children! They turned my life in hell showing to me pictures with young boys talking in microphone or playing on winds

instruments. Oh, mad perverts know how to show you such pictures! They are destitute of intellect but by no way of meanness! Consider the level of foul degradation of the men! Will you shake hands with such men?? What for you means microphone, wind instruments and teens? Only what they are. For you are temporarily beyond the hell of Satans Holocaust. For unfortunate preys of Holocaust, this means A Modest Proposal of Satans — the threats to rape and eat innocent folk by mad maniacs in power. Welcome to the Hell! They have been threatening this foul way to me and to of my sister from my first serious books on Discovery! I have no family! This is severe madness encouraged by your silence! Your loud voice would help us, sane folk, to close them out in mental houses! They are killing out people on the streets!

You know better than I do that Satans in Power are Morons. That their Intellect equates to zero. You also know that I am prodigy, writing a book in month. You have seen my books, you have watched my desperate struggle for truth on Discovery. You know the crucial distinction between genius intellect of the author of discovery and foul games in @heated rivalry@ of mad maniacs with zero level of Intellect.

Every day the Alliance of Perverts tries its forces to intrude in my apartment to kidnap me in their Holocaust of Dead Idiots in power.

I did my best to explain to you, the educated people of the world, that all of us makes its own responsibility in his service to God and people. Mine was too much for human being — to make Discovery on blood of my disintegrated mind. But I don't complaint. I did my part. You were fortunate with one much easier — to rescue the Child sacrificed for you to bring you Greatest from age of Jesus Discovery only through saying her name in Media! To acknowledge Discovery! This is all you have to do to say loud to the world that YOU DON"T ACCEPT A MODEST PROPOSAL OF SATANS ON YOUR CHILDREN in their New Holocaust of mad perverts!!

The latter below I have written in 2008, to my boss Stephane Frappat after his long game on feelings of such child as I was and remained. Grown up, who has some experience of people and life would react in other way, positive or negative, accepting or declining his erotic advances of mature male. But I had no time to grow up. I remained a child to the very bone of my brain. I was busy making my Discovery even on my workplace as you can see. I decided that having exposed Stephane's personality as Schizoid Ego I can and must share with him my sad experience of ruined psyche in schizophrenia — to protect the poor guy and my brother in adversity from the hell of psychosis.

For my part I cannot re-read this letter — though it was published several times in my work «Switch off the current of your Psychic Energy», where I shared my experience and my struggle in process of recovering my mind from the total wreckage when I was teen. I cannot re-read it because it is written with blood of ruined mind of a child, striving to get pieces back in integrity.

Is this the latter which you, altogether with Satans, take as accusation against me?

I will try to finish myself before getting in the hands of Satans — those terrible pictures fills my mind constantly. This is what the lot of author of Discovery appeared to be. But of course I can easily fail. Which picture will you prefer, Dear Media and Universities? The accomplished suicide or the foul rape of the author of Discovery? Which for mad Satans means that they justified their robbery of Discovery! Are you agree with them? Is this the way you will prefer them to take credit for your work?

I understand very well that in the world under sway of Satans all of you have your own serious troubles.

But give me chance to say my childish mind of author of Discovery to protect all of us from Satans!

> Dear Stephane,
> Thank you very much to let me count you a friend of mine. I always knew you were a real man and you didn't let me down. With this permission I may tell you everything I have wanted to for a long time.

Stephane, you are a rare source of nature, your mind structure much differs from minds of other ordinal people. The difference between human's minds depends on coefficient of intellect they have and as a consequence use. The thing is it's not only a factor of quantity, because it's the case when quantity changes transcend to quality changes. In practical sense it means that you will not be able to understand people with ordinary structure of mind emotionally unless you trace their behavior intellectually, through perceiving objective laws of their nature.

I have the same structure of mind as you, and all this time spent among other kind of people was an unbelievable torturing for me. Only when I met you I understood that I found eventually native land. They told me that you were very irascible and insolent and that you yell at people at every possible reason or without it. I was laughing like a madman as they went on with their narration, because I had recognized myself in every word regarding you they uttered.

I know that you have although very brave but at the same time very tender and sensitive heart, I know that depth of possible suffering that it might cause you is immeasurable and that they are protected from this intensity of pain by their structure of mind and therefore will not be ever able to sympathize with you. I know that you are insolent in a way of protecting yourself and that in secure atmosphere you are most reliable, lovable and loving being on the earth. Stephane, I will do EVERYTHING for you, because your pain and your suffering is becoming more and more unbearable for me.

I am like you very irascible in their environment and that is why I was very unsuccessful socially last time. You remember I told you once that I will not do something: you understood me at once and just caressed me like a child instead of scolding. But they would not. They would fire me and they did fire me. Now everybody is very surprised with me: «Unbelievable! You are at the same job more than a month!» My father keep asking me almost every day: «Are you still working?» It gets on my nerves although I love an old man.

To tell you the truth I was absolutely desperate and dispirited when I came to you. I lost every hope to build my life socially and personally. The only aim I had in front of me was my theory that I had worked out sitting with books for a long time. I just wanted to gather money enough for living several month without working so as to be possible to state it in English and send to people like you, able to understand intellectual language. I was scared to death to lose job before I have enough money, because I consider the theory to be of essential importance for the humankind. I agree

to die a hundred times if it helps this data to reach consciousness of thinking people.
Stephane, I need your help in this heavy task very much: I found a new kind of energy, a human energy, but alone I am helpless to use this knowledge: it is like any other nature's energy, for example electric energy. Maxwell or Эйнштейн might knew the laws of generating its power but alone without social machine they would never make any use of their knowledge.
That is why I was so scared to lose the job. But now I don't care any more: you became as important for me as my theory, so if we are not a real friends I cannot stay with you any more. You left today without saying goodbye and it nearly stopped beating of my heart.
Stephane, I will do everything you want with a grate pleasure, never doubt it, even if you like them will consider my theory fantasy, but I am sure you will not, you are too clever and intelligent.
Will you please have a look at my theory when you have atime?
P.S. Please dont address to me «на вы», it sounds terrable from you.
На следующий день я не вышла на работу, а к вечеру следующего дня написала еще оно письмо, уже с извинениями:
Stephane,
You will think that I am absolutely crazy…Please don't. I just was ill yesterday evening, I really was and I am still a bit dizzy. Don't pay the slightest attention to what I have said; it was just projections of my overexcited inner world that have nothing to do with real life.
Tomorrow morning I will be ok again and ready to get down to my duties, of course if you are still willing to work with me.
I am really very sorry,
Leila

You know better than I do that Satans are breaking their necks to prove to themselves and to all of us that EVIL IS OMNIPOTENT! That no one WHO DARED TO DISRESPECT THE POWER OF EVIL can survive! They have said this to me many times in their spam they filled my internet Space. They are mad with Idea of Victory, because physical control of Field of Ego-system do not know collaboration and admiration with achievements of his neighbors! They know only two options: to win or to lose. This is why ENVY IS KILLING THEM: Satanic proud is too sensitive to admit their fallacy.

Accept the Modest Proposal, Let them eat their next Child altogether with Discovery, performed for you! Secure the Eternal Respect to Evil! The Eternal Victory of Evil!

Dear Media and Universities!!

This is one of the most important volumes on Discovery of Psychic Energy!

For First Time I am giving concrete graphical schemes of Sadomasochism of Physical control, of Broken Physical control of Hubris-Ego (Romance), and of Sane Energy of Spirit of Scientific control/

This afforded me to conceive the central Institution of Sane society of Near Future as Canvas of World History of Sacred War of Good and Evil (Material Energy and Energy of Spirit) /. Which is also extremely important data for Discovery. Besides, being the author of Discovery and women bitten to the mud only because I am women, the research contains a report on the situation with women's subjection in the world, and particularly a report on outrageous atrocities towards me, the Author of Great Discovery!

Unavoidably, the data will become an important part of Canvas of World History of Sacred War between Good and Evil — for we

[1] https://ridero.ru/link/p-84U-31mjZIEnpr-_3bk

owe the Victory of Good to the Discovery of Psychic Energy, and to the Martyrdom of its Author!

All three of my latest researches have been written in Russian.

Every day insane men of the Conspiracy of Secret Services inventing new mad pretexts to discredit me and deprive me of my Discovery. Now with Canvas of World History emerging as the central institution of International Natural Law and Religious cult of sane scientific society they will fail to lie and to rob us of Truth!

Thank you.

WE OWE SOLZHENITZYN TO KHRUSCHEV,

Putin's regime would kill the Saint.

Happy end of Solzhenitzyn struggling in Stalin's GULAG has been provided by another great man — Khruschev, who had given permission to publish Solzhenitzyn's writings ad exposure of horrors of Soviet GULAG

This great role of Khruschev as Revolutionary is being somehow always omitted. Everyone knows that modern master race Putin's regime hates guts of all of them, the second wave of Russian Revolution- Khruschev, Solzhenitzyn, Gorbachev. They call them traitors of Power Party of Soviet Union.

But it was Khruschev permission to publish Solzhenitzyn which made arrest of Solzhenitzyn impossible later, when Khruschev could not help him any longer. For Solzhenitzyn's works immediately gained him world wide fame. Soviet Power Party had to propose to him to leave country, and this was chance for Saint to survive and to save his genius writings for mankind.

It was great Heinrich Boll who had received him for first few weeks of his deportation. Solzhenitzyn has said many warm words on German culture, on Schiller and Goethe being his favorite authors and on music classics, he could not not imagine his life without. Later he moved to USA to deliver his famous speech in Harvard University on Evil's of commercial society as «consumer society» (Fromm).

It was just critics of material energy eating up West in «business — money» relations, emasculated from energy of spirit, as it is eating up Soviet Union in Leviathan of Power Party as it is described in Orwell's «1984». У нас партийный базар, у вас коммерческий базар», he said.

Solzhenitzyn's report on his time spent in immigration, 1974—1994, was entitled as

«The grain between two Millstones».

His critical position on limitations of «consumer society», founded as Soviet society on dominance of economics, did not please everyone.

For my part, I share with Solzhenitzyn his sympathy to brilliant German writer Heinrich Boll. Particularly, his «Jest's

Views» always remained among best classics. As Selinger's The catcher in the rye.

Dear Media and Universities!!!

New Attack of Putin, Trump and Netanyahu on Author of Discovery because of my latest book in Russian «Satans Are Women» which proves that Satans Have the same cyclic homeostasis of material energy as slaves and women enslaved by them into the debauchery of their pervert profligacy. Exactly the way they displayed in their infamous Holocaust of Epstein's island!

It is morning nine o'clock here, and Putin's again keep again beating my door accusing me in @leak from my apartment»/ Last time they exercised this kind of bullying me I had to call to police and to file charges against them! Police did not bother to send me ANY respond on my filed charges!

Now they threaten me to bring police to take me from my apartment!

I ASSERT THUS THAT PUTIN, TRUMP and NETANYAHU HAVE BEEN FRIGHTENED WITH MY LATEST VOLUME ON DISCOVERY, PROVING THAT SATANS ARE WOMEN!

PLEASE FIND MY BOOK IN RUSSIAN!

ПЛАН УБИЙСТВА СОВЕРШЕННО ОЧЕВИДЕН!! Заказчики — Путин, Трамп и Нетаньяху. Исполнители — Огоев Алан и его банда: «соседи» Оганесяны со второго этажа, Дзицоевы с четвёртого этажа, и «Заур с первого этажа», который отказался назвать фамилию.

Там раньше жила старушка Зина с сыном, она умерла и видимо это новые соседи.

И план очень простой. Послушайте, как Бандит занервничал на моем вопросе «Почему вы пришли ко мне, а не к Оганесянам, если вы с первого этажа?»

Я ведь на третьем живу. «Я по всем этажам прошел. А ну че такое? Какие то проблемы?»

Но если бы он поднялся хотя бы на четвёртый, он бы увидел что течёт не у меня.

Конечно, и на четвёртом ничего не течёт.

Просто налили ведро воды на пол ИМЕННО В ТУАЛЕТЕ, где Оганесяны меня обвиняли в прошлый раз.

Потом он пришёл колотить мне в дверь — вдруг откроет, и ушёл со словами «Ах, так! Я вызову Участкового!»

Пришёл бы не Гацвлов, который в курсе что МАФИЯ ОГОЕВА МЕНЯ УБИВАЕТ, а какой то участковый от Огоева.

И они бы вместе с соседом повредили мои трубы в туалете, пока бы они «смотрели». Они знают инвалид, олна, чем она помешает. Хуйло создал все условия.

И ТОГДА ОНИ БЫ МЕНЯ ОБВИНИЛИ ЧТО СЛОМАНЫ ТРУБЫ, А Я ОГАНЕСЯНОВ ОБВИНЯЛА!!

А тут до сих пор течёт.

Потом стали бы засылать сантехников, паниковать, что я всех затопила, пока бы физически со мной что то не сделали.

Вот такой простой план, который полностью обеспечен молчанием правоохранительных органов и Сайта Президента в от-

Это наши новые соседи на четвёртом этаже Дзицоевы Рауль и Света вместо Жанны Бираговой-Бигаевой

Это ОТ НИХ У МЕНЯ В ТУАЛЕТЕ НА ПОТОЛКЕ МОКРО.

И конечно неслучайно.

Конечно все три соседа — «Заур с первого этажа», Дзицоевы с четвёртого этажа, и Оганесяны со второго — продолжают участвовать в Заговоре, чтобы закончить убийство под руководством Огоева Алана, Ректора СОГУ.

А Заказчики также всем известны:

— Путин, который обеспечивает прикрытие полиции

— ЦРУ Трампа, которое платит «миллион долларов» Оганесянам

— Моссад во главе с В. Шендеровичем, который прикрывает Убийство в Интернете, и нагло красит самые подлые гнусности заговорщиков в белый цвет.

Вспомните его статью о прекрасном острове Эпштейна, которую он удалил. Но я сохранила всем на память о негодяях.

ВОТ ГДЕ НАСТОЯЩИЙ ГЕНИЙ САТАНОВ:

СДЕЛАТЬ АВТОРА ВЕЛИКОГО ОТКРЫТИЯ ЖЕРТВОЙ ШАЙКИ БАНДИТОВ ИЗ ЗА ЗАТОПЛЕННОГО ПОТОЛКА В ТУАЛЕТЕ!

И не было никакого Великого Открытия!!

Вот вам вся грязь недоумков, правящих планетой.

Dear Media and Universities,

I am Author of Discovery of Psychic Energy! Author of Scientific Revolution Energetics!

I assert that MASSAD, Secret Services of Israel, has been chasing me all these years (you will find all data in Documents and my book Jesus and Antichrist Putin) as Pharisee have been chasing Jesus in his time. ONLY BECAUSE MY DISCOVERY IS SCIENTIFIC DEMONSTRATION WHICH JUSTIFIES JESUS» GOSPEL!!

in previous assault on me through Sevak Oganesyan CIA and MASSAD promised the bandit — one million dollars. I heard him talking with his brother.

HOW MUCH BILLIONS THEY PROMISE PUTIN FOR HELP NOW in second assault with new neighbors, when Putin proved to be their best support. NO ANY ANSWER FROM ANY INSTITUTION OF PUTIN"S REGIME ON MY FILED CHARGES since 18 July 2025!!

Then, Dear Media and Universities, Putin's silence will be payed lavishly, but what are you going to gain continue to stay still in this horrible case of Murder of Author of Discovery on the eyes of the entire world?? I am lost to see your point.

Nowadays all of us are forced to live under suffocating MUSHROOM CLOUD OF SATANS — that is to say? of triumphant material energy of field of Ego-system of Sadomasochism!

All of you know very well the history of assault on Discovery of Psychic Energy and its Author! Though only God knows why you continue to keep silence!

It is my conviction that Satans, which have been chasing the Discovery all these years, now closed their ranks to deliver the final strike on Discovery!

The Absurdity of their latest accusations against me are beyond any discussion. After my book on the legacy of Gaito

Gazdanov, where I gave analysis of his report on participation in French Resistance (On French Soil), the German Secret Services joined the previous number of countries of Conspiracy^ Russia, USA, Israel, England, Vatican, France. And since that time they keep working all together in collaboration with each other. You know their objective: they will spend billions of people's wealth to leave them without Scientific Revolution Energetics, — without their only chance on True Freedom? True Health and True Education.

I am sending you all four of my latest works on Discovery in Russian, which I have composed after my book on Gazdanov's works (including this one).

My book on Gazdanov works was my report on Fascist Master Race as specific disease of field of Ego-system of Material energy — Superior Ego-protection of Gravitation of Narcissism of cyclic homeostasis of physical control/

My next book — The Master Race in World History — was book on cases in world history of Master Race as this disease of material energy of psyche.

My third book was report on World History as Canvas of Holy War between Good of Energy of Spirit and Evil of material energy. This one for first time contained the graphical schemes of distinctions between Normal Cyclic Homeostasis of physical control (Sadomasochism) and Brokan cyclic Homeostasis of physical control (Romance of schizoid mentality) /

And finally this fourth one — Psychic gender and W. Scott. Satans are Women. — is my report on Two Gravitations of Sadomasochism (physical control of material energy) as One The Same Idiotic process of cyclic homeostasis as idleness of people with overindulgence in vanity games and search for gratifications of biological pleasures. And these two Gravitations — Narcissism of dominative position which is considered manly and Inlovesickness (infatuation) of submissive position which is considered womanly — are both one single process of absurd activity of cyclic homeostasis of parasitic

material energy, devouring intelligent and ethical mind of humankind.

This is why it was entitled Satans are women. They enslaved women, because this cyclic mechanism of physical control implies two opposite gravitations as «strength and weakness, command and obedience, masters and slaves), and then debilitating them thus, they ensured their vainglory on contempt for «women». My purpose was to prove scientifically in my research that Satans of this sort are the same debils as enslaved women by them, because they are compounds of one sadomasochism of physical control of stupid parasitic energy of humankind (the original sin. Superior-Ego -Protection of Satans and Inferior Ego-Protection of enslaved women «in love». It is exactly the same mechanism which kept going Slavery in Leviathans all these ages of slaves and masters, and which Marx failed to discern, inventing instead false «economic reasons».

I kept illustrating the Satans of Superior Ego-protection as prevert idiots with overindulgence in sex and violence with Data on Epstein Files, including a report of murdered woman, «Nobody's girl» by Virginia Guiffre.

I have written to you in previous letters that this MUSHROOM CLOUD OF SATANS in their complete madness making A MODEST PROPOSAL to AUTHOR OF DISCOVERY. I told you that they are insane maniacs, and that Epstein's files reveal NEW HOLOCAUST OF MODERN FASCIST MASTER RACE!

And on the contrary, I used the brilliant legacy of Sir Walter Scott — the noble prophet of Energy of Spirit in Humankind — to demonstrate the abyss between Church of Friendliness of Noble people of Energy of Spirit in all their relations^ from collaboration at work to blessings of men-women friendliness.

Satans — all of them in Conspiracy of Secret Services — seems to be scared to death with this last research on Satans Are Women, and their ignominious prostitution displayed in Epstein's Holocaust and Putin's Prostitution army.

They keep threatening me, not only because I am Author of Discovery, but also first because I am a woman.

Dear Media and Universities,

Who I am?

I am Author of Discovery of Psychic Energy.

And I am saying to you in thus letter that the day will come (soon) and the names of those engaged in Murdering me will be written on every Church as Enemies of Mankind

You may like me, or Dislike me, this does not matter.

MY BOOKS, MY MANY VOLUMES ON DISCOVERY 0 this is the only thing which really matters.

Why I am writing this farewell letter?

Because I WANT THE ENTIRE WORLD TO KNOW NAMES OF MY MURDERERS.

[1] https://ridero.ru/link/tiOehmO-Bl41RADy8Me81

[2] https://ridero.ru/link/mL2bpw-ghIL7HghQ7Iir2

The Names are not secret — the monstrosities of Putin, Trump, WINZORS, Israel's and Vatican's Pharisees. I am leaving (God will help me with my poison), and I WARN YOU — THESE ARE HOUSES OF SATANS!! BE CAREFUL TO COPE WITH THEM AS WITH SATANS!! Satan's house must be ruined, or it will ruin humankind!

Another names — Oliver Stone, Robert de Niro, Marco Rubio, Peter Kuznick, Prince Harry, Iconomous Koullias, Stephene Frappat, Алан Огоев, Елена Дунаевская, Виктор Шендерович, Петр Межурицкий, Игорь Иртеньев. Also Jewish officer of CIA, who have been fired for Proposal to turn Scientist into prostitute 0 thank to Biden's administration for firing the scumbag!! And also German Officer of their Secret Services, who camr the last. All of you wont have any difficulties to find out their names.

But the horror of situation is not in fact that Satan's attacked the God's Angel. This is normal situation which could be properly handled. The horror of situation is in fact THAT ALL OF YOU HAVE HELPED THEM!! You helped them, though all of you know very well that I am scientist and Author of Discovery, and that main assassins — Putin, Trump, Rubio, Winzors — are infamous killers! You helped them all right, though the only deed needed to stop the disgrace of atrocities towards Scientist was One Single Article in Media on Discovery of Psychic Energy! All of you 0 you helped them all right! This is no any longer my question. From now on — this is question of you conscience.

To demonstrate the depth of Disgrace I shall leave some report of latest events

I have sent you my latest volume on Discovery: «Psychic Gender and Sir Walter Scott. Satans Are Women». This is one of most informative books on Discovery. I shall narrate you how it was composed.

You know situation. Mad Scumbag Putin is scared to death of Science in general and especially of social science exposing monstrosities like him as Satans of Master Race, as reptiles of dead thought and dead conscience. So he had given the green light to secret services of another countries to take my Discovery of me

and to change and adopt it in a convenient for Satans way. This means to cheat on you, people, to take the truth on Satans from you, and to leave only few ideas enough to make careers of several wicked professors and their institution. Is not this the case? So Secret Services have silenced decent professors, Media and Universities, expecting the day, when tough guys from Secret Services will make a piece of shit from me, the Author, and thus will be able to present credit of my work to whoever they please. Is not this the case??

So this is how the Tough Guys from Secret Services came «to try me hard» with their seductive strategies! For the only plan of discrediting the Author of Discovery they appeared to know was the plan with making the Scientist, making the Author of Discovery a Prostitute. This was a Modest Proposal of scumbags.

I would like to underscore: no one of those persons, who consider themselves «authority» and educated men, — no one of them did not bother to shake hand of Great Scientist, of Genius, bringing Light to the Earth! But all of them, as any despicable scoundrel felon, abused my situation of being Putin's prey and prisoner to immerse me in disgrace and dishonor!

All of you know very well their satanic plans to put me into madhouse, to treat me there with chemical lobotomy and to produce thus obedient idiot. All of you knows that Sevak Oganesyan, my neighbor lodging under my apartment was hired and promised million dollars to perform this task.

Now say: are all of you complicit if you kept silence as well as Putin's police, who refused to give any response on my filed charges against the man? May I ask you a question? If tomorrow some scumbag will announce My Discovery as His will you continue to keep silence?? But, who will you cheat on this time?? Yourself. It is you, who will stay deceived lastly.

The last figure in a long raw of murderers is German Officer from German Secret Services.

It was my April post on Facebook, 2026, the report on my meeting of German Secret Services:

//

«This time this was «German officer». Previous cases they have been «Greek CIA agent», «Jewish CIA agent», Putin's Prostitute, American Epstein's Murderers of Rob Reiner and his family.

All of them — Satan-Prostitutes, capable only to focus on matters of genitals, feebleminded assassins of intellect, virtue, children. And each of them playing as Pimp of Old Prostitute Putin, selling this old shabby piece of pervert as trojan horse. For it is Putin's Prostitute Army which is killing me. The shame of the mankind!!!

Germany came after my book on Gazdanov, where among many others of his works I have discussed his report on participation in French Resistance — «On French Soil». Though I did my best to lay sharp line of demarcation between German people and Culture of Master's Race as disease of 20-th century of entire humankind (especially of 20-th century because of Darwinian paradigm). It was that book where I for first time referred to German great composers as to German's Divine Revelation. Though in my previous English volumes on Discovery I have mentioned few times that German philosophy belongs to Hubris culture. Nevertheless, I also did my best to expose all the depth of wickedness as Satan's Master Race of German Fascism. For all Satan's of the World came as Master's Races, this was not German Invention, but Germans excelled in accomplishments of their own version of Master Race as everybody knows.

On my finishing the volume on Walter Scott the Murder of Rob Reiner took place as you remember. On my finishing the volume on Gazdanov this German officer introduced himself in anonymous data on my Facebook page as ally of Discovery of Psychic Energy. But all of them use this theme only to make me to take the bait. Then they go straight to ignominious Putin's Prostitutes strategy, taking off their underwear without shame and spamming my page with all kinds of «romantics trash»

It is my conviction that Putin's and Trump's Epstein's Holocaust is scared to death with Discovery and will pay billions to everyone who will express intention to help to Discovery to prevent the world from Scientific Revolution Energetics. But the funny part with this Satans-Prostitutes is their being «womens»: THEY CANNOT RELISE THEIR MURDERS WITHOUT TAKING THEIR UNDERWEAR. For they must SEDUCE YOU BEFORE KILLING YOU. Remember this to survive in their forth EPSTEIN"S HOLOCAUST.

For they are killing me now, the Author of Discovery of Psychic Energy and Scientific Revolution Energetics to establish instead their Prostitute Epstein's Holocaust. I don't mean concrete place or island — I mean MARSHROOM CLOUD of SATANS SADOMASOHISM over the planet.

Keep staying silent Media and Universities! Putin's Prostitution Army and Epstein's Holocaust is waiting for you!!

TO REFUTE MY STATEMENT — TRY ONCE TO BE MEN, NOT HARLOTS.

TRY TO KILL ME, THE MAN, THE GREAT AUTHOR OF DISCOVERY OPENLY, SHOOT ME DEAD!!

STOP JUMPING AROUND ME WITHOUT UNDERWEAR «TO SEDUCE THE OLD LADY»!

GROW SOME BALLS TO KILL ME OPENLY!!

WHAT A SHAME!!»

//

This guy did his best to make the laughing stock from an unfortunate Genius, trampled down by dishonest scumbag Putin in invalid wheelchair. I am 49 years old, my hair is grey, my body is distorted, my health is lost. I did my best to support scientific subject of Discussion — I wrote this big volume on 18 chapters dying under pressure of new assault of Putin's, CIA's and Massad's agents. I did my best to demonstrate the lot of German scientists, mentioned in Discovery in hope for the help to Discovery!!

But I was wronged. This man is again Ordinary Killer — ordinary Moron, capable to beat into dirt the obvious Genius, the obvious Martyr the obvious Honor and Conscience of Saint — only because

Putin created such comfortable situation for everyone who is going to rob and beat in dirt Great Scientist of Great Discovery!! THANK YOU PUTIN, says GERMANY altogether with ISRAEL!!

They are NOT HUMANS!! THEY ARE REPTILES!! THEY ARE MORONS OF DEAD THOUGHT AND DEAD CONSCIENCE!!

THIS IS WHY I MUST DIE!!

I MUST DIE TO IMMOLATE MY DEATH ON ALTAR OF JESUS!!

I MUST DIE TO DEMONSTRATE THAT THESE REPTILES WILL NOT PREVERT THE GOD"S REVEALATION!!

THIS IS WHY I MUST DIE!!

GERMANY is as SATAN as ISRAEL, and they are allies with Putin in killing me!!

I repeat that the despicable crime of those men was in fact of abusing my position in Russia of prisoner and invalid, position of a person under hardest pressure of Putin's scoundrels. The more genius volumes I forced myself to write in such position to to gain attention of western governments to escape from Putin's wicked jails, from Putin's atrocities, the more western governments laughed down all my bleeding efforts of dying genius to present me just as «an ass for sale»!

This is DESPICABLE SITUTION!! AND I WILL DO MY BEST TO PROVE TO THOSE DEPRIVED OF SOLE, OF HONOR <OF CONSCIENCE, OF HEART, OF ANY Slightest Decency Persons — that NOT EVERYONE is JUST AN ASS FOR SALE LIKE THEMSELVES!!

That Scientist would RATHER DIE THAN ACCEPT SUCH HORRIBLE TREATMENT ANY LONGER!!

I have added this letter to you, Dear Media and Universities, to my latest books — on Psychic Gender and legacy of Sir Walter Scott.

My only wish is now when I know that all of you say with MOSSAD and Germany: THANK YOU PUTIN FOR HELP IN MURDER OF AUTHOR OF DISCOVERY!

My only wish is to prove with my death that I will rather die that permit this wicked people to laugh down Honor and Conscience of Sane Decent People!!

Thank you!!
Psychic Gender and Sir Walter Scott. Satans Are Women.

НАШЛИ НОВЫЙ СПОСОБ НА МАМУ МОЮ ДАВИТЬ
Я сама уже не реагирую, когда они сверху пилят дрелью, но мама моя очень нервничает.
Ее не было неделю, и наверху все было тихо.
Она пришла началось, она начинает кричать им в ответ, когда вы закончите и тд.
Они поняли что она нервничает, и когда она здесь начинают бить «с особым» издевательством
Она два дня у себя лежала с давлением после прошлого визита
Я хочу напомнить, как страшно Огоев и его компания поиздевались над мамой со звонками «мошенников»
Я помню ТРИ ТАКИХ НАПАДЕНИЯ, одно чудовищнее другого
Один раз позвонил женский голос и сказал: мама меня бьют, мама, у меня разбито лицо, помоги
Второй раз позвонили и сказали, что избили супруга моей сестры, что он весь в крови. Мама бросилась звонить его маме, и пока та дозвонилась до своего сына, она обзвонила все больницы
Третий раз, позвонила проститутка и говорила моим голосом: мама мы попали в катастрофу, у меня разбита голова, мне сейчас будут делать операцию
Помоги мама — и горькие слезы навзрыд

[1] https://ridero.ru/link/hfxgiJ0K1ruyiaz7jDyyK

Потом прислали «Давида», который взял у мамы все ее сбережения — 100 000 рублей.

Я мечтаю чтобы эта старушка дожила до дня, когда я смогу порадовать ее хорошими новостями. Сама она не оч верит в мое Открытие, Руслан давно внушил ей, что я пишу одни глупости. А книг моих мои родные не читают.

Но эти сатаны делают все чтобы ее убило ее давление. Им важно чтобы я осталась совсем одна.

Противостояние Организаций ИРА и ИНОА -Тетчер

Тетчер проявила железную волю мужчины и позволила людям, несправедливо обиженным (и Честертон и Вальтер Скотт всегда были на стороне Ирландии), предпочесть бесчестию смерть.

Однако то что делают со мной, Автором Открытия Психической Энергии, доказавшим что Христос был прав, а Дарвин был дурак, — не идет ни в какое сравнение с тем фактом, что ирландских мятежников лишили статуса политических заключенных.

НАДРУГАТЕЛЬСТВО НАД АВТОРОМ ОТКРЫТИЯ ТАКЖЕ СТРАШНО КАК НАД РАСПЯТЫМ ХРИСТОМ

И продолжают его те же люди!

И я настаиваю на праве умереть, нежели дальше терпеть это позорное бесчестие от НЕГОДЯЕВ ПРОСТИТУТОВ ХОЛОКОСТА ЭПШТЕЙНА!!

НАДЕЮСЬ ЭТИМ БАБАМ ПРОСТИТУТАМ ХВАТИТ МУЖЕСТВА ЛЕДИ ТЕТЧЕР, позволившей 10 ирландцем жить своей волей хотя бы в избрании смерти, если уж нам не дают честно жить при жизни.

Предпочесть Смерть Бесчестию — это Девиз всех каноических романов Вальтера Скотта, где есть только одна беда — Бесчестие жить в неволе под властью Грязных Проститутов Сатанов.

Справка из интернета

Ирландская голодовка 1981 года стала кульминацией противостояния между правительством Великобритании под руководством премьер-министра Маргарет Тэтчер и членами ирландских военизированных формирований (ИРА и ИНОА), находившихся в тюрьме Мэйз. Основные аспекты конфликта: Причина голодовки: Заключенные требовали вернуть им статус «политических» (специальный статус категории «С»), которого их лишили в 1976 году. Они хотели права не носить тюремную робу, не заниматься принудительным трудом и иметь право на свободное общение. Позиция Тэтчер: Премьер-министр проявила жесткость, заявляя, что «преступление есть преступление» и уступки военизированным группам недопустимы. Она отказалась идти на переговоры, что привело к затягиванию голодовки. Ход событий: Голодовка началась 1 марта 1981 года. Первым голодовку начал Бобби Сэндс, который вскоре был избран в британский парламент, но Тэтчер проигнорировала этот факт. Жертвы: Всего в ходе голодовки погибли 10 человек, включая Бобби Сэндса. Результат: Голодовка была прекращена в октябре 1981 года. Несмотря на то, что Тэтчер формально не выполнила требования, условия содержания заключенных фактически были улучшены (право на собственную одежду и др.).Голодовка 1981 года резко обострила конфликт в Северной Ирландии, способствовала росту популярности политического крыла ИРА — «Шинн Фейн» — и закрепила за Тэтчер репутацию «Железной леди».

Об Израиле

Каждая большая культура, когда зарождается имеет два направления:

— Добро, как Энергия Духа Дома Господа- Творца

— Зло, как Раса Господ Верхней Эгозашиты материальной энергии

Прогресс нации в том, чтобы развивать первое, и преодолевать второе.

Мое убеждение, после множества книг что я прочла на тему, и после моего опыта нападения на меня спецслужб Израиля, состоит в том, что в Израиле все обстоит как раз наоборот:

— Энергия Добра, как Движение Профетизма, из которого когда то вышел Христос, совершенно выдохлась

Ведь они выгнали Спинозу, и казнили Христа, а теперь делают все возможное чтобы уничтожить меня — того кто научно доказал справедливость Евангелий Христа

— и напротив Энерния Зла, Раса Господ Фарисеев все больше набирает силу.

Их военный союз с Трампом в нападении на Иран, их геноцид в Палестине — все выглядит так, что это только начало

//

О Германии

Здесь тоже как в каждой большой культуре столкнулись два начала

— Добро как Энергия Духа

— Зло как Раса Господ материальной энергии

Вклад в теоретическую физику таких друзей Эйнштейна как Макс Лауэ, Макс Планк, Макс Борн, Эрвин Шредингер, или же Генрих Герц, Рентген всем известен.

Вклад немецких композиторов также не нуждается в комментариях.

Немецкий гений вполне проявил себя в Энергии Добра прежде чем развилась в полную меру болезнь материальной энергии Гибрис-Эго ложного интеллекта

Томас Манн в книге Доктор Фаустус говорит об этом Гибрис- Эго немцев как о проклятии за талант. Это правильная метафора.

Одаренность спекулятивным мышлением на ранной стадии, когда мало знаний о психике и метафизике, дает эффект Гибрис-Эго Расы Господ, как это случилось и в Греции, и в Израиле в свое время. В Германии эта одаренность спекулятивным мыш-

лением проявилась визобретении изощренных философских систем, прекрасных своей математикой, но опасных своей оторванностью от реальности.

Однако, в Германии мы видим прогресс, а не регресс в борьбе сил Добра и Зла.

После Второй мировой войны немцы осудили Расу Господ Гибрис Эго. Так Солженицын в Архипелаге приводит статистику: немцы осудили десятки тысяч нацистов, а Россия окрло 20—30 человек виновных в репрессиях советской тоталитарной машины — русской Расы Господ материальной энергии.

Израиль никогда не принес публичного покаяния в связи с казнью Христа и изгнанием Спинозы, а это тоже преступление против Святого Духа. И Христос говорит им об этом в Евангелиях — что они казнили своих пророков. Напротив, до сих пор их Священные книги, как пишет Паскаль, полностью оправдывают, казнь Христа как законную с точки зрения фарисеев, как Маймонид пишет об этом прямо в Послании в Йемен.

Однако, выздоровление от Расы Господ материальной энергии полностью возможно только с Открытием Психической Энергии.

И тот народ который поможет Открытию, сделанному другим нищим Христом в обстановке всеобщее гонения, достичь широкой публики населения планеты — тот народ первым полностью победит болезнь Расы Господ и водрузит Знамя Энергии Духа Дома Господа Творца над планетой!

Сегодня там увы, реет знамя Ядерного Гриба Сатанов Расы Господ, отравляя своими испражнениями воздух всей планеты!

You call me UNPREDICTABLE LOOSE CANNON

Only because I deny like every conscientious person to submit to the arbitrary Will of some person or persons

But My Discovery is Discovery of Natural Law.

And recognition of my Discovery means Rule of Natural Law.

Who is Loose Cannon indeed?

Those who urge Wanton Personal Will of Kings, like English monarchy?

Or those who promote Rule of Law, and most true Rule of Law — Rule of Natural Law.

PS They used to call Princess Diana Loose Cannon before they killed her.

«Мочить В Сортире» помнят все

Вот ведь как дословно опять сбылось

МЕНЯ, АВТОРА ОТКРЫТИЯ, ПРИНЦИПИАЛЬНО ПРОИГНОРИРОВАЛИ КАК ГРАЖДАНИНА ГОСУДАРСТВА

Ни один Институт Режима Путина не ответил на мои заявления и обвинения

Более того, ни одного официального обвинения не было предъявлено мне за мои книги

Однако, вместо этого уже второй раз за последний год СДЕЛАЛИ ПОПЫТКУ БУКВАЛЬНО МОЧИТЬ МЕНЯ В СОРТИРЕ

Ломать трубы в моем туалете, и подсылать бандитов с обвинениями что течёт. (Туда же следует отнести попытки запереть меня в сумасшедшем доме и мой сломанный на четыре части позвоночник)

ВОТ ВАМ И ВСЕ ПРАВОСУДИЕ ПУТИНА

МОЧИТЬ В СОРТИРЕ!

«Спасибо Путину» как говорится.

YOU NEVER GAVE ME CHANCE TO BE DOGMATIC!

MY DISCOVERY IS SCIENCE, AND NOT REVEALATION IN MAGIC DOGMAS!

This means that ONLY SCIENTIFIC DEBATES WILL DESIDE WHAT IS TRUE AND WHAT IS WRONG in my Discovery

I am Author of Discovery, but not Owner of Discovery

It ts open to worldwide Discussions and corrections if proved

And you know this as well as I do

You don't want Debates because you want to take my Discovery from me!

But Never Doubt I Am Dogmatic in Ethics!!

Because there is only one way to be honest and only one way to be conscientious!!

AND I REPEAT YOU AGAIN AND AGAIN: STOP THIS IGNOMINIOUS ATTEMPTS TO TALK «ROMANCE» TO SCIENTIST AND STRANGER!!

I still remember one funny incident in Moscow Hostel, because it left me somewhat surprised.

The manager of Hostel told me that I can take some milk for my coffee from mutual refrigerator, where their clients kept their personal products to eat.

I took her notice for granted and added some milk to my cup of coffee from how it appeared someone's bottle.

Several foreign clients, sitting at mutual table on the kitchen, observed the procedure.

I joined them at the table with my cup of coffee.

You should see them staring at my every sip of coffee! You would believe they have caught some dangerous felon on the place of murder!

Well, I took the cup and poured it out into the sink! I felt ashamed and extremely embarrassed and obliged to offer to buy new bottle of milk, though they declined my proposal.

I came to think lately that may be this was manifestation of western sense of property.

And up to the moment when that hyper- sensitive sense of western property did not scruple TO STEAL DISCOVERY OF WORLD IMPORTANCE from me I kept blaming myself.

But be sure, I ceased now!!

I AM TALKING ON JUSTICE AND DIGNITY OF EVERY HUMAN BEING UNDER YOUR POWER!!

For they deserve to know Truth, Author deserved Justice and Thieves deserves infamy.

It is you — Dishonesty and Disgrace of Thieves!!

I am sickened to Death from all of you, miserable Idiots. You dont deserve any comments, you dirty morons

I have written VOLUMES OF GENIUS BOOKS ON DISCOVERY AND YOU KEPT SILENCE.

BUT ONE POST ON PREFERENCE ONE COUNTRY TO ANOTHER HAS MADE ANOTHER FEAST IN YOUR MADHOUSE.

And this was the case all these years.

Because you stupid Morons, who dont deserve any communication with genius and his books. Your scope is villifying Facebook posts!

What a Disgust! What a Disgrace!

I DO DEVOLVE MY DISCOVERY TO GERMANY DESPITE THE FACT THAT THEY JOINED CONSPIRACY!

BECAUSE I HATE THE REST OF ALLIANCE FAR MORE AND KNOW FOR SURE THAT THEY WILL DO THEIR BEST TO DROWN DISCOVERY IN THEIR SHIT!

I DEVOLVE DISCOVERY TO GERMANY BECAUSE THEY HAVE

— CAPACITY TO UNDERSTAND AND PROMOTE IT

— AND BECAUSE THEY HAVE MOTIVATION

What is my own welfare or my own resentment when DISCOVERY IS AT STAKE! NOTHING

ALL OF YOU, STUPID DISGUSTING MORONS, I AM SICK AND TIRED OF IDIOTS JUDGING ON VOLUMES OF DISCOVERY BY FACEBOOK POSTS.

SCHIZOPHRENIA

I am trying to say, THAT ALL OF YOU HAVE DISCOVERY TODAY BECAUSE, ME — THE AUTHOR — HAVE BEEN THROUGH SHIZOPHRENIA!

I am trying to say, that ALL MOST SUBTLE, MOST TALENTED, MOST NERVOUS HUMAN MATERIAL IS IN SHABBY CLOTHES, because Energy of Spirit DOES NOT SURVIVE WITHOUT SCIENTIFIC CONTROL!!

And Scientific Control is Ruined under pseudoscience of Darwinian Paradigm!!

THOSE BUTCHERS KEEP DESTROYING BRAINS OF GENIUSES IN MADHOUSES, because Geniuses cannot comply with Physical Control of Morons, and there laughable «science».

I am trying to say, that the horrors of SCHIZOPHRENIA — are Horrors of Psychiatry of Butchers of Darwinian Paradigm, and thay Discovery gives implements to prevent those talented men from disease THROUGH EDUCATION! This was recipe of Jesus — Control your mind from Field of Ego- system — THE ONLY TRUE RELIGION, which dont need magic, rites and dogmas!

This is why that movement on Antipsychiatry had place in Europe in 70th of 20th century!!

Modern psychiatry in modern mental houses IS BUTCHERS PLACE FOR ENERGY OF SPIRIT!

And this exactly words of Nietzsche in Zaratustra — on Energy of Spirit under axe of butchers.

Фарисеи как Раса Госпрд, изобличенная в Евангелиях Христа

Вот в этой книге о Расе Господ, Открытие дает ключ к идентификации Зла Сатан- Эго как культуры Верхней Эгозащиты Садомазохизма физического контроля поля Эгосистемы.

В ряду прочих других исторических Рас Господ (о некоторых я сказала в других книгах, — Гражданская война консерваторов и демократов, Диана и сказка о Монархии, Вклад Газданова в Открытие — о Расе Господ в Америке, Англии и Германии),

в этой книге я сказала и о Расе Господ Фарисеев.

Действительно вместе с римлянами, Христом, Спинозой, Нострадамусом, Кафкой, Эйнштейном — и многими другими Открытие относит Фарисеев к Злу Расы Господ — со всеми выводами.

Однако, и в этой книге и во всех других подчеркивается, что КАЖДЫЙ ДРЕВНИЙ НАРОД РАСКОЛОТ НА ЗЛО ПОЛЯ ЭГОСИСТЕМЫ И ДОБРО ЭНЕРГИИ ДУХА.

Это к тому, что не надо быть Вангой, чтобы знать, что для защиты Фарисеи начнут обвинять Открытие в ненависти ко всей нации. Всем известно, что любую критику в адрес фарисеев теперь сразу блокируют как антисемитизм.

Мне лично об этой культуре было совершенно ничего неизвестно, пока я не встретила такого подлого и агрессивного нападения на Открытие — через попытки самым гнусным образом оклеветать личность Автора, а не анализировать саму работу!

Потому теперь по мере моей работы над темой Расы Господ Садомазохизма — важнейшей темы Открытия, я в том числе ставлю своей задачей изучить свидетельства известных интеллектуалов и подвижников своего времени о культуре фарисеев.

Dear Media and Universities,

This is my Address, my Appeal to Europe! To the Old Christian Europe, which, I hope, is still alive and breathe that Grand Air of Revolutions for Freedom and Fraternity, which made Europe Unique and really Great for all eternities! I am talking on Grand Metaphysical Fight of Europe for Holy Spirit of human souls! I am talking on Holy War with Evil of Despotism and Ignorance of Satans in Power! I am talking on Great Revolutions of Europe for Freedom of Holy Spirit of Human Souls: Papal Revolution in 11-th century, Lutheran Revolution of 16-th century, Cromwell's Revolution of 17-th century, I am talking on American and French Revolutions of 18-th century, and Russian Revolution of 20-th century!

Slaves of material energy do not know what is fight! They are integral part of Satan's Sadomasochism for this is one the same material energy. What is desperate fight for Freedom knows only Metaphysical Energy of Spirit in human beings! And it was Europe who ignited that Grand War for Freedom with Ancient Satans of despotic Leviathans!

I do not know what kind of insanity could seduce Europe into Ignominious Conspiracy of Satans against Discovery of Psychic Energy!

But this is my Appeal to Old Brave Sagacious Europe, whose history is Histories of Revolutions in Holy War with Evil!

Scientific Revolution Energetics is consequence and logical finish of European Revolutions for Freedom since Papal Revolution — the first European Great Revolution against power of Satans! Later when Papcy also degraded in Leviathan, Germany, England, France, Russia took the banner of European Revolutions for Freedom!

I doubt I can explain to you the odds of modern social situation in Holy War with Evil of Satans.

You can see yourself as clearly as everyone: Putin, Trump and Netanyahu organizing the Evil Axis of our Age. This is not my observation: you need only enter American Democratic Groups on Facebook. Do you agree? I know you are not ready to deny this fact. Great Revolutions of Russia and USA are lost for their population and for entire world in their present governments!

As for Israel, we owe understanding of situation inside that culture of Pharisee to Ernest Renan and his many volumes on history of people of Israel and Christianity! His every word being confirmed in writings of Spinoza, Pascal, Tolstoy, Thomas Paine, Einstein, Chesterton, Bellock, Solzhenitsyn Bertrand Russell, A. Toynbee, D. Straus.

Renan says on duplicity of Judaism, where one part is healthy and benevolent religion of Universal God of Jesus, and the second part is unhealthy and pernicious religion of National-socialism, which assigns all norms of ethics only and solely to Jews, leaving «right is might» to the rest of the world. This latter part I came to identify as «culture of Pharisee», for it was Jesus who identified them as enemies of true religion of Jewish Prophetism.

E. Renan, «Life of Jesus»:

«His powerful eloquence always burst forth when he had to contend with hypocrisy. "The Scribes and the Pharisees sit on

Moses' seat; all things therefore whatsoever they bid you, these do and observe: but do not ye after their works; for they say, and do not. Yea, they bind heavy burdens and grievous to be borne, and lay them on men's shoulders; but they themselves will not move them with their finger. "But all their works do they for to be seen of men: for they make broad their phylacteries and enlarge the borders of their garments, and love the chief place at feasts, and the chief seats in the synagogues, and the salutation in the market-places, and to be called of men, Rabbi.... " But woe unto you, Scribes and Pharisees, hypocrites! because ye shut the kingdom of heaven against men: for ye enter not in yourselves, neither suffer ye them that are entering in to enter. Woe unto you, Scribes and Pharisees, hypocrites! for ye devour widows' houses, even while for a pretence ye make long prayers: therefore ye shall receive greater condemnation. Woe unto you, for ye compass sea and land to make one proselyte; and when he is become so, ye make him twofold more a son of hell than yourselves! " 3 «Woe unto you! for ye are as the tombs which appear not, and the men that walk over them know it not.» 4 faith: " Woe unto you, Scribes and Pharisees, hypocrites! for ye tithe mint and anise and cummin, and have left undone the weightier matters of the law, judgment, and mercy, and but these ye ought to have done, and not to have left the other undone. Ye blind guides, which strain out the gnat, and swallow the camel. «Woe unto you, Scribes and Pharisees, hypocrites! for ye cleanse the outside of the cup and of the platter, but within they are full from extortion and excess. Thou blind Pharisee, cleanse first the inside of the cup and of the platter, that the outside thereof may become clean also. "Woe unto you, Scribes and Pharisees, hypocrites! for ye are like unto whited sepulchres, which outwardly appear beautiful, but inwardly are full of dead men's bones, and of all uncleanness. Even so ye also outwardly appear righteous unto men, but inwardly ye are full of hypocrisy and iniquity. "Woe unto you, Scribes and Pharisees, hypocrites! for ye build the sepulchres of the prophets, and garnish the tombs of the righteous, and say, If we had been in the days of our fathers,

we should not have been partakers with them altar. in the blood of the prophets. Wherefore, ye witness to yourselves, that ye are sons of them that slew the prophets. Fill ye up then the measure of your fathers….. «Therefore, behold, I will send unto you prophets, and wise men, and scribes: some of them shall ye kill and crucify; and some of them shall ye scourge in your synagogues, and persecute from city to city. That upon you may come all the righteous blood shed on the earth, from the blood of Abel the righteous unto the blood of Zachariah, son of Barachiah, whom ye slew between the sanctuary and the Verily, I say unto you, all these things shall come upon this generation.» x His terrible doctrine of the substitution of the Gentiles the idea that the kingdom of God was about to be passed over to others, because those for whom it was destined would not receive it, used to recur as a fearful menace against the aristocracy».

You will find many definitions of «Yahveism» (the nocuous part of Judaism according to Renan opposite to benevolent part «Elohism») as National Socialism which gratifies Jews but hates the rest of world in Renan's research «History of Israel». My opinion is that «National Socialism» is modern social structure of Evil kindred to despotic Leviathans of Ancient history. Indeed, we know several National socialisms as Evil social structures of modern history, including Third Reich, Soviet GULAG and even Italian «Family» as Mafiosi structures. Nazi of Putin's regime demonstrates refreshment of this Evil structure of National socialism. To my opinion, National socialism of culture of Pharisee, is Despotic power, which suppresses and represses Jewish people, like Putin's Nazi regime suppresses and represses freedom of Russians. And is not «doctrine» of «proud Americans» and «Great America again» — doctrine of modern Nazi and Fascists, for it implies that only Americans deserves democracy of Rule of Law?

It is my firm conviction that these terrible odds of modern social world, where Mushroom Cloud of Satans assembled on the side of force and people of ex-free democratic countries on the other side of weakness can be solved only by Scientific Revolution Energetics!

It is Scientific Revolution Energetics, and me, its Author, who stays between You, Free People of the World, and Terrible Monsters of Master Races of Satans, who is doing their best to take our freedom and to make our lives a boiling Hell?? Do not you feel its hot flame already??

Dear Old Brave Revolutionary Europe!! Wake up while it is not too late!! Wake up!! You do not need atomic bombs and submarines, you do not need soldiers and generals, military forces!! You need only to announce to the world Discovery of Psychic Energy and Disgrace of Satans, Killing Author, Martyr and Industrious worker in wheelchair in their Ignominious Epstein's Holocaust!

Are you Approve of this Murder??

Then get ready to Murders of your Free Thinkers, of Scientists, of Any Honest Men!!

And observe the lowness, the despicable baseness of their methods in murdering!! They make progress as Orwell says in 1984, they fear to make Martyrs! Tiberius, despite all his pervert nature, did not attempt to kidnap Jesus and to make him one of his prostitutes like he did with many young girls and boys from great Roman families!! Roman Empire presented open Trial and Court to Jesus, and his execution was official and public!

And you know the Martyr they made this way!

Modern Satans dread to repeat demonstration of force of Evil on the eyes of sane, honest people! They know are killing honest men in insidious ways, surreptitiously! They are afraid of Martyrs!

But after my many books and reports on Murder of Author of Discovery, — whatever they will do to me now, — they already failed to disguise my martyrdom from public!

I ASSERT THUS THAT ISSUE OF EXECUTION OF AUTHOR OF DISCOVERY IS ISSUE OF VICTORY OR DEFEAT OF MUSHROOM CLOUD OF SATANS!!

THEY SAY TO ME THAT I MUST EAT «A HUMBLE PIE»!!

But ALL MY LIFE WAS SEVERE MARTYRDOM, not merely a Humble Pie!!

And I SAY TO YOU, OLD BRAVE REVOLUTIONARY EUROPE!

To you Great French Revolution, to you, Great Lutheran Revolution, to You Great Papal Revolution, and to you Great Cromwell Revolution!!

MAKE SATANS TO EAT A HUMBLE PIE IN DUE COURSE of Christian Culture!

Oh, you know at least TWO GREAT EXAMPLES!

Germany and Russia of Great Gorbachev! Both countries have manifested greatest Valor of human soul: the capacity to admit its fault and publicly repent! To condemn their own wrong behavior and to do their best to improve the mistake! We owe to Gorbachev freedom of modern East Europe and healthy united Germany! We owe to Germany Trial on thousands fascists of Third Reich.

But surely Russia and Germany are not the only countries of the world who has fault to repent in!

Make MAGA of Trump's Regime to Bring Public Apology on Horrors of Epstein's Holocaust!!

Make Putin's regime to publicly apologize on Murder of Paul Khlebnikov, Boris Nemtsov, Anna Politkovskaya, A/ Navalny on War in Ukraina!

And Make Israel to Bring Apology on Execution of Jesus Christ, for according to all their Sacred Scriptures the Murder of Jesus was Righteous deed, Lawful and virtuous!

Then let me ask you one more question.

What is Western Civilization??

All of you, being engaged in production of news and Education are supposed to be quite educated men. I am sure you are. I don't believe you do not know that Western Civilization is being established on two opposite doctrines: One is Christianity, the Old foundation of essentials of Western culture; and another is Darwinian paradigm, the fresh countenance of modern Western culture, which denies all Christian foundation of western civilization.

Are you aware of this state of split mind of western culture? Is this normal? Is this schizoid? Is this sane?

How can your mind survive between these two absolutely opposite viewpoints, denying each other? Have you any logic? Do you consider yourself rational?

Then which of these two viewpoints do you choose? For you have to make your choice to remain sane and logical!

Putin hates Logic and Rationality. He is Satan of Trickery and Perfidious mind, he hates Thought, Science, Conscience. This is why he asserts both: Christianity in its degradation into magic of rites and dogmas, and Darwinian paradigm in its assertion that man is animal. Both things are equally irrational and deprived of intelligence to please the monster.

But what about all of you, educated western people? Is this possible that you too do not understand the necessity to make your conscious choice between Christianity and Darwinian paradigm? Who are you? What is your Identity? Are you product of Christian culture with its great, monumental history of metaphysical struggles, victories and achievements? Or you are just Marxian biological robots in survival of the fittest in fight for economic success?

Discovery of Psychic Energy persists on the former version, asserting that western civilization is Christian civilization. You know I did my best to bring argument of all serious Christian writers, such as E. Renan, G.K. Chesterton, L. Tolstoy, R. Rollan, A. Schweitzer, K. Jaspers, E. Trubezkoy, D. Merezhkovsky, A. Solzhenitsyn, W. Diltey, G. Lessing, F. Schelling, W. Scott, G. Gazdanov, S. Kierkegaard, B. Spinoza, A. Einstein, G. Sand, B. Pascal, B. Martha, J. Benda, Descartes, Leibnitz and many others.

There is also famous book by S. Huntington «Clash of Civilizations», where he asserts the same but without any theoretical approval. Discovery provides theoretical approval of the fact, that Western civilization is Christian civilizations! And this means that Darwinian paradigm, altogether with its Bible of Darwin and Satan Church of La Vey, can be considered only as catastrophical blunder, aberration, responsible for all horrors of 20-th century!

Now, if all of us owe our existence to Christian foundation of Western civilization, may I ask you question on importance of execution and death of founder of Christianity to the history and destiny of our civilization??

I ask you, Educated men of West, How important is question of Execution of Jesus to the history of Christian Civilization??

Jesus Christ is founder of Western civilization how we know it today. Or maybe, one of several founders altogether with Zaratustra, Socrates, Plato, and Roman Stoics, such as dynasty of Antoninas and Tacitus, Plinius. Any way we feel that Jesus is one of pillars of our civilization, and one of biggest importance.

The question of execution of Jesus appears thus pivotal and most important question for our civilization. Only on understanding the essentials of forces of Evil which executed him and other true Saints of Christian civilization we can understand what is Right and what is Wrong, what is Good and What is Evil.

E. Renan, «Life of Jesus»:

«The cries from without became more and more threatening. The people had already begun to denounce the lack of zeal in a functionary who protected an enemy of Caesar. The greatest foes of the Roman his office. rule were suddenly transformed into loyal subjects of Tiberius, that they might have the right of accusing the over-tolerant procurator of high treason. «We have no king,» cried they, «but Caesar. If thou release this man, thou art not Caesar's friend: every one that maketh himself a king speaketh against Caesar.«1 The feeble Pilate sur rendered; he foresaw the report that his enemies would send to Rome, in which he would be accused of having protected a rival of Tiberius. Once before, in the question of the votive escutcheons, the Jews had written to the Emperor, and had received satisfaction. He feared for
By a compliance, which was to deliver his name to the scourge of history, he yielded, throwing upon the Jews, it is said, the whole responsibility for what was about to take place. The latter, according to the Christians, fully accepted it, by shouting, "His blood be on us and on our children! «2 Were these words really

uttered? It may be doubted. But they express a profound historical truth. It was then neither Tiberius nor Pilate who condemned Jesus. It was the old Jewish party; it was the Mosaic Law. According to our modern ideas, there is no trans mission of moral demerit from father to son; none is accountable to human or divine justice save for what him self has done. Consequently, every Jew who suffers to this day for the murder of Jesus has a right to complain, for he might have been like Simon the Cyrenean; at any rate, he might not have been among those who cried" Crucify him! "But nations, like individuals, have their responsibilities, and if ever a crime was a national crime, it was the death of Jesus. His death was «legal» in the sense that it was primarily caused by a law that was the very soul of the nation. The Mosaic Law, in its modern, but still in its accepted form, assigned the penalty of death to all attempts to change the established worship. Now, there can be no doubt that Jesus attacked this worship, and aspired to destroy it. The Jews expressed this to Pilate, with truthful simplicity: " We have a law, Alas! and by that law he ought to die; because he has made himself the Son of God.«1 The law was detestable, but it was the law of ancient ferocity; and the hero, who came forward to abrogate it, had first of all to suffer its penalty».

I ASSERT HERE, AGAIN AND AGAIN, THAT MASSAD OF ISRAEL IS KILLING ME EXACTELY THE WAY PHARISEE HAVE KILLED JESUS!

They are killing me because Discovery of Psychic Energy PROVES RIGHTIOUSNESS OF GOSPELS OF JESUS!! And Thus it is really the End of the Mosaic Law, which was declared by Jesus many times in Gospels!

I assert here, that their Allies, Trump's MAGA and Putin's Regime, are the same Master Race of Statns as culture of Pharisee, and that all together they form Mushroom Cloud of Satans, strangling sane people of planet with the excrement feces of reptiles they are.

Finishing my Appeal to Europe I must note that my report on the Course of Events may deviate from the facts, for this is picture I see from my cage in Russian province.

I may be wrong, when accusing Vatican in Murder of Pope, Saint Francis. Though intrigues around the Old Saint to prevent him to Announce Discovery had taken place without doubt. The investigations of future will solve the mystery, for only child of three years can really assume that Satans will succeed in concealment of Discovery and martyrdom of its Author from the world.

I may be wrong, when accusing monarchy of Winzors in deliberate Murder of Princess Diana. But the violence and calumny and policy of discreditation undertaken by that system of monarchy is the fact, confirmed by Memoirs of her son, Prince Harry.

Ken Warfe in his latest book, written with co-author, says that Princess Diana has changed the Face of English Monarchy. No doubt, that she died because she desperately tried to do it. The modern English Monarchy still owes this to public, to the people of Britain and people of the world — to say publicly their evaluation of Diana's great work on «changing countenance of monarchy»/ At least, after the blame and accusations of Memoirs of Princess Diana's son.

I warn you one more time: Remember that it is up to you, Media and Universities, to decide who is «to eat humble pie» — the martyr, who has brought you a Great Discovery in wheelchair under axe of headmen, or Satans of Epstein's Holocaust, Putin's regime, and Pharisee culture!

Remember, that it is up to you to decide what will be the next step of Pharisee culture: Their Public Statement on Execution of Jesus or their next Murder of Jesus apostle.

Remember, that while you keep silence you side with Evil Axis of Trump-Putin-Netanayhu, that Three Headed Dragon!!

Thank you, Putin!!

PUBLICATION FOURTEEN. WHY HOLLYWOOD MEGASTARS JOINED CONSPIRACY AGAINST DISCOVERY?

My Post on Facebook. May, 26, 2026 (https://www.facebook.com/tesla.thinikashvili[1]).

Dear Media and Universities!

Why MegaStar of Holiwood have joined to Three Headed Dragon, killing Discovery, To Putin-Trump-Netanyahu Conspiracy against Discovery!

During this horrible Murder of Author of Discovery on the eyes of Entire World I have twice mention Theme of Hollywood Stars:

FIRST TIME IN PUBLICATION SEVENTH, WHEN GIVING REPORT ON SPEECH OF JIM CARRY ON SHAMELESSNESS WITH MANY CONNOTATIONS OF SITUATION WITH MURDER OF AUTHOR OF DISCOVERY

My Open Letter to Jim Carrey, Robert de Niro and theirs Good Friends.

Sent to Media and Universities.

Dear Media and Universities!!

This is my Open Letter to Jim Carrey and Robert de Niro, heroes, fighting Evil of Conservatives, who threaten to destroy the civilization of Freedom and Science into Barbarism and Disgrace!

Let me to begin with expression of my admiration and gratitude to the Genius, Divine and Manly Voice of really Great America!!

In circumstances when every single life of citizens is threatened by mad Conservatives, when downpours of dirt are falling on heads of honest people, trying to resist the Evil, America's real Voice of Conscience, Freedom, Honor, Valor was not broken!! Heroes fearlessly rose up against the Alligators Monsters, allies, Putin and Trump Conservatives.

Let me to quote here the viral award speech of Jim Carrey, which, to my opinion, deserves to be put in one row with divine sermons of fathers of the Church:

«Hatred of immigrants, contempt for the truth, greed and abuse of power. We are fighting those same evils today. In America, in the United Kingdom, across the globe. And we need to be clear. Shamelessness is not and never will be a superpower. It is the mark of a villain. Kidnapping children is not what great nations do. Almost half of America at this moment believes there is a sinister deep state diabolically plotting to what? Give them Healthcare?

[2] https://ridero.ru/link/p-84U-31mjZIEnpr-_3bk

What is the sinister plan here? Sure I can afford a miracle drug for restless leg syndrome. I should take the pills I guess. We in America are misinformed. Reality shows have warped our idea of what a hero is. Or what the truth is. So tonight I would like to dedicate this award to those who reminded us about our virtues. Who reminds us of the truth. To Sir Charlie Chaplin, who battled maccartism into exile, to Christopher Steele, who tried to pull a thorne out of the paw of an ungrateful beast. To Christine Blasey Ford, To Colin Kaepernik.

And to one of my friends, my good friends, and really greatest artists of our time, Robert de Niro whose life was threatened also this week, along with many other incredibly decent people! Who brings joy to the world! Who have been dedicated to it for years, for decades! How dare they besmirch those people? How dare they? We can do better than this. I know this wasn't funny. But it's not very funny right now. And I want it to be, and I will be again. But God damn it! Let's get the balance back, OK? Let's get the balance back»

Church of Friendliness has been established by Jesus! Ernest Renan says in «Life of Jesus» :

E. Renan, «Life of Jesus»:

«In the same way, were Jesus to return amongst us, he would recognise as his disciples, not those who imagine they can compress him into a few catechismal phrases, but those who labour to carry on his work. Of all degrees of grandeur the eternal glory consists in having laid the first stone».

Eternal Glory to the Genius of Jesus! And now we have to carry on the task he ordered us to fulfill! To build up a Church of Friendliness with those who deserve the name of Jesus' disciple! Discovery of psychic Energy deals with this task, inherited from Christ: it indicates how to protect through education Energy of Spirit from putrefaction in material energy of Satan Ego. For the

only cause which prevents men from natural Friendliness is «diabolical plotting» of Satan Ego, as Jim Carrey has perfectly stated it. Sane Men like the great talents of Jim Carrey and Robert de Niro, who had resisted tyranny of conservatives with unflinching valor, are always Good Friends of energy of spirit. And where two men assembled in my name, says Jesus, Church is established. Vivat to Chesterton's Manly Church of Friendliness, established in really Great America by Really Genius and Honest Men! Fearless warriors with Evil!!

For my part, I would like to mention that for me those words of Living Truth, Conscience and Friendliness appeared somewhat as a shock. Yes, shock, because after long years of persistent downpours of dirt and violence in response on my conscientious scientific labor, now I couldn't believe my own ears! I always knew that it is Divine Soul of Energy of Spirit which animates any human being! I missed the Voice of that Divine Soul, I missed Living Thought, Living Conscience, Living Friendliness of Sane Men so much! But I lost all hopes to hear the Voice in this life! I prepared myself to find God's Divine Souls in the Immortal Church of Friendliness after my death.

Thank you so much to not let my conviction in Divine Soul of Sane Men down! Thank you so much!

I don't think they will allow me to stay alive for a long time. If even such great geniuses of our time as Robert de Niro are being regularly threatened, what hope can entertain us, mere mortals!

I am only asking you to not forget to accomplish the task bequeathed us by Jesus: Establish Church of Friendliness as International Institution of Natural Law, Demonstrate there that Laws of Nature exposes Conservatives as Dead Thought,, Dead Conscience, Dead Friendliness of material energy! And get rid of pedophiles and murderers!

Laws of Nature is One Common Truth — and this oneness of Truth is the great power of Scientific Control of Energy of Spirit!

But those Laws teach us that nothing could be so far removed from each other as Order and properties of Energy of Spirit from Order and Properties of dead material energy!

Yes, we are not the same!

Discovery as the End of Conservatives.

AND SECOND TIME IN MY LATEST PUBLICATION THIRTEEN, I PUBLISHED THIS POST OF MAY, 2026

//
//

AND I WISH THE WORLD TO KNOW SAD TRUTH ON THESE PET OF PUBLIC — ROBERT DE NIRO

HE DID NOT SCRUPLE IN HIS NINETIES TO ENTER THE IGNOMINIOUS CONSPIRACY AGAINST DISCOVERY!!

You remember my posts on Forgery Scandal in pressa!! He did his best to laugh me down as» not serious», as» stupid woman» to take Discovery from All of You!!

Do Not Let Them!!

Now, when all of them keep publicly licking Putin's Ass Everyone can see clearly

WHO IS NOT SERIOUS

WHO IS THIEF

WHO IS BASE VILE THING

AND WHO IS COWARD AND WOMEN!!

//

I know nothing on Mr de Niro and Hollywood. In both times it was my response on their attempt to communicate with THIS GREAT TRAGEDY OF OUR TIME: Murder of Author of Discovery on the eyes of Entire World.

First time — response on Speech delivered by Jim Carry, it is cited in my letter of Seventh publication.

And Second time — response on multiple reels sent to my Facebook page with Hollywood Stars and Mr. Robert de Niro.

I would like to remind to the Mega Stars of Hollywood that it is not the words of martyred Scientist in Wheelchair, which will define their manliness. My words in both letters reflects their

[4] https://ridero.ru/link/-wqOKMKzkBLEWxwM-38Zm

attitude: I said on Valor and Manhood of Heroes, and a year later, being already almost dead on Cowardice of Hollywood MegaStars. Indeed, their interest to the situation around Murder of Author of Discovery is obvious, and their siding with Conspiracy against Discovery becomes obvious now, with laps of time, and their persistent Silence. Though, Had Hollywood said his attitude on Discovery publicly, the Murder of Author of Discovery would have been stopped at once! I do not imply that the moral debt of any honest human being to stay conscientious in such circumstances is in any way responsibility of Hollywood as public institution. I only suggest that if respectable Hollywood MegaStars have made me feel their interest to Discovery, THEN IT WAS THEIR MORAL DEBT TO SAY PUBLICLY ON SHAMELESSNESS OF MURDER OF AUTHOR OF DISCOVERY!

Now, I hear in my Facebook page such words like «your life will never be the same after this challenge», " we will show you what is «many», and so on. I do not know who is writing all these horrors, though all voices of Three Headed Dragon resembles so much, and I am hearing this anonymous threats for so long time.

Respectable MegaStars of Hollywood!

I would like to repeat once more time, that it is not a big deal to join to Conspiracy of Three –headed Dragon of Putin-Trump-Netanyahu in killing martyred Author of Discovery in Wheelchair in their Epstein's Holocaust! And surely, this would be the least manly thing to do in history of mankind!

In case my latest post insulted you, I apologize, for Discovery has nothing to do with private persons, even as big as MegaStars of Hollywood, and falls within sphere of interest of public institutions and religion organizations — such as Media and Universities, governments or Churches. All of you, reading this letters, I am forcing myself to write to the Media of the world to leave record of Murder of Discovery to the World History, know very well how overstressed must be such martyred Author, hounded by every single egoistic envious person, refusing to admit my great contribution to the world science and world culture. Well,

you are free to kill me, you are not free to erase the history of Murder of Author of Discovery from memory of mankind! For IT IS SECOND MURDER OF JESUS!! And all of you, you know this very well. They have sent me that reels on birthdays of Meryl Streep and Mr. Robert de Niro many times, this must be reason why the data on their age pressed in my overstressed mind.

I am 49 years old, I am One of Greatest Scientists ever come to this Earth, and I has never life not only of Social Celebrity, I earned Long Time Ago, but even most ordinary life of common living human beings: I know only existence of hardest martyrdom ever. AND FIRST Person whose age I defined as age of ninety was age of myself — the martyred in wheelchair Author of Discovery. For I owe my every day of breathing to God's Grace — I am dead long time ago.

Now, I have to make sad conclusion on my previous Appeal to Old Brave Revolutionary Europe!

It failed as well as all my previous Appeals to Media and Universities.

All of you, eager to see Crucifixion again? Three Headed Dragon got much enthusiastic with threats on Epstein's Holocaust after my latest attempt to escape this horrible lot in hands of reptiles.

God will is for everything. I am not afraid of Satans. I have been writing to pressa all this time not to prevent next assault, which is impossible, but to devolve data on Murder of Author of Discovery to the World History. Try and Erase this Data from World History!

And despite of the fact that my Appeal to Revolutionary Europe Failed again, I repeat my resolve to devolve My Discovery

— Not to Russia
— Not to conceited Universities of The Ivy League of USA
— Not to National Socialism of Synagogue

— But to the Old Revolutionary Europe: To Freedom, Equality and Fraternity of French Revolution and to Lutheran Revolution of Germany.

Yours Sincerely,

Author of Discovery of Psychic Energy, Author of Scientific Revolution Energetics,

PUBLICATION FIFTEEN

May, 29, 2026

Dear Media and Universities,

Game in Good and Bad Policeman: Robert de Niro and Officer of Germen Security Service, as he introduced himself in His reels.

You can play games if you please, but I am too sick and old and too close to grave, besides I hate games.

It is apparent that you have been making attempts to communicate me during year or two — for pretty long period of time.

But this was not direct communication

This was anonymous reels, and anonymous speech delivered by Jim Carry on Shamelessness. Great, Wise, Conscientious, Brave speech. And yet, if you really meant to help my situation, you did not mention my name.

Anyway, you sent me the speech in my reels on Facebook, and I immediately responded with Open Letter to Media and University, overwhelmed with gratitude and hope to find Good Friends.

There was no any response.

Then Reels with MegaStars of Hollywood proceeded to appear on my Facebook Page.

And especially reels with Robert de Niro.

There was nothing «insulting» in reels of both playing «love competition» game parties, except the subject of reels itself, and also the inevitable humiliating childish bias, which such subject commands. «Dancing cats and kitties», reels with Robert de Niro, Al Pachino, faces of Arnold Schwarzenegger, Stallone, Marlon Brando, Maryl Streep, Richard Girr, Julia Roberts (Pretty woman), Sofia Loren and many others most famous Hollywood from GRANDPA. They chose films with Colombo giving epizodes.

Now, a great disappointment fell upon me. I had to say goodbye to all my hopes to get help of Hollywood in telling truth to the world on foul murder of Author of Discovery. This time I persuaded myself that this is some kind of cheating on my nerves as Satans of Conspiracy use to do to discredit me and to make me look idiot. I could hardly imagine what kind of motivation could seduce in conspiracy against Discovery in such tragic circumstances that brilliant actor, Robert de Niro.

My First Address to Media and Universities — Publication Seventh of this book — was on September, 2025 as far as I remember.

German Officer appeared lately, in February of 2026.

For first time he was extremely polite in his reels, intelligent, delicate and respectful, introducing himself through resume (without name of course), so that I began to think that he might be serious meaning to help me with Discovery and praised him as most intelligent person I met among security workers. I did my best to introduce contribution of German writers into Discovery and wrote one more volume on Discovery to perform this task. To my growing horror I had to realize very soon that that German officer came to play as dishonest games as all his colleagues before him. I had to face again the same bitter disappointment as in case with playfull reels of Hollywood and Robert de Niro (CIA).

And in my Reels «Competition» began raging. It was obvious for me that it was Game to discredit me as Author of Discovery, for any human being who would come with true care for me as hounded Scientist, would never mention «lofe» in such a ignominious anonymous way. Besides, I am too old and sick for such things. But any way, it is obvious for any sane man, that even my own parents would cautious to talk on their «lofe» to me in circumstances where Satans have made my personal life their pivotal target to blacken and ruin me. And on the contrary, those who came to help to ruin me are supposed to use the theme of «lofe» in particular attention.

And both of them did. Each one in his own «reels», which I found no difficulties to distinguish.

Officer preferred as using as bait arts of great artists and plenty of flowers versusdancing kitties of opposite party. GrandPa party used film on Colombo, Officer's party used Charli Chaplin.

And both used English Lessons to convey to me their thoughts and suggestions.

With arrival of German officer, who used such English Idioms as «on moon nine», «once in a blue moon», «a butterfly in my stomach», «ants in my pants», love songs and a lot of products of arts of classics, their partner, who appointed himself as GrandPa started to use Love Letters. You can see them on my facebook page, I made screens and published them.

And those letters seemed to compete with expressions of Officer: Love is not about butterflies, Love is about who stays when life shows its ugly face.

I knew very well that they do «their fair part of work» to introduce me as idiot, involving me in «lofe games» with anonymous images of world celebrities. I do not think them in any relation to be higher than my station, but their deliberate intention to use their Name as what is called in psychology Magic Authority (idolatry of famous people by idiots) was obvious to me. It was absolutely obvious that they will never condescend to introduce themselves in formal settings, and that they are going only to play this ignominious game, enjoying Magic Authority of their famous name. With regard to Officer, he introduced himself as Big Boss, «I am running this place», making the same stake on «Magic Authority» of men in power, though he may lie of course, I knew that they will press their Magic Authority to involve their Prey in Gravitations of InLoveSickness. They failed, I AM Author of Discovery of Psychic energy.

But I still kept wondering why Robert de Niro that lucky famous actor of such success bothered to involve in such indecent occupation with cheating on nerves of hounded Author of Discovery. I still felt dubious about him expecting explanation to understand his purpose. It was then, that dishonesty of German Officer after all my laborious strive to persuade Germany

in brilliance of Discovery and heavy hope to leave my cage for Germany after Solzhenitsyn suit, became apparent, and I wrote some of latest in this book addresses to Media to give Data on fresh abuse of my honest work, this time by Germany.

And after that incident I stopped hesitating on dishonest behavior of Robert de Niro too, whatever his motivation may have been. It became obvious that they are acting like one team, playing «competition of Good and Bad rivals».

It was that time when bitterness of my discovery of dishonesty of both sides I once again afforded myself to place my hope with, — my bitterness escaped as that post on «cowards and women», which insulted so much men, who have been cheating on my nerves longer that year, knowing despair of my situation. Though I mentioned in that publication both sides and Conspiracy in general, especially Three Headed Gragon of Putin — CIA - Massad

Then reels changed and dancing kitties had been replaced with threats. Episode with Al Pachino said that that who treats this way Michal Corleone is dog but not friend. Epizode with Colombo said that «he overclevered her» whatever this means. I felt discomfort, for I realized that they are very cautious being strong side of CIA and can stay incognito when cheating me, but I, to defend myself must be direct and thus, defenseless — I cannot prove that that private person, an actor joined hounding of Scientist in such wicked way. And thus I would better apologize, for long years of threats made me too nervous to get them again from men so adroitly starring in that images.

I did. You get my Apologies with my latest Publication Fourteen. And this only aggravated situation, as you could predict. For dishonest games never mean to communicate, games are meant to trap their preys. Making me that nervous to write my post on cowards this great actor wined one part of game, making me apologies — second part of game. This time they have sent reels with tomb of Marlon Brando, staying beside his tomb with white wings of angel, and some other tomb of actor with name

SEAN on his tomb. Child would understand that they celebrate their victory on my nerves, asserting fact of SIN this way. I was near to panic, because being a brilliant actor this man much exacerbated my pending long years panic, produced by threats of Satans.

Then his partner, German Officer started helping his colleague, saying to me that my dream is near to come true, that I can like Solzhenitsyn find «home» in Germany. This time they used Reels with Bible, swearing in solemn words of Bible in honesty. I knew they are playing each other game, hounding me in trapped. But I felt trapped. Yet, I did nothing wrong, I responded with honest and sincere post on my most true love to Ludwig van Beethoven. I did this to escape from threats of other side somehow, for pressure started disturbing me.

And when Officer laughed me down, calling me Goethe's Margarita and sending me funeral flowers, I was not surprise — this has been exactly the case when I tried to offer sincere friendliness to any of those wolves, taking credit for my Great Work from me. This was their way «to win» — to spit into heart of honest person, which they tried to persuade in sincere care for long time and with much effort. I was ready to receive this spit in my heart.

In due course, I expected the same response from Robert de Niro side Reels. The laughter on successful hounding and bitter spit in soul of honest person.

But unexpectedly His Reels exploded as an Atomic bomb. It did not resembled game at all, and did not resembled victory at all. It was clear resentment, clear anger, he seemed to be incandescent with rage.

His Reels Gave Lesson on English SHITS with biggest letters, numerating all kinds of shits — bullshits, shitholes and so one I did not dare to read them all. Then his reels showed such message^

«Before blaming yourself for low self-esteem and depression make sure that you are not surrounded with ass-holes» and signature Sigismund Frued

Next Reels said I would insult you but you are already insulted by nature/

But nest Reels clearly aimed to insult me to the core of my heart:

It was English lesson on meaning on insulting words:

Second hand — means Used

Destitute — financially disabled

Garbage man — sanitarian worker

And so on pretty long list I forgot now. And I avoided to screen insults to not aggravate pressure on my nerves.

Then Reel took text from Bible, saying «he will be rewarded». I demanded reward for my Discovery, and their messages being anonymous often contained incongruities with gender or other facts of real situation.

Finally, I lost my sleep, reading this. Then this was not game? Then he might be sincere? But why he failed to address to me directly? Why anonymous games?

Then I noticed that his partner German Officer seemed to be apologizing too — for brilliant talent of Robert de Niro leaves indifferent no one. His Reels kept blaming me — Nobody likes her, Nobody respects her, and vindicating him: «I did fair part of work» — said his reel, explaning meaning of some English idiom. Certainly, you understand what kind of work partners on besmirching Author of Discovery implied. But you can red my post on Beethoven yourself and say: are those people sane reacting this way on my words of love to deeply loved from childhood composer? One side raging as hell, other side bragging his «victory» in discrediting me?? Is this sane, seriously??

This time apologies of German player made me laugh — who can stand stare of de Niro without tremble. We appeared tremble together and the fact burst me laughing. First. Then I realized that such reaction from partner must mean that this — maybe — was not game at all.

And here brilliant talent of World famous actor won Third victory on my nerves. I felt my conscience riddled. I understand

now that I should not feel that way, because from the very begging it was dishonest anonymous game in circumstances which made it unforgivable ethically. But my respond was faster than my thought as I confessed to Robert de Niro in my Second Apologies, published next day on Facebook. You will find this «heart open to the core» in stress of riddled conscience in published here posts. Opened bleeding wound of martyr, ready to humiliate himself to exempt his conscience from the imaginable guilt. He made me feel guilty, he won me again/ For guilty, of course, was his dishonest game on nerves of martyred scientist.

In morning, after two days of shock, I composed myself enough to delete my apology (I restored it by memory for publication, for record of history matters more than comfort), and to accuse Robert de Niro in murdering me altogether with conspiracy of Satans. Reels bestowed ne with multiple Love Letters, with such heads (published letters on my Facebook):

1) Please block me before you post your new relationship, because I do not think my heart is strong enough to watch you love someone else the way I once hoped you would love me

2) Give me one reason to trust you again

3) I just love you. The truth is I have never really be in love before I met

4) Letter written after crying all night

5) You became a memory I can not delete

6) Take your time, I will wait for you

7) I waited too long

Now, they both clearly celebrated victory

For Satans, — and this actor of people as usually was starring in his role of Satan — do not know what is sincere relations with people, they are trained to cheat on innocence and trust, on conscience and compassion of sane men, to spit them in heart. And they both achieved the goal admirably. I cried my eyes out again that day. For it was obvious wicked joke, usual trickery of hounds in reply on sincerest cry from the very bottom of my

deceived into riddled feeling conscience — deceived by professional actor, the apple of his field.

This is the end of story. Though I feel obliged to mention behavior of Jewish party, most industrious hounders of Author of Discovery. Among this shocking stresses for me, they used appear with most bitter pictures, making me a laughing stock, a loser, a person who has been deprived of honor and so on atrocities on honest persons conscience. Which made me rage and fury unavoidably, execrating murderers of Jesus, for I cannot perceive them other way after such behavior every time. For it was idea of that Jewish Officer of CIA, who now introduces himself in my internet as my headsman, who will achieve his goal to turn Great Scientist into harlot for Jewish murderers. And among this laughter on my sincere apologies to spitting on me from the heights of starring Hollywood Robert de Niro enjoying my address to someone who did not bother to introduce himself, and laughter of German Officer, playing one game with de Niro, Jewish party kept showing me all kinds of their celebration and bragging of victory! To rip up the core of heart of living soul — they, who have no soul, who has dead conscience and dead thought — calls to win. They celebrated again «birthday of harlot», showing me cakes, infinite «hahaha», and «Thank you Putin» and finally «made in Israel». Well, is Hollywood also made in Israel like six days of creation of Bible for entire world?

Then I wrote full of poignant panic post on Hollywood messing with Massad of Israel, killing innocent people. This was the fourth and final I hope victory of actor of brilliant talent on my nerves in his collaboration with Sigizmund Freud. Mr Schenderovich, which kept justifying Epstein's Holocaust on his popular page on facebook also applied to famous name of Freud, implying thus that «sex» is normal. Many thanks to Russian auditory who felt terrified hearing him justifying Epstein's Holocaust. I recorded all debates and his post, and asked him: was this Freud's recipe to thieve, rape and kill children??

May I ask you question, dear Media and Universities?

Do you still think this situation around Discovery normal??

Do you still justify every next rapist entering hounding martyred Author of Discovery, spitting again and again in living heart and living conscience of man who cannot lie? Do you also think that it is the way the Victory looks like?

Than enjoy my posts on bowing down to His Majesty, Great Star. I did not conceal even most laughable naivety of that idiotic anonymous conversation.

This is the only man I am in love with. Enjoy. And in my book on Gasdanov and Fascist Master Race I have said it clearly why Beethoven it is the only man I am in love with. Because that Symphony of Health of Human Race (The Church of Friendliness) which Gazdanov had been looking for through all his brilliant volumes could be only Fifth Symphony of Beethoven.

Please, find my book Gazdanov on Fascist Master Race and Discovery of Psychic energy

Sept, 10, 2025

My name is Tesla Leila Khugaeva Thinikashvili

I am married woman in Church of Friendliness.

This is my only match: immortal soul and dead body of Nicola Tesla!

Our Church of Friendliness is Immortal.

Greats of all times are waiting for each of us, Saints, doing here on earth, their public service for God and people.

Do you know what is Paradise?? Rivers of milks with multiple houri?? Oh, no wonder that with such ideas of paradise it became a laughing stock.

And I know what is paradise! It is Church of Friendliness, full of immortal souls of Greatest minds of all times, waiting for everyone who deserves to join to them.

And this is such bliss and such happiness which gives oblivion even to gravest sufferring of thirty years of desperate struggle with demons in wheelchair!!

And yes, i hope i shall not remind they don't allow kings and presidents, dead material energy of Satan Ego. Amorphous Serpents!!

//

Please, listen to me,

I really can hardly understand what could drive you to my misery.

I am really old

I am really shabby in my cage

I am really ugly, ugly invalid in wheelchair

And it is my self-esteem which is really low to answer one of your latest reels: my low self-esteem, my depression, Sigizmund Freud. And also — I am just too much for you, and you are not enough for me.

I repeat that it is my misery which prevented me to see your sincerity and suspect the worse — the intrigues altogether with

conspiracy to make idiot from me. To make me «playing in Love» with MegaStar of Hollywood from ugliness of my wheelchair.

But please, in case there was a slightest inkling of sincerity in your communication with me PLEASE ACCEPT MY APOLOGIES

I wouldn't wish to insult you for the world!

I lost any capacity of communication with outer world here in my horrible cage under pressure of many-many years of Putin's regime and conspiracy against Discovery

Why you don't understand that I am under such insufferable stress!

I feel extremely sick and lost now when all my attempts to communicate the horrors of my situation to the world has failed

Deprived of my scientific long of lifelong heavy labor under such circumstances I feel deprived of my identity/ I am great scientist and I am nobody

I feel deprived of skin

I really did my best to bring apologies but instead again did something idiotic.

My hyperesthesia of my lost self esteem under such stress responds faster than my thought

I am sorry. I am really sorry if I insulted you.

The thing is I cannot believe that such GREAT HAPPY PROUD PEOPLE like you could communicate to my misery sincerely. I cannot believe in sincerity of your words, because I don't believe any longer in myself

Yes, you are TOO MUCH for me, you are absolutely right

This is why instead of gratitude I reacted that way, accusing you in joining conspiracy

I am grateful when I don't feel so wretched

When I don't feel this DISABLED

I AM DISABLED WITHOUT WORK OF MY ENTIRE LIFE

WITHOUT GREAT DISCOVERY WHICH IS MY AIR AND MY BREATH

I am also GREAT PERSON, but my real nothingness makes this awareness of powerful capacity of my mind insufferable

I am grateful for every word, for every gesture, for every intention when I do not feel so wretchedly humiliated and disabled

I am dead, I lost capacity to communicate with outer world.

Please, believe me that I wish you all the best and would not like to insult you for the world!

I pray for death every day, for I hope to find some rest in tomb.

I lost all hope to freely breath someday, but if such miracle happened and escaped from this cage, you will see how grateful and respectful I use to be under normal circumstances.

Yours sincerely,

Dead tesla Leila Khugaeva Thinikashvili

//

Well, Mr de Niro, you have made many fake corpses in your films

And one true one with me

He has been sending me his Reels for a long time

Until my nervous mind of genius responded in that post of «insult» you have seen

But the worst one was that Germ man, who arrived with my favorite music of classics and kept sending me the words of Bible and calling himself «home». For geniuses of Church of Friendliness, including Beethoven, really have been my only home during all this horrible time of hounding.

For they knew very well how hard I tried to escape from my cage after Solzhenitsyn suit

And after my post on Beethoven, he called me Margarita and sent me flowers, — this time funeral ones. OH HOW MANY FLOWERS HE HAS SENT ME SINCE FEBRUARY WHEN HE SHOWED UP IN MY REELS

Do you remember Goethe's Margarita, seduced into hell by Devil, the most tragic figure in poetry?

Mr German patriot felt offended that I dared give critics to Goethe's Faust, praising First part as Shakespeare's tragedy and

disapproving of the Second part. He kept calling me businose and meddler.

Well. Was Discovery bad to German history what you think? Then why this man feels proud killing me?

It is not merely murder of innocent scientist, it is crime against Holy Spirit. Enjoy.

//

Sent in formal settings, these letters would make happy any sane person. These are most beautiful Love Letters I ever read. Straight under the pen of talented men of letters.

But when sent anonymously it is a crime. For such letters, if believed, will explode mind of person.

And I want to ask you Media and Universities, is not this TOO CRUEL, is not this TOO MUCH to send such love letters to person deprived of its achievements and identity, ailing in misery of wheelchair.

//

NO ONE WILL MAKE ME LOSE MY TRUST IN CHURCH OF FRIENDLINESS!!

I DO BELIEVE YOU ARE ENERGY OF SPIRIT!!

I DO BELIVE YOU ARE MY FRIENDS!!

THESE MONSTERS EVERYWHERE AROUND WITH HOUNDING AND LIES

AND I AM BEING SCARED TO PARANOYA FOR A LONG TIME

AND STILL

THIS IS SUCH HAPPINESS TO BELIEVE THAT I FOUND CHURCH OF FRIENDLINESS!!

DO NOT TAKE THIS BLESSING FROM ME

LET ME DIE WITH THIS HOPE, PLEASE.

FINALLY, THIS IS ALL I NEED

TO KNOW THAT ENERGY OF SPIRIT STILL EXISTS

//

I do not think I will die next few days.

But is not this obvious from this video that severe martyrdom drives this exhausted fallen to pieces being praying of death.

This horrible torture never ends, it only gets worse
Well, whatever happens further, I will keep forcing myself to deliver lections on Discovery and Revolution Energetics

I AM SURE THAY DID NOT MEAN BAD

//

WELL,

HOLLYWOOD IS ENEMY OF DISCOVERY.

I DID MY BEST ONCE MORE TO OFFER THEM PEACE AND FRIENDLINESS

BUT THEY LAUGHED ME DOWN AGAIN

WELL, One has not to be Nostradamus to predict the PLANS OF SATANS.

ALL THIS TIME THEY HAD ONLY TWO SCENARIO

First one was MADHOUSE FOR ME WITH CHEMICAL LOBOTOMY

And from time when Alan Ogoev started bullying of my family — the thief who orgonised mass rape of sick young virgin — Satan Follows this suit of their Great Teacher — the Rector of North Ossetian University, thief and pedophile

It was his idea to start hounding of my family

NEXT MOST OUTRAGOUS STEPS IN THIS DIREFTIONS BELONGS TO MASSAD, TO MASTER RACE OF PHARISEE

THEY ARE BEST FRIENDS OF ALAN OGOEV AND PUTIN'S FRIENDS

AND ASSAULTS ON MY MOTHER- MOST VILE THING TO DO — IT WAS THE DESIGN AND EXECUTION OD MASSAD

THISE IGNOMINIOUS ATTEMPS TO BREAK HEART AND TO KILL YHUS OLD WOMEN TALKING HER ON PHONE HORRORS HAPPEND TO HER CHILDREN

Thank you, Putin say those Degrnerats, for ignoring Letters of Tesla on site of President on despicable bottimless cynism of assault on old mother of Author of Discovery!!

THE MURDERERS OF JESUS, FROM DAY OF PASSING AWay of Great Einstein, who hated Culture of Pharisee ang declined offer to be president as everyone knows, have nothing to offer to the World as version of their Chosen- status as Genocide in Palestine, Killing around 13 000 children as senator Sanders reports.

AND I ASSERT THAT MASSAD CONTINUE EVERY DAY ITS THREATS TO KILL IN MOST FOUL WAY MY INNOCENT FAMILY

THEY WERE AVOWED MURDERERS OF JESUS AND MOW AS NEVER BEFORE IN THEIR SATANIC IDOLATRY OF NATIONALISM OF CHOSEN PEOPLE THEY ASCERTAINED IN FOUL MURDER OF THE SECOND JESUS THE AUTHOR OF DISCOVERY

NOW MUCH WORSE BECAUSE THEY ARE TERRIFIED THIS TIME TO SHOW THEIR FOUL SATANIC FACE TO THE WORLD IN CREATION SECOND CRUCIFIED MARTYR

THEY WANT NOW EITHER

— RAPE OF ANGEL TO DISHONOR HIM

— OR RAPE OF HER FAMILY IN SUCH WAY AS TO BLAME FOR THE ATROCITIES AGAINST HER FAMILY — THE AUTHOR OF DISCOVERY

MANY TIMES THIS SATANIC PHARISRE WITH «THANK YOU PUNIN» DID APPROACH THIS DIABOLIC PLOTTING

EACH TIME HOPING THEY HAVE FOUND PROBABLE REASON TO MAKE THEIR FOUL ASSAULT ON INNOCENT STUDENT OF UNIVERSITY — THE FAULT OF AUTHOR OF DISCOVERY

BUT FAILED BECAUSE I KEPT EXPOSING BEFORE PUBLIC THEIR SATANIC PLOTTING

WHAT IT COULD NE THIS TIME??

WHAT KIND OF FAULT THEY WILL TEST THIS TIME??

TO ACCUSE ME IN «"» INSULT»"» OF INNOCENT HOLLYWOOD ACTORS????

WELL, I DID CALLED THEM COWARDS AND WOMEN FOR CONSPIRACY WITH SATANS, THE FEMALE COWARDS OF THE UNIVERSE ABUSING SACRED LOVE OF MOTHER IN SUCH FOUL WAY

AND I REPEAT ONCE MORE MY WORDS OF APOLOGIES I HAVE SENT YOU IN PRESSA, RESPECTIBLE MEGASTARS OF HOLLYWOOD,

IT IS NOT MY WORDS WHICH WOULD SOLVE YOUR MANHOOD, FOR I FIRST HONORED YOU AS HEROES OF GREAT VALOR AND GENIUS

IT IS YOUR OWN DEEDS WHICH REPORT TO YHE WORLD NOW, WHRN YOU GET INVOLVED IN CONSPIRACY AGAINST DISCOVERY,

ARE THOSE GREAT TOUGH HEROES ON PUBLIC SERVICE WE ARE ACCUSTOMED TO ASSOTIATE WITH YOUR MOVIE IMAGE

OR YOU ARE MERELY PLOTTING ALTOGETHER WITH MASSAD AND «THANK YOU PUTIN FOR PERMISSION KILLING AUTHOR AND HER FAMILY»!!!

SAY ON ATROCITIES AND FOUL CONSPIRACY AGAINST AUTHOR OF DISCOVERY

SAY ON SHAMELESSNESS OF THREE HEADED DRAGON — PUTIN- TRUMP- MASSAD

AND YOU WILL STAY HEROES IN PEOPLE'S HEARTS!!

GET INVOLVED IN PLOTTING OF SATANS AGAINST INNOCENT SCIENTISTS, CHILDREN AND THEIR OLD MOTHER, — THE MURDERERS OF JESUS, PROUD OF THE FACT, — AND YOU WILL CHOOSE YOUR FAME YOURSELF!

Many thanks for sending Reels.

The horrible fact is there is no Human Mind left to address to

Well, I have to leave somehow

I am man of my Discovery

And I do not exist without it

WITH MY DEATH START EATING EACH OTHER FOR TAKING CREDIT FOR DISCOVERY

I DON'T CARE WHAT ALL OF YOU DO

GOD HAS APPOINTED ME MARTYR TO BRING BIG LIGHT TO THE EARTH

GOD WILL TAKE CARE OF DISCOVERY WHEN I LEAVE

//

IF THERE IS LEFT HUMANS WHO UNDERSTAND THE MEANING OF WORD «FRIENDS, CONSCIENCE, HONOR»

LIKE GREAT WALTER SCOTT DID

SAY ON MURDER OF SCIENTIST ON PUBLIC

ON DISCOVERY I WILL SAY MYSELF

TRUTH IS NOT RESPONSIBILITY ONLY OF SCIENTISTS

IT IS THE CORE OF EXISTENCE OF HUMAN RACE

I SWEAR TO GOD I WILL SPEND MY LIFE TO PROVE LOYALTY TO CHURCH OF FRIENDLINESS

//

I felt nervous to gain friendliness of sane men

Not because I need to escape from my hell

Not because I need support of successful people

Not because I am afraid resentment of powerful people

But only because FRIENDLINESS IS ONLY THING SACRED FOR ME

AND FOR FIVE MINUTES YOU MAKE ME BELIEVE THAT YOU ARE SINCERELY FRIENDLY TO DISCOVERY

Now I know it was illusion again

Now I don't care your benevolence or your resentment

People outside friendliness do not exist for me

God will help me to escape from this boiling hell of Satans

//

GET OUT OF MY PAGE WITH YOUR IDIOTIC REELS!!

I KEPT TALKING TO YOU NOT BECAUSE I NEED TO ESCAPE FROM THE HELL

NOT BECAUSE I NEED SUPPORT OF SUCCESSFUL PEOPLE

NOT BECAUSE I AM AFRAID OF RESENTMENT OF PIWERFUL PEOPLE

BUT BECAUSE KNOWING YOU FROM CHILDHOOD AS ENTIRE WORLD DID

FOR FIVE MINUTES I BELIEVED IN SINCERITY OF YOUR FRIENDLINESS

AND FRIENDLINESS IS THE ONLY SACRED THING FOR ME!!

NOW I SEE IT WAS ILLUSION

THIS FOUL DISHONOR TO JOUN THREE HEADED DRAGON OF PUTIN MASSAD AND CIA IN HOUNDING MARTYRD SCIENTIST!!

GET OUT FROM MY PAGE!!

PUBLICATION SIXTEEN

My Reels Facebook. June, 4, 2026

"To Clean Up Before Leaving"

Dear Media and Universities!

I count it my responsibility to inform all important events around Discovery to the wide public and first and foremost — to the Media, which are in charge for communication important data to the people.

I really do not think that there can be Data more important than Data on Discovery of Psychic Enenrgy.

After my latest report to you on Game in Good and Bad Policemen of German Officer and Hollywood Star, in order to discredit Discovery and its Author, — My Reels on Facebook has been overwhelmed with gross texting of threats and blames.

I am sending you, with this Publication Sixteen on Murder of Author of Discovery <some example of messages which kept inundating my Reels all these days after Publication Fifteen.

To summarize blames and threats the people sending them, accuse me in talking personal subject to them. You can see yourself these messages.

I am writing to you now again with request to confirm that in my previous report on current assault on Discovery I never mentioned any personal subject or relationship.

[1] https://ridero.ru/link/p-84U-31mjZlEnpr-_3bk

I said it clearly, that Mr Robert de Niro has been sending me his Reels for a long time, and that I from the beginning suspected the worst: that he is in Conspiracy against Discovery. I do not know his motivation, but people of their social status are also politicians' was it conflict of Vatican with Discovery, or Discovery crosses outlook of «his circles» on the social world, I can not know. All I know and all I said, that Mr Robert de Niro has been sending me his Reels for a long time, sometimes calling them GrandPa, sometimes «Truth is Murdered» for example, but never with direct address to me. Which made me suspected him to be in Conspiracy against Discovery. This is all I said. I never mentioned that Mr de Niro, unknown to me, had any personal relationship with me — You Have Text of my previous message.

The only thing on friendliness I have said was my assumption that maybe, Mr de Niro, sending me his Reels for so long period of time, was not enemy of Discovery, but meant somehow to help to Church of Friendliness. And so far as Mr did not introduced any slightest sign of friendliness in response I said that interfering in such way in life of people anonymous data and starring Reels, when such grand conflict around Author of Discovery — means to spit in heart of defenseless, helpless people, using his charm of Hollywood star. This is all I said. For it is despicable behavior for Hollywood star indeed, to join to Conspiracy of Discovery, and to add thus to bottomless military force of Three Headed Dragon also image of worldwide known people's star. Yes, I think he added his «popularity» to inimical forces against Discovery — this is what I meant, that Hollywood spit thus in heart of people. And it is clear in text.

In previous publication I accused Mr de Niro in assistance to Putin's regime in murder of Author of Discovery. I said that it is wicked to help Conspiracy of Secret Services of Russia-Israel-USA-Vatican-England to take credit for my lifelong work. I said my usual words to those who has responsibility to speak on Truth to public, especially in such crucial moments of civilization as is Discovery of Psychic Energy which will change the face of planet?

And yet all of them keep silence. I use to call them cowards and women, you know this very well from my previous publications and my volumes on Discovery. This was all «insult» to Mr Robert de Niro from the hounded to death martyred in wheelchair Author of Discovery he used to entertain with his Reels for long period of time. Then I had twice to bring apologies, which I did as you know.

Now, after that aggressive gross texting in my Reels on absolutely irrelevant things to the subjects mentioned in my address to Media and Universities, I feel obliged to ask you once again.

What this kind of messages might mean, how you think Wise and Honest People of the World??

Please find in Publication 16 the type of messages which have been inundating my Reels all these days after my latest address to you with report on Reels of Mr de Niro, my resentment on behavior of Hollywood, spitting in heart of people they deceive with images of heroes of Honor and Conscience, and with speeches on Shamelessness, and then join to Conspiracy of World Military Forces against hounded Author of Great Discovery. This was all themes, mentioned in my report on Reels of Mr de Niro.

Now you can judge yourself on irrelevance of their Reels, sent me in response.

I am TERRIFIED, for these ones ARE INSANE. I do not know who is sending them, but I propose to Mr de Niro, to give his own report of situation on public, and to clear situation.

FOR I EXPECT ANYTHING FROM PEOPLE WHO CAN SEND TO UNKOWN TO THEM HOUNDED AND MARTYRED SCIENTIST SUCH TEXTS AND SUCH GROSS TEXTING for many days!!

And finishing my address, I would like to stress once more time:

I never have been acquaintance of Mr de Niro or other Hollywood stars,

I am in no way friend of Mr de Niro, and never asked him to be my friend.

I have applied to many worldwide known people in search for help to Discovery, but never to any Hollywood star or to Mr de Niro. I did indeed aplly to Oliver Stone, because he introduced himself as Fighter for Rights of Man, and I came to blame him in Conspiracy with Putin and Vatican too. Only now I understand how amny stress Mr Oliver Stone spared me to not requesting apologies. Though I am ready to bring them to anyone, who will manifest some inkling of Conscience and will report his Attitude on Discovery on public!!

I prefer to address to scientists and to Media, but still, no one, except those few brilliant professors of Cambridge who sent me acknowledgments on receiving my Research — no one except them reached me out.

I accused Mr de Niro, like Oliver Stone before him, in joining Conspiracy against Discovery, which aims to discredit me, ignoring me as scientist, and attracting gross, irrelevant to the insanity attention to my «personal life», which does not exist in fact, as you know — I am martyr in wheelchair. This is all. And those horrible messages in my Reels after my report, and silence of Robert de Niro, who could give his report on situation on public, only proves righteousness of my suggestions.

Best regards,

"You done? Or do you wanna embarrass yourself more?"
"I don't argue with people I've already outgrown."
"You talk like I lost something. I dodged a bullet."
"I'm not cold. You're just not worth warmth."
"Be louder. Maybe your issues will hear you."
"You insult like your personality depends on it."
"You think I'm triggered? Nah, just disgusted."
"I don't block people. I outclass them."
"You're not dangerous. You're just loud with no depth."

It's unfair, right? They push you to your limits, provoke you until you're hurt and angry, and the moment you finally react, they act like you're the problem. Suddenly, you're the toxic one. You're the overreacting one. But when they do something wrong, it's always excused. You're not allowed to feel. You're not allowed to be upset. Your emotions are constantly invalidated. And somehow, you're always left questioning yourself as if feeling deeply is a crime.

DON'T WORRY, I PROMISE I WILL DISAPPEAR FROM YOUR LIFE SOON. JUST LET ME GATHER THE STRENGTH TO LEAVE QUIETLY.
Don't worry ... I promise I'll disappear from your life soon. Not because I stopped caring, and not because it became easy, but because staying hurts more than it heals. I'm just trying To gather the strength to leave quietly,
Without making more noise in your world than I already did. I hope one day you understand that some goodbyes are not spoken out of anger, but out of love that no longer knows how to stay. I'll carry everything with me-the
memories, the silence, and the version of you I once believed would stay forever. When I finally go, I won't ask you to stop me. I'll only ask life to be kind to both of us in different ways.

Please, Please
Don't Break My Heart
My love,
Please, please don't break my heart.
I'm not giving you something small or casual —
I'm giving you the softest, most honest parts of me.
The pieces that trust, that hope, that believe in us even when things aren't perfect.
I don't need grand promises or fairy-tale words. I just need care. I need sincerity. I need to know that when you hold my heart, you'll handle it gently.
Loving you isn't a game to me. It's real. It's deep. vulnerable.
So if you choose me, choose me with kindness.
If you stay, stay with intention. And if you love me, love me in a way that protects what we're building.
Because my heart is yours — and I'm trusting you with it.

English for Neighbors & Apartment Living
Hi, I'm your new neighbor from apartment 4B.
Could you please keep the noise down a bit? It's getting late.
Would you mind moving your car slightly? It's blocking my driveway.
Do you know what day the trash is collected in this building?
I'm sorry for the disturbance; I'm having some repair work done today.
Could you please let me know if a package arrives for me while I'm away?
Would you like to join us for a quick get-together in the courtyard this weekend?

I'm sorry, You're going to cry, but you have to read this now.
Psalm 46:5 “God is in the middle of her; she shall not be moved: God shall help her, and that right early.” A woman who trusts in God never gives up. She might need a cup of coffee, a good cry, or even a day in bed, but she always rises, stronger than before. One of them is reading this right now. If you are the one, send this to another strong woman who needs this reminder—and don't forget to put Amen.

Time
may change
many things,
but it will
never change
the
love
I carry for you.
Seasons may come and go, days may pass, and life may lead us down different paths,
but my heart will always find its way back to you.
Because true love isn't measured by time—it's measured by the moments, memories, and promises that never fade.

"Nineteen Eighty-Four"
by George Orwell
To the future or to the past, to a time when thought is free, when men are different from one another and do not live alone — to a time when truth exists and what is done cannot be undone: From the age of uniformity, from the age of solitude, from the age of Big Brother, from the age of doublethink — greetings!

The word of the day is:
SHITSTINCT
(n.) That deep gut feeling that tells you something is absolute bullshit before you even have proof. No screenshots, no evidence, no full story yet, just your body simply whispering, "Babe, this smells wrong." And somehow, your shitstinct is almost always right.
